

Gov. Morrison Accepts Invitation to Concord

Will Be In City During Cabarrus County Fair and Will Make Address.—Gov. McLeod May Be Here Also

PARADE PRIZES ARE ANNOUNCED

Officials of Fair Expect Parade to Be One of Biggest Features of Opening Day. Valuable Prizes Offered.

Governor Cameron Morrison will be a guest of the Cabarrus County Fair, which opens here on October 16th. This announcement was made today by one of the officials of the fair who interviewed the Chief Executive of the State in Charlotte Tuesday.

Gov. Morrison stated to the delegation which visited the fair Tuesday that he would come to Concord on any day the officials desired. Members of the delegation stated that they had not yet been chosen, this matter to be left to the fair officials who will consider the program as first announced and determine what day will be best for Governor Morrison to visit the fair.

It is probable that Governor McLeod, of South Carolina, will also be a guest here during the fair. Fair officials probably will send a delegation to Charleston in the near future to officially invite Governor McLeod to be here on the same day Governor Morrison comes, and in case he accepts he will share the honors of the day with the Chief Executive of North Carolina.

Major W. A. Foil, chief marshal of the Cabarrus County Fair, announced this morning that a number of valuable gifts have been secured as prizes for the winners in the mammoth parade to be held on the opening day of the fair. The parade will officially open the fair. Major Foil stated, and promises to be one of the most interesting events of fair week.

This will be no ordinary parade, judging from interest already aroused. Mr. Foil added, from every section of the county interest in the opening event of the fair has been expressed, and officials of the fair feel now that the parade will be by far the largest and most elaborate held in this city in years.

The parade will officially open the fair. The parade will form in the best new section of the city and its destination will be the fair grounds.

In addition to the many floats there will be a large number of private cars in the parade, and attractive prizes will be offered for them. And then again, in addition to the cars which will compete for the prizes there will be a number entered without hope of reward.

The following prizes have already been pledged, and Major Foil stated that other garages of the city had expressed a desire to give something, announcement of their donations to be made later:

Prize One—Best decorated float in parade, commercial, textile, civic or secret organization—\$50 in cash.
Prize Two—Best decorated farm float in parade—\$50 in cash.

GOFFS IDENTIFIED BY MITCHELL COUNTY WOMAN AS ASSAILANT

Negro Held For Assault Which Precipitated Race Trouble at Spruce Pine, Carried Before Victim.

NEGRO ASSERTS HE IS INNOCENT

Woman Was Accompanied to Raleigh by Her Husband and Deputy Sheriff—Concord Soldiers Praised.

(By the Associated Press.) Raleigh, Oct. 3.—Accompanied by her husband and a deputy sheriff of Mitchell County, the aged white woman from near Spruce Pine who is alleged to have been attacked by a negro last week, precipitating the deportation of all negroes from Mitchell County, arrived in Raleigh early this morning and went to the state prison where she identified John Goff, the escaped negro convict, as her assailant. Goff repeated his denial of the crime and declared he had never seen the woman before.

In referring to the attack the woman, who is 60 years of age, what happened was "too bad to tell about." The negro, she declared, held a knife over her throat and threatened to kill her if she called for help.

Goff, who had only a few months more to serve on a 15-year sentence, reduced in length considerably on account of good behavior, was a trustee at the convict camp about four miles from Spruce Pine on the Ledger Road. He disappeared immediately after the reported attack on the aged white woman, but was captured near Hickory several days later by the Chief of Police of Hickory and Burke county officer who had been tipped off as to the direction of the negro's flight by a group of men from Spruce Pine, who had been searching for the negro night and day, among them sons of the assailed woman.

That everything is all right with the Concord military company, now on special duty at Spruce Pine, is the gist of reports received in this city from members of the company. The company left Concord Monday morning on a special train, arriving in Spruce Pine that afternoon.

The company today probably is guarding negro workers who are engaged in laying a sewer line in Spruce Pine. Reports from the Mitchell county town stated that the negroes were to return to work this morning under troop protection, and members of the Concord company probably are doing the guard duty.

The negroes to be guarded by the troops are not State convicts it has been pointed out in recent dispatches from Spruce Pine. Some colored convicts are at work in the county, it has been pointed out, but they have not been molested by citizens of the town who drove out several hundred negroes last week following an attack on an aged white woman by a negro. The convicts are members of camps guarded at all times by the State, and no effort was made to drive them from the city and county, it is stated in dispatches from Spruce Pine.

Concord military men are still talking in complimentary manner of the splendid work done by Capt. Caldwell and his men in getting everything ready to leave Concord in such short notice Monday morning. Capt. Caldwell had no intimation that his company would be called. His men were scattered all over Concord; others were at their homes several miles in the country; and others were in Salisbury, Charlotte and Kannapolis. They were all ready to leave by 5 o'clock, however, and the first call to Capt. Caldwell was not received until 1:30 o'clock.

Some of this city who have had experience in handling guardsmen and their equipment have expressed the opinion that the move of Company E Monday morning was one of the quickest in the history of national guard work in North Carolina. One man pointed out that Capt. Caldwell collected his men, collected their equipment and moved quicker than General Pershing moved when his orders were to go into Mexico. And this man pointed out in addition that Capt. Caldwell's men were badly scattered when he received his orders while General Pershing had his men in barracks when ordered to move. It is no little task to assemble 64 men, collect their equipment for heavy marching order, place all surplus equipment on a train and have the men ready to move in four hours.

