A number of local sports have returned from Augusta, where they attended the big chicken fight. Henderson Gold Leaf: A number of weekly and semi-weekly newspapers in this State have very naturally increased their subscription price within the past few months, giving as a reason therefor the greatly increased cost of production. Most local county papers are now sold at entirely too low a figure to insure their prosperity and hence their usefulness to their respective communities. The subscription price of the Gold Leaf will barely pay for the blank paper on which it is printed, and yet there are some who say it is too high.
