

NEW BANK BUILDING FOR CITY ASSURED

Cabarrus Savings Bank to Erect Modern Five Story Bank and Office Building on North Union Street.

ANOTHER MODERN BUILDING PROMISED

Will Be Erected Adjoining New Bank and Connecting New Bank With Present Phifer Building.

Definite announcement has been made by the officers of the Cabarrus Savings Bank, one of Concord's oldest banking institutions, that the bank in the near future will erect here a handsome and modern bank and office building.

The building will be modern in every respect, officers of the bank declare. The lower floor will be constructed either of limestone or granite, and the upper stories will be of pressed brick with limestone window sills.

The contract for the building will be let in the near future, one bank official stated, as soon as a few minor details have been worked out.

It was also stated by the bank official that the building which now stands on the property adjoining the bank property will be torn down. It is planned to construct a modern two-story building joining the new bank building with the present Phifer Building, which is a two-story structure.

The erection of these new buildings will remove one of the eyesores of Concord's business district.

The property on which the new bank building will be erected formerly was known as the Boger-Strawwell property. It has been in possession of the bank for some time.

It has not been ready to build before this time. The new bank building and the other structure to be erected alongside of it, will cover a space of 8x125 feet.

Y. M. C. A. NOTES

'Buck' Currie and Davidson Athletes to Speak at Y.

'Buck' Currie, star baseball player for Davidson and now Student Secretary of the Y. M. C. A. together with two or three athletes from the college, will be the speakers at the meeting at the Y. M. C. A. tomorrow, Sunday afternoon. All men and boys are invited to be present.

A real movie program will be given at the Y tonight at 7:30. It is free and everyone is invited.

Three hundred thousand words of the size of the earth could be stored inside the sun.

KIWANIS MEETING

Armistice Day Program and Address by L. T. Hartsell Were Features of Weekly Meeting.

The Kiwanis Club of Concord at its meeting on Friday evening at the Y. M. C. A. was given an Armistice Day program, with a talk by Lee Crowell, Jr., and a rousing address by Luther T. Hartsell, Rotarian, an invited guest at the meeting.

Nominations of officer for the coming year were also received by the nominating committee, and other routine business was transacted.

A letter from the Southern Division of the American Red Cross, asking the support of the Kiwanis Club in its Annual Roll Call, November 11th to 30th, was read to the club.

President Palmer assured Hon. L. T. Hartsell, who is local chairman of the Red Cross, that he could count upon the support of Kiwanians in this Roll Call.

Miss Mary McLaughlin, song leader for the Kiwanians, rendered several enjoyable vocal selections, her accompaniments being rendered by Miss Nell Herring at the piano.

Capt. Robert Fisher, of team No. 10, was temporary chairman at the conclusion of the business session, and he put on a program which he and members of his team had arranged for the meeting.

He called upon Lee Crowell, Jr., for a short Armistice Day talk. Lee responded with a most appropriate address on the war and the ending of the fighting on the historical November 11, 1918.

At the end of his talk, he asked all the members to stand with bowed heads while he read the names of the boys from Cabarrus county who died in service or were killed in action.

At the conclusion of the roll "Taps" was sounded by two bugles on the lawn outside the Y, adding a most effective touch.

Hon. Luther T. Hartsell, Rotarian guest of the Kiwanians, made a most inspiring address, taking North Carolina as his subject.

He outlined the wonderful accomplishments of the Old North State, and the amazing progress she has been making for the past decade, outstripping all other Southern states in her onward rush.

In her agricultural products, her manufacturing products, in the amount of income taxes she pays, in her good roads program, in her educational progress, her record is nothing short of marvelous.

The speaker concluded by saying that the future of the state is in the hands of the young men and women of the state, and that it is their duty to make the most of the opportunities that are before them.

The attendance prize for last meeting was drawn for by teams nos. 8 and 11, captained by Fred Shephard and Dr. Julius Shauers, respectively.

Boy Accidentally Killed by Brother.

James, eleven-year-old son of Mr. and Mrs. Jack Hamner, of the Pioneer Mills section of Cabarrus county, was accidentally killed Thursday afternoon by his eight year old brother as the two children were playing in a cotton patch with a shotgun.

