#### WAR SUMMARY TODAY.

American Contributing to Stiffening of Allied Lines.—Renewal of German Thrust in Flanders Probable. (By The Associated Press)

America is contributing to the stif-fening of the allied lines, not only in Picardy, but in Flanders. American troops, today's dispatches report, have arrived on the British front and are finishing training among the troops which bar the way of the Germans to the English Channel, their objective in

So far as is known, these Americans are the first troops to fet into the fighting zone as units, brigaded with the British. They are part of the force which has been dispatched from the United States in the new movement of troops forecast soon after the German offensivxe was started in March. It seems not improbable that there will be a renewal of German thrust in the Flanders area shortly, either as a separate operation or in conjunction with a reopeiling of the offensive or great scale all along the battle line

The German guns have been persist ently active all around the Lys salient, where the chemy wedge protrudes to ward Hazenbrouck the railway junction which is the key to the transportation system in this whole area. and an increase intensity in the bombardment there is reported by the London

war office.
On the Somme front the chief acotimues to manifest self invincity of Hailles where the German sa-lient in Pleardy has its tip. The French of the opposing artillery forces are again hammering hard at each others positions, as if in preparation for some new movement by one side or the other

Except for raiding operations there has been no infantry actions on either of the battle fronts. The air forces have been extremely busy, however and incidently the Americans are show-ing some effectiveness in this brauch of the fighting service.

MEETING OF D. A. R.

Interesting Meeting Reld at the Home of Miss Jenn Coltrage.

The Cabarrus Black Boys Chapter of the American Revolution held an in-teresting meeting Wednesday after-noon at the home of Mrs. D. G. Cald-well, on North Union street. Miss Jeph

Well, on North Union street.

Coltrane, regent, presided.

The meeting opened with a beautiful ritual, recently adopted by the chapter. The local chapters of the Daughters of the Confederacy and the Daughters of the American Revolution have decided to pay loving respect to the boy in the county who dies in the service of his country, by sending a Confederate and a United States flag to be placed on his grave.

The feature of the meeting was the splendid report of the National D. A. R. Congress by Mrs. Chas. B. Wagoner, regent's alternate. Mrs. Wagon-er's account of the various phases of the work was very full and was given the work was very full and was given in a charming manner. She stated that during the past year the war expenditures of the D. A. A. totaled \$9,418,043,50. The money has been spent for a number of things, including almost all branches of war and war relief work: \$7,868,780 for the first and second liberty lears, \$25,786,0 h. help. econd liberty loan; \$35,766.40 to knitted garments; \$41,278 to comfort kits; \$41.063.13 to French war orphans: \$16,272 to devasted French villages and the rest to many other forms of war relief work.

Af the short session Saturday afternoon, several resolutions left over from the previous sessions were adopted. One was the abolition of mourn ing garb for the duration of the war. order to conserve material, and to help up the morale of the country. In place of mourning a black sleeve band with a gray star for each relative lost service was decided upon. Another resolution denounced the practice of forcing traitors to kiss the flag, brandng the act as a desecration.

At the conclusion of the afternoon programme, instead of carrying out the specially appointed programme for Chapter Day," the members drove to the cemetery where flowers were placed on the graves of two departed mem-ers, Mrs. D. B. Coltrane, and Mrs. J. Ervin, the latter the first regen of the chapter.

CONFERENCE OVERRIDES

VETO OF THE BISHOPS Veto as to Laity Rights for Women

Atlanta, Ga., May 15.—The spirit prevailing in the Methodist Church with regard to laity rights for women was strikingly demonstrated yester-lay when the General Conference by n overwhelmingly majority over-rode veto by the college of bishops of the ac-tion taken the day before, granting the same rights to women that men now mjoy in church affairs.

The aunouncement that the bisho and vetoed the granting of laity rights to women struck the General Canfernce like a bomb-shell and brought on an immediate and determined parlianentary fight in which the progressive con a sweeping victory. The veto was over-ridden by a vote of 265 to 57. which was far more than the two-thirds majority required.

have the right to veto acts of the Genhave the right to veto acts of the Gen-eral Conference. The conference can, hen over-ride a veto by a two-thirds majority, in which event the legisla-tion is then submitted to a referendum vote by the annual conferences. To sus-ain the General Conference it is neces-ary for a majority of the annual con-ferences to ratify the proposed legisla-tion, each one by a three-fourths ma-jority.

This makes the power of the bishops very great, and will have the effect of postponing laity rights for women until the action of the annual conferences is reported back to the General Conference four years hence. Should a majority of the annual conferences, by a three-fourths vote, ratify the action of the General Conference, then laity rights will be granted.
