Brief History of the Passion Play. In 1633, the village of Oberammergau, in Bavaria, was visited by a terrible plague. In its cessation the entire population made a vow to perform the Passion Play of our Savior every tenth year, out of gratitude, and as a means of religious instruction—a vow which has ever since been faithfully observed. The inhabitants of this secluded village have a rare union of artistic ability and cultivation, with perfect simplicity. Their familiarity with religious subjects is even beyond what is usual in the Alpine parts of Germany, and the spectacle is looked upon with the same feeling with which it originated—devout and edifying.

HURT WHEN AUTOMOBILES CRASH MONDAY NIGHT
Baxter Allman Suffered Two Broken Ribs and Negro Was Badly Hurt in the Crash.

Baxter Allman, well known man of this city and driver of one of the trucks for the Concord Steam Laundry, and Amel Gilmer, negro, were hurt in an automobile crash which occurred Monday night about 8 o'clock near the Concord Steam Bakery on Corbin Street.

THE RED CROSS ROLL CALL
There Are But Few Calls Which Have a Larger Breadth Than This One.

In the Red Cross Roll Call this week this community is given an opportunity to express itself in a splendid fashion. There are few calls that have a larger breadth to them than this one. The things that this organization stands for are, or ought to be, familiar to every one. So that when we are asked to contribute "a heart and a dollar" we are asked to make about as small a contribution as could be possibly expected.

Every village girl has an ambition to portray the part of Mary, the Mother of Christ. In order to attain this they must not, even in thought, do anything contrary to the virtuous and pure character of the Mother of our Savior. Not to be considered fit to take part, however small, in this grand play is, in Oberammergau, considered a great disgrace. To take a part away from an actor is a shame that can hardly be borne.

"The Life of Christ," which is based upon this wonderful religious spectacle, is to be presented at the Y auditorium this coming Saturday at 3:00 and 7:30 p. m.

Police officers stated this morning that they did not know definitely how the accident occurred or who was responsible. Mr. Allman, it is understood, stated that he came into Corbin Street from Bell Avenue and was in the right-hand side of the road when Gilmer struck him. Gilmer, it was reported, had not talked of the accident, but a companion told the police that in his opinion the crash was not on the wrong side of the road. However, several persons who saw the wrecked cars, stated that the accident seemingly occurred on the right-hand side of the road. At least the cars were on that side of the road after the accident.

To my knowledge this particular part of our country has never had the occasion to make any demand for the services of the Red Cross in any large way, except probably for the services of a nurse for stated times. But there are parts of this State that have been in distress when this organization manifested the real spirit for which it stands. But the fact that we may have never had to call on the Red Cross for its services does not relieve us from the obligation of helping in this Roll Call. We are not certain that we shall always be so fortunate. But larger still is our opportunity of helping an organization that has in the past and is now doing a most excellent work among the less fortunate of the world's population.

The truck Mr. Allman was driving was not badly damaged, but the truck which Gilmer was driving, and which is the property of Mr. M. E. Woody, for whom he worked, was practically ruined.

No one knows better than I do what it is to be young, healthy, and happy, and surrounded by friends, and then through Rheumatism, to lose all interest in life.

My trouble started with a slight attack of Rheumatism which rapidly grew worse, until I became so crippled and run-down, and tired that life was a burden to me. No one knows the agony I suffered with swollen joints and stiff muscles. I could not work and was completely discouraged.

Told about NEUTRONE PRESCRIPTION '99,' I tried it, and it is just wonderful how all the pains and aches left my poor, tired-out body. No one could have a worse case of Rheumatism than I have had and recover, and I cannot thank you too much for your remedy, Neutrone Prescription '99.'

MRS. BUTLER'S ACHES AND PAINS
Vanished After Using Lydia E. Pinkham's Vegetable Compound

W. Philadelphia, Pa.—"When I cleaned house last April I must have overfitted, for after that I had pains and aches all the time and was so discouraged. I could hardly do my own housework, and I could not carry a basket of groceries from the store nor walk even four or five squares without getting terrible pains in my back and abdomen and lower limbs.

I went to visit a friend in Mt. Holly, N. J., and she said, 'Mrs. Butler, why don't you take Lydia E. Pinkham's Vegetable Compound?' My husband said that if it did her so much good for the same trouble, I should try it. So I have taken it and it is doing me good. Whenever I feel heavy or bad, it puts me right on my feet again. I am able to do my work with pleasure and am getting strong and stout. I still take the Vegetable Compound and Liver Pills, and am using Lydia E. Pinkham's Sanative Wash."—Mrs. CHARLES BUTLER, 1233 S. Hanson St., W. Phila., Pa.
