### "PASTIME REVUE" A SHOW OF MERIT

This company has gained a reputation of having a fast, clean and peppy show. They will present comedies that are built for laughing purposes only. It is a melodic pageant of youth, beauty and pretty girls. The opening program is a farce comedy entitled

### "A MARRIED BACHELOR"

The funniest, fastest, cleanest, musical comedy of the season. A lively rollicking musical play with not a single dull moment. This comedy is intermixed with songs, dances and specialties.

The chief funmaker is Alex Saunders and to witness the antics of this little fellow is to laugh. He also entertains during the evening with popular parodies. He is ably assisted by Ed Meekan, Buddy Wood, Miss Gallimore, Miss Pauline Glenmar, and a pretty chorus. This show is a joy to see, a treat to hear, a surprise worth while, and a laugh all the time.

Special Matinee Saturday 3:30. Admission 10c and 25c  
One Lady Admitted Free With Each Paid Admitted Free  
With Each Paid Admission Monday Night  
Two Shows on Monday and Saturday Night With Usual  
Run of Pictures.  
Admission: Adults 35c; Children 10c; Extra Seats 10c

**Six Year Old Boy Kills Two Big Snakes.**  
Lee, six-year-old son of Mr. and Mrs. C. E. Hopkins, of No. 11 township, had a fight with two black snakes this week. The child killed both of the snakes, the first measuring seven feet and two inches and the second five feet and ten inches. The parents saw the child throwing stones, but not believing that he was fighting snakes they did not go to his assistance until he had killed the big- gest snake and had almost killed the other one.

Two young Chinese women are tak- ing a course in practical banking and finance at the University of California with the intention of returning to China and endeavoring to reform the antiquated banking system of that coun- try.

## MEN PLAN TO SAVE PEOPLE NATIONAL BANK

**Influential Business Men Working Out Details of Plan to Guarantee Deposits.**  
Salisbury Post, June 14.  
A number of influential citizens of Salisbury have been working out a plan to take over the affairs of the Peoples National Bank and guarantee payment of deposits.

Details of the plan were not given out but carried out it will mean the organization of a state bank to take over the affairs of the Peoples bank. The movement is backed largely by those with deposits in the closed bank, but there are a number of men not directly interested in the Peoples bank who are backing the movement finan- cially.

A committee representing the group are today going over the affairs of the Peoples bank and will report back to those they represent tonight.

After hearing this report final plans will be worked out and the co-operation of other depositors of the present bank consulted.

By the bank being taken over by some group, the expense connected with liquidation will not be added to the liabilities.

At the bank this morning W. P. Folger, assistant national bank ex- aminer, indicated that such a move was underway. He had nothing to say in connection with the plan, but referred to men working on the plan.

The men connected with the plan are very enthusiastic and expect to have the details of their plan worked out within a few days. It is understood that there are 25 or more men interested in the plan.

The following quotation is the gist of what one of the men who attended the meeting held last night said this afternoon:  
"The citizens of Salisbury and Rowan county have about decided that they are able to take care of their financial difficulties without the assistance of others. A plan will be worked out whereby the affairs of the Peoples National Bank will be taken over by a new bank without a cent's loss to the present depositors of the Peoples bank. This was the determination of a well attended meeting of home folks held last night, when plans were set on foot which it is believed are going to work out in the taking care of an in- terested. The meeting was characterized by the spirit of 'where there is a will, there is a way' and indications point to the finding of that way."

## OIL PACES AUTOMOBILE

"Oil Has Kept Pace With the Auto- mobile" declares H. M. Pennington.

Despite the tremendous growth of the automobile industry, and its enormous increasing output annually, the oil in- dustry has kept abreast of it.  
"To maintain the unanimous popular- ity of the motor car; to generate the demand for it; and to render the neces- sary service, oilmen have scoured the world for new fields; invested millions in refining and transportation facilities; and literally dotted the country with service stations to render the motorist every convenience.  
"In the last fifteen years, the produc- tion of crude oil has increased from 126,000,000 barrels, valued at less than 100,000,000 to a production of 551,000,000 barrels or a total of 680,000,000 barrels valued at more than \$1,000,000,000.  
"Today, in transportation facilities alone, the oil industry has more invest- ment than it had in the entire in- dustry fifteen years ago. More refinery capacity was built in 1921 than there were in the entire country in 1906.  
"There are some 12,000,000 automo- biles in the United States at present with a manufacturing schedule of 3,500,000 to be added next year. Had there only been 3,500,000 cars in existence in 1906, they would have been in the garage the greater part of each week, because of the inability of the refineries to produce the necessary oil and gasoline.  
"Not so now. The oil industry has kept right on the progress road with the automobile. Greater automobile produc- tion is encouraged, for the oil indus- try is fully capable of rendering ade- quate service."

