## A COMMUNICATION FROM MR. MANESS

### SAYS ADMINISTRATION IN POWER IS RESPONSIBLE.

#### "The Majority Should Rule," He Reiterates—Says the People Decided in Favor of the Citizens' Ticket, the Issues Being Sharply Drawn—Says He Has Never Sought Office.

Mr. Editor:  
In the city election the issues were drawn and submitted to the people of Concord. The people found in favor of the things advocated by the Citizens' ticket. There never was an election where the differences as to what was really advocated by each faction were more clearly understood. When the majority was fixed certain parties had the good sense and judgment not to hold out against the will of the people and stopped the business in which they were engaged. This was commendable, and all right thinking people join in the action.

The opposition to the Citizens' movement admitted that a reformation was necessary. The people that are in charge of the city hall are responsible for the conditions that exist under any administration, and the majority are held responsible regardless of what the minority does. Take the past four years, if you please, and no one will say that Chas. Wagoner or Clarence Barrier are responsible for present conditions.

The real difference now is whether the people in sympathy with the Citizens' movement shall be selected to bring about the relief asked. The people elected by the citizens maintain that the officers of the city for the past 10 or 15 years are responsible for present conditions, and are, therefore, the ones that have made a reformation absolutely necessary for the well being of the people of Concord; that this reformation cannot be brought about through the same channel that made the reformation necessary, and that the minority, who, to a great extent, owe their election to certain influences, in which the old alignment are in accord, cannot be the proper ones to say who shall or who shall not be selected to take up the fight for law enforcement.

The minority has raised the old howl that "we were not consulted and invited into the caucus." The citizens were not invited into your caucuses previous to election. Who ever heard of the Republican majority in Congress asking our Senators of the different faith into their caucuses? Has any one heard that the Democrats, who are now in the majority, invited the minority into their caucuses? Such is not the rule and never will be. A caucus is intended for people that are, in effect, standing for certain things upon which they are united, in order that the non essentials may be agreed upon, and in such meetings it would be the height of folly to call in any one that is aligned with the opposition.

I have never sought any office and I want none now or hereafter, but I have been earnestly requested to undertake enforcement of the laws of this city, as an attorney, which I agreed to accept, provided, the board would give me men to uphold by hands, who are, in fact, in favor of law enforcement. I have no friends to favor nor enemies to punish; if I am elected city attorney, I have a disposition to go back on the old force and bring out soiled linen unless parties that have been violating the laws continue to do so.

This is a time that the citizens of Concord cannot sacrifice the reforms for which they have struggled to save the present hour.

T. D. MANESS.

### The Lobby Investigation.

Washington, June 17.—More details of how the beet sugar interests used the government franking privilege to distribute their propaganda was given in the lobby investigation by James A. Austin, clerk to Truman Palmer, secretary of the United States sugar producers. Austin reiterated the admissions of his employer that Senator Lodge gave permission to have the sugar pamphlet distributed.

Washington, June 17.—Senators Colt, of Rhode Island, and Smith, of Michigan, testified that they had no direct interest in the tariff. Both agreed that the capitol is the scene of lobbying by various interests. Senator Smith said that he favors Cuban reciprocity or annexation.

### Deny That Operators are Responsible For Reign of Terror.

Charlestown, W. Va., June 17.—A positive complete denial that operators are responsible for the reign of terror in the Paint and Cabin Creek coal regions was made by many witnesses called in behalf of the owners before the Senate committee. They placed the blame on the miners who destroyed thousands of dollars worth of property before the guards were imported.

