## HIGHWAY LAWS MADE PUBLIC BY STATE HIGHWAY COMMISSION

(Continued from Page One.)

same shall be protected by a proper light or lights on the same and no disabled vehicle shall be left standing on the highway for a longer period than ten (10) hours.

"Section 13. It shall be unlawful for the driver of any motor or other vehicle to bring the same to a standstill side by side on the roadway, nor shall any two cars be parked in a manner that will impede or otherwise interfere with traffic upon the highway or hinder or otherwise interfere with the maintenance thereof.

"Section 14. No advertising signs shall be erected on the highway or right of way thereof so as to obstruct the vision or otherwise increase the hazard and all signs shall be placed in a manner to be approved by the State highway commission.

"Section 15. No person shall remove, injure or tamper with any signs placed by the authorities of the State highway commission, or by any officer or agent acting under its direction, nor shall any person operate any vehicle over any highway or bridge which is lawfully closed for construction or repairs, and contrary to posted notices, whether the work thereon is being done by the State or by a contractor, unless permit to pass is expressly granted by some person in charge of the work.

"Section 16. The State highway commission may designate any portion of the State highway as a light traffic highway and restrict the weight carried thereon to such limit as it may deem proper, figuring on the basis of a given number of pounds per inch width of tire per wheel, or otherwise. Such roads shall be indicated by proper marks and it shall be unlawful, except by special written permission of the State highway commission to carry any greater weight upon the State highway so designated than that so prescribed and shown on the road signs.

"Section 17. No vehicle, engine, contrivance, or other object of whatever character shall be moved upon or over any highway or bridge upon wheels, rollers or otherwise in excess of the weights prescribed for said light traffic roads without first obtaining written permission from the State highway commission.

"Section 18. No motor or other vehicle having an overall width of more than ninety-six (96) inches shall be operated on the State highway, unless by special and written permission of the State highway commission.

"Section 19. No private drive or roadway shall be constructed to intersect any portion of the State highway unless adequate drainage shall be provided and in a manner to be approved by the State highway commission.

"It shall be unlawful for any person to use any part of the road as a turn-out, nor shall any person be permitted to plow within the right of way.

"Section 21. No fence or other object shall be erected on the right of way of the State highway in a manner that will interfere with the drainage or the maintenance thereof, nor in a manner tending to increase the hazard thereon.

"Section 22. No material of whatsoever kind shall be placed in the ditches paralleling the State highway and in a manner that will interfere with the drainage thereof, and no person shall divert or cause to be diverted, water into the road ditches and in a manner which may interfere with the drainage of the State highways or in a manner to cause damage thereto.

"Section 23. No railroad, tram road, or other road using rail of whatever character, shall construct a track across any portion of the State highway unless special permit is granted in writing by the chairman of the State highway commission.

"Section 24. Whoever operates a motor vehicle at the intersection of highways must keep to the right of the intersection of the center lines of the traveled part of such ways when turning to the left, except when traffic officers otherwise direct.

"Section 25. No cars or other vehicles shall be permitted to park on bridges or fills constituting any part of the State highway system.

"Section 26. No person shall drive through any school zone, or other danger zone, designated on the State highway, and at a greater rate of speed than that designated upon such zone signs.

"Section 27. No vehicle shall be driven at a greater rate of speed than ten (10) miles an hour while crossing any wooden or steel bridge or bridges where warning sign is displayed, having a greater span than twenty (20) feet.

"Section 28. All rural mail boxes shall be so placed as not to interfere with traffic or maintenance of the State highway.

"Section 29. Pedestrians walking on highway shall keep on the left hand side of the road.

"Any violation of the foregoing rules, regulations and ordinances, shall constitute a misdemeanor and be punishable as provided by state.

"Section 31. That the foregoing ordinances shall be in full force and effect from and after July 15, 1923.

"Duly read, approved and ratified this 30th day of June, 1923."

**Silver Offering to Be Taken.**

The admission to the concert by the class from the Old Fellows Home at Goldsboro, to be given in the Central Graded School Auditorium on Friday night, will be free, but a silver offering will be taken at the door, and perhaps a collection during the intermission. Heretofore members of Old Water Lodge, under whose auspices this concert is given, have sold tickets and have been very successful in raising money in this way, but this year it was decided to do away with selling tickets, make no admission charge, and take a free-will offering at the door. No one is limited in the amount he may contribute at the door, but it is hoped that nothing less than 25 cents, and any amount over this, will be given at the door. The cause is a most worthy one, and should appeal to Concord people. Aside from helping children get an education, and make good and useful citizens of them, you will be given an entertainment of the highest order.

