MOBILE SCHOOL CLOSED.

Was a Success in Every Sense of the Word.—48 People Registered for the Class.

The Mobile School closed last night with a great sermon by Dr. Benton on the theme "The Measure of a Life," using as his text these words: "Whether we live therefore or die, we are the Lord's," Rom. 14:8.

Life is not measured by the span but by its usefulness, not by deeds but in deeds. Not by the number of days but the quality of its deeds.

Dr. Benton said this view of life contemplated about four things.

1. A clear conception of what he is here to do. Not to sit in judgment on others. God will do the judging.

2. This will involve a wise planning of that life. God has a special design for every life.

3. That we wish to express our deep gratitude to the Editor of The Daily Tribune for the full and accurate reports which he has given of our proceedings.

COMMENT MADE ON THE TAFT LETTERS

President Says He Believes Mr. Taft Is Making Honest Effort to Settle the League Controversy.

Washington, July 26.—Although the President's itinerary is said to be practically complete it contemplated only one stop in California—San Francisco.

Senator Bellman desired to have the President stop at Los Angeles and to accompany the fleet from San Diego to San Francisco.

President Wilson's advisors said today that after studying the letters written by former President Taft to Chairman Hays of the Republican national committee and several senators, regarding reservations to the peace treaty, the President had concluded Mr. Taft did not write for publication.

Some of the President's advisors let it be known today that they deplored the actions of some senators who had visited the White House in placing their own interpretations in statements for publication, upon what the President had said to them on the peace treaty and the league covenant.

It was indicated today that the President was considering the advisability of making some sort of a statement regarding his views on the proposed reservations to the treaty.

The President apparently has advanced the date of his departure from Washington as it was said at the White House today that he would deliver numerous speeches before he reached San Francisco on August 15 to review the Pacific Fleet.
