

Spruce Pine Crisis Is Given Much Attention

Adjutant General Metts on Way There to Take Charge of Serious Situation Following Attack by Negro.

NEGROES ORDERED TO LEAVE TOWN

According to Message Received in Raleigh and Gov. Morrison Acts to Keep Upper Hand in the Case.

(By the Associated Press.) Raleigh, Sept. 28.—Governor Cameron Morrison went into consultation at 11:30 o'clock with Major Gordon Smith, second in command, at Adjutant General Metts.

At the Governor's office it was stated a policy of prevention would govern in handling the Spruce Pine situation, it being the desire of the administration to prevent any serious outbreak by taking the matter in hand at once.

Will Ask For Troops. Spruce Pine, Sept. 28.—Governor Morrison will be asked to send state troops to this town so that negro laborers departed yesterday by an armed mob following an attempted attack of an aged white woman by a negro, supposedly an escaped convict, may continue work on public improvements.

The forced exodus of black labor was reported complete today by Mayor A. N. Fuller. The crowd of citizens who collected nearly 100 negroes from construction gangs in the vicinity and placed them aboard freight trains yesterday, declared they never will hire another negro in their town.

General Metts will make a recommendation as to handling the situation, it is believed.

No trace of John Goff, aged 22, escaped negro convict, who is believed to have attacked a white woman Wednesday at noon, has been found, though more than one hundred citizens have been searching for him.

Negroes Make Protest. Raleigh, N. C., Sept. 28.—Governor Morrison this morning received a telegram from Walter P. White, assistant secretary of the National Association for the Advancement of Colored People, requesting information concerning the reported deportation of negroes from Mitchell county and calling on him to exercise his power to protect the "civil and constitutional rights of the colored citizens who are being driven from their homes and jobs regardless of their innocence or guilt."

Replying to the telegram the State's Chief Executive said news of his action in regard to the Mitchell County disturbance were to be given to the press as quickly as possible and could be learned from the newspapers. He said he would make no private reports to the Association concerning the disturbance, or his actions in regard to it.

Conditional Parole For Brinkley. (By the Associated Press.) Raleigh, Sept. 28.—Governor Cameron Morrison today conditionally paroled Daniel Brinkley, 52, convicted as the July 8, term of Catawba Superior Court of the theft of \$15 and sentenced to serve 10 years in the State's prison, from which he escaped after serving three years of his sentence.

Quiet in Bavaria. (By the Associated Press.) Berlin, Sept. 28.—With both the Central and Bavarian governments co-operating for the maintenance of order in Bavaria, advisers from Munich say possibility of an outbreak by extremist factions is regarded as remote. A body of troops believed to be large enough to cooperate in any situation has been assembled in Munich.

HOME OWNERSHIP SERVICE The AMERICAN HOME has been called the greatest asset of OUR NATION.

PERMANENT THREE PER CENT. QUOTA LAW URGED

Immigration Commissioner Firm for Present Legislation. Washington, Sept. 28 (Capital News Service).—All government officials interested in the workings of the immigration law are pleased with the emphatic statement of Commissioner General W. W. Hubbard, regarding Ellis Island conditions. He said:

"The reports of thousands of destitute aliens refused admittance, severed families, and so forth, are exaggerated and misleading. Most of these stories arise from the fact that under the present system it is impossible to count the quotas until the immigrants reach port. This means that there must often be some delay, while the quotas are being checked up, and the first report that gets out is that shiploads of immigrants have been turned back because of full quotas.

Later investigations prove many of these searchers reports incorrect. "Also many aliens are turned back because of restriction having nothing to do with the quota law, which, however, usually gets the blame for it all. Last year out of 20,619 aliens deported, only 2,680 were returned to their countries because of quota restrictions. The remainder, of course, a system by which immigrants would be sifted out before they embark for America. Under this system the 'red tape' which makes enforcement of the monthly quotas such a burden, could be done away with.

