FOR NATIONAL PROHIBITION

Prohibitionists Ask Congress For Chance to Vote on Question. Washington, April 15.—Prohibition advocates today presented to the house judiciary committee arguments in support of a constitutional amendment to enforce prohibition throughout the United States.

For three hours men and women representing States all over the east presented their arguments and told of the progress of the prohibition fight. Tomorrow they will appear before the subcommittee of the Senate judiciary committee in charge of the prohibition resolutions.

Movies Are Used to Obtain Recruits.

London, April 16.—The secret of the British War Office's strenuous and spectacular campaign for recruits is out. It had been suspected that the army was hard up for men when the authorities a couple of months ago began inserting full-page advertisements in newspapers throughout the country pointing out the delights of army life, and supplemented this appeal with a flood of posters and pamphlets and finally a moving picture film which it now develops, is now being shown in almost every town in the United Kingdom.

GOVERNOR VETOES "GUILTY, BUT INSANE" MEASURE.

Stops Bill That Practically Would Have Abolished the Death Penalty. Albany, April 14.—Gov. Glynn vetoed today the bill permitting the plea in murder cases of "guilty, but insane." The practical effect of these measures, it is said, would have been to abolish the death sentence.

The Governor also consented to the scrap heap the Adler Canal Lands Grab bill. This measure, the Governor contends, would have committed the State to the policy of disposing of abandoned canal lands for less than their real worth.

AFTER SICKNESS

Mrs. Gardner Tells How to Restore One's Strength.

So many people are asking how to recover their strength after severe sickness that we are publishing this information for their benefit. After grippe, pleurisy, pneumonia or any illness what you need is new strength and better blood.

The most certain way to get this is by taking Vinol, our delicious cod liver and iron preparation.

Mrs. M. T. Gardner, Chicago, Ill., says: "After a very serious operation I was a total invalid for nearly a year and a convalescent for months thereafter. I gave the remedies of a number of eminent specialists a thorough trial, but without deriving the slightest benefit. Vinol was recommended. Without the least faith in the merits of the medicine, I took it faithfully, and it seemed to bring back the old color to my cheeks and the elasticity in my step which had disappeared of ever recovering. I can say, conscientiously, that for nervous, run-down people, Vinol is an excellent remedy."

Try a bottle of Vinol. Your money will be returned if it does not restore your vitality and strength. Gibson Drug Store, Concord, N. C.

P. S. If you have Eczema try our Saco Salve. We guarantee it. adv.

BREAD OFF FREE LIST.

Pennsylvania Railroad Bows to High Cost of Living and Raises Prices on Diners.

Philadelphia, April 15.—Bread and butter have been taken off the Pennsylvania Railroad's "free list." This was announced yesterday by the company, which recently undertook a retrenchment policy. The reason given is the increased cost of living. Bread and butter will now cost 10 cents an order. The order affects not only the dining cars, but restaurants in terminals and waiting stations.

Furthermore, the Pennsylvania announces that on the Congressional Limited, the Pennsylvania's best train between New York and Washington, the price of the table d'hôte dinner has been raised from \$1 to \$1.25.

Evangelist Ham Terror of Tigers.

Newton, April 17.—The largest mass meeting of men ever held in Newton was that of Sunday afternoon when Evangelist John W. Ham addressed a crowded court-house upon the subject, "Hot Cakes Right Off the Griddle; o. Get on the Water Wagon." He dealt with the liquor question in a bold and fearless manner. Mr. Ham began a series of revival services in the court-house two weeks ago, and during this time he has waged a relentless fight on the blind tigers of Newton. He has investigated the express records and promises by next Sunday to have the names of all in the county who hold federal liquor licenses. Some startling revelations will, no doubt, be made before the meeting closes.

To Aid in Rural Uplift.

Shreveport, La., April 16.—Comprehensive plans whereby the rural schools may become a potent agency in making farm life more attractive and encouraging the "stay-on-the-farm" principle are to be formulated by the Louisiana State Teachers' association at its annual convention which began here today. Nearly 1,000 teachers, county superintendents and others interested in educational work are attending the sessions, which will continue through the remainder of the week.

BURN SILKS BEFORE BUYING.

University Course Tells How to Tell if Fabric is Pure. Why did your last year's silk split and crack? Because it was adulterated. You might have tested it easily before purchasing and both saved money and worry.

A piece of silk and a match are all you need for the test. Light the match and apply it to the fabric. If it holds its shape the silk is adulterated with some of the various minerals used. If it runs together in a puffy mass the silk is pure.

This is one of the tests given in the new correspondence course in fabrics offered by the extension division of the University of Wisconsin.

SUDDEN BROOKS

Impair the System, Shorten Life and do Great Harm.

If you knew that you could cure yourself or your child of a malignant disease by the use of dynamite, would you take the chance? Calomel acts on the sluggish liver like dynamite on the solid rock.

It shocks and upsets the organs and works such harm as proven by the after effects. Modern science has discovered a vegetable substitute that produces all the desired effects of calomel without the shock or after troubles. It is so harmless that acids may be taken into the system immediately after the medicine without fear of after effects.

It rid's liver, kidneys and bowels of all poisonous accumulations and it leaves the patient feeling new and strong.

CARSVELL'S LIVER-AID is on sale at Gibson Drug Store at 50 cents for a large bottle. The purchase price will be refunded in full if you find it unsatisfactory. adv.
