

SIXTEEN OF VICTIMS STILL UNIDENTIFIED

Birmingham District Today Prepares to Lay to Rest the First of Its 84 Victims of the Mine Disaster.

MANY BEYOND RECOGNITION

Miners Who Were Burned or Disabled Declare They Will Return to the Mine as Soon as They Are Able.

Birmingham, Ala., Nov. 24 (By the Associated Press).—The Birmingham district today prepared to lay to rest the first of its 84 dead whose lives were snuffed out Wednesday by an explosion of coal dust in Mine No. 3 of the Woodward Iron Co., 10 miles west of this city. The dead belong to the district, for virtually every settlement and city is reported in the casualty list, and graves were dug today in nearly every little cemetery between Birmingham and Bessemer, Ensley and the mine.

Sixteen of the victims had not been identified early today. One was a white man and the other 15 negroes. Identification of some of the negroes was declared virtually impossible because the faces were burned almost beyond recognition.

At the mine where the only evidence visible of the disaster was the charred woodwork of the concrete tippie fired by the blast as the flames spouted from the slope, repairs were being made with the expectation that coal production would resume Monday.

Many of the miners, burned by the explosion or disabled by the fatal after-damp, declare that as soon as they are able to resume work they will return to the mine.

CLEMENS HIMSELF HIS SENATE CRITICS

In First Interview Granted Associated Press the Tiger of France Lashes Back at American Critics.

DEFFENDS POSITION HE HAS ASSUMED

His Reply Was Addressed Particularly to Senators Borah and Hitchcock, Who Criticized Him Freely.

Boston, Nov. 24 (By the Associated Press).—The Tiger of France lashed back at his Senate critics today in his first American interview granted to the Associated Press, replying particularly to the criticisms of Senators Hitchcock and Borah.

Answering Senator Hitchcock's demand that he explain why France insisted on using black troops in her army of occupation, the Tiger declared that Hitchcock had been misled by German propaganda and that today there were not a single black soldier on German territory.

"Senator Hitchcock calls me a militarist," Clemenceau said. "Well, I am glad to tell Mr. Hitchcock he is in the Senate owing to the voters for only a few more days. When he is a free man I dare him to go to France and learn the facts."

To Senator Borah's recent assertion that Clemenceau was primarily responsible for conditions in Europe because of his great influence in the drafting of the Versailles treaty, the aged statesman declared this situation "was particularly distressing" since in France he should be most bitterly criticized "for having asked from the Germans less than I ought to."

MOTOR TRIP TO BE MADE THROUGH NORTH CAROLINA

Will Leave Boston December 2.—To Be Escorted Through This State.

A motor tour of from 30 to 50 automobiles will be piloted through the Carolinas by the Carolina Motor Club early in December. This motor tour will leave Boston December 2nd, and will be met at the Virginia line by an official pilot car of the Carolina Motor Club, together with officials who will escort the tour through North and South Carolina to the Georgia line.

The object of operating this motor tour from north to south is to encourage the individual car owners to travel through in their cars rather than ship them. During the past several years these tours have been largely mental in character, hundreds of individuals to make overland trips to Florida rather than by train.

This tour will make a number of stops in North Carolina and South Carolina to spend the nights, and have as their destination points in Florida.

The management of the Carolina Motor Club with headquarters in Greensboro are working out the details of handling this tour through the Carolinas. Other information will be given at an early date.

The growth of the Carolina Motor Club is more than meeting the expectations of its founders. Already the Club numbers among its membership the most prominent men and women of the Carolinas. Mr. E. Sternberger of Greensboro, is President, Mrs. Edith Vanderbilt, of Biltmore, is first Vice-President, Mr. A. M. Lumpkin of Columbia, is second Vice-President, H. O. Miller, of Charlotte, is third vice-president.

ONLY ONE ACQUITTED IN ASHEVILLE COURT

93 Convicted Moonshiners Sentenced to Prison by Judge E. Yates Webb.

Asheville, Nov. 23.—Federal officials heretofore declared that the session of United States district court now drawing to a close has "broken the backbone" of illicit whisky manufacturing and selling in western North Carolina. Following a concerted drive by prohibition officers, deputy marshals and sheriff's forces the past five months about 500 defendants were arrested.

Judge E. Yates Webb disposed of 130 cases during this term of which nine were sentenced to federal prison, 84 to jail terms and fines aggregating \$9,225 imposed. Only one defendant was acquitted. During the court session it developed that the "Cat's Head" section of Henderson county had yielded nine stills within an area of about two square miles. This was pronounced the worst hotbed of distilling in the section. Five men were convicted from this section, one being sent to prison and four to jail. One woman was convicted of selling a still and was fined \$500.
