## THE COLER ROAD TO EXTEND TO CONCORD

### SO LATE REPORTS FROM HIGH POINT STATE.

The Carolina and Yadkin River Road to Reach High Point August 30—Reports State That Company Has Prepared Plans For an Electric Car Line From High Point Through Archdale, Fullers to Denton and Thence to Kannapolis, Concord and Charlotte—Report Verified By a Stockholder.

The following dispatch sent from High Point yesterday will be of interest in this section: "Saturday, August 10, the day set for the big celebration here of the completion of the Coler road from here by Thomasville to Denton and High Rock, and the official name for which is the Carolina and Yadkin River Railroad. J. J. Farris is chairman of the celebration committee, and several of the other committees have been appointed to cooperate with him. At a mass meeting Monday night, Bird S. Coler, of New York, was present, and a number of earnest and enthusiastic speeches were made. There is great interest in the new road, and the indications are that this celebration will be one of the biggest days that High Point has ever witnessed.

"In connection with this particular railroad development, it has become known that the same developing company has already prepared the plans for an electric car line through Archdale and Trinity by the way of Fullers in Randolph county to Denton, and thence to Concord and Charlotte. It is also promised that regular electric cars will be run on an hourly schedule on the road between Thomasville and High Point, beginning probably within two weeks."

It has been known here for some time that the Coler interests were considering extending their line from High Rock in this direction. Mr. Coler and his associates were here about two weeks ago and during their visit went over a section of the route of the proposed road. According to the plan of the company, as learned here, the route from Denton will run direct to Kannapolis and Concord, cutting across the Gold Hill section of Rowan. A look at the map of North Carolina will show that this is almost a direct route from Denton to Concord. At one time it was rumored that the road would go by Salisbury then on to Concord and Kannapolis; it is understood, however, that when the officials of the company inspected the route that the Denton-Kannapolis Concord route was much more direct and shorter.

A representative of this paper asked a stockholder of the company yesterday afternoon if the building of such a road was contemplated. "It certainly is," he responded. "Coler & Company have been considering this extension for several months and I believe they will begin work on it as soon as the High Point end of the line is completed. In fact I don't think the road would have been purchased unless they intended to extend it," he concluded.

### Largest Shipment of Cattle.

New Orleans, La., Aug. 8.—Arrangements are being made to handle the largest shipment of cattle ever brought to this, and probably any American port. The first ship load of a movement of 93,000 head will dock tomorrow from Tampico, Mexico.

Forced by the continuance of the insurrections in the southern republic, the owners are going to this vast expense as the only means of saving any portion of their property. While the shipment is being made in the name of the Corralitos Ranch Company, an English concern, it is understood that Gen. Luis Terrazas, Enrique C. Creel and other Mexican cattle owners are sending out some of their cattle with this movement. Thirty-one hundred stock cars will be required to carry the cattle from New Orleans to the various ranches to which they have been assigned.

### Negro College President Gets Six Months on Gang.

Asheville, Aug. 7.—James Lattimore Hinrod, the recently-deposed president of the Whittier Collegiate and Agricultural Institute, at Whittier, who has been here for the past several weeks promoting the "pleasant beautiful" was sentenced to serve six months on the county road at yesterday morning's session of the city police court. It was in evidence that Hinrod has been passing numerous worthless checks during his stay in this city, and he was tried on the charge of passing checks without funds in the bank. It was stated that Hinrod is wanted by one of the leading detective agencies on a check-passing charge. Hinrod admitted that he had been in trouble in other cities.

## BODY IS EXHUMED AFTER THIRTY YEARS.

Body of Late Henry F. Walker Removed to Wilmington—Was Killed in Stanly 30 Years Ago by David Fralry While Serving as a Revenue Officer.

