

CZAR'S ARRIVAL AT THE FRONT

WAS SIGNAL FOR GREAT PATRIOTIC DEMONSTRATION.

After Which the Russians Engaged in Fierce Attacks, Gaining Victories at Nearly Every Point.—Germans Reinforced Just Inside Russian Frontier, and Endeavoring to Assume the Defensive. — Germans Strongly Entrenched. — Defeated at Kutnow, With 2,000 Killed. — Conditions at Galicia Unchanged.

Petrograd, Oct. 5.—Reports have been received here that the Germans have been defeated along the Neimen river and have been reinforced just inside the Russian frontier and are endeavoring to resume the offensive.

Fighting was resumed at the Polish frontier, where the Russians are delivering severe attacks. The Germans are strongly entrenched. The force of Germans at Kutnow was defeated with two thousand killed and two armored automobiles captured.

The announced arrival of the Czar at the front was the signal for a great patriotic demonstration, after which the Russians engaged in the fiercest attacks, gaining decisive victories at nearly every point.

The fighting continues in Galicia with the conditions unchanged. The Austrian-German forces are constantly on the defensive.

Regarding Registration. Under the law, which requires them to be open five Saturdays before the election, the registration books must be at the polling places on Saturday, Oct. 3, and again on the 10th, 17th, 24th and 31st. Any one entitled to may register on any of these days, except the last, the 31st, which is the challenge day.

Invention Precludes Possibility of a Panic. Cleveland, Oct. 5.—Repetitions of panic horrors of the past will be averted forever, according to Fire Chief Wallace of Cleveland today, if owners of public buildings and theaters will adopt a safety lock device patented by George H. Stanbridge, a Cleveland carpenter.

Stanbridge's invention can be on either double or single doors with surety of keeping them locked from the outside. The slightest pressure from the inside, however, allows the doors to immediately swing wide open.

Southern Buys 15,000 Tons of Rails. It is understood that the Southern Railway Company has placed orders for 15,000 tons of standard section rails with the United States Steel Corporation, the rails to be rolled at the Ensley, Ala., plant.

The Big Home-Coming Will Be Repeated at the Pastime Today.

Every Solid Structure is the realization of somebody's imagination. Air castles are the shadows of coming events. Brains count, and thought is real property in embryo. Therefore thinkers, investors, men of learning, all who, with continued life, can produce, have the chance to insure the value of their future labor like real ships and houses. Saving in Cabarrus County Building Loan and Savings Association aids this chance. 34th SERIES IS NOW OPEN. Office in the National Bank.

SCHOOL NOTES.

Regular Teachers' Examination October 8 and 9.—Other Matters. The regular teacher's examination will be held in the court house Thursday and Friday, October 8 and 9, beginning at 10 a. m. each day. All teachers wishing to take this examination should be present at this time, as this is the last examination that will be held until next July.

A few teachers have failed to call for their papers or grades given for work at the county Institute. These papers are in my office and I would be very glad for the owners to call for same.

I wish to call the attention to all students, who have finished the grammar school course the past year, that you are at liberty to enter our high schools, tuition free. Students in the upper part of the county are expected to enter at Winceff High School, those in the lower part of the county at Rocky River High School.

In casting about for some good method for improving the efficiency of the schools under my supervision it occurred to me that as the granting of diplomas to students finishing the 7th grade work has accomplished so much, that perhaps the granting of a certificate of merit to all students, who are perfect in attendance during the coming year and the establishment of a teachers' honor roll might play no little part in increasing the average attendance of students and the improvement of the teachers, professionally and otherwise.

The following information will be required of teachers, teaching in Cabarrus county: 1. Was the Bible read in your school each morning? 2. Are you a member of the County Teachers' Association? 3. Did you attend the last Teachers' Institute held in this county? 4. Are you a member of the Teaching Circle? 5. Did you attend the State Teachers' Association? 6. Do you have desk copies of the text books you are required to teach? 7. Do you read any educational journal? If so, what? 8. Have you raised funds this year for any purpose? If so, amount. 9. Do you have a musical instrument in your school? 10. Did you attend each meeting of the County Teachers' Association? What benefit did you receive from same?

Those answering 80 per cent of these questions in the affirmative will be entitled to a place on the Honor Roll. Quite a number of our teachers are in favor of this plan. We want every teacher in the county to join the Reading Circle. If you are a teacher and have not identified yourself with this circle, do so at once. I am sure that the teachers of our county are determined to keep abreast with the times and have realized that in order to do so, they must identify themselves with every effort for professional improvement.

