Interest manifested indicated that the order is in a flourishing condition. The net gain in the state during the past year was around 1,000 members and the financial reports showed several thousand dollars more in the treasury than any previous report had shown.

This order conducts its own funeral benefit association with headquarters in Salisbury and reports from this department were very gratifying.

What would happen if a community should give the same thought to the development of the character of its boys and girls that it does to the development of its commerce?

SCHOOL BONDS BEATEN IN MT. PLEASANT ELECTION

Three Hundred Persons Registered for the Election and But 127 Voted for the Bonds.
Citizens of Mt. Pleasant Tuesday defeated the special school tax, the bonds failing to get a majority of the registered voters. (Three hundred people registered for the election and 127 votes were cast for the bonds, this leaving 173, or a majority, against the bonds.)

According to reports reaching this city, quite a bit of interest was centered in the election. Last year a similar issue was placed before the people of Mt. Pleasant and as was the case this year, the bonds were beaten. Advocates of the bonds started their campaign this year several months ago, but opposition was noted at once, and from the day the election notice was first announced until Tuesday, an active campaign was waged both by advocates and opponents of the bonds.

Early this month a municipal election was held in Mt. Pleasant, and that contest, according to Mt. Pleasant reports, soon developed into a contest between the advocates and opponents of the bond issue. It was generally believed that the side that won the municipal election would win the school bond election, and this prediction was fulfilled, it is said, as the city officials elected were generally regarded as opponents of the school bonds.

The bond issue would tax each \$100 worth of property as much as 40 cents for school improvements. The rate could not be higher than 40 cents. It was planned to use the money for bigger school buildings and more equipment, according to advocates of the bonds.

PRISON BOARD TO MEET.

Governor Morrison Notifies Board to Meet in His Office Thursday.

Raleigh May 15.—Governor Morrison tonight notified members of the state prison board to meet in his office Thursday afternoon at 2 o'clock at which time it is expected that material modification of the prison board's position in investigation of the institution will be made both by the board and by the Governor.

Chairman Leick's letter a century ago indicating his satisfaction with commissioner Kate Burr Johnson's investigation and even welcoming such an inquiry, is discussed whether there is any such now or not. At any rate, the prison board is not going to meet early.

What Governor Morrison has in mind to make an ideal prison he has refused to say, but it has been known a while here that he has asked the attorney general to find if possible some way by which the warden's present duties of electrifying may be taken from that office so that the mender of broken lives will not be the same man who ends them. Whether there is any law by which these functions can be divided, the attorney general apparently has not said, but this is believed to be one of the things which his excellency has in mind.

Sanatorium Probe to Be Expedited.

Raleigh, May 15.—With the re-summation of the legislative committee's investigation of Superintendent L. B. McBrayer's conduct of the state sanatorium, the committee this afternoon served notice on counsel for the complainants and for Dr. McBrayer that it proposes to expediate the matter with all speed. The announcement of the committee followed a session broken into by failure of witnesses to appear and was accompanied by adjournment until Wednesday morning at 9 o'clock.

MRS. J. M. CRUZE

Are You a Mother?

Health is Most Important to You
Knoxville, Tenn.—"I was suffering with backache, headache, dizzy spells, and bearing pains at intervals. Three bottles of Dr. Pierce's Favorite Prescription gave me such great relief that I continued its use off and on. I do believe I could not have gotten through and raised my children as I did without the help of the Favorite Prescription. It always built me up and gave me strength and encouragement. I have, at every opportunity, recommended it as I am doing in this statement."—Mrs. J. M. Cruze, 962 1/2 Broadway.
Your health is most important to you. It's easily improved. Start at once with the "Prescription" and see how quickly you pick up—feel stronger and better. Write Dr. Pierce, President Invalids' Hotel in Buffalo, N. Y., for free medical advice, or send 10c for trial package tablets.

TALKED LIKE A DUTCH UNCLE.

"My father is a physician and, naturally, I was opposed to all patent medicines. So when a friend told me to try May's Wonderful Remedy for my stomach trouble, I laughed at him. Some months later, after my father told me he had used all known remedies in my case, I met my friend again and he talked to me like a Dutch uncle and finally induced me to try it. All my symptoms have now disappeared." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including dyspepsia. One dose will copyline or money refunded. Given Drug Store and drugists everywhere.