Four Men Make Desperate Attempt to Break Free

Were Prisoners of Penitentiary at Eddyville, Ky., and They Killed One Guard in Break For Freedom.

NOT SUCCESSFUL IN FIRST EFFORT

Guards Stopped Them, So They Took Refuge in Dining Room, Where They Have Continued Fight.

(By the Associated Press.) Eddyville, Ky., Oct. 3.—The most desperate attempt to force a breakout ever staged by convicts in the history of the Eddyville penitentiary occurred here today when four men, led by Monte Walter, alleged Louisville murderer who had procured arms in some way, opened fire on the guards, killing one and wounding four.

The convicts tried to get out the main way but were defeated and took refuge in the dining room. They are cornered there and are keeping up a battle with the forty guards and townspeople who have the place surrounded. The guards are firing constantly at the convicts. The convicts are shooting back at the guards at every opportunity.

Restraining Order Issued by Oklahoma Supreme Court at the Request of Governor Walton.

TROOPS ARE AGAIN GUARDING CAPITOL

Are Said to Be on Duty to Prevent Election Board From Counting Votes of Special Election.

Oklahoma City, Oct. 3. (By the Associated Press.)—A temporary restraining order preventing the state election board from certifying the returns from yesterday's special election was issued in State Supreme Court here today for Governor J. C. Walton.

Attorney Campbell Russell, former chairman of the State Corporation Commission and leader in opposition to Gov. Walton, said that he filed immediately a petition for grand jury in the district court to investigate the office of the Executive. Mr. Russell circulated the petition on the streets today.

In the petition Mr. Russell would seek an investigation of the alleged misuse of public funds by Governor Walton and also inquiry into the Governor's action in the commission of several thousands State police.

Victory for Walton's Opponents. Oklahoma City, Oct. 3.—Opponents of Governor J. C. Walton scored a sweeping victory yesterday in the most spectacular election ever held in Oklahoma. A constitutional amendment empowering the State Legislature to meet on its own call to consider impeachment charges against the Governor was passed by a decisive majority.

Despite the Executive's proclamation postponing the election and his threat to block it by armed force, opposition was negligible and the balloting proceeded peacefully except for minor instances throughout the state.

Troops Again at Capitol. Oklahoma City, Oct. 3. (By the Associated Press.)—The state capital was again under guard of state troops today. Frank Carter, chairman of the State Corporation Commission, declared it was his understanding that the guards were under orders to prevent certification of the election board of returns from yesterday's election. No explanation of the guards' appearance could be obtained from the Adjutant General's office.

Later Acting Adjutant General C. F. Barrett declared that the guards had merely been transferred to the capitol from the local armory as a precautionary measure and that "there was no significance in their presence." He said no trouble was expected. Troops are quartered in one room and the building is not patrolled.

Dr. Rankin Granted 12 Months Leave of Absence. Raleigh, N. C., Oct. 3.—Formal announcement was made here today that Dr. R. W. He will continue to supervise the State work by means of monthly reports and in major changes made in the personnel of his staff, it was stated.

OCCUPATION IN RUHR DECOGNIZED BY SIX CITIES IN GERMANY

These Cities Finally Agree That Occupation is Legal Under Terms Set Forth in Versailles Treaty.

PAY QUOTAS OF INDEMNITIES

Reichstag is Still Deadlocked over Issue Raised by Socialists, Who Oppose Some of Stresemann's Plans.

(By the Associated Press.) Dusseldorf, Oct. 3. (By the Associated Press.)—Six cities in the occupied area have recognized the legality of the Franco-Belgian occupation of the Ruhr by agreeing to furnish their quota of the expense for the sustenance of the occupation armies. Heretofore these municipalities have refused to furnish the money on the ground that the occupation was contrary to the Versailles treaty.

Socialists Cause Deadlock. Berlin, Oct. 3. (By the Associated Press.)—At 2 o'clock this afternoon the reichstag parties were still stubbornly deadlocked on the issues raised by the Socialists. The latter were in caucus all the forenoon and then adjourned in order to report the parties' sentiment to the cabinet. The Socialists are demanding assurance that Chancellor Stresemann's proposed legislation will not discriminate against working classes with regard to the eight-hour day, and are also insisting that the Central government assert its undiminished political and military authority in Bavaria.

Opened Barely Steady at a Decline of From 18 to 23 Points. (By the Associated Press.) New York, Oct. 3.—The cotton market opened barely steady at a decline of 18 to 23 points and soon showed net losses of 27 to 35 points, with December selling off to 27.60 and a continuation of the selling movement which was started by the government report yesterday. This was prompted by relatively easy cables, the favorable showing of the weekly weather report, and reports that yesterday's break in raw cotton had checked the demand for cotton goods.

Cotton futures opened fairly steady: October 28.10; December 27.70; January 27.30; March 27.20; May 27.25.

Hurt Trial Underway. (By the Associated Press.) Raleigh, Oct. 3.—The government made a coup today at the trial in United States district court of Eddie Hurt, army deserter charged with the murder of Angelo Anari, private of Fort Bragg, August 31, 1922. Raymond Horne, private at Fort Bragg, put on the stand by the prosecution, testified that Hurt confessed to the killing one night in February while both were fleeing as deserters.

The confession was made, Horne said, one night in a shack where the pair stopped to sleep and brought about by a stricken conscience.