## ENGLAND FACES A BLOODY CIVIL STRIFE

### North of Ireland Will Resist the Establishment of Home Rule.

London, June 17.—That England today faces bloody civil strife in Ulster can no longer be denied. The Orangemen are preparing, just as quietly, seriously, and thoroughly as Oom Paul did, to "stagger humanity." If there has been any doubts to the deadly determination of the North of Ireland to resist by force the establishment of Home Rule, these have been removed by the reports reaching Dublin Castle in the past few days from its organized and well-drilled army of approximately 200,000 men has been formed, the members of which are pledged to obey their officers to the limit, and that great quantities of arms and ammunition have been privately cached in strategic localities throughout the province. Moreover, it is known that all the machinery for setting up a provisional government of Ulster in Belfast, to begin business the day Home Rule goes into effect, has been secretly prepared by Sir Edward Carson, the Marquess of Londonderry, the Duke of Abercorn and other leaders who constitute the Inner Circle of the Ulster Unionist Council.

The facts are so patent that England has at last awakened to a realization that the oft-repeated threat "Ulster will fight" is no joke. Unprejudiced investigators who have been going over the ground recently are absolutely convinced that the first attempt to enforce in Ulster the authority of a Dublin parliament will be the signal for open rebellion. On September 28, last, 218,206 male inhabitants of the northern province over 17 years of age affixed their names to what is known as the Ulster Covenant, in which they pledged themselves "to use all means that may be found necessary to defeat the present conspiracy to set up Home Rule in Ireland," and in it they declared further that "in the event of such Parliament being forced upon us we solemnly and mutually pledge ourselves to refuse to recognize its authority." Practically all of these men are now enrolled as members of the Unionist clubs, which have been organized throughout the province and which are really ill-disguised recruiting and drilling stations for the "Army of the Ulster." The membership has been steadily increasing since the passage of the Home Rule Bill by the House of Commons, last January, and new clubs are constantly being formed. In the counties of Antrim, Down, Derry and Tyrone there are clubs in every village and small rural district. Even in Donegal, the most Nationalist county of Ulster, it is reported that 10,000 men are enrolled.

In many of the clubs five nights a week are devoted to drill, and in the larger communities "special service" sections have been organized of members available for active duty at a moment's notice. The drill-masters are for the most part former soldiers or sailors of the regular establishments. It is estimated that Ulster will be prepared to throw into the field a quarter of a million men, whose military training will have been more thorough than even that of England's territorial army — as the military force is called. Nor will the Ulster army lack capable officers. A number of applications for commissions have already been received from retired officers of the British army.

Ulster's present attitude is that it will surely fight if Home Rule becomes an established fact—but that there is still a chance that the present Parliament will go out of existence before it can place the bill on the statute books.

### Negroes to Guard Against Tuberculosis.

Columbia, Tenn., June 17.—Plans for popular instruction in the rules which must be followed to decrease the amount of tuberculosis among the negroes were discussed here today at the annual convention of the Tennessee Colored Physicians' Association. The speakers pointed out that as comparatively few negroes are able to take advantage of climates that are beneficial to sufferers from consumption, all the more reason exists why the colored race should take even greater precautions against the disease than the whites. The physicians were urged to be a power for sanitation in the negro quarters of their communities.

### Celebrating Bunker Hill Day.

Boston, Mass., June 17.—The 138th anniversary of the Battle of Bunker Hill was celebrated today throughout Greater Boston and practically all business was suspended. The principal exercises, as usual, were held in Charlestown, the scene of the famous battle. There was a veteran fireman's parade and muster in the morning under the auspices of the Charlestown Veteran Firemen's Association, and in the afternoon the usual naval, military and civic parade under the direction of the city committee.

### Eight Miners Drowned.

Rotherhead, Eng., June 17.—Miners accidentally tapped a water vein at Brown's colliery, flooding the shaft and drowning eight.

## PURITY SUNDAY.

### To Be Observed November 9 by the Churches Throughout the Country.

Minneapolis, Minn., June 17.—Final steps were taken here today to formally request every church and religious meeting house in the United States, Canada and Mexico to observe "Purity Sunday," which will fall on November 9, next, with sermons and addresses urging co-operation among churches, city, State and national officials and sociological societies in war on the social evil "Purity Sunday" has been designated by the seventh international Purity Congress which will convene in Minneapolis November 7 and continue through November 12.