Albemarle Enterprise. Lindsay Walker, of Wilmington, has been spending several days in Albemarle, guest in the S. H. Hearne home. Mr. Walker was here for the purpose of having the remains of his late brother Henry F. Walker removed from the Albemarle cemetery to Wilmington for re-interment. The local undertaking firm of P. J. Honeycutt & Co. executed the work of exhuming and preparing the remains for shipment in a metallic lined casket.

This is a chapter in an incident which shocked Albemarle and Stanly county over 28 years ago. The deceased was in the internal revenue service at the time of his residence in Albemarle, and was a deeply pious and consecrated man. His beautiful young wife and their three children are still remembered by the earlier residents of the place, and they were held in the highest esteem by all who knew them.

Mr. Walker was a fearless official. He went where duty called and was a foe to distillers. When news reached Albemarle on February 8, 1885, that Mr. Walker had been shot by a blockader, one David Fralry, the town was shocked. He lived only a few hours after the incident, death following on the 9th. Fralry served out a term of twelve years in the State prison. A news article in the Concord Times several months ago indicated that Fralry is still in the business of illicit handling of liquor.

The work of exhuming revealed that the original coffin had decayed, and nothing but the skeleton of the deceased remained. At the time of the murder Albemarle did not have a railroad, and such things as metal caskets and embalming were rarely used, if at all.

### Nelson A. Miles.

Lieut. Gen. Nelson A. Miles, U. S. A., retired, who has been making personal observations of the war in the Balkans, was born at Westminister, Mass., August 8, 1839. In his youth he clerked in a store at Boston. At the beginning of the Civil War he enlisted as a volunteer and shortly afterward was commissioned lieutenant colonel of the Sixty-first New York Volunteers. At the age of 22 he became colonel of his regiment. He was wounded three times and was present at all the important engagements in the campaign of the Army of the Potomac up to the surrender of Gen. Lee at Appomattox. After the war Gen. Miles entered the regular army as colonel. In 1871 he married the daughter of Gen. William T. Sherman. After his marriage Gen. Miles was stationed on the western frontier, where he made a great reputation, in campaigns against the Indians. He was commissioned brigadier-general in 1880, and upon the retirement of Gen. Schofield in 1895 he became the head of the United States army, being the first officer who enlisted as a volunteer soldier to attain that honor. In 1903 Gen. Miles was retired from active service with rank as lieutenant-general.

### Virginian's Yacht Raided by Officer.

Newbern, Aug. 7.—One thousand bottles of beer and 25 gallons of whiskey were confiscated here this afternoon when the yacht Grace, owned and in command of George Marshall, of Gloucester County, Va., was searched under a ruling of the new search and seizure law. The yacht, a trim little craft, put in here last Monday. The captain told the authorities that she was en route to Palm Beach, Fla.

Whiskey and beer were stored in every conceivable place in the vessel and several wagonloads were removed. Marshall was placed under arrest and is being held under a bond of \$2,000 for his appearance before the mayor tomorrow morning. With Marshall were his father, S. K. Marshall, and his son, John Marshall. These were allowed to go at large. In the estimation of the police the vessel is little more than a floating bar-room, and they say that they have evidence that Marshall has sold whiskey since his arrival here.

### Seen Dead Child in the Movies.

Brussels, Aug. 8.—Among the merry crowds that throng the picture palaces at Liege may be seen each night a sad-faced, lonely woman, clad in deepest mourning. A few weeks ago her five-year-old child, who was romping in the park with a number of little companions when a cinematograph operator happened to take a picture of the scene. The film in which the child appears is now being shown at the various moving picture houses in town, and the bereaved mother never misses an opportunity to watch the shadow of her boy flicker across the screen in day.

Mr. and Mrs. J. F. Harris spent yesterday in Salisbury.

## THE SITUATION IS ADMITTEDLY CRITICAL

### GRAVE APPREHENSION FELT AS TO MR. LIND.

If He is Subjected to Any Personal Attack, It Will be Considered as an Act of War, and Will Bring Armed Reprisal by the United States.—Report of Senate Debate is Distorted in Mexican Newspapers.