## Summer School Starts Here Next Month

Final plans are being made now for the Cabarrus County summer school for white school teachers. The school will open on Wednesday, July 11th, and continue for six weeks.

The instructors for the school will be Miss Lois Workman, of Burlington, and Miss Elizabeth Campell, of New Bern.

Miss Workman is a graduate of North Carolina College for Women and during the past year was in charge of the teacher training department of the Shelby High School. She has had ex- tended experience in summer school work.

Miss Campbell was formerly superin- tendent of school for Craven County and last year was teacher in the normal department in the college at Valdesia, Ga. She has had summer school ex- perience for several years.

The school gives promise of being one of the most successful ever held in this county.

**New Schedule Swimming Pool Hours at the Y. M. C. A.**  
Grade boys—Monday, Wednesday, Friday, 3-4. Saturday 5-6.

Water in pool changed and tank cleaned twice a week—Monday and Thursday morning. Boys not required to wear bathing suits.

## DEFECTIVE BRAKES CAUSE MANY ACCIDENTS

**A Car Is Only as Safe As Its Brakes.— See That Brake Lining Is All Right.**  
It really isn't safe to try to cross in front of a railway train just for the fun of feeling the last car brush the dust off your coat tails. The automobilist, how- ever, is sometimes forced into this position against his will. It so happened to Martin Anderson, of New York City, N. Y., the other day. It wasn't exactly Martin's desire to flirt with death in this unseasonal way, but he couldn't help it. His wife was driving the car. His wife blames the brakes.

"Defective brakes nearly cost the lives of three people," says The Mes- senger of Haverstray, N. Y., "when a touring car driven by Mrs. Martin An- derson broke through the railway gates on Main street and beat the 2:20 train past the crossing by only about 40 feet. Mrs. Anderson was driving the car with her husband and a friend in the town- ship. When she reached the grade crossing she applied the brakes but the car never hesitated. It kept right on going, breaking through the gates just a few seconds ahead of a train that was rushing into the Haverstray station." The reporter does not state how Martin

Anderson escaped.

## NOTICE TO PROPERTY OWNERS.

Notice is hereby given that the local improvements, viz.: the paving with cement and asphalt the following streets, viz.:

- 1 Houston street from St. George to American Avenue
- 2 Vance and Marsh streets between Meadow and Marsh and between Vance and Church streets
- 3 West Marsh at Parkway from N. Spring to Beech street
- 4 Barrow street from N. Church street to N. Union street
- 5 Middle East Marsy street from N. Church street to North Union
- 6 Misenheimer Avenue from Kerr to North Carolina Railroad
- 7 Tournament street from Chestnut to South end of Theo Asbury's lot and High street
- 8 Beech street from Marsh street to Franklin Avenue
- 9 Cedar, Duval and N. Crowell, between Switch lines of Southern Rail- road, Franklin Avenue and Cedar some bridge on Beech street, and North Crow- ell street from Franklin Avenue to Cedar street
- 10 Lower Loan street from N. Church to eastern property lines of Martin Ver- burg and A. Viola
- 11 Upper Loan street from N. Union to N. Church
- 12 Reed street from E. Depot to North edge of Washington street
- 13 Meadow street from N. Church street to and including all of R. L. Bur- rage's property to barn
- 14 St. George street from Pearl and Simpson to Branch on St. George street
- 15 St. Charles street from N. Church street to Liberty street
- 16 Broad street from S. Spring street to Tribune street

- 18 Harris street from McGill street to corporate limits
- 19 Academy street from N. Union street to Kerr street
- 20 Vance street from Meadow street to American Avenue
- 21 East Depot street from asphalt to East side of LaFayette street

has been computed and the total cost thereof computed and assessed against the abutting property owners, and said assessment roll has been deposited in the office of the Clerk of the City of Concord for inspection by the parties interested, and that the Board of Alder- men of City of Concord will sit on the 5th day of July, 1923 between the hours of 8 p. m. and 8:30 p. m. in the City Hall, for the purpose of hearing any al- legations and objections in respect of the special assessment against the owners of property abutting on said streets improved.

