TURKS DETERMINED TO OCCUPY THRACE

Their Spokesman Says They Will Declare War on British if They Attempt to Interfere With Their Plans.

ONE RAY OF HOPE IS SEEN

Rumbles of Impending Hostilities Continue to Come From Constantinople and the Dardanelles.

London, Sept. 21 (By the Associated Press).—While the allied powers are feverishly endeavoring to arrange a peace conference to clean the state between Turkey and Greece, rumbles of impending hostilities continue to come from Constantinople and the Dardanelles.

A relatively small force of British troops is holding Chanak, the key position on the southern shore of the Straits while the Turkish nationalists, eager for further conquest, after their overwhelming defeat of the Greeks, are concentrating near Island and Chanak, impatiently awaiting the word from Mustafa Kemal Pasha to advance.

The Kemalists, official French dispatches, may have available for use in a drive 1,000 modern field guns, 5,000 machine guns, and enough ammunition for two years campaign which they captured from the Greeks.

If their spokesman at Constantinople is to be believed, the Turks are determined that the allies shall not stand in the path of their desire to occupy Thrace. An Associated Press dispatch quotes this spokesman to the effect that the Kemalists will certainly declare war on the British if they attempt to interfere with a movement across the Straits.

A ray of hope, however, is seen in the conference at Smyrna between Mustafa Kemal Pasha, and General Pelle, French high commissioner, to which Yusuf Kemal Bey, the national foreign minister has been hastily summoned from Ankara. This points to a discussion of important and delicate questions, and the consequent delay raises the hope that the Turkish attack if it takes place at all will be retarded until British reinforcements can arrive.

Greatest Disaster in Asia's History.

Smyrna, Sept. 21 (By the Associated Press).—Although eight days have passed since the fire obliterated Smyrna, 75,000 survivors remain exposed, on the quays desolate, distracted and abandoned. No allied vessel has offered to salvage this last wreck of human life in the greatest disaster in Asia's history.

Almost a dozen warships remain in the harbor but none shows a disposition to aid the population except the American destroyers. Deportations continue and Turkish soldiers are beginning to carry off the Greek and Armenian girls leaving their parents in a frantic state.

French Naval Units Demand Surrender of Greek Troops.

Athens, Sept. 21 (By the Associated Press).—According to information received in official circles, the French navy units occupied Madonia, on the Sea of Marmora, and insisted upon the surrender of several regiments of Greek troops who were trying to gain the sea for embarkation home after their defeat by the Turks.

General Harrington Issues Communique.

Constantinople, Sept. 21 (By the Associated Press).—General Harrington, of the British army, as the general officer in command of the allied forces, has signed a communique in which he declares that responsibility for consequences of violation of the neutral zone will fall upon the authors of such violations.

No Immediate Withdrawal of British Troops.

Paris, Sept. 21 (By the Associated Press).—There is no question of the immediate withdrawal of the British troops from Chanak on the Asiatic side of the Straits of the Dardanelles, it was authoritatively stated in British official circles here today. The latest report received from the Near East indicates that the British are not in danger of attack in their present position, and there are indications that the soldiers will remain in Chanak pending the peace conference.

Italy Will Not Permit Any Action by Bulgaria.

Rome, Sept. 21.—Italy officially informed Romania today she will not permit any action by Bulgaria which would change the present status quo in the Balkans, and is ready if necessary to take recourse to military measures.

French and Italian Flags Withdrawn From Neutral Zone.

Constantinople, Sept. 21 (By the Associated Press).—The French and Italian detachments and flags were withdrawn today from the neutral zone of land and the Dardanelles on orders from their respective governments.

CALLS THE PEOPLE BACK TO THE DEMOCRACY OF WILSON

Governor Morrison Opens Campaign Before Crowd That Taxes the Capacity of the Court Room.

Charlotte, Sept. 21.—Declaring that the people should get back to the Democracy as represented by Woodrow Wilson, and praising the record of the present Democratic administration in North Carolina, Governor Cameron Morrison opened the Democratic campaign in the State here tonight.