The Home Coming Week.

Fairbrother's Everything. Concord is this week entertaining the home comers—and of course a glorious week it will be. The first year I spent in Greensboro, about 10 years ago, we had a great home-coming week, it was pulled on an elaborate scale, the late Charles D. McIver being the general manager of it—and he certainly put steam into it and pulled it off to beat the band. That wasn't long ago, and if one will think about that, figure on how little we had as a town to show the people who came, compared to our busy city now, it would suggest that Greensboro ought to have a home-coming week. The Greensboro home-coming week managers secured rates on railroads; school children parade; there was really much doing. It looks to me like we should have another reunion or home-coming week next year—pull it in connection with the fair—and bring back a few hundred people and let them see what the Gate City has done. Certainly they would be surprised.

Don't Want Trains Taken Off. Greensboro, Oct. 4.—At a meeting of the local council of United Commercial Travelers last night, resolutions were unanimously adopted against the proposed action of the Southern Railway Company to take off trains Nos. 13 and 14 on that part of the main line between Salisbury and Danville. The resolutions will be forwarded to General Manager Conner, who appeared before the State Corporation Commission and made the request.

The Enquirer says Mr. E. D. Worley, of Monroe, was struck by lightning while riding on a load of fodder and painfully hurt. Fortunately he was not knocked off the wagon. Both horses were knocked down but not seriously injured.

BIG FAIR.

At Salisbury, October 19th-24th.—People From All Nearby Counties Will Attend.

The Peoples Fair at Salisbury will be held October 19th-24th. The Association had gone into the proposition this year to give the people throughout this section a good clean, educational fair. Neither time nor money is being spared to give the people the right kind of fair.

The people of this county are invited by the Rowan people to visit Salisbury during the Fair. The glad hand is extended to all visitors. The Salisbury people are making it a point to see that no "skin games" are worked on the people who visit them at this time. All eating and sleeping places will be reasonable in price; all shows will be clean and up to the times.

We will find lots of good things at the Peoples Fair. The agricultural exhibits will be larger than at previous fairs. We will see some of the largest and best farm displays to be found anywhere. The live stock department is going to be filled. Great numbers of prize winning chickens will be seen. All kinds of farm machinery and farm equipment will be on display. The ladies' department will be complete. A new feature is the Baby Show and Health Exhibit. Every building will be full of good exhibits of every line.

The races and outdoor attractions are going to be far above usual. Good races have been lined up. Six free attractions will be found, and two of the most thrilling will be the "Human Bomb Act" and three nights of fireworks. A long line of clean, good midway shows have been booked. The Association offers to refund any money spent in seeing undesirable shows or lost on gambling devices. The people will be protected in every way.

The Peoples Fair means a great deal to this section and the folks are invited to attend and co-operate in making it a great success. Your money's worth in the way of entertainment, valuable displays, and a general good time is assured. Attend the Fair at Salisbury, October 19th-24th.

WAR COSTING FRANCE \$7,000,000 EACH DAY.

For the First Sixty Days of the Conflict it Has Already Cost \$420,000,000. Paris, Oct. 3, 8:10 p. m.—The war is costing France \$7,000,000 a day. Minister of Finance Alexandre Ribot announced today that the outlay for the first 60 days of the conflict had been \$420,000,000.

In a Temps interview M. Ribot says the Bank of France on October 1 had \$812,400,000 in cash, which was \$63,000,000 more than it had on the eve of the war.

For Observance of Community Week.

Raleigh, N. C., Oct. 5.—Preliminary work for the most general and effective work possible in observance of Community Service Week throughout the State on December 3, 4 and 5 is under way through special efforts of Dr. Clarence as chairman and W. C. Crosby aided by Dr. J. Y. Joyner, State superintendent of public instruction and the heads of divisions in the State department of education, the plan being for the school forces to take an especially active part in the work. The programme for the observance of each of the three days in each county and each community are being sent into every part of the State. The programmes are respectively for public roads and buildings for "Public Roads and Buildings and Grounds Day, School and Neighborhood Improvement Day and for County Progress Day."

Democratic Majority in Congress Necessary.

Statesville Landmark. Speaking in Asheville last Friday night in behalf of the re-election of Congressman Gindger, Secretary of State Bryan declared that the election of a Democratic majority in the House is vitally necessary to the successful accomplishment of President Wilson's plans for remedial legislation. It is well to keep that in mind, if you believe in President Wilson and believe that he is trying to have enacted legislation that will benefit all the people, then his hand must be upheld by the election of a Democratic Congress. This district has in Congressman Doughton a most capable and faithful public servant. It cannot get a better one. He deserves re-election on his own record and if we would sustain the President it is our duty to make a special effort to return Congressman Doughton, who is a supporter of the administration.

