

WILL MAKE INQUIRY CONCERNING NAVAL DISASTER SATURDAY

Rear Admiral Phatt Will Be Senior Member of Board Called to Make Official Inquiry of Accident.

23 MEMBERS OF SHIPS WERE LOST

And Accident is Recorded as Most Fatal Peace Time Accident in History of the United States Navy.

(By the Associated Press.) Santa Barbara, Cal., Sept. 11.—A board of inquiry with Rear Admiral Phatt as its senior member, is expected at the scene of the seven wrecked naval destroyers at Honda, 75 miles north of here, today to investigate the disaster which cost the lives of 23 enlisted men and set a record for peacetime naval disasters.

The death lists were placed at 23 last night with official announcement that 22 men were missing and one dead. The possibility that the unrecovered bodies have been swept out to sea was given added strength today when Lieut. Lee at the scene of the wreck, said he believed no bodies remained on the destroyer Young. It was thought the men were trapped below decks of the Young as she turned over in the wreck, but Lieut. Lee said all vessels were searched before deserted after the wreck.

Unofficial records show three bodies recovered near the wreck yesterday. It is believed the injured in the hospital will recover.

The inquiry will involve explanations from the captains of the vessels which went ashore.

ANGIER DUKE CREATED FAMILY TRUST FUND

Wife and He Agreed in Separating She and Two Children Should Have Million Dollars.

New York, Sept. 10.—More than two years before they were divorced Angier B. Duke, who was drowned early Labor day at Greenwich, Conn., and his former wife, Cordelia Biddle, executed a separation agreement under which a trust fund was established for the wife and two children, and in return all dower rights and alimony were released. The trust fund was reported to be about \$1,000,000.

The separation agreement first was made public today when a petition amplifying Saturday's will was filed in the surrogate's court. The agreement was dated July 28, 1919. The divorce was obtained October 14, 1921.

By the terms of the will, the petition estimated, Augier, Jr., 3, and Anthony Newton, 11, will be beneficiaries of \$125,000 trust estate. Mrs. Mary Duke Biddle, a sister, will receive \$200,000. The rest of the \$5,500,000 estate was bequeathed to public institutions and four executors.

COUPLE HAVE AMAZING ESCAPE IN JAP HORROR

Drop With Floor From Third Story of British Embassy.

Koke, Sept. 11.—Major R. E. Smith, attaché of the British Embassy, and his wife had the most amazing escape yet reported. When the first shock came they were sitting on the third floor of the Embassy, the floor of the room dropped with a crash, carrying them, still in a sitting position, with hands clasped across the table, down two stories. They landed in the same position, the furnishing in the room protecting them from the falling debris. They were not injured and are proceeding to Shanghai aboard the Empress of Canada.

CLUBS TO SUPPORT COOLIDGE ORGANIZED

"Coolidge For President" Clubs Have Been Organized Both in Chicago and St. Louis.

Chicago, Sept. 11.—Coolidge for President clubs have been formed in Chicago and St. Louis with the avowed purpose of obtaining the support for President at the next Republican convention, although President Coolidge in a letter to the Chicago club said he preferred the club to support his administration and contribute to its success.

Worst Hall Storm in 30 Years at Hickory.

Hickory, Sept. 10.—Hall, accompanied by a high wind and heavy rain, pelted this section violently late today, the center of the disturbance said to be the Catawba river, three north of town. In Hickory several lights were broken, lightning struck the fire alarm wires and the fire department was called out.

Persons living near the river said it was the worst wind and hail storm in 30 years. The damage is expected to be light because most crops have been made.

Hail stones fell here for 20 minutes. An unusually heavy rain also poured down.

An Unusual Service. Tomorrow (Wednesday) night, at Forest Hill Methodist Church Prof. G. G. Hagler, with headquarters at Asheville, will sing and play a hand-saw.

Mr. Hagler is said to be a most accomplished musician and has the unique distinction of handling the saw with appealing effect. Concord people generally are given a cordial invitation to be present. Service at 7:45 to 8:45.

THE TAX DISCOUNTS AND PENALTY PROVISIONS

Of the Machinery Act.—Interpretation Issued by Attorney General.

(By the Associated Press.) Raleigh, N. C., Sept. 11.—On the special request of Sheriff Harrison, of Wake county, but also for the benefit of county authorities throughout the State, an interpretation of that part of the Machinery Act of 1923, Section 81, Chapter 12, having reference to tax discount and penalty provisions, has been issued at the office of Attorney General James S. Manning.