The convention, which is expected to be the greatest gathering the world has yet known in the interests of the suppression of white slavery and public vice, will be held under the auspices of the World's Purity Federation. Its purposes, besides combating the white slave traffic, will be to promote "high and single standards of morals for both men and women, of the same and sane instruction of youth in sex hygiene, and in furthering such social, civil, economic and moral reforms as will conserve the very highest in character and life." The slogan of the federation in its fight to achieve its object will be "Fullest publicity concerning the shame of the cities."

According to plans mapped out today by the local committee "a spade will be called a spade" in all the addresses and discussions, and data and statistics regarding the social evil and the white slave traffic in every city of size in the world will be presented in fullest detail.

## MISSIONARY INSTITUTE

### Being Held at the First Presbyterian Church Here Today.

The Missionary Institute of the First Presbyterian Church opened this morning at 10 o'clock at the church. The institute is being conducted by Miss Isabelle Arnold, of Elkton, W. Virginia, and is interesting and instructive.

The institute was opened this morning by devotional exercises by Rev. A. D. Wagoner, after which the address of welcome was delivered by Miss Maud Brown. Mrs. George H. Richmond then briefly but clearly stated the object of the meeting. The musical part of the programme including a solo by Mrs. J. B. Wagoner was then given, followed by talks by Miss Della Thompson on "Young Peoples' Work" and by Miss Arnold. The meeting then adjourned for dinner. The afternoon session convened at 2 o'clock.

## Editors Hold National Meeting.

Colorado Springs, Colo., June 17.—Editors and newspapermen in general from all parts of the United States are gathered here in the shadow of majestic Pike's Peak, to attend the national convention of the National Editorial Association which opened here today for a three days session. The programme arranged for the convention is unusually interesting and includes addresses by a number of noted newspaper owners and editors from various parts of the country. The most extensive preparations have been made for the entertainment of the visiting editors and for a week after the adjournment of the convention they will be kept busy sight-seeing. Tours have been arranged to the top of Pike's Peak, to the Cave of the Winds, Manitou Springs, Canon City, Cripple Creek, and Denver. One of the entertainment features will be a banquet at the Antlers Hotel.

## State Merchants' Association.

Wilmington, June 17.—The eleventh annual convention of the Merchants Association of North Carolina will be opened here at 8:30 this evening with the assembling and registration of delegates. The convention will be called to order by the president, Joe Garibaldi, of Charlotte. Rev. H. W. H. Koelling, of Wilmington will offer prayer, following which address of welcome will be delivered as follows: On behalf of the city, Mayor W. P. Stacy, on behalf of the chamber of commerce, Col. J. Van Metts; on behalf of the merchants' association, E. H. Hudson, president. The response to the address of welcome will be made by James E. Reector, of Asheville.

## The Currency Reform Measure.

Washington, June 17.—The President after conferring with his advisers put the finishing touches on the currency reform measure. America's reply to the latest Japan note was also fully drafted and will be presented to the Japanese ambassador this afternoon.

## 7,500 AUTOMOBILES REGISTERED TO DATE

### A THOUSAND MORE ARE EXPECTED BY AUGUST 1.

#### This Will Make About \$850,000 North Carolinians Have Invested in Autos—Will Cost Raleigh Drug Stores \$575 a Year for License to Sell Liquors—Meeting of Committees in Interest of Six Months School Terms—Gov. Craig Honors Requisition From Gov. Bleas.

Raleigh, June 17.—The Secretary of State stated today that 7,500 automobiles had been registered to date. At the present rate it is expected that a thousand more will be registered in August 1, which is the lowest estimate. North Carolinians will have put \$850,000 in automobiles.

## Whiskey Licenses in Raleigh.

The Wake county commissioners place the license for selling liquor on prescription at \$50, making a total of \$575 as the cost to drug stores here to handle whiskey. It is believed that a number of white druggists will join the three negroes who have taken out licenses.

