THE BIG WAR CLOUD IN EUROPE

KING PETER IS ASSURED OF RUSSIA'S HELP.

Austrian Troops Are Mobilizing—Belgrade All But Deserted.—The Kaiser Has a Conference With the President of France.—Wants Russia to Keep Hands Off.—Serbian Troops Blow Up Railroad Bridge.—All European Stocks on the London Stock Market Are in a State of Panic.

Belgrade, July 27.—The report is circulated throughout Serbia that King Peter is assured of Russia's help. Austrian ships on the Danube are carrying material to build bridges. Austrian troops are seen mobilizing for an attack. Belgrade is all but deserted.

Kaiser Has Conference With Poincare
Berlin, July 27.—The Kaiser is reported to have had a conference with President Poincare, of France, and with the rejection of the note by Serbia started on a flying trip for Potsdam, where the Imperial Chancellor awaits him. The efforts of the Kaiser are directed to endeavoring to bring Russia to an agreement to keep "hands off."

Serbian Troops Blow Up Railway Bridge.

Vienna, July 27.—Serbian troops blew up the railway bridge spanning the Danube at Semlin where Austria has concentrated the greatest force for the invasion of Serbia. The Serbian troops fired on a boat loaded with Austrian troops on the Danube. The fire was returned and a hot engagement followed.

Engagement at East Belgrade.

Vienna, July 27.—Reports have been received here that an engagement is in progress near the mouth of the Theines river at East Belgrade.

Stock Market in State of Panic.

London, July 27.—All the European stock markets are in a state of panic.

The Dark War Cloud.

London, July 26.—The darkest war cloud which has appeared on the European horizon since Germany sent war ships to Agadir in 1911 has arisen. The Serbian government has refused to comply with Austria's demands, the most humiliating ever asked of an independent nation for the extradition of the Serayevoo murderers for which Austria holds anti-Austrian conspiracies in Serbia responsible, and for guarantees of future good behavior.

The vital question to Europe is whether Russia will come to the rescue of Serbia, involving the other powers and making of the war a struggle of Slav against Teuton for European supremacy.

Reports from St. Petersburg say that the Russian army is mobilizing. Austria and Serbia are both mobilizing but the silence of all the dispatches on the subject of military preparations indicates clearly that an iron-clad censorship has been established in both countries.

The Serbians have decided not to attempt to defend Belgrade, the garrison having already been withdrawn according to Vienna reports and the seal of the government removed from Belgrade to Kraguevatz, a strong strategic point 60 miles to the south.

Serbia's refusal to humiliate itself to the extent its big neighbor has dictated was not unexpected. The Serbs have been proud since their success in the late Balkan war and the government which yielded to such demands as Austria's could not last; even the dynasty would be imperiled. Serbia's little ally, Montenegro, seems determined to cast its lot with its cousin in war.

Serbian partisans abroad advance the theory that Austria has made up her mind to dispose of her neighbor which has long been a thorn in her side and has chosen to strike a decisive blow at a moment when the nations of the triple entente are handicapped by home troubles—Russia with a great strike, France with a political upheaval and Great Britain with a threatened civil war in Ulster.

The Miller Reunion.

The Miller reunion will be held at the home of Mr. T. L. Bost on Saturday, August 15. A large crowd is expected, and a good time as well. Mr. B. N. H. Miller writes as the only living ex-slave of the Miller family will be present at the reunion.

THE KNOCKOUT IN 3 PARTS AT THE THEATRIUM TODAY. THIS IS SOME COMEDY, FEATURING "PATTY."

DEATH OF MRS. J. A. KENNETT.

Occurred Yesterday After Only a Few Hours Illness.—One of Concord's Best Women Gone.

Mrs. J. A. Kennett died suddenly yesterday evening at her home in Grove street. The shocking suddenness of her death was only equaled by the profound sorrow it caused. Apparently in the best of health during the forenoon, when she attended divine service and met and conversed with numerous friends, the announcement that she had succumbed suddenly to apoplexy was so unexpected and shocking and carried with it such widespread sorrow that its comprehension was difficult. About two o'clock she was suddenly stricken, and despite heroic efforts of physicians and friends, she never rallied from the attack and death resulted ten minutes after six o'clock.

Mrs. Kennett was the daughter of the late W. D. Anthony, for many years a newspaper man of Concord, and Mrs. Anthony, and was 47 years of age. In February 1896 she was married to Mr. J. A. Kennett, who survives her. She is also survived by her mother and two step children, Mrs. John Green of Martinsville, Va., and Mr. Sam Kennett, of the United States Army.

