INDUSTRIAL BOARD OPPOSED TO BONUS AS "UNFAIR BURDEN"

Report Made Public by the National Industrial Conference Board. New York, Aug. 20.—Opposition to the proposed bonus for World War veterans, on the grounds that it is economically unsound and would impose an unfair burden on taxpayers, is expressed in a report just made public by the National Industrial Conference Board.

The report is the outcome of researches conducted in anticipation of re-introduction of the bonus bills in Congress in December.

"The principle of granting special compensation to special social groups for losses or sacrifices incurred in a common emergency," says the report, "is unwise and anti-social, and fraught with dangerous possibilities."

The findings were reached after consideration of data obtained from the American Legion, the United States Treasury, and other authoritative sources. "The proposal," the report continues, "cannot be justified on grounds of equity and fairness to the veterans or to the general population, while it would lay upon the country a financial burden which would adversely affect the interests of the nation as well as of the veterans, and might tend to hamper the nation's necessary efforts in behalf of the incapacitated veterans at present and the needy and aged veterans of the future."

The report estimates the probable cost of the bonus at \$4,000,000, and adds that the proposal "wholly ignores" the \$350,000,000 already received by some veterans in State bonuses.

"Direct comparison between service men and civilians is false," it asserts, "because the factors on which such a comparison must be made cannot be evaluated in economic terms. They were an inevitable consequence of war and were the result of the chance of selection for service. Those at home were equally subject to this chance by virtue of the selective draft."

Reviewing the argument that the bonus is an economic need, the investigators hold that on this grounds other classes

whose earnings did not equal war-time living costs would be equally justified in asking adjusted compensation.

SOUTH'S MILL INCREASE

New England Likely to Lose Place as Chief Textile Center. New York, Aug. 20.—Possibility that New England will be displaced from first position as a center of cotton textile manufacturing and that the South will assume leadership in this phase of manufacturing activity, is suggested by the New York Trust Company in its monthly publication, issued Saturday.

"The United States census shows that in 1919 there were 132 cotton manufacturing establishments in Georgia employing 38,283 operatives, a gain of sixteen establishments and 10,000 operatives over 1909," says the publication.

"In North Carolina the factories increased from 281 to 311 and the number of employees increased by 20,000. Recent specific examples probably indicate that expansion of the industry since the 1919 report has been proceeding at an even more rapid rate."

"Supporters of the made in the South cotton campaign point to many compelling reasons for location of mills close to the cotton fields. Among these reasons is the more favorable situation with respect to labor. It is contended that Southern mills can be manned with all-American workers possessing intelligence and not imbued with the radical views prevalent among the foreign born operatives who constitute a large portion of the workers in New England's cotton mills. The presumption is that removal of New England enterprises to the South would not involve the transplanting there of New England's mill operatives, and on that point the South appears to hold positive and hostile opinion."

What's an Abecedarian? This was a machine constructed by William S. Jevons and described by him in his "Principles of Science." It designed, by using symbolic terms, to perform analytic reasoning without making a mistake.

THE NEW CATAWBA COLLEGE

Mr. Editor: Can any Reformed member in North Carolina afford not to stand by the movement to get a new Catawba College in Salisbury? Do we want the Reformed Church to die in North Carolina? Or do we want the Reformed Church in North Carolina to live? If our forefathers fifty years ago thought we needed a Catawba College, do you think there is still a need for the grand old institution? Some one said the other day, "Let Catawba College die and the Reformed Church in North Carolina will die by degrees, not in a year, not in two years, but gradually we would get smaller and weaker, until we would be swallowed up by some other denomination." Did our forefathers make sacrifices for the college? Of course they did; more than we will be asked to make.

Why did we decide to move from Newton to Salisbury? To answer briefly we were practically in bankruptcy. In the move to Salisbury we got a new building that has never been used and 43 acres of land. We get more in the center of the Reformed Church in North Carolina. We will be surrounded by five counties that do not have an "A" grade college. Salisbury offers us property worth \$200,000 for a little over \$40,000. Many other institutions of learning have changed locations in times past when it was thought to be for the best interest of the institution. I could name Trinity Methodist, Franklin and Marshall, Ursinus School of Theology.

Catawba College has meant much to us. She has furnished 65 ministers of the Gospel to our Reformed Church. Besides we have graduated many ministers for other denominations as well as scores and hundreds of other young men and women who have gone out to fill very responsible vocations in life. Here a college which has served the denomination well in its capacity as a missionary institution, training young men and women for service in the world. If by moving the school we can do better, and win more students, and get more recognition and new life in the work, who will hesitate to say "I wish the new college God-speed." Every one should be quick to say "Let's go forward."