If a formal resolution providing for penalties and discounts on taxes is not passed by the commissioners of any county, there shall be no tax penalties or discounts in that county for the year 1923, according to the interpretation.

Following is that section of the act referred to in the interpretation: "Unless the board of commissioners of any county shall deem it wise so to do, and shall by resolution duly passed at a regular or special called meeting of said board prescribe discounts and penalties for the payment or non-payment of taxes, then none shall be allowed or assessed. In the event a board of commissioners by resolution duly passed, as provided herein, provide for discounts and penalties, then such discounts and penalties shall not be in excess of the following, schedule, to-wit: A discount of one half of one per cent. per month upon all taxes paid in the months of October and November, and a penalty of one-half of one per cent. per month for the months of February, March and April: Provided, however, the penalty shall not exceed one and one-half per cent. Provided further, that if the commissioners shall pass a resolution providing for discounts and penalties, then such resolution shall not be repealed as to the taxes for the year referred to in said resolution."

Following is the interpretation issued at the attorney general's office: "The act itself does not fix any discount or penalty. It permits the boards of commissioners of the various counties at a regular or special called meeting of the said boards to prescribe discounts and penalties for the payment or non-payment of the taxes. The boards in acting may give a discount for the payment of taxes of one per cent. during the months of October and one-half per cent. for the month of November, and a penalty of one-half per cent. for the month of February, one per cent. for March and one and one-half per cent. for April for failure to pay taxes earlier. Beyond the month of April there is no penalty except the one and one-half per cent. The board may fix the discounts and penalties at this amount, but in their discretion may fix them at less than these figures, and if the boards do not act at all, there are to be no discounts and penalties in their particular counties for the year 1923."

"If the commissioners shall pass a resolution providing for discounts or penalties, then such resolutions shall not be repealed as to the taxes for the year referred to in said resolution."

THE COTTON MARKET

Reactionary Sentiment Which Developed Yesterday Was in Evidence Again Today.

(By the Associated Press.) New York, Sept. 11.—The reactionary sentiment which developed in the cotton market after the big advance of yesterday was in evidence again at the opening today. It was encouraged by the slightly easier showing of Liverpool and reports of favorable weather in the South, but after opening fairly steady at a decline of 11 to 18 points prices turned firmer on renewed buying.

Cotton futures opened steady. Oct. 27.00; Dec. 27.38; Jan. 27.03; March 27.05; May 27.07.

FEW GOOD PHOTOGRAPHS MADE OF THE SUN

Best Three Made by Prof. Worthington and Dr. Alfred E. Burton. (By the Associated Press.) Santa Barbara, Sept. 11 (By the Associated Press.)—The only successful photographs of the sun's corona made in Southern California during the eclipse of the sun yesterday are believed to be those by Prof. James Worthington, of London, and Dr. Alfred E. Burton, of the Massachusetts Institute of Technology.

To Leave Tomorrow on Trip to Canada. J. B. Sherrill, publisher of The Tribune, will leave tomorrow afternoon for New York and Canada. He will spend several days in New York, and on Monday, September 17th, in company with several hundred publishers from various parts of the country, he will be the guest of the International Paper Co., on a four days trip to Canada. The prime object of the trip will be to visit and inspect the new paper mill of the company at Three Rivers, Canada, which is said to be the last word in paper making. A visit will also be made to Montreal and Quebec, and a trip taken on the St. Lawrence River. The party will reach New York on the return trip on Thursday evening, September 20.

Should a spider be bitten in a limb and poison be present, the creature will often tear the limb off and throw it away, growing a new one to replace it.

KU KLUX ORDERED TO DISCARD MASKS AND ROBES IN FUTURE

Invisible Empire in Oklahoma Submits to the Edict of Governor Walton Against Masked Parades.

MASKS AND HOODS NO MORE IN PUBLIC

The Klan Decided to Bow to the Ultimatum Laid Down by Gov. Walton, but Not Without Protest.

(By the Associated Press.) Oklahoma City, Okla., Sept. 11.—The Invisible Empire has laid aside its invisibility in Oklahoma, submitting to the edict of Governor J. C. Walton, against masked parades and meetings.

All members of the Ku Klux Klan in the State have orders from the Grand Dragon of Oklahoma to discard their masks and hoods must no longer be worn in public.

The unmasking of the Klan left Gov. Walton in command of the field in his war on secret organizations, to which he attributes floggings and other outrages, but it was not without protest that the Klan officials decided to bow to his ultimatum.