Before a crowd which filled every available space in the Mecklenburg county courthouse, the Governor attacked the stand taken by President Harding during the recent strike situation and challenged any person to find and unfulfilled promise made by his party during its campaign.

Governor Morrison recounted the work of the present Democratic State administration, which he said, "faithfully and promptly executed the will and crystallized judgment of the people of the State."

"We hold up everything progressive and constructive already set up, and fortified it with our endorsement and increased support. We found the state had grown so fast that we were not equipped to take humane care of our defective and afflicted people, the insane, the deaf the dumb, the blind, the feeble minded children, the tubercular people the morally delinquent boys and girls of the state, and that our institutions for higher learning were sadly inadequate; that our common school system had to be strengthened as biennially had been done for a long period, and yet we must go on to meet the ever increasing responsibilities; that our roads were a disgrace to the state, and in many sections of the state impassable."

The issuance of \$12,000,000 in state bonds at interest of not more than five per cent, was recounted by the Governor, who declared the State had to do it and recited in detail how the money was apportioned to care for the various needs of its people. Then he spoke of the \$50,000,000 of road bonds issued and of the one cent a gallon tax on gasoline.

"We are selling the bonds and building the finest system of highways in America," he continued.

The administration, Governor Morrison declared, also enlarged the State welfare work and he paid a tribute to Mrs. Clarence Johnson for her efforts along this line and to Health Officer Rankin, whom he described as the "greatest health officer in the United States."

The change in the state tax system also was discussed by the Governor who declared that its results had shown it to be justified.

"The Governor on arrival expressed his satisfaction at the settlement of the summer's strike. It comes at a very opportune time, near the harvest season, when crops are being harvested," he said, "and will relieve the tension that has been apparent for the past few weeks, allowing North Carolina, particularly, to continue along her present program of improvement and prosperity."

"The League party," he went on, "is a loyal party, and when it is again entrusted with power it did what it has always done when entrusted with power—faithfully and proudly executed the will and crystallized judgments of the people of the State."

He discussed the issuance of sixty-one millions and seven hundred thousand dollars in bonds and put the responsibility for it squarely upon the needs of the State and its institutions. "I am here tonight," he declared, "not to apologize for it, but to justify it and to establish that North Carolina had to do it, or rot and decay. But that having done it, and in the way we did it, that in the fiscal policy employed and the justice attained in placing the burden, we stand before the United States and the world uplifted and glorified, and tonight North Carolina can stand up and look God and man in the face and declare we are trying to do the duty of a Christian civilization and glorify our Creator."

have been made in Paris yesterday toward solving the differences between France and Great Britain over the Near Eastern crisis. British official circles expressed the opinion today that the key to the whole situation now lies with the Turkish nationalists, from whom nothing has yet been heard with regard to their intention toward the neutral zone and crossing into Thrace.

If the Ankara authorities agree to a peace conference there will obviously be an armistice. In the meantime it is authoritatively stated that there is no basis for suggesting that Great Britain will evacuate the position her troops are holding at Chanak on the Asiatic side of the Straits in return for French naval assistance.

Representatives of the British Trades Union Congress waited on Prime Minister Lloyd George today to question him further with regard to the government's Near Eastern policy and the general council of the Trades Union Congress planned to consider this afternoon the report of its representatives.

In replying to the deposition the Prime Minister is said to have defended the government's action with clearness and spirit. He gave the labor men to understand he was in perfect accord with them in desiring peace, and declared it was partly due to the prompt action of the British government that the position was easier and the probabilities so favorable to the preservation of peace.

Meanwhile the Daily Herald, official organ of labor, continued today its campaign against war.

SALESMANSHIP CLUB OF TIMES AND TRIBUNE

More Than \$5,000.00 in Automobiles, Other Prizes and Cash Will Be Given Away by These Papers.

