

THE LAUSANNE PEACE CONFERENCE PUT OFF

Conference Called to Meet on the 13th Has Been Postponed, According to an Announcement From London.

TURKISH ACTION IS RESPONSIBLE

Rafet Pasha Demands the Allied Military Occupation of Constantinople Be Eliminated in the Future.

London, Nov. 6 (By the Associated Press).—As a result of the new situation created in Constantinople by the demand of Rafet Pasha that the allied military occupation of the city cease, the peace conference called to be held at Lausanne November 13 has been postponed probably for two weeks, it was announced here today.

It is stated in authoritative circles that in no circumstances will the British point of view regarding the presence of allied troops in Constantinople be changed. The British intend to uphold the Mudanya armistice agreement, and remain in the neutral zone with their troops.

If the Ankara government, however, desires to send civil administrative officers to Çankırı, Gallipoli and Constantinople, there will be no objection, it is declared.

So far as can be learned today, the Sultan has not abdicated. It is believed the British authorities are taking measures to protect him and the Prince, his heir.

SEARCH CONTINUES FOR MISSING BANK CASHIER

Nothing Has Been Learned of Whereabouts of A. W. White, of Stony Point.

Taylorville, Nov. 4.—At a late hour tonight nothing had been learned regarding the mysterious disappearance of A. W. White, cashier of the bank at Stony Point, from whom nothing has been heard since he left Stony Point for Statesville Thursday.

The doors of the bank were closed as soon as the disappearance became known, and a bank examiner is said to be now engaged in making an audit of the books.

The wife of the missing cashier is said to be prostrated over his disappearance, which has mystified all of his relatives and friends.

A general alarm was sent out under the authorization of relatives this afternoon in an effort to obtain some clue that might lead to a clearing up of the mystery.

THE ELECTIONS TOMORROW

Democrats Expect Usual Majorities For All Democratic Nominations.

(By the Associated Press.) Raleigh, Nov. 6.—The voters of North Carolina tomorrow will elect ten Congressmen, a corporation commissioner, associate justice for the Supreme Court, 11 superior court judges, a number of solicitors, members of the legislature and county officers.

Aside from local fights principal interest seems to be centered in the races in several Congressional districts, where the republicans are seeking to defeat the Democratic nominees.

In the Fifth District Mrs. Lindsey Patterson, of Winston-Salem, is opposing Representative Stedman; in the Eighth District Dr. J. I. Campbell is opposing Representative Doughton; and in the Tenth district Representative Weaver is being opposed by R. R. Fisher, of Brevard.

Democratic leaders here say they expect the usual majorities for their candidates; while the republicans declare they are hopeful of carrying two and possibly three Congressional districts. These districts, they say, are the 5th, 8th, and 10th.

FORMER GERMAN WAR LORD MARRIES PRINCESS HERMINE

Ceremony Occurs in Doorn House, in Holland; Much Secrecy Maintained.

Doorn, Holland, Nov. 5.—The former German Emperor, once all highest of the empire, and Princess Hermine, of Reuss, were married today at the House of Doorn, where the War Lord abides in exile.

This second venture was in strange contrast with that day in 1881 when, as Crown Prince, he wedded Augusta Victoria, daughter of Grand Duke Frederick, of Schleswig-Holstein.

Several of the offspring of that first union were present today to set the seal of family approval to the new alliance.

There were two ceremonies, a civil contract drawn up and signed by "Wilhelm II" and Hermine Reuss, as they affixed their names; the second a religious ceremony conducted by the former court chaplain, Dr. Vogel, according to the Lutheran rites.

THE TURKS MAY MAKE TROUBLE WITH ALLIES

After Overthrowing the Sultan's Government at Constantinople, Declaring Him Bereft of All Civil Power.

ARE NOW SEEKING FRESH CONQUESTS

After Taking Over Constantinople the Nationalists Demand the Withdrawal of Allied Troops From City.

