

MOVEMENT GROWING TO GIVE STRENGTH TO JOHN W. DAVIS

Two Movements in His Behalf Have Been Started Recently, One in Chicago and Other in Washington.

WOULD ACCEPT THE NOMINATION

Friends Declare He Is In Receptive Mood—Neutral Leaders Are Now Looking Into Davis' Qualifications.

(By the Associated Press.) New York, June 20.—With the increasing influx of delegates to the National Democratic convention, the political mathematicians are busily engaged in figuring the actual and potential strength of the leading candidates, complicated as their task is by the arrival of favorite sons and dark horses in Candidates Row.

Two separate movements to groom John W. Davis of West Virginia as the Democratic candidate for the nomination, developed in Washington and Chicago, and were growing stronger every minute when they arrived here, after Davis let it be known that he was in a receptive mood.

Party chiefs admittedly against McAdoo, and neutral regarding Smith, immediately began sounding out state leaders on Davis as a possible compromise candidate in the event that the Smith-McAdoo contest developed a deadlock.

Managers for Geo. S. Silzer, Governor of New Jersey, Carter Glass, of Virginia, Oscar W. Underwood, of Alabama, and James M. Cox, of Ohio, have opened headquarters.

Work already has been started by Homer S. Cummings of Connecticut, on the party platform.

It is generally conceded that the main test of strength between McAdoo and Smith will be on the question of the Ku Klux Klan, league of nations, and prohibition.

George E. Brennan, Illinois leader, and known as a Smith supporter, has been bitter in his attitude against the hooded organization, and insists that the Democratic platform must definitely denounce the Klan.

Managers of the McAdoo campaign have reiterated the stand taken by their candidate in his southern speech on Americanism and religious tolerance.

To Senator Key Pittman, of Nevada, has been designated the duty of framing the fundamental planks in the platform. Senator Pittman, who conferred on the tentative draft of a platform with Congressmen in Washington, today conferred with Mr. Cummings.

The women blossomed forth today and became active in both the Smith and McAdoo camps, while pamphlets setting forth the feminine strength of both candidates began to appear in the hotel lobbies and on the streets.

Will Stay Wilson Proposal.
Baltimore, June 20.—A copyrighted dispatch from a staff correspondent at New York to the Baltimore Sun today says that "Woodrow Wilson's last political will and testament—a document of party principle and policy—is to be laid by a group of his followers before the members of the resolutions committee when the time comes to write the Democratic platform."

Roosevelt Will Nominate Smith.
New York, June 20.—The honor of nominating Governor Smith at the Democratic convention, probably will go to Roosevelt.

New York, June 20.—Wm. G. McAdoo was too busy with conferences today to see the large number of newspaper men who assembled at his headquarters.

Lippard has served a portion of his sentence but has from time to time received paroles from the Executive in order that he could receive treatment in a hospital. The prisoner, it was said, is still in poor health and in need of attention at a hospital. For these reasons, the Governor stated, that he paroled the man.

ASKS RECEIVER FOR THE KU KLUX KLAN

Indiana Man Alleges Klan Money Disbursed and Then Klan Is Insolvent.

Muncie, Ind., June 19.—Receipts for the Knights of the Ku Klux Klan, as asked in a suit filed in circuit court Wednesday by James F. Hildebrand, Muncie Insurance agent, who alleges the organization is violating the provisions of its Indiana charter which sets out that the organization is not for profit.

Hildebrand alleges that the Ku Klux Klan is insolvent and owes \$8,000,000.

Hildebrand is national treasurer of the Independent Klan of America, formed here recently by chapters seceding from the Knights of the Ku Klux Klan. Hildebrand charges in the suit that the Klan's money is being divided among officers "according to the will and discretion, and desires of the former Texas dentist, Hiram W. Evans, now His Lordship, in the defendant organization." It is alleged in the complaint that more than \$5,000,000 was paid into the Knights of the Ku Klux Klan treasury by Indiana members, including the plaintiff, which money was to have been used in building and establishing a university to be known as the American University, that 500,000 Indiana persons bought robes of the Ku Klux Klan at \$6.50 each and that \$3.50 of this sum was to go into the fund to establish the university, but that after receiving \$5,000,000 in this way, the defendant organization divided the money among its officers and did not use any of it for the purpose intended.

It is alleged the Ku Klux Klan gave to William Joseph Simmons, former head of the Klan, \$145,000 of this money, gave \$100,000 to a sculptor for carving the likeness of Robert E. Lee on the face of Stone Mountain, and that the officers of the corporation otherwise have dissipated the money of the members.

NOW FOR THE FINISHING TOUCHES

ASA G. Candler, Sr., ASKING FOR DIVORCE

Cruel Treatment Alleged in Divorce Papers Filed by Millionaire Thursday.

(By the Associated Press.) Atlanta, June 20.—Alleging cruel treatment, Asa G. Candler, Sr., retired millionaire soft drink manufacturer, has filed suit for divorce from his wife, Mae Little Ragan Candler. The papers were served last yesterday, news of the suit becoming known today.

Mr. Candler, who is 72 years old, married Mrs. Mae Little Ragan, a young widow, June 20, 1923. She had been a public stenographer in the Candler building in which the aged millionaire maintained his office. She has two children, twins by her first marriage. Mr. Candler has five children by a previous marriage.

