"FIND YOURSELF CAMPAIGN" A TREMENDOUS SUCCESS

Was Most Helpful to Great Number of High School Boys.

The "Find Yourself Campaign" which was put on by the Boys' Work Department of the Y. M. C. A. February 20th to March 2nd, was a great success, and many of the High School boys were greatly helped and encouraged in choosing their life work.

The purpose of this campaign was to aid the older High School boys in their purposes, plans and problems, and to help a large number of the boys to face intelligently the urgent problem of discovering the vocation for which they are best fitted.

A special campaign effort included the following: 1. Special boys' meetings for consideration for particular problems of High School boys where an opening was given them to come clean.

2. Largest possible emphasis placed on personal interviews by local business or professional men.

3. Noted speakers in High School each morning at the chapel exercises talking Vocational Guidance.

The set-up for the campaign was as follows: The campaign opened on Thursday, February 21st, when Mr. Mike Hoffman, General Secretary of the Salisbury Y. M. C. A., made a very practical and interesting talk to the boys.

The second event of the campaign took place at the Y. M. C. A. Friday evening, the 22nd, when the "Find Yourself" Banquet was held. About sixty men and boys were present at this banquet, at which Mr. J. T. Fesperman, State Boys' Work Secretary, spoke.

Mr. Fesperman spoke first to the boys and then to the men, when the boys had been given the self analysis blanks and dismissed. The boys were given all day Saturday to fill out the blanks and return them. All the blanks were properly classified.

The next get-together of the men and boys was held at the Y. M. C. A. on Sunday afternoon, the 24th. This was a meeting primarily for the purpose of the personal interview with the boys by the local business men.

The meeting opened with prayer by Mr. T. D. Mansess, followed by music by Kidd Junior Orchestra, and the entire group joined in singing beautiful songs of praise. Rev. J. F. Armstrong followed with a short prayer, then the men and boys adjourned to private rooms for personal interviews.

Each day during the week February 25th to 29th noted speakers were present at the chapel exercises at the High School emphasizing the importance and thought of this vital subject. The following schedule was carried out at the school this week: Tuesday, February 26, Mr. Blanks spoke to the boys; Wednesday, the 27, Mr. A. L. Perdue; Thursday, W. G. Caswell; Friday, Rev. J. C. Rowan. Each man delivered forceful ideas on this subject.

MISSISSIPPI FREED ONCE AND ARRESTED AGAIN Washington State Man Held On Bail And Arrest Proceedings—Gives Bond.

C. A. Missimer, civil engineer, of Everett, Washington, who was held here under bond for several days in connection with the death of J. S. Kiser, prominent Cabarrus County farmer, was given a preliminary hearing Tuesday afternoon before M. H. Caldwell, city recorder. Judge Caldwell did not find probable cause and Mr. Missimer was released.

Shortly after the trial, however, Mr. Missimer was arrested again, this time by Sheriff Caldwell, who made the arrest, it is said, on bail and arrest proceedings which had been instituted by the family of Mr. Kiser. Bond in the sum of \$5,000 was demanded of Mr. Missimer and this was furnished, it is said by several prominent men of the city.

Immediately after the accident Sunday Mr. Missimer gave bond in the sum of \$5,000 and it is said that the same bondsmen sponsored him when the new bail was demanded Tuesday.

Mr. and Mrs. Missimer, who are traveling from Florida in their car, left Concord late Tuesday afternoon. The new turn in the case means that Mr. Missimer will have to return to Concord for trial, the proceedings against him making him liable to civil action.

Mr. Kiser died in the Concord Hospital Sunday morning from injuries he is alleged to have received when he was thrown from his buggy when the vehicle was struck by an auto driven by Mr. Missimer. The accident occurred Sunday morning on the Concord-Charlotte road.

Ship Report to Be Presented Friday, Raleigh, May 20.—The report of the state ship and water transportation commission will be presented to Governor Morrison and the council of state Saturday at the executive offices at 2 p. m. Friday, May 23. It was definitely stated here tonight by D. D. Carroll, secretary of the commission.

"Any statement concerning the contents of the report will be made only after the presentation," Mr. Carroll stated, "if the printer lives up to his promise, copies will be ready at that time for the press."

TWO FINE ADDRESSES ARE HEARD IN MT. PLEASANT

Dr. H. M. Poteat and Rev. C. E. Ridenhour Heard Tuesday.

Dr. H. M. Poteat and Rev. C. E. Ridenhour of this vicinity and visitors present enjoyed an opportunity to hear an unusual address this morning.

Dr. Poteat is an orator of rare ability. By his forcible delivery and edifying thought, he held the entire audience's attention. The subject of Dr. Poteat's address was "The Fruits of Ignorance in Citizenship."

Dr. Poteat divided the ignorance in our population into three distinct classes: the foreigner, who is grossly ignorant and who is made the slave of industrial capitalists; the illiterate native population, who constitute 13 per cent. of our population; and the "bread and butter" class whose purpose in life is to make money in one way or another.

He said that the fruits of ignorance are: civic indifference, inability to judge men and measures, restlessness, economic heresy, disloyalty to America and foreign allegiance, popular hysteria, intolerance and bigotry, and moral cowardice.

The speaker briefly discussed each of the above. As a cure for them, he said that we need more and better home training. If obedience to law is not taught in the homes the children will not have the proper respect for the law.

He said that vocational training in our high schools is tragic, because it does not give what it claims and begins specialization too early in life to give what the student needs. He read a quotation from a report of the Carnegie Educational Foundation which pointed out the deficiencies of vocational training.

Vocational education has too little to offer in comparison with what it costs. Dr. Poteat also called attention to the evils of the elective courses in the secondary schools. The church, said the speaker, needs to stand on the foundations upon which it was founded.

This afternoon at 3:30 o'clock, Rev. C. E. Ridenhour, class of '14, delivered a strong address before the Alumni Association on the subject "Achievements' Challenge." He said that achievements' challenge is positive, that it arouses the latent and innate powers of men, and that it is opportunity's bid for acceptance. In this connection the speaker strongly emphasized the challenge of an educational institution to its students and Alumni.

He said that men become great by answering the calls of challenges, and that a hearty co-operation should exist among us in this work. He pleaded with the Alumni that they do all in

their power to help build a greater M. P. C. I. and make possible the present plans and hopes of the school. The address as a whole was very inspiring and full of constructive thought.

Deputy Sheriff Beats Man in Drawing Gun

Asheville, May 20.—Beating his man to the draw, Lawrence Brown, deputy sheriff, shot and killed Dave Anderson, 35, in a revolver duel at Black Mountain last night. The shooting took place in the middle of the public road and was witnessed by several persons. A coroner's jury today found that the officer had fired in self-defense.

Now Is the Time to Buy That Refrigerator That You Promised Yourself Last Summer

Don't you remember when you told yourself that the old one was getting a little top open and it used too much ice to keep the foods cold? That was a good idea you had at that time, but are you living up to your word? Make it easier upon yourself to buy ice for the refrigerator; also easier upon your wife, because all of our boxes are so easily kept clean and sanitary and they use so little ice and save all foods so well. Our boxes have a perfect circulation arrangement that assures you of proper refrigeration.

Drop in and take a look at them. We have smaller boxes for the smaller families and larger ones for the larger families.