Grand Dragon Jewett made a claim that only the governor's threat of martial law for communities in which the masked demonstrations were held led to the decision to discard the robes and masks in the future.

The Klan meeting near Bristow last night was the first to unmask. Basil H. Newton, of Atlanta, a national lecturer, delivered the principal address, declared Klansmen in Oklahoma would not resist the "czar" but would satisfy themselves with action in next election.

RIOT CASES CALLED IN COURT AT MACON

Former Governor Hardwick Was Among the Witnesses Whose Names Were Called.

(By the Associated Press.) Macon, Ga., Sept. 11 (By the Associated Press.)—The case of Dr. C. A. Yarborough, J. E. Bloodworth and J. D. Patrick, charged with rioting, were called for trial by Solicitor Roy W. Moore when they appeared at 10 a. m. today.

Former Governor Thos. W. Hardwick was among the witnesses whose names were called.

Dr. Yarborough, who has been accused of being the "whipping boss" of Macon, Bloodworth and Patrick, the latter a former deputy sheriff in municipal court, are charged in the case to be tried today with participating in the whipping of J. F. Mills, chiropractor, who since he was flogged twice during the year of 1922 has moved away from Macon. Mills was in court, however, when his name was called.

The names of 58 State witnesses were announced, including a dozen or more women reported to be relatives of flogged persons.

FOREIGNERS, DISASTER VICTIMS, WERE ROBBED AND MURDERED

Many Are Now penniless and Without Clothes in Japan. (By the Associated Press.) London, Sept. 11.—Refugees from Japan brought from Shanghai by Empress of Canada, confirm reports that foreign victims of the disaster were robbed and murdered, says a Shanghai dispatch to the Morning Post. All the survivors, many of whom were taken to hospitals, told poignant stories of their experiences. Many are penniless and without clothes.

Some of the foreign business concerns, says the correspondent, have decided against reopening their stores in Yokohama.

Five thousand tons of foodstuffs and medical supplies have been shipped from Shanghai to Kobe, together with 80 tons of frozen meats, representing Hong Kong's donation to the Japanese people. Two relief parties of doctors and nurses have gone to Tokio and Yokohama. It is reported that Kobe is overcrowded and is in danger of an epidemic there.

ASK FOR A DEEPWATER TIDE PORT AT SOUTHPORT

Presentation of Brief Before Commission in Raleigh Today. (By the Associated Press.) Raleigh, N. C., Sept. 11.—In a brief presented today, representatives of the Southport chamber of commerce made the recommendation that the state ship and water transportation commission ask for an issue of \$10,000,000 in bonds to construct a "deepwater tide port with adequate modern terminal facilities."

Presentation of the brief opened the adjourned meeting of the commission. The brief asks the commission to recommend to the Governor and Council of state for consideration of the General Assembly that a deepwater tide port be established at Southport and that the control of this port be vested in the state commission. The brief outlined in detail plans for the construction of the terminal facilities.

Grants Time Extension. (By the Associated Press.)

Washington, Sept. 11.—The Alabama Power Company today agreed to extend the time within which the government must determine whether it will sell to the power company its interests in the Gorgas unit and transmission line of the Muscle Shoals, Ala., properties.

Miss Lucile Albright, of Mt. Pleasant, left last Sunday for Mayodon, where she has a position in the city schools.

Cotton of twelve different colors grows in Peru.

CANNON MEMORIAL BUILDING

Prominent men and women from this and other States are here today for the dedication of the Cannon Memorial Building at the Jackson Training School this afternoon. The formal dedication will take place at 8 o'clock, and several hundred persons are expected to be present when the exercises begin.

At 12:30 o'clock all persons taking part in the program, in addition to a number of invited guests, were honorees at a dinner served at the school. The meal was prepared and served by cooks and students of the institution.

At 2 o'clock an inspection of the school campus and equipment was begun by a large number of visitors. The entire plant of the school was thrown open for this inspection, and the survey of the majority of those present, most of them never before having had an opportunity to get a "close-up" of the school and the manner in which it is operated.

Among the most prominent visitors expected in the city for the dedication are Governor Cameron Morrison, of North Carolina; Hon. David H. Blair, commissioner of internal revenue, and Mrs. Blair; and Hon. Clyde Hoey, former Congressman, of Shelby.

