## AUSTRIAN TROOPS CROSS THE DANUBE

### OCCUPIED BELGRADE WITHOUT RESISTANCE

So Reports Received at Paris From Berlin Indicate—Servians Withdrew Before the Austrians.—Reported that Hostilities Were to Be Opened Today.—Kaiser's Influence Will be Great to Get Austria's Approval for a Peace Movement.

London, July 28.—Reports received in Paris from Berlin indicate that the Austrian troops have crossed the Danube into Servian territory. Two army corps occupied Belgrade without resistance, according to word that has reached the Austrian embassy at Paris. Unofficial reports declare that a detachment of Austrians invaded Serbia at Mitrovica, fifty miles northwest of Belgrade. Servians are stated to have withdrawn before the Austrians unharmed. Reports from Vienna said that hostilities were to be opened at day break. Officials stated at Vienna that eight army corps were mobilized there. Officials believe that the personal influence of the Kaiser will be a great help in obtaining the approval of Austria for a peace movement.

The Central news dispatch from Berlin states that Germany has officially rejected Sir Edward Grey's proposal as no confirmation. It is thought that there is a different interpretation on the Kaiser's attitude than that by the other correspondents who think the Kaiser's action final. Actual war between Austria and Serbia is indicated in the heavily censored dispatches permitted to come out of various capitals in Europe. Austria has handed his passports to the Servian minister, and this is considered a sufficient declaration.

An outbreak of hostilities occurred on the Danube, Servians on shore having fired on Austrian troops in transports. The fire was returned. Heavy concentration of Austrian troops on the Servian and Montenegrin frontiers and mobilization of more are admitted. The Servian army is concentrating in the interior and the Montenegrin army has been called out. Belgrade citizens engaged in a panicky exodus, fearing the immediate capture of the Servian capital by the Austrians.

Other powers in Europe are endeavoring to prevent a general war. Russia is seeking more time for Serbia to answer the Austrian demands, but has warned Austria and Germany that it cannot be indifferent to an invasion of Serbia. Stern orders just issued against publicity of military movements conceal activities of the Russian army, five army corps of which are reported to be mobilizing.

The Kaiser and Czar have been in personal communication, but Berlin reports that Germany has taken the position that the quarrel between Austria and Serbia is their own affair and that others must not interfere. Great Britain, France and Italy, reluctant to be drawn into the conflict are pressing Germany to restrain Austria, although Italy has given assurance that she will support her ally.

War feeling is still running high in Germany and Austria and people in Russia and France are resentful of the attitude of the Triple Alliance, and are making demonstrations hostile to Austria and Germany.

**Kaiser Favors Peace Plan.**  
Berlin, July 28.—The Kaiser is understood to favor the peace plan of Sir Edward Grey, but hesitates to accept the proposal without reservation, not desiring to embarrass Germany's ally. Reports received at Tsydkuhnen, declare that Russian Cossacks fired upon the German army officers on the frontier, claiming that Germany made an attempt to cross the border.

Runs on the savings banks were renewed and are worse than yesterday. At the Austrian consulate weeping women made farewell to the men folks leaving to join their colors. The reservists are being fitted and are leaving Vienna.

**Naval Board Inquiry Against Boalt's Charge.**

Washington, July 28.—That ensign William Richardson never applied a "law of flight" to Mexicans at Vera Cruz and never "boasted" that he had done so as charged by correspondent Boalt, is the gist of the findings of the Naval Board of Inquiry.

**Mediation Proposal Meets With No Success.**

Vienna, July 28.—Sir Edward Grey's proposal of mediation met with no success at the foreign office. It is said that military measures and the Austrian present course of action cannot be interrupted pending negotiations looking to mediation.

Mr. W. E. Stewart has gone to Goldsboro on a business trip.

**The "Untouchables" of India.**

Rev. John Larpard of the Methodist mission in Gujerat, reports that large sections of the 60,000,000 of "untouchables," or outcast peoples, are moving toward Christianity. "In some districts, he says, 'the applicants for baptism are numbered by hundreds, and in some by thousands.' There are missionaries who make a tour of their districts, baptizing eager candidates at places where there are workers stationed, but almost daily such missionaries have to say, 'No,' to requests for teachers, schools and actual centers to be worked. It seems by no means outside the bounds of possibility that, if the Christian churches were strong enough to receive and give Christian instruction to all such as they come forward, we might see the whole of the outcast peoples of India seeking to enter the door of the church of Christ within the lifetime of many of the missionaries of today."

**No Moving For Gorman.**

Washington, July 28.—A unique demonstration of neighborly feeling and regard was received today by Edward Gorman, 78. A resident in the same block for 54 years, Gorman was called upon today by many old friends, neighbors and business associates. He was in the audience when President Lincoln was assassinated in Ford's theatre.

