THE MOVEMENT FOR PEACE.

President Giving Matter More Consideration Than at Any Time Since the War Started.

(By The Associated Press)

Washington, May 26.—President Wilson is giving more serious consideration to the possibility of securing peace to Europe than at any other time since the outbreak of the war.

From an authoritative source it was learned today that the President is preparing to do everything possible in an informal way to bring about a discussion of peace between the belligerent nations, although he has not indicated intentions immediately to offer his services formally as mediator.

The President is convinced that the war is deadlocked and that continuance merely means the killing of more people and further impoverishment of European nations, both belligerents and neutrals.

Through various channels Mr. Wilson has kept in close touch with the development of peace prospects. It is understood he will convey a message to his audience tomorrow night which is certain to be read with deep interest by representatives of foreign governments and the people of the warring nations.

President Wilson's closest advisers believe the rulers of the belligerents, because of their relationship, will have an important part in securing peace as the ministers of their governments. It will occasion no surprise in official circles if the rulers of the nations at war open the way to peace negotiations.

MOBILE JAIL IS GUARDED ALL NIGHT.

There Was No Sign of Disorder, However, and No Crowds Gathered.

(By The Associated Press)

Mobile, May 26.—The Mobile county jail was guarded all night last night by local guardsmen of Alabama National Guard for the second night in succession.

There was no sign of disorder in the streets and no crowds gathered. The sheriff's statement yesterday that the negro wanted here had not been caught together with the use of the militia, apparently, set at rest any talk of a lynching.

NO MARKED CHANGES ON VERDUN FRONT

ACCORDING TO FRENCH WAR OFFICE BULLETINS.

AUSTRIANS ADVANCE IS CHECKED

A New Effort by the Germans to Advance Against the French Left Flank Between Dead Man Hill and the Avocourt Woods Was Probably in Preparation as the Artillery Bombardment There is Reported as Intense.—The Austrian Drive Into Italian Territory Is Not Proceeding with Anything Like Its Former Velocity.

Violent fighting continues on the Verdun front, but according to the afternoon bulletins of the French War Office, it has resulted in few changes. The French have regained some of the ground lost yesterday, east of the Meuse, says the official statement, while west of that stream a German attack on Dead Man Hill was stopped by the French fire.

The Austrians drive into Italian territory is apparently not proceeding with anything like its initial velocity. The opinion expressed in Rome is that a continuance of the advance will show a reversal of the conditions that heretofore have favored the Austrians, owing to superior communication lines in the Italian rear.

Indications that some military movement of importance is impending in the Balkans are contained in dispatches from Greece, which reports exceptional activity in Saloniki. The Entente powers have had a force supposedly of notable strength massed there for some time.

BASEBALL MONDAY FOR Y. M. C. A. FUND.

Has-Beens Will Play The Concord High School.

The Has-Beens have been revived. The Has-Beens, if you recall, happen to be a baseball team that has the habit of going out once a year and winning a baseball game. They carry only one game a year in their systems and this year they intend to win out on the High School team, piloted by Mr. Dewey Sappenfield.

But the main thing about the game is that the proceeds go to the Y. M. C. A. fund. Therefore, Mr. Baseball Fan, you will not only see a gem but you will help a good cause. It will take place at Locke Park Monday afternoon at 3:30 o'clock and admission will be 15 and 25 cents.

Campbell Cline and Leslie Bell will do the twirling for the Has-Beens and Ross Blake McConnell will catch. The same infield that played last year will be on duty, Weddington, first; Oglesby, second; Shearlin, short and K. Patterson, third. Quite a few outfielders will be on hand, including Charles Wadsworth, Cline, Bell and R. L. Morrison.

The high school team's line up will be announced tomorrow.

Voils, of Lexington and a son in Glenwood Springs, Col.

WAITE NOW OFFERS PLEA OF INSANITY.

Could Any Sans Man Commit the Crimes He Has Admitted is Question.

(By The Associated Press)

New York, May 26.—Could a sane man commit the series of crimes confessed by Dr. Arthur Warren Waite? This question confronted the jury today in the Waite murder case.

The young dentist left the witness stand after five hours and forty minutes crowded with horrors unparalleled in the history of New York criminal trials. Every detail of his story was noted by the alienists engaged by the defense for use in framing the hypothetical question they will be called upon to answer before Waite's attorneys ask the jury if he was mentally responsible when he killed his father-in-law, John Peck.

Waite's testimony left the prosecutors attorney today nothing more to do toward proving that he committed murder.

VILLA LEADER KILLED BY AMERICAN TROOPS

PARTY YESTERDAY.

Given For Miss Pemberton and Miss McMaster.

One of the most enjoyable and attractive of the numerous social events given in honor of Miss Myrtle Pemberton, who, next week, will become the bride of Mr. J. Lewis Carpenter, of Greenville, S. C., was the party yesterday afternoon given by Miss Laura Ridenhour and Miss Nell Herrington at the home of Miss Ridenhour on West Depot street in honor of Miss Pemberton and Miss Elizabeth McMaster, of Winstboro, S. C., who will be one of the bridesmaids at the wedding.

The spacious porch of the Ridenhour home, attractively decorated in roses and ferns, was provided with numerous chairs and tables and here the guests assembled at 4 o'clock. After a pleasant hour spent in sewing a salad course was served.

