MRS. SUNDAY HURT BY AN AUTOMOBILE

Had Planned to Visit Charlotte Soon. Charlotte News.

An injury to Mrs. William A. Sunday, wife of the noted evangelist, that may effect her plans for a visit to Charlotte, occurred last Friday in Memphis, Tenn., where her husband is holding a revival.

Mrs. Sunday was seriously injured by being run down by an automobile, according to a special dispatch from Memphis to The Atlanta Journal. Sunday, the accident, according to information from Memphis, occurred Friday on the streets of Memphis but the seriousness of her injuries were not revealed until an x-ray examination was made at her hotel.

"The blow broke the right pelvic bone and severely tore the ligaments of the right leg," the story from Memphis said. Mrs. Sunday was taken to a hospital Saturday morning after a painful night at her hotel. The accident to Mrs. Sunday occurred when she stepped from behind an automobile into the street. The driver of an approaching automobile failed to see her in time to avoid the accident.

"Mrs. Sunday, as soon as she was able to speak," the Memphis dispatch said, "was careful to economize the driver of the machine, 'Billy Sunday,' the dispatch further said, suffered an acute attack of nervous disorder Friday night after the sermon. He was unusually spirited in his sermon, but showed plainly that he was at high nervous tension. Instead of being wet by perspiration as is customary, Mr. Sunday was not perspiring at all, and had two degrees of fever. Two physicians stayed with him two hours.

"Mr. Sunday stayed in bed today, Robert Matthews, his secretary, had charge of the afternoon services."

Ambergris.

Ambergris is a fatty secretion formed in some sperm whales. It is taken from whales directly, but more often it is found floating in the water, especially in the waters of the tropics. It is also found cast up on beaches in lumps which sometimes exceed 200 pounds in weight. On exposure to the air it develops a sweet disagreeable odor. Ambergris has a high commercial value as a material used in the manufacture of perfumes, and the price is increasing, due to the rarity of the sperm whale and the growing demand for the material.

Neat's-Foot Oil.

Neat's-foot oil is obtained from the feet of such animals as oxen and sheep. It is commercially valuable as an industrial oil, because it remains liquid at a freezing temperature, and it can therefore be used in lubricating exposed machinery. Neat's-foot oil is pale yellow and is practically odorless.

New Y Hall Open.

A large and enthusiastic audience attended the opening of the Brown-Napco Y hall. The music was exceptionally fine, the audience enthusiastic, the movies full of life and the opening of this industrial center promises to be of great benefit to this section of the city. T. J. Haywood, of the Brown Mill, is wide awake to the needs of his employees and has spared no expense to get the Y hall in splendid shape. Next Monday night, Mr. Blanks and Mr. Denny of the local Y will organize a club of older boys to use this hall. Regular movie programs will be given every Monday night.

Big Removal Sale at Efrid's.

The big Removal Sale at Efrid's will begin next Friday, May 9th. The store will be closed for two days, Wednesday and Thursday, to mark down goods for the sale. Three experts will be in charge of this sale, who are master sales conductors of the Efrid chain. The entire stock has been turned over to them with instructions to move it and not to leave an article to be moved to the new store. See page ad. today. Those in charge of this sale are: E. L. Efrid, of Winston-Salem; T. L. Benson, of Salisbury.

Why Teachers Go Mad.

Teacher—Abie, give me a sentence containing the words "self defense." Abie—After my fodder heard from de carpenter, he said: "Never mind, I'll fix myself de fence."

IN AND ABOUT THE CITY

W. B. WARD NAMED TO BE POSTMASTER

Nomination Made Monday Afternoon by President Coolidge—Senate to Act on Nomination.

William B. Ward has been nominated by President Coolidge to be postmaster in Concord. This announcement was made Monday afternoon from Washington after President Coolidge made his decision and the news was received here first by The Daily Tribune in a telegram sent by the Associated Press.

The fact that President Coolidge has nominated Mr. Ward leads his friends and supporters to feel that he will be confirmed without serious opposition in the Senate. It is not known when the Senate can act on the confirmation, but as the matter has been hanging fire for some time it is predicted that the nomination will be sent to the Senate at once for action.