It is getting so there are nearly as many people mortgaging their homes to buy automobiles as there are to buy eggs.

**"Massacre" Makes Trouble Intense.**

Dublin, July 27.—Rioting broke out again tonight but subsided without serious results. The rumor was doled that the Scottish Borderers would entrain at the Aniens street station. A great crowd, mostly from the slums, surrounded the station. The rioters stoned the street cars.

Six hundred volunteers paraded through the streets, a crowd numbering several thousand following them singing.

Feeling runs high throughout Nationalist Ireland. Town councils are adopting resolutions denouncing "the massacre," the soldiers of the Limerick and Kilkenny garrisons are confined to barracks. Concerts by military bands in several towns have been cancelled.

**Sidna Allen Must Pay \$3,000.**

Wylthville, Va., July 27.—With the consent of the court and counsel on both sides, judgment for \$1,000 was entered today, in each of the suits brought by administrator of Judge T. L. Massie, Sheriff Webb State Attorney Foster against other members of the clan, but were later dropped.

Sidna Allen, who is now serving a long term in the Virginia penitentiary, was reputed to be worth from \$10,000 to \$15,000. Steps will be taken after judgment is entered to subject his real estate in Carroll county for sale for the benefit of his creditors.

**Freak Corn From No. 10.**

Mr. J. B. Gourley brought to this office yesterday a collection of freak ears of corn. The corn was produced by Mr. W. H. Stancil, one of No. 10's well known farmers. The ears grew from the top of the stalk, shooting out from the tassel, which was entwined about them so closely as to almost cover the ears. There were probably 30 or more ears in the collection. The corn was natural except that the little ears in the cluster did not have shucks on them. Mr. Gourley states that there were a number of other freak ears in the same field.

**Missionary Picnic.**

The presence of all is desired at both these exercises.

Mr. J. S. Blackwelder died this morning at 10 o'clock at his home on Buffalo street. Mr. Blackwelder has been very ill for several months. He is survived by a wife and several children. The funeral will be held this afternoon at 4:30 o'clock at the Methodist Protestant Church, and the interment will be made at Oakwood cemetery.

Two Irishmen recently died, aged 119 and 125. The former smoked the latter did not. See what an end smoking may bring you to.

## ONE THOUSAND ARE INJURED IN PARIS

### SERIOUS ANTI-MILITARY DEMONSTRATIONS THERE.

Twenty-five Thousand Persons Were Rioting.—Crowd So Big That the Police Could Not Handle It.—One Hundred and Eighty Were Arrested, and More than a Thousand Were Injured.

Paris, July 28.—Serious antimilitary demonstrations, during which twenty-five thousand rioted near the Matin office, resulted in stringent orders being issued to the military to prevent further demonstrations. The crowd was so big that the police could not handle it until they sent auto busses rumbling into the crowd. One hundred and eighty were arrested and more than a thousand were injured. All quotations on the exchange have been suspended.

### THIEVES VENT SPITE ON WIFE.

Finding No Loot in House. Two Men Beat, Bind, and Gag Victim.

Baltimore, Md., July 27.—We couldn't find anything in the house, we took out our spite on your wife. You will find her in the parlor."

This message on the hall door met the eyes of John T. Parker, of Highlandtown, when he returned from a baseball game this evening. Parker rushed to the parlor, where he found his wife, gagged, bound, and unconscious, and showing evidences of brutal treatment. She did not recover consciousness until midnight.

She said that just after Parker left to attend the ball game two men came to the gate. They seized the young woman and ransacked the house, but finding nothing of value, vented their spite upon her. She was beaten and otherwise maltreated.

### Biggest Gun has 35 Mile Range.

Waterville, New York, July 28.—Repairs to the monster 16-inch gun, which will be the Colossus of the Panama canal fortifications, are nearing completion today in the local arsenal.

Some months ago the cannon, which is the biggest specimen of ordnance in the world, was turned out at the Waterville factory. Subsequent tests at the Sandy Hook proving station showed that its projectile could pierce 12-inch armor, set 11 miles away from the firing point.

The tremendous powers of the gun, destined to guard the Pacific entrance to the canal, are not easily appreciated. The cannon itself is fifty feet in length and weighs 142 tons. Its projectile, over 6 feet long, tips the scales at 2,400 pounds. More than a quarter of a ton of powder is needed to discharge this destructive bullet. Although capable of carrying at least 35 miles, this iron-and-steel-boned agent of death can "accurately bull's eye" at 22 to 23 miles.

### Under Europe's War Cloud.

### HAS AUSTRIA DECLARED WAR AGAINST SERVA?

So Says Vienna Dispatch Received in London.