Oppose Proposed Laws.

Sacramento, Oct. 5.—The Farmers' Protective League of California, representing 30 counties, met recently in California and adopted plans to oppose the proposed universal eight hour law, the home rule in taxation proposal, the water commission act, and covers other measures that were declared to be detrimental to the interests of agriculture in California.

GERMANS CANNOT BREAK THROUGH LINES.

BELIEVED TO BE AT END OF PRESENT RESOURCES.

They Have Been Compelled to Send Great Numbers of Troops to Hold Back the Russians.—No Additional Troops for Western Lines.—Battle Continues With Utmost Violence.—Allies Compelled to Give Ground at Certain Points.

Paris, Oct. 5.—All attempts of the Germans to break through the lines of the Allies between Roye and Laon to relieve the lines of the enemy to the northward have failed. Experts agree the outcome will be a long looked for retreat of the Germans to new lines in Belgium. The army of the Allies at the front is being constantly augmented. The Germans are believed to be at the end of their present resources. They have been compelled to send a great number of troops east to hold back the Russians. There are no additional troops for the western battle lines, where Generals Von Kluck and Bohlen have been given all the reinforcements that could be spared from the center and from Alsace-Lorraine.

Paris, Oct. 5.—The German offensive movements against the Allies left wing continues with increasing ferocity under the direction of Generals Von Kluck and Bohlen, the Allies attempting to break the strong German center lines. The war office declares that along the left wing to the Oise river the battle continues with the utmost violence. With the enemy heavily reinforced, the Allies have been compelled to give ground at certain points.

In the Russian six days battle the Germans operating on the East German frontier on the Neimen river have been defeated along the whole line, forced to retreat and to abandon large quantities of supplies and to evacuate the Province of Lona.

MAYS SENT TO ROWAN ROADS FOR TWO YEARS.

He Was Charged With False Pretense And Was Also Wanted in Greensboro.—Other Salisbury News. Salisbury, Oct. 3.—J. H. Mays, the young white man who was arrested in Savannah, Ga., and brought back to Salisbury where he was wanted for securing subscriptions to a magazine and not sending them in, the charge being false pretense, was sent up for two years by the county court. He will probably appeal. Mays claims that he was robbed of a quantity of money and for this reason had not yet sent in the orders for the magazine. The Greensboro officers want Mays for the same offense.

C. W. Carter, wanted in Lincoln on the charge of beating his wife and son and then poisoning his wife, was arrested in the Rimington settlement by Sheriff McKenzie and Deputy Kriday and has been taken back to Lincoln. The wife recovered from the poison.

PRAYERS FOR PEACE FROM ALL PORTIONS OF NATION.

Yesterday Generally Observed as "Peace Sunday."—Wilson Goes to Church. Washington, Oct. 4.—Prayers for peace in Europe arose from all parts of the United States today. Clergymen of all denominations read President Wilson's proclamation, itself a fervent peace prayer and congregations gathered to sing peace hymns and take part in peace services.

The President attended the Central Presbyterian Church here and heard Rev. James H. Taylor pray that the United States might be instrumental in restoring peace to Europe and that Mr. Wilson might be given wisdom and strength in his mediation proposals.

After the services a large crowd waited until the President had taken communion, to watch him ride away in his automobile.

No Special Session. Washington, Oct. 5.—President Wilson says the legislative program will include on the anti-trust war tax and Alaska coal bills. There is no special session planned.

The Army and Navy Football Games.

Washington, Oct. 5.—The army and navy athletic authorities today reached an agreement for two foot ball games in Philadelphia and the third in New York.

BILLY LEMONT AND HIS BANG SINGING GIRL AT THE MARSH TODAY.

THE UNIVERSAL VERDICT.

Concord Did Herself Proud in the Home Coming Celebration Last Week.

