

TO-DAY'S EVENTS

Tuesday, May 20, 1924
 Celebration of the anniversary of Cuban independence.
 Ninety years ago today died Lafayette, friend of America in the Revolution.
 Historic Mecklenburg Declaration of Independence was signed in 1775, will celebrate the anniversary of that event today.
 The Rt. Rev. Paul J. Nussbaum, Catholic bishop of Marquette, Mich., today celebrates the thirtieth anniversary of his ordination in the priesthood.
 An International Women's Congress will assemble in Copenhagen today for the boards and standing committees of the International Council of Women.
 Alabama Republicans are to meet in State convention at Birmingham today to elect their delegate to the Cleveland convention. The South Carolina Democratic convention will meet at Columbia to elect delegates to the New York convention.
 At a special election in Colorado Springs today the voters will pass on a proposed bond issue of \$1,250,000 for a municipal light and power plant. At the same time a vote will be taken on a proposal to repeal the compulsory vaccination ordinance.
 The Southern Methodist College of Bishops is to hold a special meeting at Nashville today to decide the question of calling a special session of the General Conference to consider unification with the Northern branch of the denomination.

APE MEN FLOUTED BY PRESBYTERIANS

Cumberland Moderator Says He Hopes Any in Church Will Go Back to Woods.
 San Antonio, Texas, May 16.—An ordination as to establishment of certain bylaws "concerning paramount Christian disciplines" was introduced at the General Assembly of the Cumberland Presbyterian Church today and referred to a committee. It included these points:
 Acceptance of the Deity of Jesus Christ, with special reference to His virgin birth, His suffering and blood atonement, the bodily resurrection of Christ, the inspiration of the Scriptures and the account of creation as found in the first chapters of the Book of Genesis.
 The resolution criticizes "the light, vicious or dodging manner" in which the last General Assembly acted on this question, and declares that the "ape-man" idea is opposed by every member of the church "from President to janitor."
 The miracles of the Bible are accepted by the members of the church as literally true and a demand is made that the Cumberland Presbyterian Church show the world that "there is no mixture or taint of evolution in our entire denomination."
 The sentiment of the assembly was indicated by Moderator D. M. McAnulty, who declared that "if there are any descendants of the monkey present, we can't help it. But I hope they go back to the woods from where they came."

Jones is Marshalling the Trinity Football Squad.

Durham, May 19.—Coach Howard Jones, new football mentor at Trinity college, is marshalling his forces preparatory to a campaign for general recognition among major football outfits of this state as evidenced at a private meeting of the Trinity football squad here last Friday night. Announcement was made that the Methodist training camp will open on September 10.
 About 50 football candidates were present at the meeting. In addition to Coach Jones and Captain "Fritz" Crute, of Winston-Salem, there was no one else at the squad meeting. In a brief talk to the squad Coach Jones stated that with the 10 days in which to work, the squad would make every effort to prepare to give the State college team a real taste of the "wat foot" in the opening game of the Methodist season, on September 27.
 Coach Jones spoke of the psychology of the game, and gave a few instructions about reporting at the training camp, which will not be held in the mountains this year, but will be held at the college.

Outlook For Congressman Langley Reported Favorable.

Washington, May 19.—Representative Langley of Kentucky, ill at his home here, was said tonight to have made "satisfactory improvement in every way in the past 24 hours, except for digestive disorders and diabetic condition." Dr. Everett Ellison, the attending physician, added that "the outlook for ultimate recovery was favorable."

Florida

America's Winter Home

Wonderful Opportunity for Manufacturers

Sell your manufactured goods in the South. You can meet competition better on account of lower freight rates, and because it costs less to travel and to sell goods at home. Above all, manufacturers ought to intensify in the territory near-by. It is often found that they do not work their own territory as intensively as possible.

One of the states where business is good and where trade-marked articles can be advertised and sold readily, is Florida.