The entire load of shot entered the right side of the youth, and he died within twenty minutes, and before a doctor could reach him.

Funeral services were held Friday, and interment was made in Union cemetery.

The parents of the youth live on the M. W. Morrison farm, just south of Pioneer Mills.

While crossing the Atlantic in a fog recently, one big steamship had to sound her whistle constantly for over 3,000 miles.

SEVERE EARTHQUAKE IN PARTS OF CHILE

From Various Points Come Reports of Houses Falling and Other Damage.—Occurred About Midnight.

FOLLOWED BY TIDAL WAVE

Small Vessels Smashed, and the Waves Swept Over Homes.—No Loss of Life So Far Reported.

Santiago, Chile, Nov. 11 (By the Associated Press).—Severe earth shocks were felt in various parts of Chile shortly before midnight, and again early today. From various points in central Chile came reports of houses falling and other damage.

A report from Antofagasta, north of Valparaiso, said that a tidal wave came in shortly after midnight, smashing small vessels and sweeping over houses.

So far no loss of life has been reported, but communication lines from many points have been knocked out of order.

Serious Catastrophe Feared.

Buenos Aires, Nov. 10.—Advices received by the All-American Cable Co. here this forenoon say it feared the earthquake in Chile caused a catastrophe in Antofagasta.

Previous news from Santiago said the earthquake had been accompanied by a tidal wave which swept the fishermen's settlement.

AMERICAN MISSIONARIES HELD CAPTIVE BY BANDITS

Are Among the Foreign Captives Held by Bandits in China.

Shanghai, Nov. 11 (By the Associated Press).—Two American missionaries, unnamed, are among the foreign captives held by bandits in Honan province, according to word received here today from Madame Soderstrom, of the Lutheran Mission, who has been released by the bandits, and has arrived at Yinc Chow Fu.

She also reported that she saw H. E. LeGard, of the China Island Mission staff, among the captives.

LeGard was held by a different band from that which captured and later freed Madame Soderstrom, she reported, and the two Americans together with several other missionaries were with LeGard. He was warmly greeted, she said, but was anxious over his wife and child, both of whom she found to be safe elsewhere.

As the bandits were moving constantly the present location of the captives is not known, she explained. Efforts are being made to trace the band.

Release Soon is Expected.

Washington, Nov. 11.—The two American missionaries reported held by Chinese bandits in Honan province are expected to be released today at the State Department.

The American minister has asked the Chinese government to procure their release.

Forsberg and Lundeen, whose religious connections are not known here, are understood to have been among a dozen or more foreign missionary workers who were made prisoners recently by bandits. It is believed by officials on the basis of information received here that no physical harm will be suffered by the captives and that the Chinese government will soon effect their releases.

MAY TAKE FINGER PRINTS OF MRS. FLORENCE HALL

Authorities May Compare Them With Prints Found on Shirt Worn by the Dead Preacher.

Is Out For The Big Ultra Sport

MR. R. P. HARVEY, Concord.

Mr. Harvey is widely and favorably known as one of Concord's rising young business men.

During business hours he is manager of the Central Filling Station and at all other times busily engaged in helping boost the circulation of these two newspapers.

He is making a splendid race for one of the prize cars.

PILGRIMAGE TO HOME OF WOODROW WILSON

Arranged Today Under the Direction of a Committee of Women.

Washington, Nov. 11.—An Armistice Day pilgrimage to the home here of Woodrow Wilson was arranged for today under the direction of a committee of women.

Mrs. Kate T. Abramson, chairwoman, said delegations were expected from Baltimore and other nearby towns.

Henry Morgenthau, former ambassador to Turkey, was to deliver a brief address. This was to be preceded by the singing of Southern melodies by a chorus of 30, and the presentation of flowers to the former President from his native state by little Miss Helen Sue Trinkle, daughter of the Governor of Virginia; from his adopted state by Miss Edwards, daughter of the Governor of New Jersey; and from the District of Columbia by Miss Olive Chase.

Metropolitan Opera Season to Open.