## For Six Months' School Term.

The legislative committee of the State Teachers' Assembly, invited to meet with the sub-committee of the constitutional commission today, has decided to recommend at the conference a minimum school term of six months, instead of four, and that the State board of education be composed of professional teachers and active educators. Dr. H. Q. Alexander is the chairman of the sub-committee on education.

## Requisition Honored.

Governor Craig honored the requisition from the Governor of South Carolina for F. O. Landis, of Richmond county, who is wanted at Charleston for obtaining 250 bags of fertilizer under false pretenses. It is alleged that Landis represented himself as the owner of 27 horses and mules and gave a lien for over \$5,000 worth of fertilizer.

## "TRIP AROUND THE WORLD"

### To Be Conducted This Evening by the Young Ladies' Guild of St. James Church.

The "Trip Around the World" to be personally conducted by the Young Ladies' Guild of St. James will start its first car at 8 p. m. tonight from the square. The passengers will purchase their tickets at the central office, which will be in the vacant store room on the corner formerly occupied by Fisher's. Tickets will be sold for 25 cents to children and adults alike. Each ticket entitles the holder to transportation between the countries, and to admission to each country represented.

The tourists who wish to leave at 8 p. m. will be taken by special car going north, to Amsterdam, located at Mrs. W. A. Foll's, where they will find Dutch customs, Dutch girls and Dutch refreshments. While the guests enjoy their stop in Deutschland the car will go back to the ticket office for the next car load and bring them to Amsterdam—then will pick up the first crowd and take them to Paris—located at Mrs. R. E. Ridenour's residence. Here the spacious veranda will rival gay Paris itself in brightness, and French maidens will delight to welcome and refresh the tourists. The third station will be at Tokyo—Mrs. Parks Lafferty's. The ever polite Japs will do their best to make the passengers thoroughly comfortable and entirely happy, even though so far from home. The homeward journey lands the travellers in Jacksonville—Mrs. Ed Cline's, the land of perpetual summer, where the summer girl will give each traveler a "cool," welcome home.

This is the third time the Guild has conducted the "trip," and they have undertaken it because of the genuine pleasure it has given on former occasions. The marvelously small price charged makes it within easy reach of everybody. The car has been chartered for the entire evening and those who cannot go on the first car can go whenever most convenient with them. This is possibly the most attractive outdoor entertainment of the summer and Concord people will do well to take advantage of this opportunity.

## Think Mrs. Whienant Demented.

Savannah, Ga., June 17.—Authorities today advanced the belief that Mrs. Whienant, was demented and that that is the reason for the shooting to death of Dr. Brinkley, then committing suicide. The physician's body was taken to Suffolk, Va.

## Mr. Wadsworth Passes Board With High Grade.

Goldboro, N. C., June 17.—William H. Wadsworth passed the medical board with a high grade. The papers this morning omitted several names.

## SANITARY CAMPAIGN

### Hookworm Disease Treated Free at Five Places in Cabarrus County

Cabarrus County Commissioners, acting with the State Board of Health, will conduct temporary dispensaries for the examination and treatment of hookworm disease. These dispensaries will be free to all from 8 a. m. to 4:30 p. m. at the following places:

Kannapolis, Tuesdays, July 1, 8, 15, 22, 29, August 5.  
Mount Pleasant, Wednesdays, July 2, 9, 16, 23, 30, August 6.  
Riner, Thursdays, July 3, 10, 17, 24, 31, August 7.  
Flore's Store, Fridays, July 4, 11, 18, 25, August 1, 8.  
Conover, (continues) Saturdays, July 5, 12, 19, 26, August 2, 9.  
Dr. W. P. Jacobs, of the State Board of Health, will be in charge of these dispensaries, assisted by Mr. W. C. Riddick, microscopist. Lectures on hookworm disease and sanitation will be delivered daily. Come to the dispensary on the opening day and see an exhibit of parasites and find out what you are doing.