### Grave Developments Expected

Washington, Aug. 8.—The government is prepared for any eventuality in Mexico. The administration wants peace. President Wilson is still insisting that he is not considering intervention, but the army and navy are ready. Another day may result in grave developments. President Wilson is undeterred as to the course he will take if Huerta carries out his threat to debar Mr. Lind.

### Washington, Aug. 8.—Grave apprehension is felt here at the reception to be accorded Mr. Lind when he arrives at Vera Cruz tonight. Officials are optimistic, but the situation is admittedly critical. If Mr. Lind is subjected to any personal attack or shot at it will be considered as an act of war and is certain to bring instant armed reprisal by the United States. The officials think if Huerta's statements as widely printed in the press are to be carried out there would have been some official dispatches from the American embassy. President Wilson is frank in telling callers that the action of the minority in forcing discussion of the Mexican situation in the Senate is seriously embarrassing, as the debate is distorted in the Mexican newspapers. President Wilson still hopes for a peaceful solution.

### REGARDS SITUATION IN MEXICO AS DELICATE.

Present Situation the Gravest in Years, Says Bacon.—The President Realizes it.

Washington, Aug. 7.—The American government tonight was confronted by what officials at Washington regarded as the most delicate situation in its relations with Mexico that has yet developed since armed revolution disturbed the peace of the southern republic. The threatened rebuff from the Huerta administration to the mission of John Lind, personal representative of President Wilson en route to Mexico City to expound the hopes of the United States for a suspension of hostilities and on orderly constitutional election in Mexico, drew from Senator Bacon, chairman of the foreign relations committee, a declaration of the floor of the senate today that the present situation was the "gravest in years, much graver than confronted us when the Cuban question was here."

President Wilson realizes the gravity of the situation and manifested during the day his displeasure at the attitude of some members of the minority party in Congress, telling callers that he believed certain Republicans were making it difficult for him to handle the situation in a peaceful manner.

The President is known to hold the opinion that the Huerta administration would make a vital mistake to refuse at this stage of the situation, to receive an envoy from the chief executive of the United States, even though the emissary lacked diplomatic status. Mr. Lind, it was pointed out, was purposely sent without credentials so he might deal freely with propositions of all factions in Mexico who might inquire as to the views of Washington administration.

### For Good Roads.

Salisbury, Aug. 7.—On October 1 the citizens of Scotch-Irish township in Rowan county will vote on a proposition to issue \$20,000 in bonds for the purpose of building good roads. A petition has already been signed by two-thirds of the qualified voters of the township and the election has been authorized by the commissioners.

### Fell 35 Feet From Pole.

Spencer, Aug. 7.—After falling thirty-five feet from a telephone pole in Lexington, L. E. Moore, of Spencer was taken to the Whitehead-Stokes sanatorium in Salisbury for treatment. He suffered a broken rib, a number of bruises, besides minor injuries in the fall. He is resting well, however, and it is thought he will recover.

### Denise He is Dead.

Representative Thomas is trying to locate the woman who phoned an undertaker that Thomas was dead and told him to hurry on the job. Thomas denies that he's dead.

## SURPRISE MARRIAGE AT SPENCER.

Prominent Young Couple of Mount Pleasant United in Marriage.

Spencer, Aug. 7.—A surprise marriage of unusual interest took place at the home of Mr. and Mrs. Paul H. Nussman in Spencer today when Miss Nina Nussman became the bride of Harry Foil, the ceremony being performed by Rev. W. B. Puttara. The bride had been visiting her brother, Mr. Nussman, for several days, having come here from her home at Mt. Pleasant. The groom is also a well-known citizen of Mt. Pleasant and through a friend here arranged the details of the marriage. Arriving early in the day in an automobile he drove at once to the home of Mr. Nussman being accompanied by the minister and several intimate friends. The marriage ceremony was a short and interesting one. There was no objection on either side to the match and the young couple only wished to evade the attentions of their many friends. Immediately after the ceremony the bridal party left for Hiddenite, where they will spend a few days. They will reside in Mt. Pleasant, where the groom is engaged in business.

