### WANTS TO FIGHT A DUEL WITH HIM

Judge Albanel, presiding at the Caillaux trial, challenges his associate, Judge Dagoury, because of remarks the latter made on the trial yesterday—Madame Caillaux faints in court, when her two letters were read.

Paris, July 25.—Judge Albanel, presiding at the trial of Mme. Caillaux, challenged his associate, Judge Dagoury, to fight a duel because of remarks Dagoury made on the bench at the trial yesterday. Judge Dagoury charged Albanel with showing partiality to Mme. Caillaux and her husband, and that Albanel is "dishonoring us!" General Dalaire, former military governor of Paris, is Albanel's second.

Mme. Caillaux fainted in the court room when the two love letters written to her before her marriage were read: "Thousands and thousands of kisses on your beloved body," he said. A recess was ordered for the removal of the defendant from court. Reading the love letters, as spicy morsels was awaited by the crowd which watched Mme. Caillaux as she crumpled up in a chair. Protests from friends came from all parts of the room. Caillaux said in one, "my only coach." Doctors testified that four bullets entered Calmette's body.

## INTENSE HEAT

### Hot Wave Continued Yesterday in South Atlantic and Gulf States

Washington, July 24.—Intense heat continued throughout the central valley generally today but cooling breezes brought relief at some points. Terre Haute, Ind., with a temperature of 100 degrees, was the hottest city in the country and temperatures elsewhere in the Ohio and Mississippi valleys and the plains states registered from 94 to nearly 100. In the south Atlantic and East Gulf states and in the northwest the heat was continued, but in the middle east temperatures were considerably lower.

## Berlin Newspapers Issue War Extras

Berlin, July 25.—Newspaper extras, containing war news heightened the interest. The Bourse continues panicky, affecting American stocks. There have been heavy withdrawals from all banks. The government is unable to give reassurances.

Montenegro declares her intention to support Serbia. It is generally regarded that certain other Balkan countries will follow suit.

## Peace of Europe in the Balance

London, July 25.—With the Austro-Hungarian Minister at Belgrade instructed to leave with an ultimatum unless notified by 6 o'clock that the terms of the ultimatum will be complied with, upon the action Russia and Servia rests the peace of Europe.

Columbia doubtless realizes that \$25,000,000 is more than it ever would have got out of Panama by its own efforts.

## DEMOCRATIC PROSPECTS BRIGHT IN STATE

### The Republicans and Progressives Cannot Get Together

Raleigh, N. C., July 25.—With the Hood-Thomas congressional nomination complication in the third district cleared up there seems to be not the least bit of trouble in Democratic ranks in this state for the impending campaign this fall. One while it looked like there might be serious trouble in the third through failure of the preferential primary for congress to definitely fix the nomination for congress as between George E. Hood, of Goldsboro, and Hon. Chas. R. Thomas, of New Bern, who served several terms most acceptably in congress from the third. However now Mr. Thomas has retired from the contest leaving the field to Mr. Hood with assurance that he will receive the solid Democratic support, which means his election by an overwhelming majority.

The fact is, the outlook in this State now is that there will be no getting together of the regular Republicans and the Bull Moose Progressives in spite of the great amount of the talk that had been going around to the effect that they will get together. Without the welding of the break between the two factions no sort of a consequential showing of opposition to Democrats is possible and even with fusion of the two factions of Republicanism nothing like a serious situation for the Democrats can be brought about.

Furthermore, with prosperous business conditions less and less is heard about "rotation in office" among the Democrats and it is not at all unlikely that two weeks hence when it comes to the nomination of State officers for the ensuing four years term there will be very general renominations without respect to how long the incumbents have been in office and that, having proven their efficiency and faithfulness to the trusts imposed, they will be continued in office.