What is the plan by which we hope to put this new Catawba College on a firm basis? We have made a small payment on the new building at Salisbury in order to hold it and bind the trade until October 1st, then we hope to take over the property by making full payment. The plan is to raise a sum of \$400,000 as an endowment in order to make it a full "A" grade college. This is the plan: \$150,000 in North Carolina Classis outside of Salisbury; \$50,000 in Salisbury, and \$200,000 among the Reformed churches of the North and West.

The campaign in the North Carolina Classis for \$150,000 is beginning now and will continue for six weeks, so that by the last Sunday in September we will have every dollar of the \$150,000 for the Classis subscribed. Every man and woman will be given a chance to do his or her part. "Boost—don't knock." This is a Christian college. "Treat all College was founded many years ago, and dedicated to a high and holy purpose. With the new buildings that we hope to see go up, and with heads erect and hearts true, we hope to see the new Catawba College ready for the tasks which the new day will bring to her.

Now is your time. Every minister should preach Catawba College from the pulpit. Every man and woman should be planning how to give his largest possible gift to this worthy cause. It is the proud hope of this college that it can take boys and girls from our homes, train them for Christian leadership, and turn them back to their own fields for leadership in their church and state.

SHUFORD PEELER.

TODAY'S EVENTS

Monday, August 20, 1923. Centenary of the death of Marcus Bozaris, the famous Greek patriot. One hundred years ago today died Pius VII, the pontiff who was deprived of his throne and held prisoner by Napoleon.

The tri-tennary celebration of the settlement of New Hampshire is to be featured with a great naval demonstration at Portsmouth today.

Sessions of the seventeenth international congress of the World League Against Alcoholism will get under way at Copenhagen today.

Eminent mining engineers of several countries will gather in Toronto today to take part in the 128th meeting of the American Institute of Mining and Metallurgical Engineers.

International relations, "from the Christian point of view," will be discussed at a conference to be opened at Chautauque, N. Y., today under the auspices of the commission on International Justice and Good Will of the Federal Council of Churches.

Lieutenant Governor Says Politics Behind Indictment. Asheville, Aug. 18.—Lieut. Governor W. B. Cooper, of Wilmington, held under bond in connection with a National bank failure there, in a telegram to The Asheville Citizen this afternoon, denies that he accepted a worthless note for \$13,000 as charged in the warrant and intimates strongly that politics is behind the most recent move in the bank affair.

The note in question, Mr. Cooper says, was accepted by another official of the bank who has not been arrested and so far as Mr. Cooper knows for whom no warrant has been drawn.

Members of the board of directors approved the note, and Mr. Cooper, the chairman, supported the other members in this as "there was nothing else to do," he said.

Baby Drops 25 Feet Into River; Kicks, Floats and is Saved. Chippewa Falls, Wis., Aug. 19.—Plunging from a railroad bridge here to the Chippewa River, 25 feet below, Marilyn Jean Anderson, 3 1/2 months old, kept herself afloat by employing bathtub kicking tactics and gurgled with delight when finally she was rescued uninjured.

Mrs. Earl Anderson, her mother, became faint as she was carrying Marilyn across the bridge late Friday and the baby slipped from her arms, dropping into the river 100 feet from shore.

Forest Lands. In the United States there are five acres of forest land to every person. In Norway there are seven and in Sweden there are nine.

Agriculture First. If we estimate dignity by immediate usefulness, agriculture is undoubtedly the first and noblest science.—Doctor Johnson.

GREAT INTEREST IN MADE-IN-CAROLINAS EXPOSITION

Thousands of Visitors Expected During the Weeks of September 24-October 6. Charlotte, N. C., Aug. 20.—To interest Charlotteans in Made In Carolinas Exposition, to arrange for the entertainment of the thousands of visitors expected here during the two weeks of September 24—October 6, and to act as a steering committee for the civic bodies of Charlotte in the participation in the events of the Exposition period, a large and representative committee was appointed today at a joint meeting of the board of directors of the Chamber of Commerce and the Made In Carolinas Exposition company, and the representatives of the several civic bodies here. This committee is composed of Paul Whitlock, of the Rotary club; J. M. Clark of the Kiwanis; S. A. Van Avery of the Civitan; O. J. Thies of the Lions; R. M. Pound of the Merchants Association; Victor Shaw of the American Legion; J. P. Harris of the Automobile Association; Guy A. Myers of the Chamber of Commerce; Rev. Dr. Luther Little of the Ministerial Association; Dr. J. P. Matheson of the Medical Society; Mrs. Jeanette Fridley of the Business and Professional Women's club; and Mrs. W. T. Shore of the Woman's club.

The committee meets Monday afternoon at four o'clock at the Chamber of Commerce to go over plans for the entire supervision of the reception of visitors; for providing for three minute speakers in the Charlotte plant of the Exposition; automobile tours of towns within a radius of fifty miles of Charlotte; and any other means whereby interest in the big Exposition may be increased among Charlotteans. Sub committees will be appointed by this general steering committee.

