EFFECTIVE ADVERTISING CHEAP
 A committee of the Cleveland
 Chamber of Commerce was appointed
 by the Chamber to determine, for the
 benefit of the members of the organiza-
 tion, what the most effective adver-
 tising, and at the same time the most
 reasonably priced advertising.
 The report of the committee gave the price,
 if we call it that, to the daily newspa-
 pers, which are classified in the re-
 port as "the least expensive effective
 advertising medium."

The committee analyzed six classes
 of periodical publications, ranging
 from trade magazines, of extensive
 circulation, to daily newspapers. All
 estimates were based on per column
 inch and a circulation standard of 1,
 000 subscribers. Not only was it found
 that newspaper advertising was cheap-
 est, but it was clearly proved to be
 the most effective.

This only proves what most every-
 one knows, but to the seller of adver-
 tising space it is encouraging, for it
 comes from an unbiased source, and
 shows unquestionably real conditions.
 Every newspaper man wants to give
 his customer a dollar's worth of publi-
 city, or even more, for every dollar
 charged, and the best way to get your
 money's worth is through the newspa-
 pers.

MONEY WELL SPENT.
 It is said that the appropriations of
 the Federal Department of Agricul-
 ture for the coming 12 months aggre-
 gate \$31,000,000. And, in spite of the
 talk about governmental extravagance
 in various lines, we venture to say
 this is an expenditure that will be
 generally approved. The work of the
 Department of Agriculture for the farm
 is proving conspicuously successful.
 The scope of its activities may well
 be extended from time to time. It is
 money well spent.—Winston-Salem
 Sentinel.

There should be no complaint from
 the country over this appropriation
 for agriculture. The Department of
 Agriculture unquestionably is doing a
 great work, and with its scope of work
 extended by more money it is reason-
 able to expect that it will do still great-
 er work in the future.

The enterprising farmers of this
 county should be encouraged in their
 efforts to hold community fairs again
 this year, and the farmers picnic and
 rally day should have the support of
 the entire citizenry of the county. It
 will be recalled that last year's exhibi-
 tions of farm products, live stock and
 dairy and beef cattle were the best
 this county has ever seen, and the dis-
 play of the farm products and live
 stock has made other farmers want
 to have better stock. The canned goods
 from this county were sent to other
 county fairs, and to the State fair,
 and several prizes were awarded them.
 It is to be hoped that every farmer in
 the county will join in the movement
 to make the four community fairs, and
 the one big rally day, historic events
 in our county. Let every man, wo-
 man and child begin to plan for the
 fairs.

High Point, with 14,302 citizens,
 made an increase of more than 4,000
 during the past ten years. The "Grand
 Rapids of the South" is rapidly becom-
 ing a real city, and the increase of
 4,000 should give that city an impetus
 that will carry it still further during
 the 1920-30 period.

We are better able now to under-
 stand Harding's "front porch"
 campaign since we see where he has
 been making phonograph records.

Believing that "never rains but it
 pours," we would certainly like to be
 visited with a shower.

**INTERCHURCH EXECUTIVES
 RESIGN; PLAN BLOWS UP**

**World Movement is Completely Halted
 When Financial Resources Collapse**

New York, June 29.—Following the
 announcement yesterday that the finan-
 cial campaign of the Interchurch
 World Movement had been terminated,
 and that continuation of the other
 aspects of the undertaking was to be
 put up to leaders of the 20 co-operating
 denominations for decision, the execu-
 tive committee last night made pub-
 lic the text of the resolution under
 which it took its action of Monday.

This resolution shows that the whole
 great machine has been brought to a
 stop, the resignation of all executive
 officers, which were tendered June 18,
 as part of the reorganization effected
 then, having been accepted as of Mon-
 day. These officers are: James H.
 Speers, chairman; Rev. W. H. Foulkes,
 vice chairman; William B. Miller,
 secretary; Rev. George M. Rowles,
 treasurer; Rev. H. Earl Taylor,
 general secretary; Rev. Alan E. Conger,
 Rev. Daniel E. Duffenberger and Rev.
 Daniel A. Poling, assistant general
 secretaries; Robert Lansing, chairman,
 general committee; and Earl B. Smith,
 vice chairman, general committee.