GEO. H. RICHMOND,  
Clerk.  
This June 9, 1923.  
9-15-22-20.

felt, and his friend, or what they said. A car is only as safe as its brakes, and the brakes are only as safe as the brake lining.

Unless you are a close observer practi- cally all brake linings will look alike to you. Buy brake lining by name. Be satisfied with nothing less than a lining made of the finest quality long-fibre Can- adian Asbestor. Shoddy Asbestor lin- ing isn't much better than all-cotton lin- ing. The Russell Manufacturing Com- pany, of Middletown, Conn., makes a Crystole long-fibre asbestos lining under the name of "Ruseo," that not only mea- sures up to the above requirements, but has passed the tests prescribed by the United States Government's Bureau of Standards and approved for purchase for the War Department. Inspect your brake for safety's sake; its better to be sure than sorry; and don't draw lots for death with a railway train.

## Gets Prizes for All Twins.

Chester, Pa., June 14.—In awarding prizes today in the child health center shows in this city, the judges discovered that Mrs. Duzinski had given birth to two sets of twins within three years. Her babies were awarded the prizes for twins three months old and those not more than three years of age.

## Wants to Form New Cabinet.

Brussels, June 15 (By the Associated Press).—King Albert today summoned M. Theunis, whose cabinet resigned last evening, regarding the formation of a new ministry.

## Beat Child and Gets a Year.

Charlotte, June 14.—One year on the county roads was the sentence Thurs- day morning in the Mecklenburg Super- ior court upon Roy Humphrey, Seversville mechanic, who severely beat his eight-year-old daughter, Elizabeth.

The aborigines of Austral are said to differ in several important respects from every other race of people on the earth.

## USE SULPHUR TO HEAL YOUR SKIN

Broken Out Skin and Itching Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying prop- erties, nothing has ever been found to take the place of this sulphur prepara- tion. The moment you apply it heal- ing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up.

Get a small jar of Rowles Mentho- Sulphur from any good druggist and use it like cold cream.

**Klinton Klineave Burns But No Night- shirts Are Harmed.**  
Kinston, June 14.—Reports were cur- rent today that angels in disguise were heaven losers in Tuesday night's fire in the business district here which wiped out several large establishments. The Ku Klux Klan had its quarters in the Heritage street building ruined by the blaze. Investigation has pretty well established the fact that the klansmen didn't lose 400 pieces of linen and a fiery cross as reported, however. The poor klan didn't own a thing in the world so far as newspaper inquires could determine. The organization hadn't received its pillow slips and robes.

The singular punishment for bigamy in Hungary is to compel the man to live with both of his wives in one house.

If a human being continued to grow at the same rate as he does in his first year he would be 68 feet tall at the age of 10.

**DO YOU WONDER?**  
Asks This Lady, "That I'm a Believer in Cardui?"—Had Been So Weak She Had to Go to Bed.

Osawatimie, Kans.—Mrs. E. E. Kesst, formerly of Illinois, residing there, says: "I moved to this state eleven years ago, and I had good health for a long while; and then some year or so ago I had a bad sick spell. . . .  
"I got so weak I couldn't go, I couldn't stand on my feet at all. I had to go to bed. I suffered a great deal. I was so nervous I felt I couldn't live. I tried medicines, and everything had the best of attention, yet I wasn't able to get up. I lay for three months, not able to do anything.  
"My husband is a bill poster and has circulars distributed. One day there chance to be a Ladies Birthday Almanac among his circulars. I read it, and told some of the family to get me a bottle of Cardui. . . .  
"I quit all other medicines and took it (Cardui) faithfully, and two weeks from the time I felt I couldn't live I was out of bed—better than for months.  
"I kept it up and continued to improve until I was a well woman.  
"Do you wonder that I am a believer in Cardui? I certainly am. And I am sure there is no better tonic made for women than Cardui." NC-151

### PARK AVENUE HOTEL

GEORGE C. BROWN, Proprietor

9:29AM 9:30AM 9:35AM

## Ever Hear of Stale Gas?

Folks don't buy a thousand cubic feet of gas and then have to throw away part of it because it's wilted or old.

GAS IS MADE AND DELIVERED AS NEEDED AND USED. There are no "left overs" or stale portions. The meter, at your command, measures out the quantity you want—no more.

Gas service is a waste-defying service—clean, dependable, efficient.

That's one reason why it is so small a part of our living expense. Compared with other essentials, its cost is only a fraction of its real value.

If it's done with heat you can do it Better with GAS.

# Concord & Kannapolis Gas Co.