Easy to Sell Goods in Florida

Florida is one of our fastest-growing Southern States. Thousands of people are moving there every year, and so many wealthy people go to Florida in winter that probably the richest group of people in the country live there during that season.

Aside from its attractions as a winter resort, with its hundreds of big hotels and miles of beach along the Atlantic and Gulf Coasts, many other things add to the wealth and prosperity of Florida. Of course it is famous for its oranges, grapefruit, limes, pineapples, figs, grapes, and other semi-tropical fruits. A large amount of pecans are raised in Florida. Garden vegetables and melons are produced there in large quantities for the Northern market. Large numbers of cattle are raised in Florida, as they require little care. There are immense deposits of phosphate rock which furnish material for large fertilizer industries. Sponges are found on the coast. The naval stores market of the world is made in Jacksonville, where the yards contain the greatest amount of naval stores at any point in the world. Pine lumber, ship timber, tar, cotton-seed oil and cake, are important Florida products. Fresh and salt-water fish form the basis of a large commercial industry of this State. Jacksonville is one of the greatest distributing centers of the South.

How Many of These Florida Dealers Do You Sell?

General Stores	2,500
Grocers	3,250
Drug Stores	651
Hardware Stores	255
Auto Dealers	1,210

The South is Your Best Market

To Better Health Conditions in Durham.
 Durham, May 19.—The health department of this city has entered upon a crusade for the betterment of the health conditions of the city and is insisting upon sanitary precautions being taken in every instance. Since the campaign was started to force all houses to make a good working connection with the city water and sewerage, thirty warrants have been issued against persons failing to comply with the order. Fifteen of the premises of the occupant of the houses to immediately have the connections

made. The other fifteen were partly tried in court here and will be in the next few days. Most of those cases already tried were carried over to a later session.
Methodists Vote Down Proposal to Decrease Number of Bishops.
 Springfield, Mass., May 16.—A motion to decrease the number of Methodist bishops was defeated at the Methodist Episcopal Conference today by a vote of 411 to 344. A report of the Committee on Episcopacy, reducing the episcopal areas by one, was adopted by

a large majority. The St. Louis and Wichita, Kans., sees will be combined into one at Kansas City.
Dr. David G. Downey, of New York, appealing for confidence in the church's leaders, swept the house from its feet as it was about to recommit the report. He faced a house roused to enthusiasm by declarations from speaker after speaker that the church was suffering from too many bishops and that the whole lady was demanding a reduction for the welfare of the church.
 "The opposition is always vocal," Dr. Downey said. "I speak for the silent,

contented majority who believe in their episcopal leaders. We are facing a great service program. Is this a time to retreat? In God's name I say no."
Harry K. Thaw is Given His Freedom.
 Philadelphia, May 19.—Harry K. Thaw, slayer of Stanford White, is free tonight after 17 years of intermittent confinement in jails and asylums.
 After withdrawal of a petition for retrial by his divorced wife, Evelyn Nesbit, common pleas Judge Moughan tonight entered judgment on the verdict of the jury which declared him

innocent, directed that he be given his liberty unconditionally, that his mother, Mrs. Mary Copley Thaw, be discharged as committee of his person, and that his property be restored to him by the trustees of his estate.
Farmers Judge Judge M. Patterson.
 Thaw's counsel said tonight that Thaw would voluntarily appear in New York to answer charges pending against him for an alleged beating administered to Frederick Gump, Jr., of Kansas City in 1911. A suit for damages, brought by Gump's father, has been settled out of court.

Charles Best Johnson by Times in Oregon.
 Portland, Ore., May 19.—Oregon Republicans at the primary election Friday endorsed the candidacy of Charles Calver Johnson, and the Republican nomination for lieutenant governor by Tom Evans over Senator Hiram W. Johnson of California, as shown by steadily mounting totals.
 William Gibbs McAdoo and George L. Rury candidates for the Democratic nomination for president and vice president, respectively, were unopposed for the state's endorsement.