The announcement of the marriage of this young couple will be received with interest here. Both of the young people are exceedingly popular in Mt. Pleasant, where the groom is engaged in the mercantile business, being associated with his father in the firm of Cook & Foil. They will make their home in Mount Pleasant.

## WHITMAN WILL RUN WITH J. P. MITCHEL

Anti-Tammany Ticket in New York Presents Solid Front.

New York, Aug. 7.—The anti-Tammany Fusion ticket for the municipal election next November will have a solid front, following the announcement today by District Attorney Whitman that he will accept renomination on the Fusion ticket and make the race along with John Purroy Mitchell and George McAney. All three men were candidates for the Fusion Majority nomination. Mitchell won it. McAney then was named for President of the Board of Aldermen and Whitman was renominated for District Attorney. Whitman being a Republican, there was some doubt as to whether he would remain on the ticket with Mitchell, Democratic appointee of President Wilson as Collector of the Port.

## PARTY LAST EVENING

Miss Lenna Tucker Entertains a Number of Friends at Her Home On Spring Street.

Miss Lenna Tucker entertained a number of friends last night at her home on South Spring street. Numerous games were played, after which refreshments were served, the evening proving a most pleasant and enjoyable one. Miss Tucker's guests were:

Misses Carrie Miller, Bessie Blackwelder, Dahle Blackwelder, Nellie Dry, Edith Grady, of Charlotte and Annie Belle Cruse, of Salisbury. Messrs. Mearle Crooks, Hal Love, Everett Cook, George Fisher, Homer Snyder and Theodore Blackwelder, of Great Falls, S. C.

## THE DIGGS CASE.

Trial Will Not be Long Drawn Out.—Diggs on Stand Today.

San Francisco, Aug. 8.—When today's session of the trial of Maury Diggs began he was charged with violating the Mann white slave law. The indications were that Miss Martha Warrington, with whom Diggs was alleged to have eloped, would be called to the stand. The trial will not be long drawn out. Government attorneys declared that they expected to close the case in a day and a half. The testimony and defense are expected to occupy about the same length of time.

## Dr. Sun Yat Sen Arrives in Tokio.

Tokio, Aug. 8.—Dr. Sun Yat Sen, the first provisional president of China, and now a fugitive because of the apparent failure of the rebellion he helped to foment, has arrived here. He said he might visit the United States.

## Two Drowned at Atlantic City.

Atlantic City, Aug. 8.—While bathing in the ocean early this morning before the life guards were on duty William Lewis, of Washington and Miss Edith Rokey, of Quarryville, Pa., were drowned.

A mob chasing a negro for the usual crime in Georgia the other day had had luck. Several men approached a cabin in which the fugitive was supposed to be concealed. One crowd went around the house or cabin and the other went around another way. They met and in the excitement all hands commenced to shoot with the result that two men were killed and several injured.

The Board of Education of Mecklenburg county has raised the salary of superintendent of schools to \$2000 a year and have given him the use of an automobile so that he can go from school to school and not fool along the road.

## LIND MAY REMAIN ON BATTLESHIP

### WHEN HE REACHES VERA CRUZ TONIGHT.

Matter Not Yet Determined.—Mexican Government Says Lind Will Not Be Welcome Unless He Recognizes Huerta.—President and Secretary Bryan Confer.—Mexican Jingoism at a Boiling Point.

Washington, Aug. 8.—The administration is discussing the propriety of directing Mr. Lind until further notice to remain on the battleship New Hampshire when he reaches Vera Cruz tonight. There was received from the American embassy at Mexico City the text of a communication handed charge de affairs to Oshau Nessya, saying that Lind would not be welcome unless the Huerta government is recognized. The President conferred with Mr. Bryan on the dispatches. Mr. Bryan said: "All I am prepared to say is that we have received news. What we will do is still to be determined."