"The employer is disgruntled because he has to adjust his business to the average labor supply. In the old days he could depend on an unlimited supply for peak business. The fact that he complains of labor shortage means usually that he has not learned to adjust his business to the labor market, or that conditions in the industry are not such as to draw labor from more crowded industries.

"The immigration law has done more for labor than the tariff, strikes, and all the industrial legislation of recent years. It has given the laborer more continued employment, at a better wage. Unrestricted immigration put the unskilled American laborer in a hopeless situation. He could not compete with foreign labor, willing to work at any wages, under any conditions. The immigration law has raised the dignity of labor."

TUTTLE IS EXONERATED Advertising Man Charged With Murder of Father-in-Law. Greensboro, Sept. 27.—F. Clyde Tuttle, well-known advertising man of this city, was tonight declared not guilty on a charge of manslaughter, resulting from the fatal shooting of his father-in-law, C. A. Jones, former judge of municipal court here, on the evening of August 1st. The trial lasted all day in Superior Court here, before Judge T. J. Shaw. Evidence presented included that of Tuttle himself, his wife, and the widow of ex-Judge Jones, and the defense made a strong case of self defence.

The jury had the case a little over two hours, returning a verdict a few minutes after 10 o'clock tonight. Mr. Tuttle received it calmly, receiving the congratulations of his friends.

Evidence was presented to show that there had been domestic difficulty between the two, and that Judge Jones fired the first shot. Mr. Tuttle lived at the home of Judge Jones, and it was brought out that Judge Jones was drinking prior to the tragedy. The shooting occurred in the kitchen of the Jones' home. The wounded man, whose intestines were perforated seven times by a pistol ball, lived 20 days.

With Our Advertisers. Jno. K. Patterson & Co. have a number of city real estate offerings. See ad in this paper.

Try the regular business men's lunch served from 12 to 3 regularly every day at the Ideal Lunch Room on Barbriek street, only 45 cents.

Take out some shares in the 52nd series of stock in the Cabarrus County Building, Loan and Savings Association. Scarborough is offering a special sale of ladies' hats for Saturday. See new ad today.

Saturday and Monday are the last days of the sale of lots at City View. Cline's fast delivery will get goods to you in a few minutes after purchase. Globe and Gotham Tires are sold by the Central Filling Station. Made of best materials.

The Parks-Holt Co. in a new ad, today points out some bargains it is offering in Chatham blankets. These blankets are made in North Carolina and are of the best materials.

Lutherans Will Hold Convention at Madison. (By the Associated Press.) Madison, Wis., Sept. 28.—All Lutheran bodies in the United States, except the Missouri Synod, will be represented at the third biennial convention of the Lutheran Brotherhood of America, to be held here October 3-5, according to announcement by the Rev. J. A. Stubbs, president.

The principal organizations to send delegates, which are expected to number between 800 and 1,000, are the United Lutheran churches, Norwegian Synod, Augustana Synod, Joint Synod of Ohio, Iowa Synod and the Synod of the Northwest. These bodies represent a total membership of approximately 3,000,000, embracing portions of the territory between New York and the far Northwest.

The dominant note in the convention program is to be the man's place in the church.

The rapidity with which the chameleon strikes with the tongue at a flying insect is such that the tongue cannot be detected with the naked eye.

PRIEST SAYS VOLSTRAED ACT IS RESPONSIBLE FOR CRIME

Insists Majority of People Want Dry Law Modified, and Declares It Can Be Done. Chicago, Sept. 28.—Dire consequences will result unless the Volstead act is changed, Rev. Francis C. Young, assistant pastor of St. Raphael's German Catholic Church, said in a statement today. It was at his church that the funeral of George "Spot" Becker, who was shot and killed with George McHugh, September 17, by an unidentified assailant, supposedly in a war between rival beer runners, was held.

"The Volstead act is a law, it is, however, one of the biggest farces in our country and must be changed," said the assistant pastor. "The general disregard for the Volstead law is the cause of much of the present disrespect for all law.