Friends of Mr. Ward are of the opinion that his confirmation means the end to the bitter struggle that has been waged by the various aspirants to the office. Mr. Ward has been twice certified by the civil service commission and it was predicted after the second certification that he would get the appointment by President Coolidge.

The hardest fight against Mr. Ward was made by G. Ed. Kestler, who also sought the postmastership. Mr. Kestler, it is known, caused the civil service commission to recall its first list of eligibles, send some inspectors here and issue another eligible list. But when Mr. Ward's name appeared among the three eligibles, it was generally felt that he would be nominated.

Mr. Ward has been prominent in the Republican party in Cabarrus county for a number of years. He has served as chairman of the county commissioners and is recognized as one of the Republican leaders in the county.

John L. Miller, present postmaster, will remain in office until the nomination of Mr. Ward is acted upon by the Senate and until Mr. Ward's induction into office.

"PROGRESSIVES" CHOSEN BY MT. PLEASANT VOTERS

Swept The Field in Municipal Election Held Monday—Othar Barringer Mayor.

In what was described by citizens of the town as the "hottest" election on record, the voters of Mt. Pleasant Monday elected municipal officers.

Interest in the election this year was keenly aroused by the fact that a "progressive" ticket was placed in the field some time ago and the candidates endorsed by the "progressives" swept all opposition before them in the election Monday.

The following officers were elected: Mayor—Othar A. Barringer, no opposition.

Commissioners: Zeb V. Heinze, 137 votes; A. Walter Moore, 146 votes; Harry E. Foil 146 votes; E. M. Dry, no opposition; and Dr. J. J. Bunn, 138 votes. These commissioners defeated the following candidates:

J. L. C. Miller 76 votes; A. N. James, 69 votes; J. H. C. Fisher, 68 votes; and G. R. Blackwelder, 68 votes.

Kerr Street Baptist Revival Closes.

The Kerr Street Baptist revival closed Sunday night. There were thirty-nine additions to the church, twenty-seven by baptism and twelve by letter. Mr. Whitley is a good preacher and God wonderfully blessed us. There was a full house Sunday night, and many were turned away because of lack of room. Mr. Whitley spoke on the "Highway to Heaven," from the text Hebrew 12:1. Let us run with patience the race that is set before us. He said in part:

"The highway to heaven is a straight way, with no bad curves or weak bridges, and you don't meet any one coming back. When we start out on any of the earthly highways we meet people going in the opposite direction, but all on this way are going the same way—towards heaven. Then there are no hypocrites on this way; there may be some in the church, but none on the way that leads from earth to glory. Then there are no detours on this way. The way is open clear through from earth to heaven. This way is also paved with the blood of Jesus Christ. And, listen, there is no grand prize at the end of the way. I appeal to you to get on this way and run in high gear, turn not to the right or left but keep straight ahead for glory."

At the close of the service those who had united with the church were given the right hand of fellowship.

The church presented Mr. Whitley with a check for seventy-five dollars. It has been a great pleasure to me to labor with Mr. Whitley, and as the pastor of this church I pray God's blessings upon him and his labors.

A. T. CAIN, Pastor.

New Y Hall Open.

A large and enthusiastic audience attended the opening of the Brown-Napco Y hall. The music was exceptionally fine, the audience enthusiastic, the movies full of life and the opening of this industrial center promises to be of great benefit to this section of the city. T. J. Many Other Big Values in Silks we will be glad to show you.	

THE "ONE BAMBOO" DRESS

Takes a Woman Happily Through and Afternoon at Ma Jong

"Handkerchief Dresses," some people call them, and as a matter of fact, they are made of big squares of printed Crepe de Chine—very rich and striking in their somewhat Oriental coloring, very smart and simple in fashion. Some are straight, some have narrow flat girdles; some have gathers or wings at the sides; their sleeves are short and elbow length, and necks are shallow, round and bateau; one model has a little collar. Their quality is unusually fine and their price is very little—\$12.45.

(Second Floor)

For youth and slenderness which go uncorseted; for the sportsman who desires graciously-contoured freedom; for the hours when a corset is too much restraint—Warner's Corsetette is comfortable and smart. The original Corsetette, much imitated but never equalled, Warner's is a perfect garment for the various needs of the growing girl or the woman of fashion.

Other styles from \$1.98 to \$2.98