London, July 28.—Austria has formally declared war against Servia, according to a Vienna dispatch, received here. ### Troops Moving Through Berlin Streets.

Mr. Whit Pharr, of Raleigh, is visiting relatives in the city.

## AUTOS BLOCK STREET.

Four Cars Held Fast By the Soft Slippery Soil on Union Street.

The section of street from Brown-Cannon Company to G. W. Patterson's was a "slough of despond" to automobilists this morning. Four plowed their way to such depth in the soft, slippery soil that it required much time and labor to pull them out.

The motor truck of the Carolina Bottling Company was the first to get "stuck." A Ford tried to pass and it, too, was held fast. Dr. Wadsworth came speeding along and just as he approached the truck the wheels to his Maxwell practiced surgery on the surface and were presently securely fastened. Next came Mr. J. W. Cannon's big Packard and joined the immovable line. Garages were phoned to for assistance and after considerably toil the mechanics, aided by lookers-on, managed by yeh application of chains to clear the street.

## MEXICAN SITUATION IS PROGRESSING VERY WELL.

Carranza and Zapata Representatives Have Long Conference Which is Entirely Satisfactory.

Washington, July 27.—Secretary Bryan tonight announced that the situation as between the Carranza government and the constitutionalist in Mexico was "progressing very well." The delegates appointed by provisional President Carranza to the Saltillo peace conference left Mexico City today and there is every indication, according to the State Department advisers, that the conference will be successful.

Advisers from southern Mexico stated that Carranza and Zapata representatives had a long conference today which was satisfactory. Officials now expect that Zapata will co-operate with the constitutionalists in Mexican peace.

Word was received here tonight that Fernando Iglesias Calderon, who is to be Carranza's minister of foreign affairs, had suffered a broken leg in an accident in New York. He was to have been one of Carranza's delegates in the forthcoming conference.

government and the constitutionalists junta in Washington said they interpreted Carranza's appointment of the peace commission as meaning that the first chief probably would enter Mexico City before the middle of August.

## Rain This Morning.

The heat wave was broken in this section this morning by a rain accompanied by a rather severe wind. The rain started about 10 o'clock and continued for some time. Reports from several sections indicate the rain was general. Mr. C. A. Isenhour was at a point above Kannapolis and he reports that the rain in that section of the county was more copious than it was in and around Concord. The same report was received from the Pitts school section of No. 2 township. Although the wind was rather severe the reports state that corn and other vegetation were not damaged much by it.

## School for Feeble-Minded Now Has Fifty Pupils.

Kinston, July 27.—Fifty pupils are now entered in the North Carolina School for the Feeble-Minded near here, which was opened several weeks ago, and Superintendent McNairy has already accepted enough applicants to bring the enrollment up to the present capacity of the institution, about 120 or less, since portions of the dormitories have had to be taken over for school rooms. The work of instruction and treatment is now being systematically executed.

From one to five applications are received daily at the office, and the superintendent now is being compelled to turn down those who would be entered.

The methods of the school are visible already in the improvement in appearance and behavior at least, of most of the little unfortunates who are the State's charges there. There are no visiting hours at the school on Sunday, the only day reserved for the rest of the staff of teachers and attendants.

## In Kansas City.

In Kansas City, they love to tell of a certain wealthy meat-packer, who never loses an opportunity to impress upon visitors to his house the great extent of his riches.

He was showing a caller from the East through his palatial mansion on one occasion when they stopped before a handsome plateglass mirror of massive size, above the fire-place in the drawing-room.

"See that mirror?" asked the packer. "It cost me just ten thousand dollars."

"Heavens!" exclaimed the visitor, duly impressed. Then, after a careful examination of the article, he added, "But what a pity it is scratched!"

"Yes," said the packer carelessly. Then turning to his wife, he said: "Marry, perhaps you'd better not let the children have any more diamonds to play with."

Wilmington, July 27.—E. R. Pickard and family, of this city, had a narrow escape from drowning at Wrightsville Beach Sunday morning when a fishing boat in which they were taking a ride in Bank's channel capsized and they were precipitated into the water. Fortunately N. L. Fennell, also of this city, and a party of friends were in a fast racing motor boat near them and were able to rescue them before they were in serious danger.

The ladies of the congregation of Brooklyn Baptist church unanimously voted Sunday morning to allow the men to come to church Sunday night without their coats, if they so desired, and many availed themselves of the privilege.

Some men are so light in the upper story that they have to part their hair in the middle to preserve their mental equilibrium.

## WHAT IS STRENGTH

The strength of a bank consists in fully paid up Capital; an ample growing surplus; ample cash reserve, and, more than anything else—men of character and ability to handle it. These men should be experienced in business, should have seasoned judgment, and should be progressively conservative. We invite your consideration of the management of this bank.