New York, Nov. 11.—With every prospect of eclipsing all records for variety and brilliancy, New York's annual season of grand opera will open at the Metropolitan (opera house) Monday night with a performance of Puccini's "Tosca."

The occasion will mark the reappearance of Marie Jerzetta, the Austrian soprano, who scored such a brilliant success last winter.

Manager Guilio Gatti-Casazza has announced that the following novelties will be produced at the metropolitan during the season: "Anima Allegra," in Italian, libretto by Giuseppe Adami, taken from the comedy "Genio Allegro" by the Brothers Quintero, music by Franco Vittadini, and "Mona Lisa," in German, poem by Beatrice Dorsky, music by Max Schillings.

New singers to be heard this season are as follows: sopranos, Della Reinhard, Elizabeth Rotherberg, Laura Robertson, Thalia Salambava, Strina Sengala, Lucille Taylor, Muriel Tintal; Mezzo-sopranos and contraltos, Ida Bourskaya, Sigrid Oneghi; tenors, Edward Johnson, Giacomo Lauri-Volpi, Emile Rousseau, Curt Taucher, Armando Tokytann; baritone, Edmund Burke, Carl Senetendorf; basses, Paul Bender, Itali Picchi and Michael Bojuna.

To War on Cancer.

New York, Nov. 11.—The American Society for the control of Cancer has designated the coming week for the annual observance of National Cancer Week, during which time education in the discovery, treatment, and cure of cancer will be carried into homes, factories, theatres and hospitals throughout the land.

During the week the society will broadcast facts concerning cancer so that people may readily recognize it in its early stages when it can be cured.

The society has been fighting cancer since 1913, and is now enlarging the scope of its work because of the marked increase in the disease and the growing death rate from the cause.

Dr. Charles A. Powers, president of the society, believes that in 10 years, provided the present work of the society is kept up, 30 per cent. of the lives now needlessly sacrificed can be saved.

Control of Next Congress.

Some of the writers are stating that the Democrats will control the next Congress. Congressman Claude Kitchin thinks they will organize the House in spite of the fact that on the face of the returns, the Republicans retain a lead of 15 votes in that body.

FIRST ANNIVERSARY IS OBSERVED TODAY

Of Home-Coming of America's Unknown Soldier From France—New Shrine of American Ideals.

WASHINGTON, Nov. 11.—On the plain granite block in Arlington Cemetery that a year ago became a new shrine to American ideals, there blossomed today a wealth of flowers laid there to commemorate the first anniversary of the home-coming of America's unknown soldier from France.

Again the nation sealed the covenant of American faith in their pledged beside the grave now covered by the massive, ponderous.

And the utter simplicity of the scenes today contrasted against memories of pomp and splendor of a year ago in the same beauty of setting served to add new glory to that which is idealized in the blood of this humble soldier shed in France, the high purpose that is Americanism.

Again President Harding made the pilgrimage from Washington in behalf of his countrymen. But this time the message he bore was no spoken word, but a simple wreath that rested on the great stone.

The wreath that rested on the national salute in honor of the dead noble broke the stillness to voice a nation's pride.

For the army Secretary Weeks accompanied the President, and for the Navy Secretary Denby. That completed the group which carried to the tomb the token of remembrance that was placed for all the nation.

The only touch of ceremony was that lent by a clattering troop of cavalry which escorted the Presidential party.

North Carolina Celebrated.

Raleigh, Nov. 11.—With Wilmington leading in the list of notable invited for her celebration, Armistice Day was being observed with fitting exercises in practically every town in North Carolina today.

Governor Cameron Morrison, Gen. J. Van B. Morris, General J. J. Bowley, of Camp Bragg, and Major Gordon Smith, of the headquarters in Wilmington. The Governor, the Adjutant General and Major Smith left Raleigh Friday night.

J. W. Bailey is speaker at Monroe, where one of the real big celebrations is being staged. Col. Albert L. Cox is speaker at Waynesville. A. W. McLain is speaking at Scotland Neck and Congressman E. W. Pool speaks at Nashville, where a monument to the soldiers of the World War is being unveiled.