WORK STARTS ON MOFFATT TUNNEL THROUGH ROCKIES

Will Be Well Underway Before the Snow Flies. (By the Associated Press.) Denver, Sept. 11.—With the bonds financing the construction of the Moffatt tunnel through the Great Divide delivered to the New York buyers, the actual work on the big bore already has been started. Despite the fact that prospective bidders for the construction work were granted a delay in which to prepare their estimates, work at the tunnel site has not been postponed, according to the tunnel commission.

"The tunnel will be well underway before snow flies," President Robinson said. "Eighty men are employed, about 40 at each portal. The camp is nearing completion; a water system is being installed which will be adequate for all purposes, and a preliminary power plant is being set up. All of these works are to be taken over by the successful bidder, and will have saved him time in his start before winter sets in. After that the work can proceed without hindrance."

Electric power lines will be extended to both portals of the projected tunnel before October 155, instead of November 15th as planned originally. Mr. Robinson said. Duplicate lines which will carry current for 4,000 horsepower are being run so that there will be little likelihood of interruption of work from that source.

70,000 DEAD BODIES COUNTED IN TOKIO-YOKOHAMA SECTIONS

386,000 Houses Were Destroyed and 1,356,000 Persons Are Without Shelter. Washington, Sept. 10.—The dead counted by Japanese authorities up to September 7th numbered 47,000 in Tokio and 23,000 in Yokohama, the foreign office in Tokio reported tonight at the Japanese embassy here.

The message said 150 foreigners had been killed "so far as has been ascertained."

About 316,000 houses, or 71 per cent. of all, were destroyed in Tokio, while 70,000 of the 65,000 houses in Yokohama met a similar fate. Police estimate 1,356,000 persons homeless there, constituting 67 per cent. of the total population.

Five of the leading banks opened for business September 8th, the dispatch said, while the ministry of finance and the Bank of Japan were striving to re-establish the financial affairs of Tokio.

The foreign office building was reported partly destroyed but owing to the dispersion of communications not more than half of the staff was able to reach the office.

"Better efficiency in foreign communications will be attained within a few days," the message predicted.

NO DEMONSTRATION IN CORFU OVER AGREEMENT

People There Are Wondering When the Italians Will Leave the Island. Corfu, Sept. 11.—News that both Greece and Italy had accepted proposals by inter-allied council of ambassadors for settlement of the Greco-Italian dispute was received quietly here, and there was no demonstration among the Italian exiles.

The foreign office building was reported partly destroyed but owing to the dispersion of communications not more than half of the staff was able to reach the office.

"Better efficiency in foreign communications will be attained within a few days," the message predicted.

Firpo Stands to Clear \$100,000. Win or Lose.

New York, Sept. 11.—Pugilistic annals record no more meteoric rise to fame than that of Luis Angel Firpo, swarthy Argentine, who has climbed in eighteen months from obscurity to challenger for Jack Dempsey's title in a 15-round match at the Polo Grounds September 14th.

A year and a half ago, Firpo—crude, awkward and a third-rate in the heavyweight scale—got \$300 for his first bout in the United States. When he battles Dempsey he will reap a golden harvest of at least \$100,000, win or lose.

In the last six months alone Firpo has added more than \$150,000 to his bank account. He received \$10,000 for knocking out Bill Brennan, \$25,000 for disposing of Jack McManiffe II, and approximately \$80,000, his largest purse, for his victory over Jess Willard. In addition he has profited from exhibitions, motion picture rights and other ventures.

Louisville Newspaper Man Left Yokohama on Last Cars. Pekin, Sept. 10.—Bruce Haldeman, former publisher of the Louisville Courier-Journal, has reached Pekin from Japan accompanied by his wife and daughter and Willis Green, of Louisville. The party was on the last train leaving Yokohama before the earthquake and felt the shocks 100 miles westward. They saw signs of panic along the route the whole day. The shocks continued throughout the afternoon while the train made delayed progress to Kobe.

N. & W. Wants to Purchase Road.

Washington, Sept. 11.—The Norfolk & Western Railroad today asked the approval of the Interstate Commerce Commission for the purchase of Big Sandy and Cumberland Railroad for \$600,000. The property would be converted into a branch line.

FACTS ABOUT COUNTIES OF NORTH CAROLINA

Chart Shows Dates on Which All of the Counties Were First Formed. (By the Associated Press.)

Raleigh, N. C., Sept. 11.—T. Bryan Grimes, who for over 40 years was secretary of state for North Carolina, enjoyed a reputation in the capital city as being an industrious scholar and a man who contributed much to the historical records of North Carolina. Among his historical contributions was an illustrative chart showing the dates of establishment and origins of the 100 counties of the state.