## MR. PAUL JOHNSON

### Died Suddenly Last Night at the Home of His Sister in Mt. Pleasant

Mr. Paul Johnson died last night at 11:30 o'clock at the home of his sister, Mrs. Homer Cox, in Mount Pleasant. Mr. Johnson had been in ill health for several months but for the past few weeks his condition had apparently improved. He grew suddenly worse last night, however, and his death resulted a few hours later. Mr. Johnson was 25 years of age and is survived by a step-mother, a sister, a half-sister and a half-brother. He has been making his home with his sister in Mount Pleasant for some time.

The funeral will be held tomorrow morning at 10 o'clock at St. John's Lutheran Church and will be conducted by Rev. C. R. Pless.

## Flagman is Killed by Masked Bandits

New Orleans, July 25.—Masked bandits held up the L. & N. flyer, killing Tom Elgin and securing twenty dollars. The shooting of Elgin thwarted the robbery of the passengers.

Feeling is running high. There are threats of a triple lynching if robbers are caught. Bloodhounds and six posies are trying to track the robbers.

## THE COUNTY SUNDAY SCHOOL CONVENTION.

### President Wauchope Announces It Will Be Held at Cold Springs August 20th.

If you are interested in the great Sunday School work of the county and would like to use your influence to further still more the coming of Christ's Kingdom will you kindly begin now to pray and plan for the success of the County Sunday School Convention, to be held in the Cold Springs Methodist Church, Thursday, August 20.

I wish to stress one feature, namely, the choir singing. Nothing is more uplifting than good singing and it would be very inspiring if every church choir could be there in place. Can you not arrange to have your choir be present? And be sure to notify the presiding officer of their presence.

After careful consideration it was decided best not to have a two day's session but to have one live, enthusiastic session.

A fine program has been prepared and there will be something good for all. It will be republished later.

Come and bring all the folks and plan to have a good day and don't forget your dinners.

A. D. WAUCHOPE, Pres.

## GEORGIA PEACH CROP.

### Movement is Now About Half Over—2000 Crs Shipped to Date.

Atlanta, July 25.—With the movement of peaches from the South Georgia orchards at its crest and that from the orchards of Northwest Georgia just coming on, the Southern Railway is now running from five to seven peach trains out of Atlanta every night, carrying the luscious Elbertas to the markets of the East and North.

The total movement over Southern Railway for the present season has run above 2,000 cars of peaches to date and with them about 200 cars of cantaloupes. The heaviest movement for any one day was that of the night of July 21 when 161 cars of peaches were moved and it was necessary to run six special trains from Atlanta to the East and one to the West.

On account of the highly perishable nature of the peaches it is necessary to get them to market with great rapidity and the fast service which the Southern Railway affords has been one of the vital factors in making possible the development of the peach industry in Georgia to its present proportions. Special icing facilities have been provided at Atlanta, Spencer, N. C., and Potomac Yards, Va., and schedules arranged by which the peach trains are handled from Atlanta to Potomac Yards in twenty two hours. The Southern Railway has been enabled to handle the large number of special peach trains on this fast regular without interfering with its heavy regular business largely as the result of having about half of the line between Atlanta and Washington double tracked and because of the large number of high power locomotives in excellent condition which it is available for this service.

It is believed that the movement of Georgia peaches is now about half over.

## Some "Potash & Perlmutter" Figures

Not alone has "Potash & Perlmutter" broken the record for the number of performances given by any production in New York City during the season of 1913-14, but during the thirty-seven weeks recently completed at the George M. Cohan theatre, it broke all box office records for such an extended engagement as far back as the memory of the oldest, theatrical historian runs. During these forty-seven weeks "Potash & Perlmutter" was enjoyed by 425,732 delighted theatre-goers who paid \$627,615.50, an average of \$1.48 for every ticket bought. This too breaks another record, for it is the highest average price per seat ever attained by any theatrical offering outside of Grand Opera.

And to lend interest to these statistics, it must be remembered that "Potash & Perlmutter" is still crowding the Cohan Theatre, and the end is not in sight.