Mr. Ben. R. Craven, of Greensboro, was one of those who "came back home" last week to attend the celebration. He writes as follows about it to his parents, Mr. and Mrs. K. L. Craven:

"But one of the best times I have ever had was during my little visit with you all. I enjoyed being home again, as I always do, but the occasion which was being celebrated added a new flavor to my feelings that was delightful. You know it has been a long time since I have seen the old town in a real holiday spirit, and never, I believe, had I ever seen it in holiday attire before. It did me good to see how unanimously the people joined hands to make the event such a magnificent success. The parade showed that much care and thought had been used in making it a beautiful spectacle, and was a great credit to the ingenuity and industry of the citizens. I enjoyed mingling with you all, catching the excitement of good cheer that prevailed, and was proud to be numbered among the guests of so hospitable a people. The people of the town are certainly to be congratulated! I have it in mind now to write to Mr. Sherrill a note along this line, but I may not get it done, because you know I still find it necessary to reserve my strength and what I have to do takes about all I feel like I can put forth. His paper had a good deal to do with work on the occasion up, and so if you think about it the next time you see him you might let him know how much one of the sons of Concord enjoyed it."

SHOOTING AT CHARLOTTE.

William Brissie Shot Twice by Brother-in-Law, Oscar Langford.

Charlotte, Oct. 3.—William T. Brissie was shot twice this evening at 6:30 o'clock by Oscar S. Langford. Both men are white. One ball took effect under the right arm, the other in the left arm. The shooting occurred at Brissie's home on North Tryon street, where Langford had lived since the death of his wife, who was a sister of Brissie's wife. Langford was arrested and locked up. He is a moulder at the Mecklenburg iron works. Brissie is a blacksmith. Brissie's wounds are not serious.

Girls Prefer Jobs to Getting Married.

Chicago, Oct. 5.—A few years ago when a girl left school she immediately began to hunt a husband. Getting married was her only outlook, and the best chance she had of getting a home. Now it's different. When a Chicago girl leaves school these days she immediately hunts a job. Then, when she has demonstrated her ability to support herself—and, perhaps, contribute largely toward the upkeep of divers brothers and sisters—she leisurely looks over the male of the species and selects one to suit her fancy.

All of this is indicated by the new school census, according to W. L. Bodine, superintendent of compulsory education. His figures show there are 759,778 males engaged in occupations in the city, compared with 555,515 in 1909, while 236,811 females hold positions now, against 149,867 in 1909. The men gain only 36 per cent while the women gained 58 per cent.

"These statistics show the women of today are fast breaking away from economic dependence on men," said Bodine. "Girls are not now marrying just to get a home. Statistics show that marriages are not increasing with the same percentage of gains as the population."

Some of the occupations in which women and girls of Chicago are engaged, and the number employed, are as follows: Stenographers, 21,669; dressmakers, 15,099; domestics, 34,073; physicians, 529; janitresses, 725; bookkeepers, 9,977; merchandises, 3,375; telephone operators, 4,777; milliners, 5,461, and teachers, 8,573.

Colonel Roosevelt arrived in Louisiana in the thick of a fierce battle in the Progressive party of the State. It used to be that there was never a fight unless the Colonel started it.

The Concord Furniture Co. is exclusive agent for the Buck's stoves and ranges in Concord. See new ad. on last page.

Other countries were able to make war without America's advice or assistance, but making peace is likely to be something different.

War, to give the definition another twist is the mean advantage that calculating ambition takes of the enthusiasm of youth.

Send the Paper to Your Boy or Girl at School.

We will send The Daily Tribune from now until the school term closes for only \$2, or the Semi-Weekly Times for only \$1. Send one of these papers to your son or daughter who is away at school. It will be like a letter from home. Telephone us, and we will start the paper at once.

CONCORD COTTON GOODS TO BE IN BIG TEXTILE SHOW.

Gibson Mill Will Have an Exhibit of Its Products at Cotton Goods Show in Washington.

Concord is to be represented in the big show of cotton goods to be held at Washington this week. The Gibson Manufacturing Company, which gave an exhibit here last week, will also give an exhibit at the show in Washington.

The Gibson Manufacturing Company has for years taken first rank in the textile world for the manufacture of high class goods and no doubt will win other admirers for its products at the big show in Washington. The quality and texture of its goods is of such class that they will show to advantage by comparison and at the Washington show they are expected to reflect credit upon the textile industry of the South, the manufacturers and the city in which they are made.

DEATH OF MR. J. F. JONES.

Died This Morning at 8:30 O'clock at His Home on North Spring Street.—Funeral Tomorrow.

Mr. J. F. Jones died this morning at 8:30 at his home on Spring street. Mr. Jones suffered a stroke of paralysis about two weeks ago. He recovered and was apparently much improved yesterday. This morning he suffered another stroke and his death resulted in a few minutes, coming as a great shock to the members of his family.