Constantinople, Nov. 6 (By the Associated Press).—The Turkish nationalists after overthrowing the Sultan's government and declaring him bereft of all his civil power, are now seeking fresh conquests in a manner that may bring trouble with the allies.

Last night after taking over control of Constantinople, the nationalists demanded withdrawal of the allied troops from the city, and served notice that allied or American soldiers would not be permitted to land from their warships at Kemalist ports except by special permission of the Ankara government.

An extraordinary meeting of the allied commissioners quickly assembled to decide what stand they should take in the quickly altered situation, determined that they would refuse categorically the nationalist demand for military evacuation of Constantinople by the allied forces.

Another Demand of the Turkish Nationalists.

Constantinople, Nov. 6 (By the Associated Press).—The Turkish nationalist government has handed a note to the allied high commissioners to the effect that the warships of all nations must ask for authorization to pass the Straits of the Dardanelles.

ASHEVILLE MAN SHOTS HIS WIFE AND THEN HIMSELF

William H. Presley Fires Four Shots Into Wife's Body and One Into His Own Brain.

(By the Associated Press.) Asheville, Nov. 6.—After firing four shots which struck into the body of his wife, Mrs. Lillie Presley, Wm. H. Presley, aged about 50, of 81 Woodruff Avenue, placed a revolver to his own head and killed himself about 10 o'clock this morning.

The police said her husband shot her because she had contributed 25 cents to a church collection Sunday night. The statement also sets out that Presley had sustained an injury to his head about two years ago and since then had been subject to irrational spells.

Fine Address at Y. M. C. A. Meeting Yesterday.

A very fine program with two short addresses yesterday featured the opening of the Y. M. C. A. Sunday meetings. The addresses were delivered by J. Lee Crowell, Jr., and Rev. W. A. Jenkins, both of the Central Church whose Bible class had charge of the services.

Gray Bost read the scripture lesson, after which Mr. Crowell spoke on "Christianity in Politics." Mr. Crowell concluded that "what the world needs today is not a change of cabinets, as it seems to be almost a craze in foreign countries, but a change of mind. The world seems to think that a change of front will solve the world's ills while in reality a change of heart is necessary.

Following Mr. Crowell, Mr. Jenkins spoke on "The Christian in the Community." He said in part that the community needs first of all to make its greatest concern, which in every case was its business life and commercial activity, Christian. No community can even claim to call itself Christian unless it centers its religious activity on that thing which the community gives most of its time—that of making a living.

The next thing it must do is to get the right kind of men to run for office so that the leaders of the community from a civic standpoint can put the right stamp of Christianity on the communal life. Last of all we must make our schools places where our ideals of Christianity can find easy expression.

REV. E. B. MCGILL, Davidson.

A more determined worker will be hard to find as Rev. Mr. McGill is putting forth every effort to finish high in the list of winners when the big count takes place. His wide and favorable acquaintance is a big asset and those friends are supporting him in the race substantially. This week will be a big one for this Davidson contestant and from present reports will surpass any of his previous records getting votes.

CONFERENCE CALLED IN HALL-MILLS MURDER CASE

To Perfect the Long Chain of Evidence to Be Submitted to the Grand Jury.

New Brunswick, N. J., Nov. 6.—A conference between Attorney General McKean and all the investigators of the Hall-Mills murder case has been called, it was learned today, to perfect the long chain of evidence to be submitted to the grand jury later in the week.

This conference will determine also, it is said, whether Mrs. Frances N. Stevens-Hall, the slain rector's wife, will be permitted to appear before the grand jury as she has requested. The authorities already have declared they would make every effort to prevent Mrs. Hall from telling her story to the grand jury.

Several of the members of the Hall household, and close friends of Mrs. Hall, probably will be summoned before the investigators during their conference.

CONFISCATE COAL FOR SCHOOLS AND CHURCHES

Schools Had Been Unable to Open on Account of the Shortage of Coal.

