DISASTROUS BLAZE IN DETROIT BURNS COSTLY BUILDINGS

Early Morning Fire Caused Damage Estimated at Million and Half Dollars—Customs Building Burned.

THREE PERSONS INJURED BY FIRE

One is Believed to Be Fatally Injured.—Difficult For Firemen to Get the Blaze Under Control at First.

(By the Associated Press.) Detroit, Nov. 28.—Fire, starting from an overheated stove in a watchman's shanty, early today destroyed the Detroit & Windsor Ferry Company dock, housing United States immigration and customs officers, spread into the six-story Munger building, which was burned to the ground, and then destroyed a four-story warehouse and several small buildings on Woodward Avenue and Bates Street.

The warehouse of the Finsterward Furniture Company as consumed by the flames, fanned by a brisk wind. The fire swept a section at the foot of Woodward Avenue which was one of the oldest in the city. Three persons were injured, one probably seriously.

Two minutes after the first alarm had been sounded, the fire had eaten into the Finsterward warehouse, and great flames that lit up Windsor, across Detroit River, were shooting skyward. Before the fire company could reach the scene fire had spread to the six-story Munger building, across the alley.

GILLIS DENIES THAT WOMEN WERE INSULTED

Declares Story About Recent Innis Street Incident in Salisbury Not At All Accurate.

Salisbury, Nov. 27.—K. T. Gillis asserts that there was some misinformation regarding the recent East Innis street incident, when he and Mr. Small were instrumental in subduing a citizen who was making himself obnoxious to the neighborhood.

"The incident occurred about 10:30 o'clock at night," states Mr. Gillis, "after we had all retired except Mr. Small, who had just come in from his work, when two young ladies came running on the porch crying and screaming for help. They said a man hit them. We got into our clothes and out on the porch as quick as possible, and he was then coming towards the house. We asked him to leave as we had sickness in our home. He then went to cursing and said he didn't care anything about the sick lady and also cursed Mr. Small's wife who had come out on the porch by that time and had also asked the man kindly to leave.

"We tried every way to get the man to leave while he stood out on the sidewalk cursing and swearing and said he would surely kill one of us, if not all, if we came out. Mr. Small started for the car to go call the police when the man came toward the house again and Mr. Small then proceeded to move the man away.

"It was a mistake about him insulting Mrs. Gillis and Mrs. Small, except by cursing and swearing, as Mrs. Gillis was sick in bed and Mrs. Small in the room with her when it started."

Turkeys Plentiful This Year

(By the Associated Press.) Raleigh, Nov. 28.—Turkeys are plentiful this year, according to reports received here from the Department of Agriculture at Washington, D. C. The turkey crop is heavy, particularly in Texas, and the birds are quite plentiful in Maryland and Virginia. It is reported, Storage stocks, it is stated, are around 5,000,000 pounds this year while last year they were but 2,000,000.

Many farmers are said to be holding their turkeys for the Christmas trade, the flooded market for Thanksgiving having tended to lower prices for this time.

Regret is of little good except as a milestone at the beginning of a new ascent.

GOSS SENTENCED TO DIE FOR CRIME IN MITCHELL

Sentence of Court Will Be Executed Friday Unless Governor Interferes.

(By the Associated Press.) Raleigh, Nov. 28.—John Goss, convicted of an attack on an aged white woman near Spruce Pine, in Mitchell county, last September, and sentenced to death by electrocution, will pay the penalty in the electric chair on Friday, officials here indicated today.

At the governor's office it was stated that no application for clemency on the part of the executive has been received nor have there been any appeals of the executive on behalf of the negro. Unless a last-minute stay of execution is granted by Governor Morrison it appeared today that the sentence of the court would be fulfilled.

The crime for which Goss was convicted to die was committed last September and caused an uprising against negroes in Mitchell county to take place. Immediately after citizens of Spruce Pine received word of the attack negroes working as domestics, in the mines of Mitchell county, and on road construction were ordered to leave the county immediately.

