"NEW GIN FOR CONCORD"

We are now installing a Complete New 4-70 Saw Gin System with all the latest improvements in gin machinery. We will have a capacity of 40 to 50 bales a day. Your time is too valuable to have to spend all day and in most cases way into the night before getting your cotton ginned. Come to see us and we will give you service as well as satisfaction. We will greatly appreciate your patronage. This machinery is located on East Corbin Street.

Train No. 135—9:00 p. m.
Train No. 29—11:00 p. m.

WEATHER FORECAST.

Partly cloudy tonight and Wednesday; no change in temperature.

LOCAL MENTION

The condition of Mrs. A. W. Perkins, who entered the Concord Hospital Sunday and underwent an operation Monday, is reported today.

One new case of whooping cough was the only disease of any kind reported to the county health department Monday, according to a department report.

The condition of Thomas Moore, son of Mr. and Mrs. J. O. Moore, who underwent an operation at the Concord Hospital last week, is reported today as improved.

Dr. S. E. Buchanan, county health officer, is now enjoying a vacation of two weeks. Dr. Buchanan left Sunday for Illinois to join Mrs. Buchanan and son, who are visiting relatives there.

Chief L. A. Talbirt, of the local police department, is enjoying a vacation at present. Chief Talbirt is visiting friends in Charlotte now, and later he will go to South Carolina to spend several days before returning to his home here.

A number of defendants paid fines totalling \$105 in recorder's court Monday. Most of the defendants were charged with gambling, eight being fined on this charge. Other charges were intoxication, speeding and using profane language.

A large sign giving publicity to the Cabarrus County Fair has been erected across the square. Smaller signs will be erected at other points in the city, and a number will also be erected at various community points throughout the county.

Charlotte won the first game from Macon in the series to decide the champion of the South Atlantic League. The score was 4 to 2. Most of the scoring was due to home run clouts, one by Pope for Macon and the other by Paschal for Charlotte.

Miss Cathleen Wilson, county home demonstration agent, has returned from South Carolina, where she spent her vacation. Miss Wilson is busy now assisting in plans for a number of community fairs to be held throughout the county in the near future.

A new room has just been completed at the Brown Mill School. New and modern desks have been installed in the room, which will greatly facilitate the work in the school. The school will open next Monday, September 17th, for an eight months' term.

The Musette, Inc., which is selling school books again this year, is the scene of much activity each day now as the children purchase their books. Some of the books have been ready for sale for several weeks, but almost all, judging by the crowds in the store, have waited until the last minute to make their purchases.

Football practice in earnest has begun at the Concord High School. Captain Hoover has his men on the field every afternoon now, and the coaching is being done by Prof. Moore, who will have charge of all athletics at the school this year. Most of the members of last year's team are in school this year, and an unusually good team is expected to be developed.

Walter Parnell, the Concord man arrested by Rowan county officers last week after a man hunt lasting 24 hours, will not be brought back to Cabarrus at present. He will be kept in Rowan and tried there for shooting Deputy Sheriff Rankin, who was wounded when he tried to arrest Parnell on a capias from Cabarrus county. Parnell is wanted here on a larceny charge.

Babe Ruth is tied now with Cy Williams for home run honors. Both have driven out 35 circuit drives during the year. New York won in the National League Monday as did Pittsburgh, but Cincinnati lost and is now in third place. Bill Harris pitched part of the game for Cincinnati, and allowed but two hits in five innings. The game was lost, however, before he entered the box.

The large plate glass in the library was broken in a peculiar accident Monday. A porcelain insulator used by telephone workers had fallen to the ground in front of the library building, and was thrown against the glass with great force by an auto, one tire of which just touched the end of the insulator. The hole made was small and round and resembled one made by a pistol shot. The glass was fully insured.

Concord and certain parts of Cabarrus county were visited by a severe electrical storm Monday night. In this city the rain downfall was very heavy, and lightning was severe for several hours. In one section of the county, according to reports, some hail fell, and this is given as the reason for the drop in temperature following the storm. So far as can be learned, no serious damage resulted from the storm. Some damage was done to cotton near Kannapolis, and many English sparrows were killed by the hail stones.

Galileo's telescope, by which he discovered the satellites of Jupiter in 1610, is carefully preserved in the museum of physics and natural history at Florence.

CARD OF THANKS.

We wish to express our sincere thanks and appreciation to our friends and neighbors for their many deeds of kindness shown us during the long illness and death of our wife and mother. May God bless each and every one of you in every good work. C. L. STARETT and CHILDREN.

Southern Makes Fine Record in Movement of Trains.

Superintendent Cooper of the Southern at Salisbury, is in receipt of information from the head offices of the company at Washington to the effect that over ninety-two per cent. of the 15,179 passenger trains operated on the Southern Railway system during the month of August reached their final terminal on time.

Vice-President Henry W. Miller of the Southern, states that 14,749 or 92 3-10 per cent. of the 15,170 trains maintained schedule or made up time lost while on the Southern system.

This is considered by those who are familiar with railroading to be a remarkable achievement and all those having to do with the movement of these passenger trains are highly pleased over the fine showing made during the past month.

W. O. W. NOTICE.

Regular meeting of Elm Camp No. 16 W. O. W. Tuesday evening at 7:30 in the Moose Lodge Room. Every member is urged to be present. W. R. FISHER, C. C. C. A. ISENHOUR, Clerk.