Scranton, Pa., Nov. 6.—Ten school buildings in the borough of Oilphant closed for two weeks because of coal shortage, although in the heart of the anthracite region, were able to open their doors to the 2,500 pupils today for a throng of citizens led by Burgess P. P. Dempsey yesterday marched on the Delaware & Hudson Railroad and confiscated 100 tons of coal from its cars.

The borough's nine churches also were provided with fuel as a result of the raid which followed refusal of coal companies to sell their products in the borough.

MEETING OF WOMAN'S CLUB HELD SATURDAY

Organization Will Be Divided Into Three Departments.—Dr. Sprull Heard With Interest.

The meeting of the Woman's Club held at Central Graded School Saturday afternoon was well attended. Sixty-five members were enrolled.

It was decided to have three departments—fine arts, which includes music, literature and art; home economics; and public welfare work, which includes physical, health, education and social service.

A long talk by Dr. Sprull, of the State Board of Health, in telling of the urgent need of a Cabarrus hospital at Sanatorium and the necessity for our interest in the sale of Red Cross Seals made an impression upon those present. Every effort to aid the consumptives is a step forward in the elimination of the great White Plague, which Dr. Sprull declares is curable but should first be preventable and in time these things will come, he said.

For the reason that the members enrolled were not given an opportunity to select the department they desired to work in it is deemed advisable to call a meeting for Wednesday at 4 p. m., to perfect the organization of the club. The 65 women enrolled are very much in earnest and they will welcome all women who are interested in the moral welfare of the town into the organization.

The Woman's Club spirit is best evidenced by the club song from the clever pen of one of our interested members, Mrs. L. D. Coltrane, sung to the "Battle Hymn of the Republic":

If you would boost your Woman's Club, As sure as you are born, You must throw away your hammer and go buy your own.

For the doubters and the scorners, We will set apart—forever, As we go marching by, Chorus: Pull together for old Concord, Use both tact and vac. on Concord, "Clinging" vines won't clean up Concord. We must go marching on. MRS. W. H. GORMAN, Pres.

DEMOCRATS WILL GAIN AT LEAST FOUR SENATE SEATS

Hampton Issues Forecast as to Political Complex of Next Senate.

Washington, Nov. 5.—Expressing his conviction that the Democrats will have a net gain of not less than four seats in the Senate and perhaps five, Frank A. Hampton, secretary-treasurer of the Democratic National Senatorial Committee, tonight issued a forecast as to the political complexion of the Senate as the result of the election on Tuesday.

Mr. Hampton, by virtue of the position he holds with the Democratic National Senatorial Committee, has had exceptional opportunities to investigate the trend of events as they apply to the Senatorial elections. He divides his estimate into three parts, Democratic gains, Republican gains and seats held in doubt with chances favoring the Democrats and Democratic seats in doubt with chances favoring the seating of the present Democratic Senators who are up for re-election.

Rome, Nov. 6 (By the Associated Press).—Count Sforza, Italian ambassador to France, was the object of a hostile demonstration by the fascists when he arrived at Buzzone, in the province of Turin, on the Italian frontier, while returning to Rome for a conference with the new Premier, Mussolini. The fascists detached the carriage in which the Count was riding from the train but carabinieri rushed in and rescued him.

EXPLOSION IN MINE

ENTOMBED MANY MINERS

Between 90 and 95 Miners Caught When Explosion Occurs Early Today in Spangler, Pa., Mine.

MEN HAD BARELY STARTED TO WORK

When the Explosion Occurred Somewhere in workings of Reilly Coal Mine Owned by Reilly Coal Company.

Spangler, Pa., Nov. 6 (By the Associated Press).—A terrific explosion somewhere in the workings of the Reilly Mine of the Reilly Coal Company here at 7:30 this morning entombed between 90 and 95 workers, who had gone to their work scarcely half an hour before.

Later—Three Bodies Found.

Spangler, Pa., Nov. 6.—(By the Associated Press).—The first rescue party to enter the Reilly Coal Mine after the explosion this morning reported at noon today that they had found three bodies and feared that some, if not all of the other 90 men entombed are dead.

