

\$2,989 IS REPORTED AS FIRST DAY'S WORK

In the Home Service Campaign to Raise the Sixteen Thousand Dollars For the Local Y. M. C. A.

TO RAISE MONEY CONDITIONALLY

All of the Sixteen Thousand Must Be Raised or the Campaign Will Not Be Considered a Success.

A change has been made in the plans of the Home Service Campaign for the Young Men's Christian Association here.

The committee has agreed that a man would not give his money if he did not know the entire sum was to be subscribed.

The committee has decided to raise the money, even if it takes longer than three days, and if you invest at all you can know that the money will be spent for the purpose for which you intended it to be spent.

The first luncheon at noon yesterday was a complete success. Forty team members were present, and the dinner was excellently served under the management of Mrs. M. L. Marsh.

Table with columns: Team, No. Subs., Amt. Total: 112 \$1724.50

The luncheon today was much more enthusiastically attended than on yesterday, and there was an increase in the attendance.

No. Mande deny, you can't always distinguish a telephone girl by her earrings.

WARTIME PROHIBITION WILL COME TO AN END

As Soon as the German Peace Treaty Is Ratified by the Senate, So President Wilson Announces.

THE ARMY AND NAVY ARE DEMOBILIZED

This Announcement Clears Up Doubt as to Whether War Would End With the Ratification of the Treaty.

(By The Associated Press) Washington, Oct. 28.—Wartime prohibition will be brought to an end by Presidential proclamation immediately after the senate ratifies the German peace treaty, it was said today at the white house.

Officials explained that the wartime act provided that it should be annulled by the President when peace had been declared and when the army and navy had been demobilized.

The white house announcement clears up any doubt as to whether the war would be ended legally with the ratification of the German treaty.

Some officials had expressed opinion that the war emergency would not pass until the treaty with Austria had been added upon by Senate.

When the bill was received from the house, Senator Sterling, Republican of South Dakota, who had charge of the measure when it passed the Senate, asked unanimous consent for its immediate consideration.

The prohibition debate was still in progress when the senate recessed to receive King Albert.

OLDEST LIVING TWINS

Whitehurst Claims Disputed by the Smith Brothers of Virginia.

Ronoke, Va., Oct. 28.—The claims of James H. and John D. Whitehurst, of Bethel, N. C., that they were the oldest living twins in the country is met by the Smith brothers, James E. and J. B. Smith, of Conyer's Spring, near Roanoke, who on the 4th of May, 1919, celebrated their 84th birthdays.

The price of cotton on the local market remains unchanged today at 30 cents per pound; cotton seed at \$1.12 1/2 per bushel.

London has more than 1,000 churches and other places of worship.

INTERNATIONAL LABOR MEETING

International Labor Conference Scheduled to Meet in Washington Tomorrow.

Washington, D. C., Oct. 28.—With the international labor conference created under the Peace Treaty scheduled to assemble in this city tomorrow, a lively interest is manifest in the problems that will probably be taken up by this gathering of representatives of organized labor from many parts of the world.

A tentative program prepared for the conference calls for the consideration of such live problems as the universal eight-hour working day, State help for unemployed, the regulation or prevention of child labor, and the conditions of employment of women in industry.

The general purpose of the conference will be to draw up legislation on important phases of the labor problem, which will later be submitted to the lawmaking bodies of the various nations taking part in the gathering.

Much attention will be given to the general subject of the employment of women in industry. Consideration of this problem will be taken up under three heads—total prohibition of work for expectant mothers and those who have just become mothers, together with the creation of a national fund for their maintenance during this period; abolition of night work for women, and regulations to safeguard women in dangerous trades.

GOVERNOR BICKETT ON THE PROPOSED COAL STRIKE

Says It Is An Unholy Conspiracy to Freeze the People to Death.

Raleigh, Oct. 28.—"An unholy conspiracy to freeze the people to death," was the way Governor Thomas W. Bickett described the proposed coal miners strike in a telegram sent to a New York newspaper today in a reply to a message asking the Governor what ought to be done to deal with the situation.