"Why are bootleggers and beer runners in such large numbers if there is no demand for their stuff? There is no doubt in my mind that the majority of the people want the Volstead law changed. This can be done. Let those who represent you understand that it must be modified if they care for your support in the future."

Until the law can be changed, the minister said, the authorities must respect the law and the people must respect it.

CHARLIE CHAPLIN RETIRES FROM CUSTARD PIE STUNT

Resting Now, But Will Hereafter Act Rather Than Register. Chicago, Sept. 28.—Charlie Chaplin has retired temporarily from custard pies and is resting, he said today, when in Chicago en route to New York to view a picture story which he wrote and directed, but in which he does not act.

Chaplin says he hopes to do better things for the screen and will return to comedy acting, but it will be whimsical humor rather than the slapstick variety.

"Only in the movies do the actors register emotions with strange facial distortions," he said.

"The human is a consummate actor and covers his tragedies with laughter." So in the new Chaplin order of things the characters live the plot, "but do not make the fatal mistake which ruins the average movie of today of showing their emotion by distorted facial expression," he said, adding "they do not 'register' their act. They do what they can to remedy their situation. They struggle. That is drama."

FUNERAL OF MR. FARRIS TO BE HELD TOMORROW

Services Will Be Held in First Baptist Church at 3 O'clock—Was Pioneer Newspaper Man of High Point. (By the Associated Press.) High Point, N. C., Sept. 28.—The funeral of J. J. Farris, one of the pioneer newspaper publishers of this city, will be held at 3 p. m. tomorrow at the First Baptist church, of which he was a member.

Rev. Jas. A. Clark, pastor of the church, Rev. B. K. McLarty, of the Methodist Episcopal church here, and Rev. W. A. Lambeth, of the Methodist Episcopal church, of Gastonia, will conduct the services. Honorary pall bearers will include Major C. M. Steadman, and W. C. Hammer, members of Congress for the fifth and seventh North Carolina districts.

Mr. Farris died on the eve of his 58th birthday. For years he was publisher of the High Point Enterprise, and at his death was publisher of the High Point News.

THE COTTON MARKET

Opened Steady Today at an Advance of From 4 to 15 Points—October High. (By the Associated Press.) New York, Sept. 28.—The cotton market opened steadily at an advance of 4 to 15 points on more bullish private crop figures and firm Liverpool cables. The weather news, however, was considerably more favorable, as it was believed the tropical storm not likely to strike the inland, and the opening advance for October rose to 28.88 and for December to 28.64, met considerable southern, western and local selling.

Cotton futures opened steady. Oct. 28.75; Dec. 28.53; Jan. 28.05; March 27.90; May 27.97.

WYOMING TOWN IS PARTLY UNDER WATER

Heavy Rains Cause Two Creeks to Leave Banks and Flood Sheridan. (By the Associated Press.) Sheridan, Wyo., Sept. 28.—Swollen by terrific rains, the waters of the Big Goose and Little Goose creeks left their banks early this morning and dashed over wide sections of Sheridan. Scores of residents in river bottom sections began packing belongings to move to places of safety. The water is standing 1 to 3 feet in various sections of the town.

Lutherans Will Hold Convention at Madison

(By the Associated Press.) Madison, Wis., Sept. 28.—All Lutheran bodies in the United States, except the Missouri Synod, will be represented at the third biennial convention of the Lutheran Brotherhood of America, to be held here October 3-5, according to announcement by the Rev. J. A. Stubbs, president.

The principal organizations to send delegates, which are expected to number between 800 and 1,000, are the United Lutheran churches, Norwegian Synod, Augustana Synod, Joint Synod of Ohio, Iowa Synod and the Synod of the Northwest. These bodies represent a total membership of approximately 3,000,000, embracing portions of the territory between New York and the far Northwest.

The dominant note in the convention program is to be the man's place in the church.

GOVERNOR MORRISON OFFERS PROTECTION TO NEGRO WORKERS

Chief Executive of the State Declares He Will Send Troops to Spruce Pine to Keep Order There.