The rescue party entered the mine under the direction of Supt. O. J. Fianagan, and had proceeded to the third entry on the right of the main entry when they came upon the bodies. The dead miners were brought to the foot of the shaft, and the party went back for further exploration.

The rescuers came to the surface after their second trip into the mine, but declined to give out any further information.

A second rescue party immediately went into the workings. The rescuers were composed of volunteers chosen from hundreds of men who had gathered at the shaft.

Silent groups of wet-eyed women and children huddled together close to the mouth of the shaft, mutely awaiting some hope from the miners who went down to search for their husbands and fathers. A steady rain was falling, but the women, many of them bareheaded, paid little attention to the weather.

THE COTTON MARKET

Near Eastern Situation Party Responsible for Profit Taking at Opening of the Market.

New York, Nov. 6.—Nervousness over the Near Eastern situation and the easier ruling of foreign rates were considered partly responsible for very heavy realizing or profit taking in the cotton market at the opening today. The selling was very general and heavy, and first prices were easy at a decline of 20 to 32 points, but offerings were rapidly absorbed by a continued trade and commission house demand, with the result that the market soon steadied up from the lowest.

Cotton futures opened easier: December 25.25; January 24.93; March 24.70; May 24.50; July 24.15.

205,000 EXTRA VOTES OFFERED NOW

Best and Last \$30.00 Club Offer

New Proposition in Salesmanship Club Drive Will Interest the Candidates for the Rich Prizes.

Best and Last \$30.00 Club Offer

\$30.00 Club Offers Come to an End Next Saturday Night With a Big Decline in Votes Following.

In order to give the club members a final opportunity to secure a great vote score before the \$30 clubs are withdrawn, the Salesmanship Club department makes the following offer which lasts for a period of one week—ending next Saturday night, November 11th. Two hundred and five thousand (205,000) Extra or Additional votes upon each \$30 club of subscriptions will be allowed during this period. Six full days of opportunity confront the members who mean business and are intent upon winning one of the big prizes in the magnificent \$1,000 array.

Last Club Offer.

The last opportunity to secure such a large number of Extra Votes ends Saturday night. This is a final opportunity to pull up reserve vote via the \$30 club way. To say that it will be grasped eagerly hardly describes the manner in which the interested workers will apply their efforts this week. Several offers have been made heretofore based upon \$30 Clubs. The plan of this campaign is such as to give a great advantage to those exerting their best efforts during the early stages of the club. Therefore, inasmuch as this offer is the final one for \$30 clubs, it is reasonable to believe that each member will break all previous records securing subscriptions so as to have plenty of votes on hand to use as a bulwark against competitors when the final count comes.

Outlook Is Bright.

The outlook is indeed bright. As a topic of conversation, the Anderson Ultra Sport and the other automobiles, and the many other prizes that are to be awarded, are the most successful members at the close of the drive, never fail to precipitate a lively discussion. Wonderment is everywhere expressed at the liberality of the prize list—then a determination is expressed by the members to win one of the beautiful automobiles, fully equipped, properly appointed in every detail, and ready to drive.

Prizes Awarded Upon Votes.

Turning subscriptions in at special periods would not be so vitally important as necessary to succeed in the club if the big prizes were to be awarded upon the greatest amount of money turned in by the members but—it is not the money that counts—its votes. Therefore, one readily grasps the extreme necessity of doing their best work under the biggest extra vote period and next Saturday night is the end of the very latest \$30 club offer.

Subscriptions mailed in Saturday night will be accepted to apply upon the offer provided, of course, they were mailed in time. This can be determined by having the letter post-marked to show that the subscriptions enclosed were not secured later than Saturday. Even though the subscriptions are received the following Monday they will count to apply upon the offer just the same. This gives an advantage to no one as far as time is concerned—as all will have an equal opportunity to devote the entire day, Saturday, for securing subscriptions on this last club offer.