The Governor's message follows: "In reply to your telegram beg to say that the President has given assurance that means will be found for operation of the mines. I assume the President knows exactly what he is talking about and it is the patriotic duty of every true American citizen to line up behind the President and urge him to put forth all the legal, moral, civil and military power of the nation to stamp out this unholy conspiracy to freeze the people to death."

PRESIDENT CONTINUES TO SHOW PROGRESS.

Taken Luncheon and Dinner in a Semi-Sitting Position.

Washington, Oct. 28.—President Wilson continues to show progress says a bulletin today by his physician. The bulletin follows: "There is no special change in the President's condition. His progress continues. He takes dinner and luncheon in a semi-sitting position, which adds greatly to the enjoyment of his food and causes no fatigue."

No Improvement in Senator Martin's Condition.

Charlottesville, Va., Oct. 28.—There was no apparent improvement today in the condition of Senator Thomas Martin, who is ill at his home here. A statement issued by his physicians this morning said that Senator Martin had spent a restless night, after having received a number of calls Monday, against the advice of his physicians.

NOTICE TO SUBSCRIBERS.

Subscribers to The Times and The Tribune will remember that all subscriptions must be paid in advance. During the time the cotton mills here were shut down this rule was suspended, as we would not stop the paper of a man who was out of work.

After November 1 all subscriptions to both The Times and The Tribune that are not paid in advance will be discontinued. Print paper is higher than it ever has been, as is also the cost of everything we use in producing our paper, and we cannot afford to send out papers that are not paid for.

COLD WEATHER COMES TO AID OF BOLSHIEVIKI

Ability of Gen. Yudenitch to Capture Petrograd Before Winter Seems Doubtful.

London, Oct. 28.—Winter moving southward from the arctic regions is coming to the aid of the Bolshieviki troops in Petrograd, and the ability of General Yudenitch to capture the former Russian capital before cold weather puts an end to the campaign seems doubtful.

The Soviet forces fighting desperately against the new army south of Petrograd, appear to be in a position to prolong the defense of the city for an indefinite period.

EXTRA POLICE GUARDS PATROL WATER FRONT

Against Possible Recurrence of Serious Rioting Yesterday.

New York, Oct. 28.—Extra police guards patrolled the New York water front today to guard against a possible recurrence of the serious rioting yesterday, when two strikers were shot, scores injured and many arrested in a clash between the rival factions of the striking longshoremen.

As the strike enters its 21st day, officials of the United States Shipping Board appeared to be more optimistic over the situation than they have been for many days. Of the board's 200 ships tied up in the harbor, 25 were worked yesterday—an increase of 15 over Sunday.

May Call General Strike in Miami.

Miami, Oct. 28.—Voting of local unions on the calling of a general strike in Miami will begin tonight and end tomorrow night. The trouble arose over the action of Thorp & Knight, a local building firm in erecting a terminal hotel on the open shop principle. Twenty-seven local unions will be affected. The city has for years been strongly unionized.

Monument to Ku Klux Klan.

Fort Worth, Oct. 27.—Headed by the Robert E. Lee camp, whose membership includes Gen. K. M. Vanduit, commander-in-chief of the United Confederate Veterans, a movement has been launched by the local veterans for the erection of a monument to the Ku Klux Klan, which flourished in the South in reconstruction days.

The plans called for a drop of all to keep all of the machinery of the year.

KING ALBERT ADDRESSES THE UNITED STATES SENATE TODAY

Says American Army Was the Decisive Factor as Ending the War in Victory.

Washington, Oct. 28.—King Albert of Belgium paid homage in the House of Representatives today to the American army which he described as "the decisive factor in determining the victory".

In an address to the Senate a few minutes earlier he had asserted that "nothing could better characterize the reign of universal democracy than the friendship between his country and the United States."

On their arrival at the capital King Albert and his son were met by a reception committee composed of Senators Lodge, Harding, Warren, Hitchcock, Swanson and Underwood, and escorted to the Senate chamber.