The death of Mrs. Kennett removes from Concord one of the city's most widely and genuinely beloved and capable women. Endowed with natural ability of high order and possessing a willingness to aid and serve, together with remarkable energy, made her a leader in the civic and religious work of the city that esteem has apportioned to the care and guardianship of womanhood. Not only was Mrs. Kennett unusually active in religious work but she possessed business ability of a high order and had at various times been a valued member of the office force of the city's largest corporations and mercantile stores.

Only a few hours before she was fatally stricken she had led in an effort to secure a new organ for the church of which she had long been a member and which she labored for and loved, the St. James Lutheran. It has been suggested by Mrs. Kennett's associates in church work that the organ be purchased and placed in the church as a memorial to her, and it is understood that this will be done.

The King's Daughters, Civic League and various charitable and religious organizations drafted her time and ability, which she readily and willingly gave. And much of the success of many helpful movements undertaken by these organizations was due to her efforts.

The stores of Forest Hill will close during the funeral hour. Mrs. Kennett was bookkeeper at the company's store there and the merchants closing the stores evidences the love and esteem in which she was held by the people in that section of the city.

The funeral will be held at the home on Grove Street this afternoon at 5 o'clock and will be conducted by Rev. C. P. MacLaughlin, pastor of St. James Lutheran Church. The interment will be made at Oakwood cemetery.

The following will be pallbearers: J. H. Rutledge, Ralph Cline, J. B. Womble, J. C. Fink, C. A. Cook and R. L. McConnell.

MOTORCYCLE RACE.

Gray Sloop and Archie Templeton to Try Conclusions Today.

Charlotte Observer.
Gray Sloop of Mooresville and Archie Templeton of Charlotte will pull all their motorcycle race to Columbia S. C., and return today. They will start this morning at 4:30 o'clock from the corner of Church and Fourth streets and will check in at The Columbia Record office in the South Carolina building immediately on their arrival here, starting back as quick as they can get away. The prize is a purse of \$200. The distance to Columbia is 114 and the route will be via Lancaster and Camden. Mr. C. C. Coddington will act as referee.

Farm Life Commission.

College Station, Texas, July 27.—The Texas Farm Life Commission held its annual meeting here today. The agricultural products of Texas farms are yearly the largest of any state, but home life conditions of the farms are admittedly discouraging and are the cause of the drift of farmers' sons and daughters to the cities. The Texas farm life commission was appointed by Governor Colquhoun under an act of the legislature several years ago. The commission's studies of conditions and recommendations for improvement have been a factor in the current for better marketing, cotton warehouses and state aid.

Still Growing.

Washington, July 27.—The "biggest man in public life" physically, received congratulations today upon his forty-third birthday anniversary. Senator Ollie James, of Kentucky. He stands 6 feet 6 inches and weighs over 300 and is one of the Democratic leaders and most popular men in Congress.

THE KNOCKOUT WILL KNOCK YOU OUT WITH LAUGHTER AT THE THEATRIUM TODAY.

W. O. W. EXCURSION TO NORFOLK POSTPONED

Could Not Get Enough Cars on 6th and Is Postponed Till 13th.

The W. O. W. excursion, which was to have been run from Charlotte to Norfolk on Thursday, August 6, has been postponed one week, and will be run August 13. The postponement was made for two reasons, namely:

The Norfolk Southern Railway could not furnish enough cars on the 6th to accommodate the crowd that is expected to go. Ten coaches are desired, and the railroad could furnish only six on August 6. Another reason is that the farmers will not be through their farm work by the first date proposed, and it is desired to accommodate them.

The excursion train will leave Charlotte Thursday, August 13, at 9 o'clock, a. m. Those going from this section will take train No. 43 to North Charlotte, where connection is made with the Norfolk Southern. Two days and nights will be spent in Norfolk, the train leaving there on the return trip at 4 p. m. on Saturday arriving in Charlotte that night. There will be a daylight trip going. Connection will be made at Norwood with the Southern train. The excursion is for white people only. Fare for round trip \$4.50.

Georgia a Great Electrical State.

Atlanta, Ga., July 27.—Georgia is about to become the greatest electric state in the country, not even excepting New York, where Niagara Falls furnish such an enormous current, according to hydro-electric experts who paid a visit to Atlanta last week and made a tour of the gigantic power plant properties of the Georgia Railway and Power company, at Tallulah Falls.

The new power plant is turning a vast proportion of the wheels of Atlanta, and experts say that even should every coal field in this section run out there is enough water power stored in the Tallulah river and other North Georgia streams to run every enterprise in the State.