### Mexican Jingoism at Boiling Heat.

Mexico City, Aug. 8.—With the approaching arrival of John Lind at Vera Cruz Mexican jingoism is at a boiling point. There are various rumors lacking confirmation regarding the course the government will adopt toward Mr. Lind. It is asserted that the foreign spoke with Huerta authority when it said, "Mr. Lind is undesirable unless he came bearing recognition of the government." No anti-American outbreaks have yet occurred.

## EVELYN NESBIT THAW AGAIN ON THE STAGE.

Appearing in a Dancing Act at Hammerstein's With Harvey Clifford.

New York, Aug. 8.—The Great White Way is figuratively holding its breath, awaiting the public's verdict on the vaudeville attempt of Mrs. Evelyn Nesbit Thaw, wife of Harry Kendall Thaw, who figured so sensationally in her husband's trials for the murder of Stanford White, in 1905. Using her maiden name, Evelyn Nesbit, Mrs. Thaw has gone back to the stage and is now appearing at Harry Clifford in a dancing act with Hammerstein's Victoria Roof Garden. Managers are closely watching the Victoria's business during the engagement, as on popular opinion will rest Mrs. Thaw's theatrical future. The roof garden has been well filled each night and matinee that Mrs. Thaw has been there and the advance sale of seats has been rendered. The managers have not made up their minds whether it is the dancing of Evelyn Nesbit that is her drawing card, or the fact that she is Mrs. Harry Kendall Thaw, central figure in one of America's most sensational tragedies.

The Thaw case is an old one, that might be regarded as completely threshed out, and it is a problem whether it is still enough in the minds of Westerners to carry Mrs. Thaw over the various vaudeville circuits outside New York. There are managers still in business on Broadway who remember how Nan Patterson, the Floradora Sextette girl, who figured in the Caesar Young murder, was hissed out of Philadelphia when she attempted to return to the stage.

Mrs. Thaw returned to the stage in London recently doing her dance with Clifford at the Hippodrome in a revue called "Hullo Ragtime." She scored a certain measure of success and got her pictures in all the London theatrical journals. Her season was short and immediately she was booked by the Hammersteins for a New York run. She is completing her first week here now, and the public has not yet made up its mind whether she has "come back" permanently or not.

## 25 Years JULY 5th, 1888 JULY 5th, 1913

### AN ENVIALE RECORD.

A quarter of a century under one management—has never had a suit. Has paid a dividend each six months since organization. Has materially aided in the upbuilding of Concord and Cabarrus County. Stands ready to aid every legitimate enterprise. If you desire a loan come and see us; if you have money to deposit we want your account whether large or small.

## GEORGE BENSON OF GREENSBORO DROWNED.

With Companions in Camp of Coast Artillery He Ventured Too Far Out in the Surf.

Yesterday afternoon just after The Tribune had been printed Mr. R. P. Benson received a message from his brother, Mr. J. C. Benson, of Greensboro, saying that the latter's son, George, was drowned at Fort Caswell. He was 17 years of age, and was an employe of the Greensboro News office, where he was a general favorite. The News gives the following particulars:

"Young Benson bathed out too far in the bay with companions on a log and their improvised raft was caught in a strong out-going current. "George Benson completed the morning drill with his detail at 11 o'clock and prepared to take his customary plunge. He with John Schlosser and Earl Smith went to the surf together with another man of the second company. They ventured out further than usual and were caught in the current and realized that they could not bring the log back. Smith and the man of the second left the log and swam shoreward. Schlosser asked Benson to hold on while a boat was secured or the life saver pick them up with a glass. "I am going in to swim or drown," the lad said, although he had already confided the belief that he could not make it. Schlosser followed him into the sea and reached the shore exhausted as did the other two. Benson failed to arrive. The alarm was spread and the life-savers called out. The tragedy has cast a gloom over the camp. Everything is being done to recover the body and the efforts will not be given up. Capt. F. L. Page and his lieutenants will patrol the beach all night with the volunteers from the company. All hope that the young man was picked up has been abandoned."