Senator Cummings, president pro tempore, presided and introduced King Albert, paying high tribute to the gallantry with which Belgium had met the first shock of the war, and had barred the path of the Germans.

ORDER ISSUED BY SECRETARY DANIELS

No American Citizen Can Be Removed Until All Aliens Have Been Discharged.

Boston, Oct. 28.—No citizens of the United States could be removed from their jobs at Navy Yards because of a lack of work or lack of funds for naval construction until all aliens have been discharged. This is the substance of an order from Secretary Daniels, received here today.

1,000 Aliens Will Be Affected.

Washington, Oct. 28.—Only 1,000 aliens will be affected by Secretary Daniels' order, requiring that aliens be discharged before American citizens in connection with the reduction of Navy Yard personnel, Navy Department officials said today. Lack of funds is expected to cause considerable reduction in the navy yard forces this winter.

THE COMMITTEE MAKES NO RECOMMENDATIONS

In the International Labor Conference Which Will Meet Tomorrow.

Washington, Oct. 28.—The committee on organization of the international labor conference, which opens here tomorrow, will make no recommendation as to the seating of German and Austrian delegates now en route here. This was decided today at a meeting of the committee, which also decided to recommend to the conference that delegates from the allied and neutral countries be recognized regardless of whether the powers they represent have ratified the peace treaty under which the conference will be held.

Many of the delegates to the international federation of trade unions had not reached Washington today, and sessions which were to have started yesterday, preliminary to labor conference, again were postponed. J. Cuddege, Secretary of the federation, was unable to say when the sessions would begin.

German trains will not be heated or lighted in the coming winter, it is stated, owing to coal shortage, while all express trains will be abolished.

It takes only one-tenth of a drop of oil to keep all of the machinery of the year.

TWELVE LOSE LIVES AS SHIP STRIKES PIER

The City of Muskegon, Caught by a Big Wave and Smashed to Pieces.

SANK IN JUST FOUR MINUTES

Three of the Victims Were Passengers, the Remaining Ones Being Members of the Crew.

(By The Associated Press.) Muskegon, Mich., Oct. 28.—Twelve persons lost their lives today when the Crosby Liner, City of Muskegon, formerly the City of Holland, while trying to make the harbor here, struck the South Pier at Muskegon Channel, and was smashed to pieces, sinking in four minutes.

Three of the victims were passengers, the remainder being members of the crew. There were about twenty-five passengers aboard, but as most of them were able to make their way to safety.

The City of Muskegon left Milwaukee in clear weather last evening, but was caught in a raking northwester that struck Lake Michigan this morning. Striking the storm well, Captain Edward Miller decided it was safer to make the harbor than to turn about. Just as the bows of the vessel came into the channel a big wave caught it and smashed the craft against the pier.

Later—Number of Dead May Reach Twenty.

Muskegon, Mich., Oct. 28.—The exact number of dead had not yet been determined, but it will be at least twelve, and may reach twenty. The passenger list went down with the vessel and it may never be known how many lives were lost. The bodies of four men and three women have been washed ashore, and the beach for miles is being patrolled for additional bodies.

WILSON VEToes PROHIBITION ENFORCEMENT BILL

In a Short Time the House Overrides Veto by a Big Majority.

Washington, Oct. 27.—President Wilson unexpectedly vetoed the prohibition enforcement bill today and within three hours the house had repassed it over his veto by a vote of 176 to 55. The total vote was barely more than a majority of the entire membership.

Dry leaders in the senate immediately began laying plans to repass the bill there. They expect to ask unanimous consent for its consideration tomorrow, claiming enough votes to put it through. They expect to act on it by Wednesday at the latest.

The President refused to sign the bill because it included the enforcement of war time prohibition. The subject of war time prohibition, the President said in his veto, had been satisfied, and "sound public policy makes clear the reason and necessity for its repeal."