The greatest amount of enthusiasm was manifested by those who attended today's luncheon meeting, stirring talks being made by Clarence Kuester, executive secretary of the Chamber of Commerce, Guy A. Myers, R. M. Pound, E. R. Preston, John L. Dabbs, president of the Made In Carolinas Exposition company, Joe Garibaldi, Dr. Luther Little, and others. It was fully determined at the meeting that Charlotte would show the greatest amount of interest in this fall's Exposition the city has shown in any of the other three being made by the steering committee appointed today will be to bring forcefully before the people of Charlotte and surrounding territory that the Made In Carolinas Exposition, happening at Charlotte, is one of the city's greatest assets. The entertainment of visitors to the Exposition will be better taken care of this year than ever before, it was promised.

MACON'S FIRST ALLEGED GANG OF KIDNAPPERS ARE CAPTURED. Three Hudson Brothers Caught Trying to Beat Negro—Carried Masks and a Gag. Macon, Ga., Aug. 19.—The first gang of alleged kidnapers and floggers which have been terrorizing Macon for the last six months, was captured here tonight by sheriff's officers. Three white men, brothers, S. B. Hudson, C. F. Hudson, and J. C. Hudson, were taken to jail tonight after they had been captured, officers said, while in the act of flogging two negroes.

The capture of the trio is said to be due to the daring work of a negro, Emory Roberts, whom the gang tried to pull from an automobile for the purpose of whipping. Another negro was whipped by the same gang a few minutes before, it was stated.

When one of the men jumped on to the main board of the negro's automobile and commanded him to stop, the negro stepped on the gas and left the two brothers at the roadside. The white man in the car whistled for his two brothers to join him, but before they could do so the big automobile was plunged into an embankment.

Persons passing the scene in other cars phoned the sheriff's office and immediately 20 men were rushing to the scene in automobiles and motorcycles. The whole city and county anti-flogging squad was on the way.

Three miles from the city the sheriff's force claim to have come upon the members of the gang, struggling with the negro. Farther back on the same road was an untaxed seven-passenger automobile, which the brothers were said to have used. Still further back was a coupe which also is said to have been used by the same gang.

There may have been others in the whipping party. The authorities are still investigating.

REBUILDING 2,000 CARS IN SOUTHERN SHOPS

The Cars Had Been Set Aside For Retirement.—To Have Steel Underframes. Birmingham, Ala., Aug. 20.—Two thousand rebuilt box cars with steel underframes will be turned out of the Southern Railway System shops during the next few months. The underframes will be fabricated in Birmingham by the Virginia Bridge & Iron Company and the work of applying them and of rebuilding the cars will be done in the Southern's own shops throughout the South.

The cars to be rebuilt are of all-wood construction and had been set aside for retirement. Their return to service as modern steel underframe cars, equal in every respect to new cars, and suitable for handling any loading, will mean a substantial addition to the Southern's freight carrying equipment.

The rebuilt cars will be in addition to 9,000 new box cars, purchased by the Southern during 1922 and 1923, of which over 6,000 are already in service and the remainder are contracted for delivery in time for the movement of fall business. The Southern will also soon receive 60 locomotives, 4,800 coal cars and 200 stock cars which were purchased in the spring.

Facies in Profile.

According to history the first profile taken was that of Antigonous, who was thus portrayed because he had only one eye. Most of the Roman emperors were also thus pictured.

Reports Klan is Crumbling. Atlanta, Ga., Aug. 18.—William J. Simmons, Emperor of the Ku Klux Klan, telegraphed today to Edward Young Clarke, at Indianapolis an offer of "full and complete executive administrative authority over all matters pertaining to the Klan and the Kneelin' If Clarke would return to Atlanta and assume control of the two organizations, according to a story printed in The Atlanta Journal today.

The story said Simmons offered to Mr. Clarke the title of Sir Knight Supreme in the Knights of Kamelia.

Mr. Simmons issued a statement. The Journal said, in which he declared that "the development and progress of the Ku Klux Klan is stopped and disintegration is setting in throughout the entire bounds of the invisible empire, due to lack of leadership and want of constructive programs of activity."

He declared further, the story relates, that "men of largest influence have either become indifferent or have withdrawn from the order."

Clean Kidneys By Drinking Lots of Water

Take Salts to Flush Kidneys if Bladder Bothers or Back Hurts. Eating too much rich food may produce kidney trouble in some form, says a well-known authority, because the acids created excite the kidneys. Then they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of good water and also get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus often relieving bladder disorders.

Jad Salts can not injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders. By all means have your physician examine your kidneys at least twice a year.