LATEST MODELS IN AUTOMOBILES

Prize List Headed by a Beautiful Anderson Six-Cylinder Ultra Sport Car—Two Other Cars to Be Given.

With a more stupendous prize list than has ever been offered before in this vicinity in a similar undertaking, The Concord Tribune and Times makes formal announcement of the "Salesmanship Club" in which more than \$5,000.00 in automobiles, other prizes and cash will be given away. A large announcement in today's issue gives the details of the gigantic enterprise. The automobiles are all of the latest models and the list consists of some of the most alluring and attractive prizes imaginable.

The object of the "Salesmanship Club" is to increase the already wide and highly creditable circulation of this newspaper to greater proportions and The Concord Tribune and Times are going to pay their friends handsomely for helping introduce them in turn to their friends and neighbors.

The prize list is headed with a six cylinder Anderson Ultra Sport automobile. There are three automobiles in the main list and the \$300 in gold is another prize.

More than \$5,000.00 will be awarded to the friends and readers of this newspaper in exchange for their efforts during their spare time in eight weeks drive.

Thousands of dollars worth of prizes and cash awards and commissions will be paid those who take an active part in the "Salesmanship Club" and do not win one of the three automobiles. The Concord Tribune and Times generously offer far surpassing anything of its kind ever made hereabouts, and the gigantic prize list includes the most attractive and valuable prizes one could think of.

The plan adopted by The Tribune and Times is to select a few hundred thousands of new readers by employing scores of solicitors to cover this section, but it would take quite a long time to do the work thoroughly. In inaugurating the "Salesmanship Club," The Tribune and Times has adopted a better plan—a quicker method—and gives its friends an opportunity to earn big rewards during their spare time. The Salesmanship Club will make a lot more noise and create interest and fun—there's nothing like having some fun along with business.

Big Pay For All.

An especially attractive feature of the Salesmanship Club is that all will be paid handsomely for the results they secure. A cash commission of 10 per cent will be paid those who are not awarded one of the regular prizes, provided, of course, they adhere to the rules as outlined in the prize announcement. Thus, the Salesmanship Club is a sure thing for the club members right from the beginning and their reward depends entirely upon the effort put forth and the results secured.

All one is expected to do in order to earn one of the splendid prizes is to devote their spare moments to securing subscriptions to The Tribune and Times. In fact, sufficient time is given the drive to allow one's seeing every friend and acquaintance during spare time.

The word "Automobile" is at present the biggest word in the American vocabulary and just how to make it possible to own a good one has perhaps long been the desire uppermost in the minds of many folks. Those who have automobiles here now contentedly play the ownership of bigger and better ones. Those who do not at the present time possess a good automobile are more than likely laying their plans for one in the near future. Here is the opportunity to own an automobile—the cream of the American automobile market today—and without the expenditure of anything save a little time and effort.

A Business Proposition. In offering such valuable rewards to those taking active interest, The Tribune and Times are not playing the role of philanthropists neither is it a something for nothing scheme. It is a business proposition, pure and simple. The over \$5,000.00 worth of automobiles and other prizes will be given in exchange for well directed effort upon the part of the club members, and the basis upon which they may be secured, and the awards themselves, assure each and every one taking part that their efforts will bear fruit to the fullest extent.

Early Start Is Best. In every man's life there is one big moment when he makes the decision that will rob him of success—or leads him on to fortune. The world is full of those who yearn for better things than that never seem to come. The action is missing. But let him see and grasp the big opportunity and there will be an amazing transformation in his fortunes. The moment he decides for or against that opportunity—whether he will seize it or let it pass—he decides the whole future course of his life.

The main thing in the Salesmanship Club is to get an early start in the race. It means everything to those

BALLOON LANDED NEAR ROCK HILL YESTERDAY

Commander of Craft Had to Seek Landing Because of Loss of Gas—Was Going to Gulf Port Naval Base.

BALLOON FIRED ON NEAR MONROE

Manager Believes the Firing Was Done by Moonshiners.—Same Craft That Was Seen Here Yesterday.