It would not be difficult, the President held, for Congress to deal separately with the two issues.

Representatives Brinson, Stodman, Weaver and Doughton, voted to override the veto. Representative Pott voted against overriding. Representatives Small, Kitchin, Godwin, Robinson and Webb were absent and not voting.

THE COTTON MARKET

Showed Renewed Strength Today—Advance of 23 to 41 Points.

New York, Oct. 28.—The cotton market showed renewed strength early today with December contracts making a new high record for the season. The opening was firm at an advance of 28 to 41 points, and active months sold 58 to 70 points net higher during the first half hour, touching 26.37 and January 25.77.

Cotton futures opened firm: December 35.96; January 35.45; March 34.85; May 34.27; July 33.85.

Opposed to U. S. Having Naval Base in the Azores.

Madrid, Monday, Oct. 27.—Objection by a third power led to the refusal of Portugal to grant to the United States a naval base in Azores, according to information received here in well informed circles.

COAL STRIKE LIKELY TO BE CALLED OFF

Expressed in Official Quarters That Threatened Strike Will Be Postponed if Not Called off Entirely.

NEXT STEP MUST COME FROM MINERS

All the Government Machinery Is Ready to Be Put Into Operation at Once if the Strike Comes Off.

(By The Associated Press.) Washington, Oct. 28.—Hope was expressed in official quarters today that the soft coal strike set for Saturday would be postponed if not called off.

Announcement that John I. Lewis, president of the United Mine Workers of America had summoned members of the full scale committee to meet the international executive board at Indianapolis tomorrow was accepted as an indication that President Wilson's command to the miners' organization not to plunge the country into industrial chaos might be heeded.

In the full belief that officers of the international body who ordered the strike have power to stop it, government officials are waiting the next step which must come from the miners. Confidential reports from the central coal field territory indicated, it was said, that not all the mining army of half a million men would quit work.

Steps to be taken by the government to deal with the strike if it takes place, will be considered today by the cabinet. There was a more hopeful view in cabinet circles, but this did not alter the government's determination to be ready with all machinery to meet the situation if the miners quit.

Senator Thomas, Democrat of Colorado, explained to the Senate today that the bill that he introduced yesterday did not provide for the use of soldiers in operating the coal mines in the event of a strike of the miners, but merely for their use in keeping open the channels of transportation.

At his request, action on his resolution pledging the support of Congress to the administration in preserving law and order during the strike was deferred till tomorrow.

GOVERNOR CROMWELL LEAVES FOR CHARLESTON

Received Word That Coal Mine in That Section Had Been Blown Up.

Winchester, Va., Oct. 28.—Governor Cromwell, of West Virginia, who has been visiting his brother here, left hurriedly today for Charleston after receiving a message that a coal mine in Raleigh County has been blown up and the situation there was serious. The governor said the message gave no details.

Another Report.

Charleston, W. Va., Oct. 28.—W. J. Heatherman, chief of the department of mines, said he had no information concerning the blowing up of a mine in Raleigh County. He did have, he added, a report that three mining machines and three pots of the Pemberton Fuel Co. had been destroyed by an explosion sometime between the closing of the mine Saturday night and the resumption of work Monday.

DRUG CLERKS IN NEW YORK ON STRIKE

Men Demand an Eight-Hour Day, Closed Shop and Big Advance in Wages.

New York, Oct. 28.—A strike was voted today by representatives of 4,500 drug clerks. After an all-night meeting the men voted 1430 to 70 to walk out during the week, leaving the date to be determined by their officers. Union officials said the men involved comprised 90 per cent of all drug clerks in the city.

The clerks demand an eight-hour day, closed shop, and average increase in wages of 35 per cent. Soda clerks, cashiers and other employees in drug stores are included in union membership.

All plans are complete for the Flower Show which is to be held at the Y. M. C. A. building Thursday afternoon. The following menu will be served: Chicken salad, oysters, noodle soup, ice cream and cake and candy. The show will begin at 3 o'clock Thursday afternoon.