NEGROES PROTEST TO THE GOVERNOR

Negro Society in Northern States Asks Mr. Morrison to Give Negroes All Protection He Can.

(By the Associated Press.) Raleigh, Sept. 28.—Following reports to the state executive office that a group of citizens of Mitchell county had warned the supervisor of the state convict camp near the scene of the reported attack by an escaped negro convict on an aged white woman Wednesday, to move the camp by noon today, Governor Morrison announced that he had ordered troops to the county and law and order would be maintained if it is within his power to do so.

If the camp is moved before the national guard company can be dispatched to the place to prevent the removal, the camp will be replaced immediately in order that the convicts might continue working on the state highway from Spruce Pine to Ledger, the Governor declared. Work on the highway will continue, the Executive said, if it is necessary to protect the convicts with troops.

Governor Morrison said Mayor A. N. Fuller, of Spruce Pine, and other authorities were doing all in their power to maintain order in the vicinity of the mountain town.

It was reported early in the morning that a mob of Mitchell county citizens were moving on the convict camp located four miles from Spruce Pine, the Governor said he had learned from authorities, but this report later proved to be wrong.

The report that the convict camp supervisor had been warned to move camp by noon followed a message stating that the first report was mistaken.

About seventy-five negroes working on construction jobs in Mitchell county, left Thursday when notified to depart by a group of about 100 men, following the alleged attack by a negro on an aged white woman Wednesday. These negroes were reported to be known as "classing department" of the North Carolina Cotton Growers Co-operative Association. Mr. Haas will direct control of the office and with the assistance of other classes and the necessary office help will not only control the classing of all cotton concentrated at Charlotte, but the classing department "B" will very likely include all the warehouses in that section of North Carolina west of Monroe and probably the territory west of the Pee Dee river.

More cotton was concentrated in Charlotte last year by the cotton association than at any one point and it is expected that still more will be concentrated there this season.

(By the Associated Press.) Washington, Sept. 28.—Any lease of the Carolina, Clinchfield & Ohio railroad which would give the Louisville & Nashville and Atlantic Coast Line roads exclusive right in its operation would be injurious, "almost ruinous" to the interests of Charleston, S. C., and the southeast generally, John P. Grace, mayor of that city testified today before the Interstate Commerce Commission.

Mexican Population Dwindles. Mexico City, Sept. 28.—Preliminary figures from the 1921 census indicate that the population of Mexico decreased nearly 1,000,000 between 1910 and 1920. The 1905 census showed 12,632,427 inhabitants; 1900, 13,607,259; 1910, 15,190,369; and 1921, 14,196,312. Emigration due to a decade of revolution is believed to have caused the decrease in population.

Jury Gets the Ward Case. (By the Associated Press.) White Plains, N. Y., Sept. 28.—The jury in the case of Walter W. Ward, charged with the murder of Clarence Peters, retired to consider its verdict shortly after 12:0 o'clock today.

Reports Tell of Republic in Turkey. (By the Associated Press.) Paris, Sept. 28.—A Havas dispatch from Vienna says it is rumored there that a republic has been declared in Turkey. There is no confirmation of the rumor from any direct source.

This bank will welcome your weekly or monthly deposits, whether large or small, and will pay you four per cent. interest, compounded quarterly.

CITIZENS BANK & TRUST CO. CONCORD, N. C.

PARCEL POST SHOWS HUGE GROWTH SINCE INCEPTION

Has Brought in the Postoffice Department Over a Billion Dollars. (By the Associated Press.) Washington, Sept. 27.—The parcel post in the first ten years of its existence has brought into the Post Office Department revenues totalling about \$1,100,000,000.

In 1921 alone, department records show 1,071,000,000 packages weighing from a few ounces to 70 pounds were carried in the mails as parcel post. In the first year, 1913, the total was 417,000,000. In 1918 parcel post revenues amounted to \$40,638,163, and in 1921 had climbed to \$139,605,717. Figures for the fiscal year of 1922 are not yet complete, but it is estimated the revenue will approximate \$160,000,000.