Following the refreshment, little Miss Adelaide Harris, who will be a ribbon girl at the wedding, went to Miss Pemberton and warned her that a shower was approaching and that she had better come inside. Thereupon the little ribbon girl guided the bride elect to the parlor, which was decorated in magnolias and daisies, and stretched across the room was a long line upon which numerous gifts for the honoree were fastened and which Miss Pemberton removed and acknowledged thanks for while the guests assembled about her.

Thirty-six guests were present and the visitors included, in addition to one of the honorees, Miss Ophelia Jackson, of Mississippi, who is the guest of Miss Elizabeth Woodhouse; Miss Kathleen Eames, of Salisbury; guest of Mrs. M. H. Caldwell, and Miss Carrie Thompson, of Davidson; guest of Miss Johnnie Sims.

IN A FIGHT MANY MILES IN INTERIOR.

CARRANZA SOLDIERS ARE HOSTILE

Cervantes, a Villa Bandit Leader, Killed by American Troops South of Cruces Today.—One Other Mexican and an American Were Killed.—Two American Were Wounded.—American Truckmen Report That Carranza Soldiers are Hostile to Them.—Americans Do Not Retaliate, According to Stories Brought to Columbus.

(By The Associated Press)

Field Headquarters, near Naminiquipa, Mex., May 25, via radio to Columbus, N. M., May 26.—Candelario Cervantes, a Villa bandit leader, was killed by American troops south of Cruces today.

One other Mexican and an American were killed. Two Americans were wounded.

Cervantes' end came after he had made a surprise attack south of Cruces on a detachment of engineers preparing the motor truck road. He was beaten back and pursued into the hills by the engineers who had been reinforced by a detachment of the seventh infantry.

When the engagement began the bandits outnumbered the Americans two to one, there being 20 of them. The engagement lasted almost an hour with a hot interchange of bullets. Their reinforcements from the seventeenth came in sight and the bandits broke for the hills.

Private George O. Hulitt was the hero of the fight. Bullets from his rifle laid low most of the bandits killed.

Cervantes' home was in Naminiquipa. He had been a thorn in the side of army in northern Chihuahua since the expedition began as he succeeded in avoiding persistent cavalry searches. His death probably means the breaking up of Villa followers in this section.

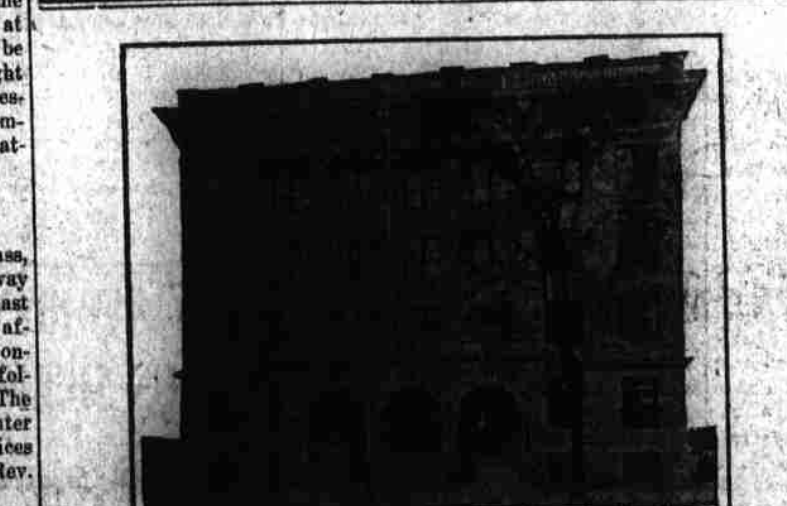

General Pershing was gratified over the latest fight, saying there remained only a few scattered bands of marauders to be hunted down.

Carranza's Men Hostile.

Columbus, New Mexico, May 26.—American truckmen recently have encountered a spirit of animosity on the part of the soldiers of some of the Carranza commands along the American line of communication in Mexico, according to stories brought here today.

Near Nuevo Casas Grandes, 121 miles south of the border, barbed wire barriers have been thrown across the road several times recently, it was said, and last Wednesday a truck train was halted by a crowd in which there were a number of Carranza soldiers. The mob jeered at the Americans and threw stones at them, but no shots were fired. Although several stones struck members of the truck crew orders were given to proceed without retaliation, according to the truckmen.

CHARLOTTE Y. M. C. A. BUILDING

The people of Concord and North Carolina and quite a big section of America know that Charlotte does not possess anything that is not talked about—at least by Charlotte. In fact talking about what it possesses has made Charlotte, according to such an eminent authority as Mr. M. V. Richards, land and industrial agent of the Southern Railway. Mr. Richards did not make the statement in so many words, as the saying goes, but in a speech here he declared he knew of a town that had the reputation of "being built by hot air—a good town it is, too," and the Concord audience smiled in a knowing manner. Therefore, having heard about the good things Charlotte possesses there is reason to believe its Y. M. C. A. and its work are familiar subjects to the people here.

A Y. M. C. A. BOOST.

Col. Wade Harris joins the fast growing throng of Y. M. C. A. boosters and, in this morning's Observer, states "we shall expect to see Concord go Sumter a few better." Needless to say the Y. M. C. A. committee hopes Colonel Harris will not be disappointed. He says:

The Concord Tribune knows how to get it. They are trying to raise money for a Y. M. C. A. building in that town and The Tribune prints a picture of the Y. M. C. A. that was built in Sumter, S. C., a town with 586 population than Concord, and asks if its town cannot do as well as the South Carolina town. Stirring up "city pride" is a fine way to secure results. We shall expect to see Concord go Sumter a few better.