Celebration at Wilmington.

Wilmington, Nov. 11.—A huge parade stretching four miles over the streets of the city, and addresses by Governor Cameron Morrison, Brigadier General A. J. Bowley; Adjutant General J. Van B. Morris, and Congressman Homer Lyon featured today's observance of Armistice Day in Wilmington.

Approximately 10,000 visitors from all sections of the state thronged the streets at 9 o'clock to witness the parade and take part in the festivities.

At 11 o'clock the column stood for one moment while the thousands thronging the streets bowed their heads in silent prayer, to which which Mayor James H. Cowan pronounced "Amen."

Governor Morrison and Gen. Bowley in their addresses paid high tribute to the American army and its part in the great war, and called upon surviving members of the Legion to carry on the fight in time of peace until the welfare of the entire world is made safe for all people.

A letter of greeting from former President Woodrow Wilson addressing the local Legionnaires as comrades of the great struggle was read by Commander R. C. Cantwell and evoked great applause. Another letter was read from Senator F. M. Simmons, who was to have been one of the principal speakers, expressing his regret at being unable to attend.

Calling of Special Session is Criticized by Mr. Hull.

Washington, Nov. 10.—President Harding, by calling a special session of Congress "for the passing of the ship subsidy bill, has shown that he has not profited by the lesson of Tuesday's great Democratic victory."

Democratic Majority in State Over 53,000.

LOCAL HIGHS ANNEX ANOTHER

Huntersville Was Beaten by a Score of 13 to 7.

Flashing on aerial attack, the visitors could not get on to the local lights yesterday defeated the Huntersville high by a score of 13 to 7.

The visitors were clearly outclassed from beginning to end but the locals, in view of the game today with Albemarle, eased up a bit after a two touchdown lead, and a number of second string men were used.

Huntersville scored her touchdown with a series of passes, while the locals were in and annexed an additional point with another pass.

Sullivan was the outstanding star of the game, both on offense and defense. His dandy, lunging tackles and his driving line bucks knocked more pep out of the Huntersville players than anything else, while he also made some gains at the receiving end of several forward passes.

To open the game the visitors won the toss and decided to receive. Ritchie kicked off and Mooney returned to the thirty-five yard line.

Three plays gave them a first down and four more annexed another first down. Concord held then and took the ball on downs on its own forty yard line.

Sullivan hit the line for six yards, and the Huntersville backs came in to stop the line rush. Captain Ridenhour noticed this move and calmly called for a pass over their heads.

Sullivan caught it and carried it to the twenty yards line. Another pass to Cleaver carried the ball across. Capt. Ridenhour drop-kicked for the extra point.

The locals then settled to a defensive and open play game, awaiting a chance to score. This chance came in the second quarter, when a muffed punt gave the ball to Concord on Huntersville's eight yard line.

With a number of second string men in Sullivan again plunged through the line for the necessary gain. Linberger failed to get his drop kick between the posts.

The visitors scored in the last minute of play in the first half, when they opened an aerial attack which the green backs could not break up.

Concord goes to Albemarle this afternoon and while a number of first string men will not be able to play, they are confident of winning this game also.

Birthday Party for Mrs. D. H. Ridenhour.

One of the most beautiful parties of the season was given Friday afternoon by Mrs. R. E. Ridenhour in honor of Mrs. D. H. Ridenhour, mother of Mr. R. E. Ridenhour.

The happy occasion celebrated the seventy-ninth anniversary of Mrs. Ridenhour's birth, and the majority of the guests included her most intimate friends.

The home was most beautifully decorated. Bunches of gorgeous chrysanthemums were artistically placed here and there throughout both the living room and hall.

In the dining room lovely white and yellow chrysanthemums were beautifully arranged, the white being symbolic of the purity of life and the yellow of the golden olden days of good deeds.

These splendid gifts, of these splendid old women of mature years, were Mrs. Ridenhour, assisted by Mesdames Ridenhour, Jr., J. C. Blume and Miss Frances Ridenhour, served delicious refreshments.