The company will, before the work is finally completed, have invested more than twenty seven million dollars in the work. Manufacturers of many lines are making inquiries as to factory sites along the power lines and an influx of new industrial enterprises is expected within the next few years.

A noticeable affect of the new plant and the reduced rate in current occasioned by its building is the fact that the new office buildings are using the company's juice instead of building their own plants as many large buildings in other cities do.

Huckleberry Crop is Greatest on Record.

Warsaw, July 25.—While it has been known here for some time that the huckleberry crop this year was one of the largest in many years, it was not expected that the receipts from the sales would reach the high mark that it now seems to have reached. No official figures have been issued, but after talking to a number of reliable men in some of the towns it now seems that the crop this year will reach a total of \$175,000 in four towns, namely, Clinton, Faison, Warsaw and Mt. Olive, with the two former towns leading by a large amount. There are also several other towns, which are not accounted for in this amount, and it is thought that when these are counted the amount will run to at least \$200,000. The corn crop is also far better than it was at first expected, and the outlook now is for a record breaking crop, provided that the proper "seasons" are received from now until the time when this crop is harvested. The cotton crop is also looking exceedingly well.

Irish Are Killed in Dublin Streets.

Dublin, July 26.—Three men and one woman are dead and more than 60 persons are in the hospital, wounded, as the result of a battalion of the King's Own Scottish Borderers late today firing into a mob in the streets of Dublin. Seven of the wounded are expected to die. Among them are three women and a boy of 10.

The affray was the result of a gun-running exploit of the Nationalist Volunteers, aided by a mob composed largely of women and children. A consignment of rifles said to number 10,000 was landed last night at Howth, nine miles from Dublin, from a private yacht. The Nationalist Volunteers cut the telegraph wires and stopped travel on the Dublin roads and according to reports, sent away most of the rifles, together with 70,000 rounds of ammunition in motor cars.

Prohibition Was Defeated in Texas.

Dallas, Texas, July 26.—Prohibition was defeated in yesterday's State Democratic primary, according to additional returns today. James E. Ferguson, the anti-candidate for the nomination for Governor increased his lead to 20,000 over Thomas H. Ball, the prohibition candidate. The returns indicate a final majority for Ferguson of about 30,000.

The resolution to have a State constitutional prohibition amendment election was running behind tonight, with prospects that final figures would show its defeat by about 16,000.

RUSSIA MAKING WAR PREPARATIONS

STRICT MILITARY CENSORSHIP IS ESTABLISHED.

All the Reserves Are Reported Called Out.—Montenegro Mobilizing Troops.—Great Disorder in France.—Crowds in Paris Sing the Marseillaise.—President Poincare Will Return to Paris Immediately.

St. Petersburg, July 27.—Russia is making all preparations for war. A strict military censorship has been established. All reserves are reported called out. It is reported that the Czar and the Kaiser have been in telephonic communication.

Montenegro Mobilizing Troops.
Belgrade, July 27.—Dispatches from Cetinje declared that Montenegro is mobilizing troops.

President Poincare Returns to Paris at Once.

Paris, July 27.—President Poincare will return to Paris immediately from his visit to the Scandinavian States. It is announced that reservists have been ordered to join colors on 48 hours notice. The police and military authorities are making every effort to prevent outbreaks in the city. Crowds paraded the boulevards last night singing the Marseillaise. Orders for the fleet to sail for target practice have been countermanded.

Heavy rain started on Savings Banks throughout Germany on account of war scare.

Greece Will Send 100,000 Troops.

Constantinople, July 27.—Greek Minister announced that Greece will send one hundred thousand troops to aid Serbia. The Turkish government issued a statement of neutrality.

It is most earnestly requested that all Wineoff's everywhere meet with us at this reunion, and bring all the history of our forefathers with them, as we are trying to get a history of our family.

We cordially invite all our friends to meet with us.

Come and bring dinner and lets make this one of the best days of the summer.

M. L. WINECOFF,
Chairman.

J. A. WINECOFF,
Secretary.

The President Has Not "Succumbed to the Hot Weather."

Washington, July 27.—President Wilson said today that he had not discussed the river and harbor bill with any one, neither had he read it. He said that he had not heard of plans to side track the treaties and will use all influence to get them approved. President Wilson said the story that he had succumbed to the hot weather was "interesting fiction." He refused to discuss developments in the Warburg situation.

Third Duel as Result of Caillaux Trial.

Paris, July 27.—The third duel as a result of the Caillaux trial is expected. This time it is Caillaux and Henry Bernstein, playwright and friend of Calmette, because Caillaux mentioned on the stand that Bernstein had deserted from the army.

President Again Says Clark is Too Old.