Mr. Jones was a native of Ireland county and was 59 years of age. He moved to Concord 10 years ago and has since resided here. He is survived by his wife and eight children, two sons, Messrs. Arthur and Luther, and six daughters, Mesdames J. M. Long, Marshville; C. R. Austin, Charlotte, and Mrs. Will Bailey and Misses Ada, Mattie and Mary Jones, of this city.

The funeral will be held tomorrow but the arrangements have not been definitely made.

APPOINTED DISTRICT DEPUTY.

Mr. R. E. Cline Appointed District Deputy for Benevolent Protective Order of Elks.

Mr. R. E. Cline received notice this morning stating that he had been appointed district deputy of the Benevolent Protective Order of Elks, the district to include the Charlotte, Asheville, Salisbury, High Point, Lexington, Winston-Salem, Durham and Concord lodges.

The local lodge of Elks, one of the strongest in the State, has been urging the appointment of Mr. Cline to this position for some time. He has served as chairman of the auditing committee of the State association and made many friends at the annual gatherings. The appointment is a distinct honor and a source of pleasure to Mr. Cline's fellow Elks of Concord lodge and his friends generally.

SERVICES AT FOREST HILL.

Sunday School Celebrated Anniversary.—Union Peace Service in the Afternoon.

Forest Hill Sunday school celebrated its 32d anniversary yesterday morning. The exercises were largely attended, the church being practically filled. The programme was opened with exercises by the children, after which Rev. H. M. Blair, editor of the North Carolina Christian Advocate, of Greensboro, delivered a fine address.

An unusual fact about this school is that has never had but one superintendent, Mr. W. R. Odell, being elected at its start and has served consecutively since that time.

In the afternoon a union peace service was held. Addresses were made by Rev. A. D. Wanloope, Rev. T. W. Smith, Rev. Z. Paris and Rev. Harold Turner.

BILLY LEMONT AND HIS BANG SINGING GIRL AT THE MARSH TODAY.

GERMAN POSITIONS ARE HELD INTACT.

GERMANS GAINING ADVANTAGE, SAYS BERLIN.

Flanking Operations of Allies Checkered at Several Points.—Both Sides Lost Heavily.—Little Action Along Russian Frontier.—Believed That Portugal is About to Take a Hand on Side of Allies at England's Demand.

Berlin, via The Hague, Oct. 5.—The Germans are gaining decided advantage in the fighting in France on the right wing. It is officially stated that the flanking operations assayed by the Allies were checked at several points, and the west pierced the French columns who were driven from the trenches in fighting with the utmost tenacity. Both sides lost heavily. The operations at Antwerp continue with vigor as planned. There has been little action along the Russian frontier since yesterday. The Austrian-German positions are held intact.

Believed That Portugal is About to Join With the Allies.

Berlin, Oct. 5.—The war office believes that Portugal is about to take a hand in the war on the side of the Allies at England's demand. Advice show that steamer at Lisbon are believed to be in preparation to transport Portuguese troops to the front to points where the Germans are pressing the Allies the hardest.

ESTIMATE GERMAN ARMY AT 4,800,000.

Without Allowing for Losses, Swiss Put Force Under Arms at That Figure.

London, Oct. 4.—According to a Central News dispatch from Berne, Swiss military men estimate that Germany now has actually under arms twenty-seven army corps of her regular troops and an equal number of reserves. A German army corps includes about 50,000 men on a war footing. Of these twenty-four are in France, six in Belgium and Alsace, thirteen in East Prussia and eleven between Tiern and Tracoe.

There are in addition, the dispatch adds, 1,500,000 men probably of the Landsturm and the volunteers serving in the interior, while 600,000 fresh recruits are reported to be in training suitably advanced for them to be ready for service in November.

THE BOMBARDMENT OF ANTWERP CONTINUES.

None of the Forts, However, Have Been Silenced.

Antwerp, Oct. 5.—Despite the constant bombardment of fortifications the general staff denies that any forts have been silenced. The situation is declared to be excellent. Every fort is in action and the Germans have made gains at no point. Antwerp can hold out indefinitely. It is reported that the American minister approached the German commander and asked as far as possible that the historic buildings be spared. The promise was obtained that this will be done if the Belgians will not use them for military purposes.

Hon. Frank A. Linney, of Boone, Republican nominee for Congress in the eighth district, arrived this morning and delivered an address on the political issues of the day at the city hall this afternoon.

Mr. J. C. Thompson is the administrator of the estate of the late Mr. R. P. Thompson.

PICTURES OF THE HOME-COMING AT THE PASTIME TODAY.