One of the prettiest features of the party was the cutting of the birthday cake, a lovely old fashioned pound cake, beautifully decorated, in the center of which little candles were arranged to form the figures, 79.

The honoree received many beautiful and useful gifts.

Mrs. Ridenhour's guests were: Mrs. R. S. Harris, Mrs. Jno. Cline, Mrs. K. L. Craven, Mrs. Munn, Mrs. Wheeler, Mrs. B. F. Rogers, Miss Martha Sims, Mrs. Jno. A. Sims, Mrs. Weddington, Mrs. Pemberton and Mrs. W. S. Bingham.

SITUATION IN NEAR EAST STILL CRITICAL

All Morning Newspapers in Constantinople Agree on Seriousness of Situation in That City Now.

DEFINITE NEWS IS LACKING, HOWEVER

The Papers Give No Facts to Justify Their Views.—Allies Are Still Demanding All Their Rights.

(By the Associated Press.)

London, Nov. 11.—The situation at Constantinople where the Turkish nationalists want the allies to get out and the allies are determined to sit tight, is still very critical, all the morning papers agree, but none of them furnish any definite news to justify their view.

Even the government itself is declared in some quarters to be largely in the dark owing to the difficulty of communicating with the Near East, as a result of the cutting of the cable line near Chankik by the Turks.

Even this fact is regarded as ominous. Absolutely nothing can be learned regarding the present attitude of the Ankara government, and it is equally unknown whether the allied commissioners have carried out their threat to establish martial law in Constantinople.

The departure for Lausanne of the Turkish nationalist foreign minister has attracted a great deal of attention here, and in some quarters his unexpected start without awaiting a telegram's reply to the latest allied note is regarded with suspicion.

THE COTTON MARKET

Opened Firm at a Decline of 2 Points to an Advance of 11 Points.

New York, Nov. 11.—The cotton market opened firm at a decline of 2 points to an advance of 11 points, with active months selling 5 to 11 points net higher during the first few minutes on Liverpool buying and a moderate trade demand.

Much scattering liquidation for over the week-end was probably promoted by a less favorable view of the Turkish situation and the market turned easier.

Cotton futures opened firm, Dec. 26-15; Jan. 25-98; March 25-87; May 25-65; July 25-58.

Closed Steady.

New York, Nov. 11.—Cotton closed Dec. 26.04; Jan. 25.85; March 25.77; May 25.51; July 25.16.

SPLIT TICKET NAMED IN ALEXANDER COUNTY

Campbell Carries County With 27 Votes More Than Cast For Bob Doughton.

Taylorsville, Nov. 10.—According to returns compiled by the registrars in each precinct in Alexander county, official count of which was made yesterday by chairman of voting precincts, the Republican state ticket carried by 100 votes, J. B. Robinette, Democrat, for sheriff, and Shortwell Patterson, and J. A. Pennell, commissioners on the Democratic ticket, are the only candidates on the Democratic county ticket to be elected.

On the congressional ticket J. I. Campbell defeated R. L. Doughton by 27 votes.

Petition to Decrease Rates Denied.

(By the Associated Press.)

Washington, Nov. 11.—Applications of trans-continental railroads for authority to decrease rates to and from the Pacific coast terminals on traffic originating east of the Rocky Mountains, or destined therefor, were denied today by the Interstate Commerce Commission.

The roads had declared the reduction was necessary to enable them to meet coast-to-coast competition of the steamship lines. Granting of their application which was charged by a number of inter-mountain cities would have resulted in making trans-continental rates generally lower than those on traffic to and from intermediate points.

Practically all commodities included in the commerce from the Pacific coast were covered in the railroad's application.

Wharton Organizing New Warehouse Corporation in Salisbury.

Salisbury, Nov. 10.—A new warehouse district is to be opened up by a company composed of E. P. Wharton, of Greensboro and Salisbury, and P. N. Peacock and Mrs. P. N. Peacock of Salisbury, who have organized a Salisbury Warehouse corporation.

They have secured two city blocks of property near the Southern railway main line which property now has a number of negro houses on it. The initial outlay for this property was around \$90,000. A sidetrack will be built on the property and warehouses will be built on either side of this track.