## FOR CONSTIPATION

**Black-Draught Recommended by an Arkansas Farmer Who Has Used It, When Needed, for 25 Years.**

**Hatfield, Ark.—Mr. G. W. Parsons, a well-known farmer on Route 1, this place, says: "I keep Black-Draught in my home all the time. It is the best all-around medicine I have ever found for the liver and for constipation. We began using it 25 or more years ago and have used it whenever needed since. I have never found any other medicine as good for constipation, and that was what I suffered with till I began using Black-Draught. Black-Draught corrected this condition, and now we use it for the liver and for indigestion—a tight and sluggish feeling after meals, for bad taste in the mouth and sour stomach."**

**"My wife uses it for headache and biliousness. It sets on our shelf and we don't let it get out. It has been a great help to us. I believe a great deal of sickness is caused by hurried eating and constipation, and Black-Draught, if taken right, will correct this condition."**

**Get Hatfield's, the original and only genuine Black-Draught powdered liver medicine. Sold everywhere. NC-150**

## The New Hardware Store

Have you visited the hardware store? If not you are missing a treat. We have a new and up-to-date line of Hardware, a complete line of pocket cutlery, scissors and shears, tools, builders' hardware, house furnishings, bicycles, sporting goods, automobile tires and tubes, sole agents for Lowe Brothers paints and varnishes, a complete line of farm implements, repairs for Lynchburg, Oliver and Chattanooga points and repairs, and all kinds of lubricating oils and greases.

Quality Reigns Supreme at This Store.

## \$500,000 MOSQUE TO BUILD AT CHARLOTTE

Within 60 Days Construction Will Begin. Other Buildings Authorized in Charlotte. Charlotte, Aug. 22.—Within 60 days the construction of the \$400,000 Shrine mosque will begin. Charlotte has pledged over \$50,000 which will be raised to \$300,000. Eighty-five thousand dollars in cash and in property is held by the committee. The lot cost \$40,000. The contract for the new Woman's club was let yesterday at a cost of \$35,000, erection of building to begin September 1.

**Physical Culture For September.** Physical Culture for September is check-a-block with the kind of special articles and illustrations which have made this periodical so justly popular. "What Has Kept Rocketeer Alive?" "How to Wash Away Old Age," "I Had Flat Feet. Now I Can Dance," "The Woman Who Slept Her Soul," are just a few of the many vignettes on the table of contents. "When Food Poisons," by Bennett Macadden, packs valuable information within the compass of a page. This issue has an uncommon appeal to all lovers of the body beautiful.

## If Kidneys Act Bad Take Salts

Says Backache Often Means You Have Not Been Drinking Enough Water

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system, so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive, can not injure and makes a delightful, effervescent lithia-water drink. Drink lots of soft water. By all means have your physician examine your kidneys at least twice a year.

## 1924 Model Big-Six Again Leads in Intrinsic Value

THE STUDEBAKER BIG-SIX SEVEN-PASSENGER TOURING CAR \$1750

Many motorists who have always insisted on the best in everything they buy, have discarded their heavy, bulky, high-priced cars and have replaced them with the Studebaker Big-Six. And they report that, in every way, it represents precisely their conception of what a really fine motor car should be. They are enthusiastic over their all-round satisfaction with the Big-Six because of its dependability, surplus power, extreme comfort for seven passengers, the completeness of its equipment and its fine appearance.

The series 24 model—the finest Big-Six Studebaker ever built—presents a value unapproached by other cars at anywhere near the price. And its nominal cost of operation is a source of continual satisfaction.

Everything for which one can wish in motoring convenience, comfort and utility has been provided—even to an extra disc wheel complete with tire, tube and tire cover, handsome nickel-plated bumpers, front and rear; automatic gasoline signal mounted on instrument board, and many other features.

The low price of the Big-Six is due to large volume, the fact that Studebaker overhead is shared by three models, the manufacture of all vital parts in Studebaker plants and Studebaker's vast physical and financial resources.

After 71 years of service, the name Studebaker enjoys confidence and respect more than ever.