### Russians Swarm to America.

St. Petersburg, Aug. 8.—The tide of emigration from Russia to the United States and South America has reached unprecedented proportions, according to government figures given out officially here today. The figures were taken from the reports of provincial governors to the ministry of the interior. The emigrants, at present, come chiefly from the provinces of Volhynia, Kiev, Kharlov, Minsk and Saratov. Sixty thousand are arriving daily at Liban for the purpose of embarking on steamers leaving that port for the Americas. It is noted in the report published today that Russians who emigrate to the Americas rarely return to their mother country, as do those from Italy and some of the countries of southern and central Europe.

### Dr. Sun Yat Sen Quits China.

Peking, Aug. 8.—Dr. Sun Yat Sen, former provisional president of the republic but now one of the leaders in the southern revolution, has fled the country on board a Japanese steamer bound for Formosa, an island belonging to Japan in the China Sea off the province of Fu-Kien.

### The Seaboard will run an excursion from Monroe to Atlanta on Thursday, August 14th. Excursion will leave Monroe at 10:15 a. m. and the rate for round trip will be \$3.00.

We print everything from a visiting card to a book. First-class work always. Times-Tribune office. tf.

## PROSPECTS FOR A LIVELY WRANGLE

### AT THE MEETING IN RALEIGH NEXT TUESDAY.

President Tate, of the Just Freight Rate Association, Will Have Mass Meeting of Shippers.—Wilmington People Say Proposal of Adjustment is Unfair to Them.—Reduction on Agricultural Implements is Not Enough.

Raleigh, Aug. 8.—With Fred N. Tate, president of the Just Freight Rate Association, calling a mass meeting of shippers and manufacturers to meet here Tuesday morning, with the Wilmington people protesting against the proposed adjustment as unfair to them, and intimations that the reductions on agricultural implements are not as great as on grain and grain products, the prospects seemed good today for a lively wrangle Tuesday when the Governor and the special rate commission and the officers of the Just Freight Rate Association will consider the proposed adjustment of the interstate freight rate situation. In a letter received today, President Tate asks that specific data be brought here so as to be able to thoroughly consider the matter.

### AVIATOR KEEPS UP WITH TRAIN.

But is Forced to Descend on Account of Trouble With His Engine.

Gaithersburg, Md., Aug. 8.—Aviator C. Murvin Wood, flying from New York to Washington in a race with a special train, was forced to descend here on account of trouble with his engine. He had raced even with the train up to here. Wood broke the American non-stop flying record, it being estimated that he flew 225 miles. He hoped to complete the trip this afternoon.

### SENATOR JOHNSTON DEAD.

Death Occurred This Morning at 9 O'Clock of Pneumonia.

Washington, Aug. 8.—Senator Joseph F. Johnston, of Alabama, died this morning at 9 o'clock of pneumonia.

### Discussing Adrianople Situation.

London, Aug. 8.—The ambassadors today met in consultation at the foreign office for the purpose of discussing the Adrianople situation.

## H. L. Parks & Co.

The Quality Store

## Marks Arnheim, Inc.

Tailors to the Trade

There will be a special display of our new fall and winter woollens at the store of H. L. Parks & Co., Concord, N. C., on August 8th and 9th.

Mr. Wm. Aiehl, an expert cutter and fitter from our New York establishment, will be on hand to advise with customers and take measurements. As Mr. Reid has been serving the best-dressed men in New York for twenty years, his experienced suggestions will undoubtedly be gladly accepted by you.

He will be able to tell you just what the best dressed men in New York will wear next Fall and Winter. He will be able to tell you how their clothes will be cut and styled. His advice will be well worth while.

The Arnheim line of materials contains more than 300 selected and exclusive patterns, beautiful effects never seen in ready-to-wear clothes and rarely matched by smaller tailors. To give you an equal chance to choose, a million-dollar ready-made stock would be necessary.