## Crime Increase Puzzling

San Francisco, July 24.—California Sociologists and criminologists are puzzled today over the increase in the state's prison population. Figures just made public by the state prison board show 3,937 convicts, including those on parole, or 450 more than at the corresponding time a year ago. This is the largest increase in the state's history.

Some are inclined to attribute the increase to the working of the patrol law but a majority of the prison board members disagree with this view. They point out that of 59 men paroled in April only nine violated parole and only two of these by committing new crimes. This is not considered a bad percentage.

Of a total of 649 men on parole, 643 are employed at wages aggregating \$23,365.70 monthly.

## Stanly County News.

### Albemarle Enterprise.

Mrs. E. C. Kirk has received a letter from her brother, John Spence now in Oklahoma, to the effect that Cowden, the supposed murderer of Claude Spence, has been captured in Missouri and that he would be tried in Harrison, Ark., this week.

The annual meeting of the stockholders of the Efrid, Wisconsin and Lillian Mills was held on last Thursday. The two former paid their usual semi-annual dividend of 4 per cent. The directors of the Lillian Mill did not think it advisable to pay a dividend at this time but the affairs of the company were found to be in a healthy condition. This mill has been paying 10 per cent annually.

The Efrid Mfg. Co., is building an addition to their mill No. 1 in order to increase the carding capacity. This addition will be about 50x75 feet and the work is to be completed by September 1.

Our readers will be glad to know that W. D. Little, former editor of The Enterprise, has become connected with The News, a splendid paper in Ada, Oklahoma. The manager of the company he is connected with recently died and Mr. Little goes in to "help fill up the gap." A big oil excitement in Ada makes Mr. Little think he has struck the right place. We wish him "oil" good luck.

Prof. O. D. Ritchie has returned from a visit to his father, M. M. Ritchie, at Richfield. Professor Ritchie tells of the wonderful wheat crops about Richfield. The yield on his father's farm is a fair example: Mr. Ritchie on a one-horse farm raised between 400 and 500 bushels of oats and wheat. The wheat averaged 70 pounds to the bushel; the oat averaged 39 pounds. The yield to the acre of wheat was nearly 40 bushels; the oats averaged about 30 bushels to the acre. The land on which these grains were raised, was poor ground, and good fertilizing had much to do with the yield.

## PLANS FOR WHITE WAY.

### Being Considered by Mayor Hartwell and Officers of the Water and Light Department.

Mayor Hartwell and Superintendent Fisher are still considering plans for the white way. Bids have been received from a number of firms for the equipment and others have notified the water and light board that they are anxious to bid on the work and will submit plans and prices in a few days. The officers are delaying the award of the contract a few days in order to get all the bids. However, if the firms do not submit their bids in a short time the contract will be awarded according to the bids already received.

Mayor Hartwell states that the white way is a certainty and that the board hopes to be ready to close a contract for its construction before the street work is completed.

## Present Business Unrest Healthy Sign of the Times.

Chicago, July 24.—There is no foundation for much of the agitation about business conditions in the United States, asserted George M. Reynolds, president of the Chicago Continental & Commercial National Bank, and John G. Shedd, president of Marshall Field & Co., in their testimony today before the Federal commission on industrial relations.

Mr. Shedd said his firm employs between 12,000 and 15,000 persons. "Unrest in industry is world-wide," he said, "and is caused by a desire for better food, better housing, better clothing and more leisure. A large element is the prevailing agitation for purely political purposes and by irresponsible persons of notoriety. Another element is the rapidly increasing complexity of industrial conditions.

"Unrest is a sign of progress, not necessarily of evil."

## First Trouble From a Gas Range.

Statesville Landmark.

Mrs. T. M. Crowell was slightly burned yesterday morning at her home on West End avenue by flames from a gas range. Her arms were burned to the elbow, though not to such extent as to cause a blister, and her hair about her face was singed. Mrs. Crowell opened the gas jets of the range oven and after applying the match closed the oven door. About ten minutes later she opened the door and there was a flash of flame from within, evidently caused by gas which had accumulated inside the oven. The gas people think one of the gas burners in the rear of the oven had not ignited before Mrs. Crowell closed the door and when she opened it the fresh air drove the flames from the front burner to the rear, one, causing the gas which had accumulated to take fire. The oven should not be closed until both burners are known to have ignited.