The order was generally obeyed, and in less than 24 hours the county had been cleared of the blacks, and as a result work on roads and in the mines was halted. Governor Cameron Morrison was notified and ordered national guardsmen to the scene with orders to protect the negroes and guarantee their right as citizens. With the coming of troops some of the negroes returned to their positions, but the major portion of the 200 or more ordered out of the county did not return.

THREAT TO ANNIHILATE POSTAL AUTHORITIES

Gastonia Postmaster Gets Letter Signed by Elusive "K. K. K."—Is Not Frightened.

(By the Associated Press.) Gastonia, Nov. 27.—Postmaster F. A. Slate and his entire postoffice force of a dozen or more clerks were threatened with complete annihilation at midnight tonight by some person signing himself "K. K. K."

"Notice. We will clean this postoffice out Tuesday night, you dirty scoundrels. We mean to shoot everybody that tries to interfere. Tuesday night, 12 o'clock." The wording was printed with a pen on the reverse side of a letterhead which had evidently been taken from one of the waste baskets in the lobby of the postoffice.

Postmaster Slate turned the paper over to the postoffice inspector of this district. He stated this afternoon that neither he nor any of his clerks are the least bit apprehensive. He believes it to be the prank of some wag.

"I do not think Gastonia has any person within its limits," he said, "who dares perpetrate such a crime. I don't believe Gastonia has a Ku Klux Klan, and if it did they would not do anything of this kind. Some irresponsible person is simply trying to frighten somebody under the guise of the Klan. We are going on as usual. I do not think there is a thing to it; it's just a hoax."

THE COTTON MARKET

Still Higher Price Levels Established at Opening of Market Today.

(By the Associated Press.) New York, Nov. 28.—Still higher price levels were established in the cotton market here at the opening today because of continued strength in Liverpool and bullish trade advices from Manchester.

First prices were firm at an advance of 7 to 15 points with December selling up to 36.40 and March to 36.10, or 35 to 40 points above yesterday's closing during the early trading.

The opening here was not a full response to the higher cables, the advance in Liverpool being attributed partly to the decline in Sterling. Private cables reported heavy trade cabling in Liverpool and a big business in Manchester.

Cotton futures opened firm, Dec. 36.40; Jan. 35.85; March 36.00; May 26.10; July 35.35.

TWO OTHERS ARE ALSO BEING HELD

Anthony Pantano, Accused of Being "Tip-off" Man for Gunmen, is One of the Six Men Arrested.

(By the Associated Press.) New York, Nov. 28.—Six additional arrests of men suspected of participating in the slaying and robbery of two Brooklyn bank messengers November 14th were made today. Five were taken in the raid on an apartment in the Bronx while Anthony Pantano, accused of being "tip-off" man of the gunmen, was arrested in his Brooklyn home.

Pantano was formerly a bond salesman for the West End Bank whose messengers were killed. The police understand he gave advance information to the actual slayers, including the statement that the messengers were quick on the draw. The Bronx apartment where the five were taken, was a bandit rendezvous and it was there that the men who instigated the Brooklyn robbery and slaying called his aides for conference the police said. They would not state whether the plotter of the crime was among them now in custody.

Pantano, the police said, has admitted to them he furnished the information which led to the robbery and slaying. He is alleged to have told the police that the gunmen by threatening him had learned from him the approximate time the messengers left bank and the route they would follow. He denied that he was implicated in the actual commission of the crime, and that he had shared in the loot.

Mr. Dodd also announced that Anthony Pantano, of Brooklyn, one of those arrested this morning, had agreed to make complete confession of his part of the crime.

DAY OF THANKS!

THANKSGIVING DAY originated as a time of thanks for plentiful harvests which made it certain that the early settlers of America would be able to endure the winter without starving. Thanksgiving has gradually come to mean much more. It is the time of thanks for all such blessings as good crops, prosperity, health, peace, children, happy homes. In short, it is the one time of the year when the whole nation, regardless of creed or sect, unites in recognition of the spiritual—of our dependence on Almighty God. Those early New England pioneers endured severe hardships. They lived close to starvation, in fearful cold, amid hostile Indians. They had little to be thankful for, yet they devoutly gave thanks. Surely we should be made thoughtful and appreciatively humble as we ponder how much more we have to be thankful for than the Pilgrims.