Washington, July 27.—Representative Poin and the North Carolina delegation called on the President today to present the endorsement of Chief Justice Clark of their state for the Supreme Court vacancy, and the President again indicated that Judge Clark is too old.

Dublin at Fever Heat.

Dublin, July 27.—The populace is worked up to fever heat over the killing and injuring of eighty people in the streets yesterday by a detachment of the King's own Scottish troops and another outbreak is feared. Thirty eight were shot and many seriously wounded.

THE RELIEF FUND.

For the Farmers of the Hail Storm District in This State.

The Tribune and Times some days ago forwarded \$12.75 to the farmers of the section around Rock Hill, S. C., who suffered loss by the recent hailstorm. All later funds will be sent to the stricken farmers in our own State in Gaston, Mecklenburg and Cleveland counties. This fund now stands:

D. V. Kriminger fund \$33.52
Mrs. J. S. Isenhour 50
J. T. Bost 50
Miss Nettie Killough \$1.00
C. W. Bost 1.00
W. A. Bost 2.00
C. L. Kriminger 50
Robert Litaker 50
Will Isenhour 50
Charles Litaker 50

WILL ASK PRESIDENT TO NAME JUDGE LONG.

Mr. Doughton Will Go to White House Today in the Interest of Statesville Man.
Washington, July 26.—Representative Doughton will take a delegation of North Carolinians to the White House early this week to ask the President to name Judge B. F. Long, of Statesville, to the vacancy on the Supreme court bench. It has been definitely determined that the President will not appoint Judge Clark. Mr. Doughton will ask the entire state delegation, including Senators Simmons and Overman, to accompany him when he calls on the President in behalf of Judge Long.

Some interesting sidelights were brought out today in connection with Judge Clark's candidacy when it was stated at the White House that a copy of a statement made by Judge Clark in opposition to the President's call policy has been laid before Mr. Wilson. It was also stated that the remarks Judge Clark is alleged to have made at one time to the effect that the Supreme court was unconstitutional had been quietly placed before Mr. Wilson.

A Highball vs. Milk for Baby.

Atlanta, Ga., July 27.—Atlanta dairymen, or many of them, have agreed to donate several quarts of milk each day to the relief of sick babies, working through the Mothers' Congress, which has in charge the baby fund.

The good women at the head of the movement report that more than a hundred poor babies whose mothers were unable to buy good, pure milk for them, have been given relief by the fund this summer. Remarkable cases of improvement have been reported by physicians.

A sign, neatly painted, hangs over the bar, in one of the local clubs. It has, perhaps, reduced the club's revenues a little bit, but the management does not mind that. The placard reads:

Fifteen Cents Will Buy One Highball, or

A bottle of Milk and a Block of Ice for Somebody's Sick Baby.

There is a contribution box beside the bar, and it fills up nearly every day.

Death of Mrs. Elma Henry.

Mrs. Elma Henry died last night at her home at Forest Hill, after an illness of several weeks. Mrs. Henry was survived by a husband and several children. She was 35 years of age. Mrs. Henry was a member of the Presbyterian Church and was held in high esteem by a number of friends and relatives.

The funeral will be held this afternoon and will be conducted by Rev. A. D. Waubhope. The interment will be made at Oakwood cemetery. During the funeral service the stores at Forest Hill will be closed.

American Arrested by Constitutionalists.

Jauze, July 27.—An American has been arrested by Constitutionalists on a charge of aiding Gomez's guerrilla band. There is danger of his execution, and an appeal has been made to the State Department. Villa's departure for the South was delayed one day according to a wire from him.

W'd Disorder in Dublin.

London, July 27.—Fearing serious Unionist developments Premier Asquith took personal charge of the war office today. The wildest disorder was reported in Dublin all last night. The crowd kicked down the doors of the barricade and dared the soldiers to come out.

Dublin at Fever Heat.

Dublin, July 27.—The populace is worked up to fever heat over the killing and injuring of eighty people in the streets yesterday by a detachment of the King's own Scottish troops and another outbreak is feared. Thirty eight were shot and many seriously wounded.

LETTER FROM UNCLE JESSE.

He is Having a Good Time in Mississippi.—The Crops.

Mr. Editor: I wish to say through your excellent paper to all of its readers, that I am well and having a good time. Have had one good meeting, and souls professed Jesus as their Savior, and the work of the Lord is prospering in our hands, for which we give him the glory and praise, and take none of it to myself, but give it to him, and drink in the joy of his salvation to our own soul, that the Lord is doing such great things through me, his unworthy servant, as the weak, unworthy instrument in his hand. The outlook is good that the Lord will do great things for us, for which we are glad. I am at Harmon, and will go to Tyro tomorrow, in another meeting. Won't all of you that love my blessed Lord, pray for me, that we may have a great victory in our fight with the devil over him, and lead many sinners to Christ. Crops are very short in places, while in others they are very good, seems to be local, where I have been. In some places the crops are the best I ever saw, and in others the worst. Don't think I ever saw anything like it, and it seems to be that way all over the South.