About one-third of the people of North Carolina are suffering with hookworm disease and consider their trouble due to some other disease. Hookworm disease frequently causes headache, dizziness, shortness of breath, paleness, easily tired out in feet and legs, poor appetite, for breakfast, indigestion, heartburn, stunted growth and poor progress in school work on account of poor memory. If you have ever had ground itch or dew poison you should be examined, as this is the first sign of the disease. It takes about one drop of blood daily to feed each worm.

You can have from less than one hundred to six thousand hookworms, which live in your small bowel, for from ten to twelve years, suck your blood, inject a poison into your system and produce an inflammation of the bowel from their bites. These worms each deposit from two to six thousand eggs daily, which pass with the bowel excretions of the infested person; and, if sanitary closets are not used, these eggs hatch out, and in nine days the little worms are ready to enter your body through the mouth or skin.

Parents who do not use this opportunity to rid their children of this dreaded disease, are standing squarely across their offspring's future, condemning them oft times to an early death or a life of misery, which may result in making them a public charge.

If you are sick or well, come to the dispensary and learn "how to get well" and "how to keep well." The State and county pay the bills for your examination and treatment for this short time only.

We ask that you bring on your first visit a small quantity of your household action, with your name and address written thereon. Only in this way will the examination be made.

But few people are cured by taking less than three treatments. We give but one treatment at a time, and the treatments are taken one week apart. We have treated over 100,000 cases of this disease in this State. Hookworm disease, typhoid fever and many other serious and often fatal diseases can be prevented by proper sanitation, literature, explaining how, may be had free at every dispensary.

## Bankers Discuss Currency Legislation

Atlantic City, N. J., June 17.—Great interest is attached in banking and financial circles to the meeting of the currency commission of the American Bankers' Association, which began here today with Chairman A. Barton Hepburn presiding. Nominally the meeting was called to consider and complete business of a routine character, but it is believed to be the real purpose of the meeting to debate the currency and bank programme of the Wilson administration. It is expected there will be a general exchange of views on the subject of currency legislation, the results of which will be submitted to the United States Senate.

## Pan-Presbyterian Council.

Aberdeen, Scotland, June 17.—Twenty-seven countries, including the United States and Canada, have sent delegates to the tenth Pan-Presbyterian Council, or Alliance of Reformed Churches, which had its formal opening in this city today. The attendance includes many leading clergymen and laymen of the Presbyterian churches throughout the world. The sessions of the council will continue ten days, during which time numerous questions of general interest and importance to the denomination will be discussed.

## Eagles Flock to Jacksonville.

Jacksonville, Fla., June 17.—Hundreds of members of the Fraternal Order of Eagles from the leading cities of North and South Carolina, Georgia and Florida are here attending the annual convention of the Southeastern district of the order. The programme today included a formal welcome to the delegates, followed by automobile rides and other features of entertainment. The convention will continue three days.

Use the Penny Column—It Pays.

## FOREST HILL NEWS

### Mr. Arnold Dennis Becomes Editor of Greenville Reflector.

Mr. J. L. Earnhardt spent Sunday at Rockwell with his son, Mr. James Earnhardt.

Mr. R. L. Scarborough has returned from a week's visit to friends in Danville.

Mr. and Mrs. C. G. Ridenour went to Charlotte yesterday with their son, Mr. George Ridenour, who entered the Presbyterian hospital to undergo treatment for appendicitis.

Misses Verge and Marge Suther, of Kannapolis, spent Sunday here with Miss Ida Eides.

Mrs. T. R. Pennington and children have returned to their home in Sharon, S. C., after spending two weeks here at the home of Mr. C. E. Fisher.

Mr. C. C. Crouch and son spent Sunday in Salisbury with relatives.

Mr. A. J. Dentons, of Kannapolis, spent Sunday here with friends.