(By the Associated Press.) Rock Hill, S. C., Sept. 21.—A U. S. naval balloon which its officers were reported to have said had been fired upon near Monroe, N. C., landed near here late yesterday because of the loss of gas, it was learned here today. The firing presumably was done by moonshiners, it was said, but none of the five occupants was injured.

The balloon, in command of W. J. MacDusky, was said to have been en route from Norfolk to a point on the Gulf Coast, but after it landed it was packed up for shipment back to Norfolk. There, it was understood an examination would be made to determine whether any of the bullets took effect.

(This balloon is believed to be the same one that was seen in certain parts of Cabarrus county early yesterday morning. Residents of No. 10 township saw the craft very plainly, and one man said he could decipher the letters "U. S." while another man read "Navy" on the side of the balloon.—Eds.)

STRIKERS' ATTORNEYS CLOSED ARGUMENTS

Against Attorney General Daugherty's Bill For Nationwide Strike Injunction. (By the Associated Press.) Chicago, Sept. 21.—Attorneys for the railroad strikers closed their final argument against Attorney General Daugherty's bill for a nationwide strike injunction at 11:30 this morning, and Assistant Attorney General A. A. McLaughlin began the summing up for the government.

Attorney General Daugherty had not arrived in court when Mr. McLaughlin began his argument, and the government's attorney said he had not quite completed the draft of the injunction which they will ask the court to sign.

Kerr Street Revival.

The Kerr Street Baptist Church revival is progressing nicely. There was a large congregation again last night to enjoy the fine singing by the choir led by Mr. Clark. Everybody enjoyed the soul stirring song sung by Miss Minnie Allman and Mr. Clark. Mr. Fort from Albemarle has also come to us. He is a fine bass singer. The sermon subject last night was "Partnership in Christ's Sufferings." The text was first Peter 4:13. The preacher said in part: "That we suffer with Christ when we are falsely spoken of for his sake. We suffer with Him when we do things for His sake that are unpleasing. We suffer with Him when we are persecuted for Christ's sake and we suffer with Him when we defend His name. There were four young men and ladies saved last night. Six joined the church. We now have twenty for baptism. Come and enjoy the service with us. Service tonight at 7:30 o'clock. PASTOR.

STANLY CHILDREN MAKE INSPECTION TOUR HERE

Visited the Jackson Training School, the Harrisburg Fair and Tribune and Times Office.

Fifty-eight Stanly County children, assisted by the Millingsport Consolidated School, made a tour of inspection in this county yesterday. A enjoyable day that probably will stay long in their memories. The trip was planned by Mr. D. S. Lipford, merchant of Mt. Pleasant and Millingsport, who made all arrangements for the entertainment of the children, and who acted as sponsor for them at the various places they stopped.

The trip was made in the bus which serves the Millingsport School, and the entire day was given over to the tour. The first stop was made at the Jackson Training School, where the students were shown over the entire plant. From there they went to Harrisburg to attend the Community Fair, and then came on to Concord. Dinner was secured at Harrisburg.

In this city the school children were shown over the plant of The Tribune and Times. For most of them it was the first view of the interior of a newspaper office, and every phase of the newspaper work proved interesting to them.

Eighty-Five Are Working Their Way Through Davidson.

Charlotte, N. C., Sept. 21.—Eighty-five students from the state of North Carolina enrolled in Davidson College, near here, have the honor of being among the large number of students at the institution who are working their way through school, according to figures given out today by Dr. W. J. Martin, president of Davidson. The complete figures show that 85 students from North Carolina, 16 from South Carolina, 14 from Georgia, 8 from Florida, 8 from Virginia, 8 from Tennessee, and several from nine other states, are working their way through Davidson, and thus number out of the 500 students enrolled is regarded as about the highest percentage of students working their way through school that any American college can boast of. Besides these students, a large per cent of the remainder of the student body are partially self-supporting.