## Woodman Picnic.

## TRAFFIC BLOCKED.

### Streets Almost Blocked With Traffic On Account of Street Work.

Since the business section of Union and adjacent streets have been torn up on account of the street work the traffic problem is a problem indeed. With one side of the street, which under ordinary conditions is usually clogged with traffic, cut off it was reached the point where to travel through it is a journey filled with trials, tribulations, bumps and collisions.

Speaking of the matter this morning Chief of Police Mabrey stated that the police force was doing all it could to facilitate the traffic; that two policemen were on duty trying to keep the vehicles and motor cars moving but, with all the efforts, they had not been able to keep the street as clear as they desired and good facilities demanded. Mr. Mabrey also stated that they were going to allow vehicles to stand on the street only about three minutes and on West Depot street only vehicles coming from the depot would be allowed to pass.

General Carranza promised to cooperate with the constitutionalists in the work of pacification. Two emissaries from General Carranza to General Zapata are due in Vera Cruz tomorrow and will explain to Zapata the concessions and reforms planned by Carranza. Officials were confident an amicable understanding would be reached.

General Carranza through the American consuls accompanying him indicated he would make satisfactory arrangements concerning the amnesty and guarantees desired by the Carranza government.

It is believed that officials had expected over General Villa's attitude also were quieted today when word came from him that he would do all in his power to restore peace in Mexico and would unite with the other constitutionalist leaders toward that common purpose. Villa's message was sent in response to the personal appeal of the Washington government.

## East St. Louis Sets Pace For Go to Church Movement—Great Enthusiasm Shown

EAST ST. LOUIS had a banner GO TO CHURCH Sunday. Eighty-two per cent of the population went to divine service. "How did you do it?" was the question asked by hundreds of other cities throughout the country. The answer came:

ALL CITY OFFICIALS ASKED THEIR EMPLOYEES TO GO TO CHURCH. THE CHIEF OF POLICE ASSEMBLED ALL THE POLICEMEN AT ROLL CALL AND ASKED THEM TO GO TO SOME CHURCH. JUST BEFORE GOING HOME SATURDAY NIGHT HE REVISED THE PATROL SCHEDULE OF ALL THE PATROLMEN AND DETECTIVES SO THAT THEY COULD GET AWAY TO SOME CHURCH SERVICE SUNDAY. IN THE PRESENCE OF MEMBERS OF THE BOARD OF POLICE COMMISSIONERS HE HANDED THE SCHEDULE TO THE SERGEANT IN CHARGE.

The chief of the fire department just after returning from a fire run Saturday afternoon assembled the entire fire department and told the men the schedule would be arranged so they could GO TO CHURCH. The superintendent of public instruction assembled all the teachers and asked them to GO TO SOME CHURCH. He also instructed them to tell their pupils to GO TO CHURCH.

THE RETAIL MERCHANTS ENTERED THE SPIRIT OF THE THING. THEY INVITED THEIR PATRONS TO ATTEND SERVICES. WHEN A WOMAN WENT TO A STORE TO MAKE A PURCHASE THE GROCER WOULD ASK HER IF SHE WOULD BE IN CHURCH NEXT DAY, OR HE WOULD SAY PLEASANTLY, "WILL YOU SEE YOU IN CHURCH TOMORROW?" THE DELIVERY BOYS ALSO EXTENDED CHURCH INVITATIONS. "SEE YOU IN CHURCH TOMORROW!" WAS HEARD IN MORE HOMES IN EAST ST. LOUIS THAN EVER BEFORE. THE STREET CAR COMPANIES CARRIED SIGNS GRATIS ADVERTISING THE MOVEMENT.

That's how East St. Louis did it. Other cities and towns are planning the same kind of a campaign.
