TODAY'S EVENTS.

Monday, October 29, 1923. Today begins the final week of the ampaign preceding the November elec-tions in the different States. The annual Fall Festival and In-lustrial Exhibition in Birmingham. Ala., opens today for a week's engage-hent.

GERMAN REPARATIONS MUST BE PAID IN FULL

Official Communique Reiterates the Government's Determination... Paris, Oct. 28.—An official communi-que written by premier Poincare and issued at the French foreign office this evening reiterates the French govern-ment's determination to refuse to agree to anl reductions of the German debt as fixed by the London conference in Quoting the Versailles treaty, the communique says the reparation commis-sion itself, has no power to grant any reduction in reparations and any re-duction stipulating such a measure must be decided by the ananimous yote of the nations interested.

to anl reductions of the German debt as fixed by the London conference in May, 1921. The communique insists that a com-mittee of experts, organized within the scope of the reparation commission to investigate Germany's capacity for pay-duction in Germany's debt. It suys it of the job.

considers such a committee will practically a Amere addition to present staff of experts of the reg tion commission.

Health is one of the greatest things your family can possess. It brings happiness and success. But health must be safe-guarded by good wholesome foods that are by good wholesome foods that are prepared from the purest ingre-dients. This is especially true of bakings. If they are not properly raised, we all know that they are not easily digested. Many times when self-rising flour is used in place of good plain flour and do

place of good plain flour is used in pendable baking powder—the results are flat, soggy and heavy

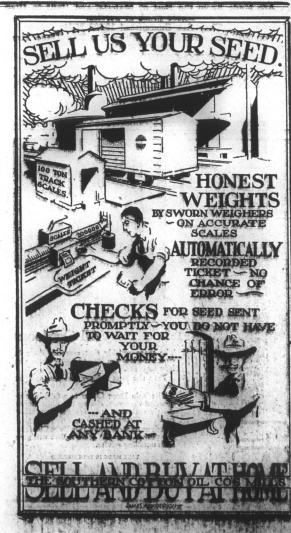

Don't take chances! Use a reli-able brand of baking powder and plain flour. Then you will be sure of healthful bakings that are easily directed easily digested.

Remember, science has never found anything to take the place of the tried and tested method of using plain flour and good bak-ing powder in preparing bakings. Millions of housewives now know by actual experience that many preparations that are claimed to preparations that are claimed to take their place are worthless and dangerous to health. There is no comparison.

Calumet, the Economy Baking Powder, is known to be one sure and positive aid to successful bakings that are always pure, sweet and wholesome.

That's the reason its sales are 2½ times as much as any other brand.
