Sewing Machines For Mexico.

**By the Annoctated Press.*

Chihushua City, Mexico, Sept. 25.—

A carload of swing machines has arrived here from El Paso, Texas, consigned to Mennonites at Bustillos. Other machines are to be sent to the Mennonites at Santa Clara. The Mennonites at it is said, have found a need for sewing machines, and intend to make their own clothing in order to avoid paying high prices in Mexican stores. This plan, it is said, will also save the import duty on finished materials imported from other countries.

boosting him wherever he goes.

It is plain from reports received here
that Mr. Underwood's friends will demand a portion of the North Carolina
delegation to the national convention.

Sale of Lots Success.

Officials of the Piedmont Realty Combany who are conducting the sale of lots at City View, stated this morning that they were well pleased with the sale. "We are averaging the sale of about 15 lots each day." one official stated, "and great interest is being mainfested. Several of the persons who have purchased lots are planning to be 1 on them at once. The character of the buyers is of the highest order, the buyers being among the most substantful citizens of the city." Many of the best lots are still left, it was pointed out, but as they are going fast, persons interested in securing one should act quickly.

He is quoted by the Hartford Courant as saying that he has no confidence that there is a saying that he has no confidence that there is a saying that he has no confidence that there is a saying that he has no confidence that there is a saying that he has been beretical enough to stand up in meetings of the league and say: "It will take more than propaganda to convince me that there is no virtue in a bottle of Bass."

"If I choose to let grape juice ferment in my cellar, no man has a right to come into my house and tell me that I must no do it." is another statement attributed to him.

Mr. Elkins as quoted, expresses fear that harm may come to prohibition from its friends, and thinks the country would have been better off had it stopped with prohibition of saloons and distilled liquors. His conception of proper duty of the anti-saloon league is not a "propaganda organization of teetotalling fanatics."

FINGER READING MORE THRILLING THAN SIGHT Greater Concentration Is Possible, Says Miss Merwin.

Greater Concentration is Possible, Says Miss Merwin.

(By the Associated Press.)

Louisville, Sept. 25.—Laborious as finger reading may appear, it possesses all the delights and charms that sight reading gives, and perhaps it has even an added thrill because greater concentration is possible, in the opinion of Miss Susan B. Merwin, secretary for the American Printing House for the Blind. Miss Merwin is actively engaged in the work at the printing planthere, which is the largest establishment of its kind in the world.

The embossed book, according to Miss Merwin, is the cornerstone of the education of the blond. The books of the American Printing House for the Blind go to libraries throughout this country, to the Philippines, Hawaii and other distant parts of the world.

The effectual government yearly gives \$50,000 toward the ubkeep of the printing institution. In addition to text books, the printing house turns out 'ine best in literature and music, with a considerable supply of current fiction.

Through the co-operation of the American Bible Society and other organizations, the Bible is made available to the blind in several kinds of embossed print. The embossed books are necessarily large and cumbersome. The New Testament in Revised Braille consists of seven 12 by 14 inch volumes. The Revised Braille will become after a time the onuniversal uniform system in use by all blind readers, according to Miss Merwin, who has made an extensive study of all systems.