The chart traces the growth of the counties by periods, the first period being between the years of 1683 and 1722, during which time Albemarle, Bath and Clarendon counties were established.

During the second period, which covers the years 1722 to 1729, ten new counties were born, all of them in the eastern section of the state and most of them on the coast. These counties were Pasquotank, Currituck, Perquimans, Chowan, Bertie, Tyrrell, Beaufort, Hyde, Carteret, Craven and New Hanover. Through the course of years these counties were subdivided.

Only one—Currituck—remained intact as long as a century. In 1870 this county gave birth to its first offspring, Dare county, which also is made up of parts of Tyrrell and Hyde counties.

Eight counties were formed between the years 1729 and 1750, these being Edgecombe in 1738; Bladen, in 1734; Anson, 1749; Onslow, 1734; Duplin, 1744; Granville, 1746 and Northampton, 1741. Northampton was a subdivision of Bertie county. Edgecombe and Johnston counties were subdivisions of Currituck county, while Granville was an early offspring of Edgecombe. Duplin, Onslow, Bladen and Anson were subdivisions of New Hanover county, an offspring of Clarendon, one of the three early colonies.

New Hanover produced more counties through its subdivisions, which themselves were subdivided, than any of the 10 counties in existence in 1729. First, Duplin, a subdivision of 1744, came Sampson county in 1784. Onslow was a direct offspring of New Hanover county in 1875. A part of Bladen went to make up Orange county in 1751. A single subdivision in 1786 was the birth of Robeson. Cumberland, another Bladen offspring, was born in 1754, giving birth to Moore county in 1784; Harnett in 1855; and with Robeson, Hoke in 1911. From Anson county and its subdivisions sprang Richmond in 1779; Stanly, 1851, Union in 1842; Mecklenburg in 1762; Cabarrus in 1792; Tryon, which was established in 1763, giving birth to Lincoln and Rutherford counties; Gaston, 1846; Catawba, 1842; Cleveland, 1841; Polk, 1855; Davidson, 1822; Davie, 1870; Warren, 1773; part of which went to make up Guilford in 1770; Burke, 1777; Iredell, 1788; Runcombe, 1791; Haywood, 1808; Macon, 1828; Cherokee, 1839; Clay, 1867; Graham, 1871; Swain, 1871; Jackson, 1850; Henderson, 1858; Transylvania, 1861; Madison, 1900; Yancey, 1842; Mitchell, 1861; Vance, 1833; Surry, 1770; Wilkes, 1777; Ashe, 1787; Stokes, 1780; Alleghany, 1850; Watauga, 1849; Alexander, 1846; Caldwell, 1841; Avery, 1911; Yadkin, 1840; Forsyth, 1848.

In 1779 Gates county was formed from parts of Perquimans, Chowan and Hertford counties, the latter of which was an offspring of Bertie.

Martin county was founded in 1770; Washington in 1769; Pitt, 1761; Pamlico, 1872; Jones, 1770; Halifax, 1758; Blaine, 1848 (later abolished); Franklin, 1770; Warren, 1773; Vance, 1881; Wilson, 1855; Durham, 1881; Lee, 1907; Alamance, 1848; Brunswick, 1764; Columbus, 1868; Orange, Chatham, 1770; Caswell, 1777; Person, 1791; Guilford, 1770; Wake, 1770; Rockingham, 1785; Randolph, 1779; Dobbs, 1758, (later abolished); Wayne, 1770; Glasgow, now Greene, 1749; and Lenoir, 1791.

If the earth really is getting hotter, it is the belief of some scientists that it is mysterious element radium is bringing about the uncomfortable state of affairs. Enough radium has now been found to enable the men of science to make a rough calculation of the total quantity in the world. The result of this calculation is to suggest that there is more radium than the world can deal with. Radium is giving out heat and energy all the time, and the world is losing heat all the time, and the radium is giving out more heat than the world is losing, so, according to the argument, the earth must be getting hotter.

By most ingenious device the new thermometer will only register changes that occur around the bulb, and those changes, if any, must arise in the earth itself. It will be no three-minute business, taking the earth's temperature; indeed it may be years before there is anything to show that it really is getting hotter.

By most ingenious device the new thermometer will only register changes that occur around the bulb, and those changes, if any, must arise in the earth itself. It will be no three-minute business, taking the earth's temperature; indeed it may be years before there is anything to show that it really is getting hotter.