Mr. Carl Brown, of the Southern Power Company, spent Sunday here with his father, Mr. J. E. Brown.

Mrs. R. B. Mullen and children left Saturday for Laurel Hill, where they will visit relatives for two weeks.

Mrs. Jno. L. Robinson and children left last week for their home in Atlanta. Mrs. Robinson remained in Concord for several months so her children could attend the country term of the schools here.

Misses Bessie and Minnie Uley and Mrs. Ida Dennis spent Saturday in Charlotte. While there Miss Bessie Uley had an operation performed on her throat at St. Peter's Hospital.

Mr. Arnold Dennis, who graduated from Trinity college this spring, has gone to Greenville, S. C., where he has accepted a position as editor of the Greenville Reflector.

## STARVATION WAGES.

### Incredible Stories Told at Trial of Hosiery Mill Strikers.

Ipswich, Mass., June 17.—A pitiful story of starvation wages, far worse than those related by the strikers of Lawrence, Mass., Paterson, N. J., or the New York garment workers, was unfolded at the trial of the nineteen hosiery mill strikers arrested on a charge of rioting, following a clash with the police.

"I worked in the mills a year and a half at a weekly wage of \$1.50, sometimes 10 cents less, but never a nickel more," testified 16-year-old Christina Pangosopolou, already showing the marks of her youth of toil. She said she never went to school.

Another 16-year-old girl worker, Poulitsa Bizon, slowly related that she had been employed in the mill a year and never received more than \$2 a week and sometimes less.

The State Supreme Court has not held the recent automobile act unconstitutional, as some people seem to have imagined, the court as a matter of fact not having passed on the question. All auto licenses not renewed before July 1 will be cancelled and persons owning machines will have to pony up by that date.

## \$1,000,000 Gift From Carnegie.

Raleigh, N. C., June 15.—Methodists made the announcement today of another \$1,000,000 gift to their church schools, the donor being Andrew Carnegie and the recipient Vanderbilt University at Nashville, Tenn. Carnegie's million is divided into \$200,000 for equipment and \$800,000 for the establishment of a medical department.

## FIREMEN CHOOSE THEIR OFFICERS

### R. A. SAPPENFIELD DECIDED ON FOR CHIEF.

#### Vote Was Sappenfield 37, Miller 5.—Peck for Assistant Chief, Dorton For President and Mabrey for Secretary and Treasurer.—Mr. Miller Endorsed for Secretary of the State Association.

The Concord Firemen held a meeting at the city hall last night. The meeting was largely attended, 42 members from the three companies in the city being present. The meeting was held in response to a sentiment of the members to settle once for all the question of what members would be officers of the company, the members feeling that the misunderstanding arising from the election of a chief was working harm to the company.

Two firemen were nominated for the office of chief, Messrs. J. L. Miller and Robert Sappenfield. The vote resulted in Sappenfield being elected by a large majority, 37 votes to 5.

Mr. C. H. Peck was unanimously elected assistant chief and Mr. Frank Carroll second assistant chief.

Mr. J. Harvey Dorton was elected president of the company, and Mr. Marshall Mabrey was re-elected secretary and treasurer.

The company endorsed a resolution favoring Mr. Miller for secretary and treasurer of the State Association and also appointed a committee to draft resolutions expressing the company's appreciation of his work as chief of the department during the time he has held the office.

## BRIDGE PARTY.

### Mesdames Forrester and Rogers Honored at Delightful Social Event.

One of the most delightful of the numerous social events of the season was the bridge party this morning, given by Mrs. A. Jones Yorke at her handsome home on North Union street in honor of Mrs. Forrester, of Atlanta, who is the guest of Mrs. Martin L. Cannon, and Mrs. F. O. Rogers. There were six tables of bridge and at the conclusion of the game handsome gifts of honor prizes were presented to the honorees. Elegant refreshments were served. Among the out-of-town guests present were Misses Luna and Ila Thompson and Mary Linn, of Salisbury.