The resolution that brought the
 movement to halt was in three sections.
 The first read: "Whereas, a situation
 has developed which manifestly makes
 it impossible to carry forward a suc-
 cessful financial campaign, therefore,
 be it resolved, that the present
 financial campaign be discontinued as
 of this date, June 28, 1920."
 The second section reads: "Whereas,
 it has now been decided to discontinue
 the financial campaign, and, whereas,
 it does not seem to the Executive com-
 mittee possible to continue the move-
 ment upon the present basis unless im-
 mediate relief should come through
 favorable denominational action, there-
 fore, be it

Resolved, That the resignation of
 the executive officers of the movement,
 which were presented at the last meet-
 ing of the general committee, be ac-
 cepted, to take effect June 28, 1920,
 and that discontinuance be in effect as of
 June 28, 1920, be sent to all other mem-
 bers of the staff, to take effect on the same
 day, subject to existing contracts, if any."

The third section reads: "Whereas,
 thirty denominations have been in op-
 eration through the Interchurch
 World Movement, and, whereas, the
 denomination action has, from the be-
 ginning, influenced its campaign and
 methods of procedure, and, whereas,
 the denominations themselves are
 primarily interested in the continuation
 or discontinuance of this co-operative
 effort, be it resolved, that all further
 steps with reference to the future of
 the movement be referred to the man-
 aging of the general committee and
 denominational leaders, which has been
 called for July 8."

In many of the rural parts of this
 land the singular belief prevails that
 in Leap Year, all field beans grow on
 the wrong side of the pod.

Originally the banana was a native
 of the Eastern Tropics, but now it is
 cultivated in all tropical and sub-
 tropical countries.

**Our Hearty
 Congratulations**
 YOU'RE a sturdy body, a strong
 heart and reason to rejoice
 for

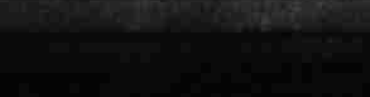

All the will in the world isn't
 much use when the flesh is weak.

That's true too, of cars—your car
 included. For the Storage Battery is
 the heart of any car and it must
 be ready, as well as willing, when
 you want it.

The Eveready Storage Battery is
 just that type; and to back up their
 faith, the makers give a definite,
 written guarantee for one and one-
 half years of good service.

Whatever make Storage Battery
 you use now, let us help you keep it
 in its best condition. Stop to-day
 for inspection and test.

**ENEMIES OF AMERICAN
 MARINE GIVEN WARNING**

**Chairman Benson Tells Propagandists
 To Let "Sleeping Dogs Lie"**

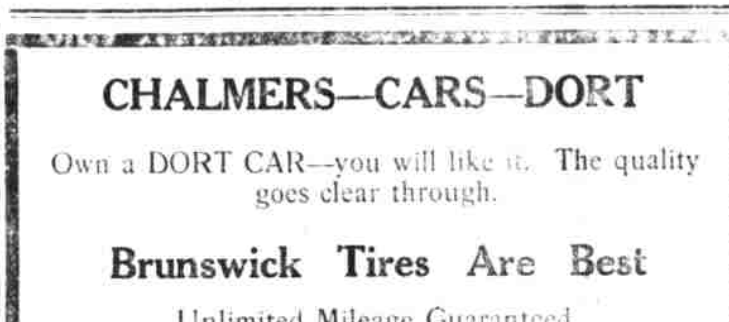

Washington, July 1.—Warning for-
 eign interests not to attempt inter-
 ference with the development of the
 American merchant marine, Chairman
 Benson, of the shipping board declar-
 ed today that the board was deter-
 mined to build up an American
 marine as contemplated by the Jones
 shipping act, despite threats and propa-
 ganda by such interests to defeat
 the law.

"The United States," said Admiral
 Benson, "is in earnest in its effort
 to place within the ownership by the
 United States citizens the control of
 at least a part of its traffic in imports
 and exports. If it should by any pos-
 sible means be held that the depart-
 ments of the government lack such
 authority as well incur their being
 able to protect American interest in
 such control, additional authority
 will be asked by the administration,

and undoubtedly will be granted by
 Congress.
 "Foreign carriers and those in the
 United States interested more in for-
 eign than American institutions will
 do well to let sleeping dogs lie."
 Admiral Benson's warning was
 sounded in a talk to representatives
 of Pacific coast chambers of com-
 merce and trade bodies and American
 railroads who have been disturbed
 by threats of foreign carriers to di-
 vert business from American ports
 on the Pacific coast because of the
 section of the merchant marine act
 permitting a preferential rate over
 carriers within the United States on
 merchandise moving in export and
 imports in American vessels, such
 a threat is futile and idle said the
 chairman.

When the son of a Des Moines judge
 was brought before his father for
 speeding the latter promptly fined him
 \$25 and costs.
