The Wonderful Horse.  
O horse, you are a wonderful thing; no buttons to push, no horns to honk; you start you self, no clutch to slip; o

spark to miss, no gears to strip; no license-buying every year, with plates to screw on front and rear; no gas bills climbing up each day, stealing the joy of life away; no speed cops chugging in your rear, yelling summons in your ear. Your inner tubes are all O. K. and, thank the Lord, they stay that way; your spark plugs never miss and fuss; your motor never makes us fuss. Your frame is good for many a mile; your body never changes style. Your wants are few and easy met; you're something on the auto yet.—H. R. Elliott, American Forester.

England's Princess Mary is a most devoted mother, and spends much of her time in the nursery with her little son, Master Lascelles, who has just passed from the crawling to the toddling stage.