Second Assistant Postmaster General Henderson has been engaged, for six months in an investigation to determine the full scope of the parcel service, but the task is so great that conclusive figures are not yet available.

UNDERWOOD BELIEVES IN ENFORCEMENT OF DRY LAW

Alabama Senator, in Interview in Lexington, Offers Little Encouragement to Wets. High Point, Sept. 27.—A local interviewer of Senator O. W. Underwood, of Alabama, candidate for the Democratic nomination for the Presidency, asked him what would be paramount in the next campaign, and Mr. Underwood said that foreign relations would loom largest among the issue, he believed.

The newspaper man got to see Mr. Underwood at Lexington last evening, after the senator had delivered an address at the Lexington fair.

Although believing that the matter of European affairs and American relations to them would be a great issue for the campaign, Mr. Underwood added nothing to his recent statement concerning the League of Nations.

Asked if he thought the whiskey laws should be moderated, Mr. Underwood said he had opposed the 18th amendment originally, but that he now believed in enforcement of the laws on the books.

The interviewer had in mind the charge of some that Mr. Underwood is acceptable to the wets because of his position on prohibition, but the senator did not indicate that he offered any plan for the betterment of the condition of the parched.

Charlotte is Selected as a Co-op Classing Station.

Raleigh, Sept. 27.—Recognizing the importance of Charlotte as a logical distributing point for North and South Carolina, particularly in the cotton industry, General Manager T. B. Blalock spent several days in Charlotte this week, together with Fred T. Haas, assistant head classifier. The result was that a classing station was selected to be known as "classing department" of the North Carolina Cotton Growers Co-operative Association. Mr. Haas will direct control of the office and with the assistance of other classes and the necessary office help will not only control the classing of all cotton concentrated at Charlotte, but the classing department "B" will very likely include all the warehouses in that section of North Carolina west of Monroe and probably the territory west of the Pee Dee river.

More cotton was concentrated in Charlotte last year by the cotton association than at any one point and it is expected that still more will be concentrated there this season.

More Testimony in C. C. & O. Lease Case.

(By the Associated Press.) Washington, Sept. 28.—Any lease of the Carolina, Clinchfield & Ohio railroad which would give the Louisville & Nashville and Atlantic Coast Line roads exclusive right in its operation would be injurious, "almost ruinous" to the interests of Charleston, S. C., and the southeast generally, John P. Grace, mayor of that city testified today before the Interstate Commerce Commission.

Secretary Weeks to Visit State.

(By the Associated Press.) Washington, Sept. 28.—Secretary Weeks today accepted an invitation extended by a committee from Durham, N. C., to attend exercises to be held there some time in October in connection with the unveiling of a memorial to General Joseph E. Johnson of the Confederate Army. The memorial has been erected at the old Bennett place, three miles from Durham, which is the point at which General Johnson surrendered to Sherman after the war between the states had ended with Lee's surrender.

Book by Former Governor.

Raleigh, Sept. 28.—The North Carolina Historical Commission announces that the "Letter Book of Governor Bickett," which has been in course of preparation for many months, is expected to be off the press in October. The book, which is a collection of public papers and addresses of the Governor during his administration, has been compiled by Sanford Martin, Governor Bickett's private secretary, and R. B. House, of the Historical Commission.

Many Persons Killed When Train Rattled Through Bridge

SECTIONAL GAMES TO FEATURE SEASON

Football to Appear For the Formal Opening Tomorrow. New York, Sept. 28.—Football will appear on the athletic stage tomorrow for the formal opening of the fall season of sport at the American colleges. All of the colleges, big and little, in the East and West, the North and South, are preparing for a campaign more extensive than any since the introduction of the sport.

While a large number of teams will appear on the gridiron tomorrow, the most of the games will be in the nature of practice contests and it will not be for several weeks to come before the clashes of championship caliber will be staged.