Ryones wishing to write me, my address after the first of August will be Coffeeville, Miss. My the good Lord bless you. Your friend and brother in Christ.

J. H. EARNHARDT.

Georgia to Have Lieutenant Governor at Last.

Atlanta, Ga., July 27.—At last Crawford Wheatley, of Americus, is about to realize his dream of several years, that is, if the senate agrees with the house, which yesterday afternoon passed the bill which provides for a constitutional amendment creating the office of lieutenant governor.

Mr. Wheatley, as senator, worked and prayed over that bill. It bobbed up every year, got buried or sidetracked, and never could reach a vote on its merits. The house voted on it a few weeks ago defeated it because the salary of the new official had been left to some future legislature to decide. The friends of the measure brought it up again yesterday afternoon and had it amended so that the Lieutenant Governor will draw \$7 a day while the legislature is in session for providing over the senate and in case he succeeds to the governorship he will get the regular gubernatorial salary for the time he is on the job. The new office, by the way, will take away from the senate the right to elect its own presiding officer.

Warm and Fair.

Washington, July 26.—Warm and generally fair weather over the country was forecast tonight by the Weather Bureau for the first half of the coming week.

"The next disturbance of importance to cross the country," said the bureau report, "will appear in the far West Monday or Tuesday and move Eastward, crossing the great Central Valleys Wednesday or Thursday and the Eastern States near the end of the week. This disturbance will be attended by local showers, thunderstorms and cooler weather. There are no indications at this time of a disturbance in the West Indies."

Teachers' Institute.

Cabarrus county teachers' institute will begin August 17th and will continue for two weeks. The institute for the white teachers will be conducted at Central school, for the colored teachers at the colored school. The institute will be conducted by Prof. A. T. Allen, superintendent of the Salisbury public schools and Miss Bessie Carter.

The Mediation Conference.

London, July 27.—Sir Edward Grey officially announced in parliament today that France, Germany and Italy would be invited to participate in the ambassadorial mediation conference. To Great Britain is largely due the credit for the preservation of peace in the Balkan war.

TWO CONVICTS ARE RECAPTURED TODAY

FRANK MILLS AND EARLE COTTON RETAKEN.

They Cut Out of the Hospital at the State Farm Stockade Saturday.—Had Just Broken Into Clothing Store and Taken Civilian Clothes.—Cut Their Way Out With Wire Clippers Smuggled to Them.—Cotton Was in For Murder.

Raleigh, July 27.—The Weldon police this morning recaptured Frank Mills and Earle Cotton who cut their way out of the hospital stockade at the State farm Saturday morning. They had just broken into a clothing store and taken a civilian suit each in place of the convicts' stripes. Mills had only begun his sentence of two years for robbery here last Wednesday. They smuggled into the prison "wire clippers" with which to cut out. Cotton had served since 1908 for killing Dr. E. W. Smith, of Richmond county.

THE CROPS ON COLD WATER BOTTOM LANDS.

Land Formerly Too Wet for Anything is Now Growing Magnificent Crops.

Mr. Editor: Through curiosity, stimulated by Mr. Dayvault's report of the corn and cotton in the bottoms of Cold Water on the Earnhardt lands, I went over to see what effect the drainage had. Land that was too wet for anything but meadow is now growing a magnificent crop. The water has been lowered about 7 or 8 feet, the channel being sufficient to carry all except a very high freshet. Mr. Dayvault did not exaggerate but drew the picture under, rather than over the facts. The Earnhardt bottoms are a part of what that used to be the Caleb Phifer lands. Tradition says that George Washington spent the night with Mr. Phifer when passing through North Carolina. Possibly some one that knows about it might give us some information as to the facts. The most striking thing about going into that neighborhood was the change of names. Captain West, Mr. Barbare and Mr. Glover being familiar names sixty years ago, have passed out of use.

Mr. recollection of Mr. West is that he was a man far above the average man in intelligence, a man that enjoyed his hobby and a practical joke. I have heard it said that some one spent the night with the Captain and the next morning remarked, Mr. West you have a very pretty country. Mr. West's reply was: The beauty part is it belongs to me and my neighbors. Mr. West had the correct view of it. I did not matter to him who owned the land so long as it was not cleared.