EXPLOSION IN GRENDDEL MILL.

Two Negroes Are Believed to Have Been Killed.—Two White Men Seriously Injured.

Greenwood, S. C., May 15.—Two negroes are believed to have been killed, two white men are seriously injured and a number suffered minor injuries in a boiler explosion which wrecked the boiler and engine room of Grendel mill, number one, here tonight. Ben Riley, negro fireman, and an unknown negro stoker, are the two men supposed to have been killed. John F. Faulkner, night engineer, and Charley Shirley, master mechanic and night machinist, are both in a local hospital with their legs broken and suffering from cuts on their heads and bodies. Their injuries are not believed to be fatal.

The explosion occurred between 8 and 9 o'clock. Master Mechanic Shirley was able to talk after being carried to the hospital and asserted that the boilers were being overhauled and new walls built around them, but he could not tell what was the cause of the explosion. The entire plant of Grendel mills, number one, was plunged in darkness when the explosion occurred. Practically every window in the mill was broken and nearly every electric light globe was smashed by the concussion. The force of the explosion was felt throughout the city and many believed that an earthquake had occurred.

The extent of the damage could not be ascertained late tonight. Firemen were working in the darkness trying to find bodies in the demolished boiler room. Seven boilers were situated in the boiler room, but only five were in operation tonight, mechanics said. How many exploded is not known. T. W. Bearden, an employe in the weave room of the mill, was badly cut when a window was blown out, striking him on the arm.
Grendel mill, number one, is one of the largest mills here. J. P. Abney is president.

WOMAN IS KILLED BY WOULD-BE RESCUERS

Racing After Abductors Officers Aim at Fleeing Man and Shoot His Victim.

Pinebluff, Ark., May 15.—Mrs. J. K. Snow of Eldorado was killed by officers who were shooting at two men who had abducted her Friday night according to Sheriff Burkes, of Drew county.
Mr. and Mrs. Snow had left Eldorado by automobile to return to Mr. Snow's home in Cincinnati, Ohio. Their automobile was stalled in Moro bay bottoms, near Eldorado, when the two men came up in their car and suggested that they take Mrs. Snow to Warren and send back a mechanic. Meanwhile Snow repaired his car and drove to Warren but could not find any trace of the others.

Late Saturday night, the two men, with Mrs. Snow presumably gagged in the automobile, stopped in Monticello to buy gasoline. They refused to pay for it and Marshals Raterree and Price were called. The men sped away, the officers firing one shot after the automobile. This shot, it was later discovered, killed one of the men, whose name is not known.

The officers took up the chase and overtook the automobile three miles from Monticello.
Mrs. Snow, it is said, ran towards the officers and when the alleged abductor attempted to escape, the officers fired at the woman, almost in safety, crumpled and fell from a bullet sent after the escaping man. She died almost instantly.

TOTAL SUBSCRIPTIONS OVER \$1,100,000.000

Treasury Makes Announcement in Regard to Offering of Bonds.

Washington, May 15.—Total subscriptions to the recent offerings of treasury four and three-quarters per cent bonds has gone well over \$1,100,000,000, and at the treasury it was said today that less than half of the combined cash exchange subscriptions would be accepted. The treasury expects to continue accepting offers of Victory notes as an exchange for the new bond which mature March 15, 1927, for a few days.

The exchange offerings aggregate slightly more than \$200,000,000 and all of these, it is understood will be accepted. The cash subscriptions, however, now closely approaching \$900,000,000, likely will be accepted only to the maximum of \$400,000,000 for which the treasury asked in its original announcement.

Another Cold Snap is Headed Eastward.

Washington, May 15.—Another cold snap is headed eastward, the weather bureau reported tonight, and is due to overspread the territory east of the Mississippi by tomorrow night.
The cold wave will follow a storm reported central over Illinois tonight which the weather bureau says will sweep east during the night and tomorrow. Clear skies but "considerably colder weather" will then prevail.

ITCHING ECZEMA DRIED RIGHT UP BY THIS SULPHUR
Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Menthol Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema, right up and leaves the skin clear and smooth.
It seldom fails to relieve the torment and discomfort. Sufferers from skin trouble should get a little jar of Menthol Sulphur from any good drug store and use it like a cold cream.