Standing out among the features of the season now begun is the great number of inter-sectional battles scheduled among the leading colleges of the East, South and Middle West. More than a score of such tussles are listed for Eastern "eleven" alone, and the practice of playing teams from far-off sections of the country appears to be growing rather than diminishing.

West Point, Yale and Princeton are among those colleges which will engage in some of the major attractions in the next two months. The Army leads in inter-sectional contests with no fewer than five of its nine games scheduled with eleven from other sections. The first of these is to be played at West Point tomorrow with the eleven from the University of Tennessee. Florida, which played in the North last year against Harvard, Notre Dame, Alabama Poly and the Arkansas Aggies, will also appear on the West Point gridiron. The Alabama team and Notre Dame were on West Point's schedule last year, but the others are new opponents.

Tale will start its campaign against North Carolina and will play a few weeks later the University of Georgia and Maryland. Maryland was beaten last year by the Elis by 45 to 3, and North Carolina was downed 18 to 0. Georgia is now to Yale competition.

Harvard, as it decided last year, will confine itself to Eastern rivals, but Princeton, the other member of the "Big Three," will oppose Notre Dame in what looms as one of the most interesting games of the season. The Tigers ended a two-year rivalry with the University of Chicago. Its 21 to 18 triumph over in Princeton's record last year as much as its victories over Yale and Harvard.

Among the other important inter-sectional contests listed are those between Ohio State and Colgate; at Columbus; University of Chicago and Carnegie Tech. at Chicago; Syracuse and Pennsylvania and Centre College at Philadelphia; Detroit University and Washington and Jefferson; at Detroit; Boston College and Marquette University; at Boston; Penn State and Georgia Tech at State College, Pa.; West Virginia and St. Louis University, at Morgantown, W. Va.; Nebraska and Syracuse, at Lincoln, Neb.; and Marquette University and the University of Vermont at Burlington. With the exception of the Syracuse-Nebraska game, all of these inter-sectional contests are new fixtures on the football program.

On Saturday of next week the program of inter-sectional clashes will bring to Philadelphia, the Army and the University of Florida at West Point, and Yale and the University of North Carolina at New Haven.

GOMPERS STANDS WITH INTERNATIONAL OFFICERS

Who Have Sided Against Pressmen in Strike Called in New York City. (By the Associated Press.) New York, Sept. 28.—George L. Berry, president of the International W. Pressmen and Assistants Union, today announced receipt of a telegram from Samuel Gompers, president of the American Federation of Labor, approving the International's action in outlawing the local pressmen union which struck a week ago Monday night, in alleged violation of an agreement with the parent body and with the Publishers' Association of New York.

The message declared that "unless the pressmen redeemed themselves from this awful blunder," Mr. Berry is justified in resorting to every means within his power to keep the original contract inviolable.

Aviators on Way to St. Louis.

Charlotte, Sept. 28.—Lieutenants E. P. Gaines and Leroy A. Walthall, piloting a de Havilland plane from Fort Bragg to St. Louis, left here early today expecting to arrive in Louisville, Ky., before nightfall. They plan to arrive Saturday at Pope Field, near St. Louis, where they will participate in air races.

Dead Farmer Found by Son.

(By the Associated Press.) Winston-Salem, Sept. 28.—Wm. A. Padgett, aged about 50 years, was found dead in a room of his home 21 miles from Friedberg, Davidson county, at 6 o'clock this morning by one of his sons who states that the father was lying on the floor. The Davidson county coroner was summoned and is investigating the case. Mr. Padgett, who for a number of years was one of Davidson county's well known farmers, had been working at the carpenter's trade in this city. The son who found the body says his father was in Winston-Salem yesterday and when he retired last night the father was apparently in his usual good health.

Eight Persons Alive in One Coach.

Denver, Sept. 28.—A special to the Post from Caspar, says one of the submerged cars of Burlington train No. 30 which was plunged into Cole Creek near Caspar last night has been pulled from the creek and eight persons found alive in it.

Dead Farmer Found by Son.

(By the Associated Press.) Winston-Salem, Sept. 28.—Wm. A.