NO RECORD IS FOUND AGAINST E. O. BURNETT

Man Confessed to Danville Police That He Committed Murder in Atlanta. (By the Associated Press.) Atlanta, Sept. 11.—No record of E. O. Burnett, held in Danville, Va., where he is said to have confessed to the murder of Charley Dorsey, Atlanta taxicab driver, has been found in Fulton Superior Court, and Solicitor General John A. Hoykin and his agents who have been working on the case since February 28th, 1921, today were investigating the alleged confession to determine whether to send officers to Virginia to return Burnett to this city.

FRENCH AND GERMANS ARE CONFERRING NOW

It is Understood That Reparations Is Subject.—No Details of Conference Made Public. Paris, Sept. 11 (By the Associated Press.)—Conversations which are taking place between the French Ambassador to Germany and Chancellor Stresemann in Berlin, are considered by the French government as leading toward a settlement of the reparations question, although it is stated that the chancellor has not yet made a definite offer, either respecting cessation of resistance in the Ruhr or what could be proposed afterward.

FIUME SOON WILL BE ANNEXED TO ITALY

Annexation Proclamation Expected to Be Issued by Premier Mussolini Soon. (By the Associated Press.) Paris, Sept. 11 (By the Associated Press.)—It is understood from information gathered in reliable sources that Premier Mussolini will proclaim the annexation of Fiume to Italy within a week, probably about September 15. The government of Gugo-Slavia is represented as being aware of Mussolini's intention and is intending to make no serious protest provided Porto Barras and Sussak, adjacent, are not directly affected.

Death of Miss Estelle Blackwelder.

Mr. H. M. Blackwelder of this city, has been notified of the death in Asheville Monday of his niece, Miss Estelle Blackwelder, who had been at Oteen for some time. A message to Mr. Blackwelder stated that Miss Blackwelder died Monday afternoon at 4 o'clock.

The message also stated that the body would arrive in Concord this afternoon on train No. 45. All funeral arrangements have been made, the message added, but they were not announced.

Miss Blackwelder is a daughter of Mrs. H. H. Blackwelder, of this county. She had been at Oteen for some time.

ZR-1 Working Perfectly.

(By the Associated Press.) New York, Sept. 11.—After three hours in the air, the ZR-1, the Navy's new giant dirigible, was working perfectly this morning.

REPORTS FROM THE HONJO DISTRICT IN TOKIO ABOUT TRUE

Fuller Details of Effects of Quake in That District Show That There Was Little Exaggeration in Reports

TYPHOID REPORTED NOW IN DISTRICT

London Hears That Many Persons in Tokio Are Suffering With Disease and Many Deaths Are Expected

Tokio, Sept. 11 (By the Associated Press.)—Investigation by authorities of the Honjo district, that part of Tokio which is hemmed in by the sea, the Sumida River, and by canals, showed that previous estimates of the loss of life there were not exaggerated.

The residents of this, the poorest quarter of the capital, were trapped by the flames which followed the earthquake. The ruins throughout the district were filled with dead, the majority of whom it is believed were suffocated. In many instances it was discovered the clothing of the victim were not even burned.

Typhoid Breaks Out in Tokio.

London, Sept. 11.—Typhoid and dysentery have broken out in Tokio, and there is a great need for medical supplies, says a dispatch to the Daily Express dated Sunday.

Distressing scenes are being witnessed daily as foreigners and Japanese continue to search the ruins for relatives. Many bodies are still lying in the streets. Many natives have begun to build homes of some kind to protect themselves.

Typhus Appears in Okubo.

Tokio, Sept. 8 via Osaka (By the Associated Press.)—Typhus and other epidemics have appeared in the Okubo and Hiro hospitals and in the conductors' quarters of the Oyama tramway where 500 sick and wounded have been collected. Many of the earthquake victims who were disinfected were removed to a temporary hospital establishment at the Ueno exposition site.

Six big emergency crematories have been established and the cremation of bodies is proceeding night and day. It is said approximately 100,000 refuse are being sent to the dump each day.

CITY MANAGER PLAN ADOPTED IN PORTLAND

Ku Klux Klan Hailed Election as Victory For Them, As They Favored the Plan Adopted. (Special to The Tribune.)

Portland, Me., Sept. 11.—The adoption by the voters of Portland of the city manager form of government was hailed as a victory for the Ku Klux Klan today by members of that organization, although a non-partisan organization which had sponsored the plan for several years had different views.

The Klan had not come out publicly for a city manager, but in
