RALEIGH ERVIN RELEASED BY POSTING \$3,000 BOND
Freed Yesterday After Habeas Corpus Proceedings Before Judge Harding at Concord.
Charlotte Observer.
Raleigh Ervin, young Gastonia man who was held without bond being set by the coroner's jury Monday inquiring in to the death of Shade H. Nivens in an automobile accident Sunday afternoon on the Dowd road, was released under a \$3,000 bond yesterday when habeas corpus proceedings were instituted before Judge W. F. Harding sitting at Concord.
The case is scheduled to be heard here at the criminal term of superior court beginning May 12.
A Star automobile driven by Ervin, 20-year-old son of A. R. Ervin, superintendent of the Gastonia Manufacturing company, struck the aged man in front of the store and filling station of E. M. Hopper, his son-in-law, which was formerly used by the fire department of

Clay Greene. It is not known whether Nivens was trying to cross the road when he was struck or whether the machine ran too far upon the dirt portion of the road after leaving the asphalt, the collision ensuing. After the old man had been taken into his son-in-law's store Ervin and Edward Aycock, of McAdenville, who was riding with him at the time of the accident, came to Charlotte to surrender to the sheriff. Failing to find the sheriff they returned to the scene and were taken into custody by Rural Officer Hand, who had been summoned.
GIRL MONTH ON BATTLESHIP. BETRAYED BY GUST OF WIND
Sex Revealed By Bobbed Hair. She Says Two More Women are Aboard Arizona in Disguise.
New York, April 30.—Adelaide Andrews, the first bobbed-haired "sailor," went home today on permanent shore leave. The 19-year-old girl passed only a month on the battleship Arizona, of

the Pacific fleet, disguised as a sailor. But few adventurous youths who have answered the lure of the slogan, "Join the Navy and See the World," can boast of more thrilling experiences.
Spending most of her time in the engine room, moving from hiding place to hiding place, receiving food from sailor friends, Miss Andrews managed to escape discovery for a month. Then a puff of wind—a passing whim of the sea—betrayed her. The brim of her sailor cap was lifted and a sailor caught a glimpse of her hair. He reported his discovery to an officer and Miss Andrews' career as a "sailor" ended. She was put ashore at Panama and brought back to New York today on the steamship Christobal.
After she had learned her way about the big warship, Miss Andrews said, it was comparatively simple to evade detection. Soon after the Arizona had put out of New York on March 13, she said, she ventured to the deck and later attended the movies. While at the movies, she declared, she saw two other women, wives of sailors on the warship, disguised also as sailors.
Miss Andrews said she owed her adventure to a sailor on the Arizona, who provided her with a uniform and helped smuggle her aboard. Going out to the battleship in a launch with recruits and other sailors, she said she got past the guard without difficulty. She steadfastly refused to tell the name of the sailor who assisted her.
When she first was questioned the girl said her name was "Madeline Blair." Later she admitted her name was Adelaide Andrews. Her mother had appealed to the police to help find her missing daughter.

Wishes to announce the removal of his offices on May 1st, from the Maness Building to the new Cabarrus Savings Bank Building (SECOND FLOOR)

"I Never Give My Children Calomel!"

"I used to feel it necessary to give the children calomel or castor oil," said one mother to W. L. Hand "but it was such a distressing procedure that often I lost the courage to give the dose."
"And the children would just fight against it."
"I bless the day that I learned of your Live-o-lax. I find that it will do the same work in bilious conditions as calomel and castor oil, and the children love to take it."
Live-o-lax, a vegetable liquid preparation, may be had at any drug store and may be relied upon for adults as well as children in cases of indigestion, biliousness, constipation and similar disorders.

Rain Insurance Paid to Milwaukee Paper.
Milwaukee, Wis., April 28.—The first time in history that a daily newspaper has collected rain insurance on an edition of its newspapers occurred here today when the Milwaukee Journal company collected \$8,000 insurance because of several hours of rain yesterday afternoon on an insured edition of its Sunday paper.
The policy was taken out to insure the advertisements of real estate men who expected to show lots and houses Sunday afternoon.
The Journal agreed to re-run all advertisements next Sunday.
Horn-rimmed spectacles have gained a new lease of popularity by appearing in various shapes, including octagons, diamonds, and hearts.

MRS. L. H. SIMMONS

Do You Suffer from Dizzy Spells, Sick-Headache?
Raleigh, N. C.—"I want to tell just what I think of Dr. Pierce's Pleasant Pellets for the liver. I was troubled a great deal with my liver. I was constipated and would have dizzy spells, followed by sick-headaches. It just seemed I could not get anything to act on my liver, but after taking the 'Pleasant Pellets' I had no more bother, was free from constipation and never suffered any more from dizzy spells or headaches. The 'Pleasant Pellets' are the finest regulator of the stomach, liver and bowels that I have ever taken."—Mrs. L. H. Simons, 27 S. Swain St.
Constipation is at the root of many ailments. You can avoid many of the ills in life by obtaining Dr. Pierce's Pleasant Pellets at your nearest drug store; or send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for a trial pkg.

Your Automobile

The question whether all motorists should be compelled by law to carry **AUTOMOBILE LIABILITY INSURANCE** is being agitated in a number of States, and in several has reached the point where the legislatures in session are seriously discussing the advisability of compulsory insurance. This kind of insurance covers you against claims or personal injury suits by injured people; it is protection to your home and other property. May we explain?

ONE WEEK'S MUD!
TAKEN OUT OF YOUR CLOTHES BY OUR NEW DEVAL CONTINUOUS CLARIFICATION SYSTEM

The last word in dry cleaning efficiency. The arrows show how dirt is removed from the cleaning machine as fast as it is removed from the clothing.

It seems impossible that clothing should hold so much dirt—

Yet every day we REMOVE pounds and pounds of it from clothing sent us to be dry cleaned. Note the emphasis on that word "REMOVE." With our new system of cleaning, a high-speed centrifugal clarifier actually REMOVES dirt from the cleaning machine as fast as the cleansing fluid washes it from the garments. We can show you the dirt taken out of our customers' clothing any time you call.
This new system not only enables us to remove the last trace of dirt from your clothes, but makes it impossible for dirt or germs from one garment to get into another. This makes the dry cleaning process not only more effective, but far more sanitary.
This is just one of many exceptional features of our dry cleaning service. Let us demonstrate the quality of our work, the promptness of our service and the economy of regular dry cleaning.