The capitalist and his bride went for a honeymoon trip to Northern and Eastern cities and on returning to Atlanta took up their abode in the palatial Candler home in the Druid Hills section, just over the line in DeKalb county.

The petition for divorce sets forth that the couple separated February 9, 1924. "She left petitioner's home at petitioner's demand," the suit says. It alleges that although Mrs. Candler declared her love for Mr. Candler, she had no love for him, never had loved him, and had married him "for other motives." The defendant admitted this at the time of the separation, according to the petition.

"She paid not the slightest attention to making a home for the petitioner," the suit filed by Mr. Candler charges. It also alleged that Mrs. Candler would leave home early in the morning each day, remaining out until night. She "spent a large part of the day driving in an automobile in the country, with a man whom she would meet at various times and places," the document charges. No co-respondent is named in the petition.

Mr. Candler charges that his young bride "cursed and vilified," made deliberate efforts to wound and harass him, "ignoring and insulting his friends," and causing him great mental distress which impaired his health and peace of mind.

In these acts, the petition charges, "she wilfully persisted," until the situation became unbearable to Mr. Candler, and resulted in the final separation.

Bad Bill Etiquette.

New York, June 20.—When a married woman fails to pay her bills, should her husband be notified at once, or should she be given time to pay?

William T. Snider, president of the Retail Credit Men's National Association, leading a discussion of the question at the annual convention of the association today, asked the question and answered: "A married woman should be given time to pay. If she fails, her husband should be notified."

The problem of whether it is proper to attempt collection of delinquent bills by telephone also perplexed the delegates. The answer was: "Yes, but go easy. There may be company in the house, or a conference in the office."

MAY BENTON HAD MARRIED THREE MEN

C. M. Fesperman, of Charlotte, Said to Have Been One of Her Husbands.

Greensboro, June 19.—Mrs. May Benton, who was found dead in her room at a hotel here, either suicide or victim of a self-administered excessive dose of a drug to induce sleep, had been married to three men, her husband, J. H. Benton, of Statesville, said here today when he viewed the body, and one of the husbands was C. M. Fesperman, of Charlotte, son of Deputy Sheriff Victor Fesperman there. Benton further asserted, C. M. Fesperman is a policeman in Charlotte, Benton said.

Fesperman was here today and saw the body, according to Benton. He (Benton) married the woman when she was a girl of 14 in Hill City, Tenn., and lived with her for about 15 years, then secured a divorce; but remarried her about three months later in Fayetteville. Fesperman married her in Trenton, Ga., about three years ago, Benton said. A man named Morris Jaffey married her in Norfolk last autumn, Benton said, and he thinks she was on her way to Philadelphia to join Jaffey when she stopped off here with tragic result. She started toward Philadelphia from Charlotte, he thinks.

The woman seems to have spent considerable time in Charlotte, and two women from there came over in an automobile today and looked at the body. Their names were not secured. It will never be known whether she killed herself or took too much of the drug unintentionally. She had registered at the O. Henry Hotel Saturday, with another woman, as Mrs. C. M. Fesperman and Mrs. Eula Sitterson, both giving Philadelphia as home addresses. The Sitterson woman checked out Sunday, and Wednesday a maid found the other one dying. The coroner, a physician said he thought it a suicide case. She left no word indicating that she intended suicide.

The body remains here. Benton did not have funds to remove it. Word is being awaited from her mother, Mrs. Josephine Gibson, Trenton, Ga., R. F. D. No. 1.

TENTATIVE PROGRAM OF DEMOCRATIC COMMITTEE

It Is Said the Nomination May Be Made on July 4th.

(By the Associated Press.) New York, June 20.—The tentative program of the Democratic national convention follows closely the schedule of procedure which has prevailed in previous national sessions of the party. Many leaders believe the convention will last ten or eleven days.

The first formal assembly of the 2,600 delegates and alternates at the main auditorium, Madison Square Garden, will be at noon of Tuesday, June 24th. Cordell Hull, of Tennessee, chairman of the Democratic national committee, will call the convention to order, and a member of the New York City clergy will pronounce an invocation. Mr. Hull's introduction of the temporary chairman, Senator Pat Harrison, of Mississippi, will be followed by the senator's keynote speech.

Mayor John F. Hylan, of New York, will deliver an address formally welcoming the convention to this city, and adjournment will be taken, probably at about 3:30 p. m., until noon Wednesday.

The report of the committee on permanent organization will start the second day of the convention, after which the committee on rules will report. Meanwhile, the committee on resolutions will commence its work and start drafting the platform. The report of the credentials committee will conclude the regular business of the Wednesday session.

With the permanent chairman presiding, the convention will open its third day at noon, Thursday with reports of the convention.

The platform probably will be presented to the convention on Friday. The nomination of candidates for the presidency, of whom a score already are in sight, will begin late Friday or early Saturday accompanied by the traditional band-plays, singing and noisy demonstrations as each candidate's name is put forward.

Thus the convention will adhere to a prescribed formula for only the first five days. If nominations are not made immediately, there will be continuous day and night sessions, except on Sundays and continuous balloting until a nominee for president and a running mate for the vice presidency shall emerge from the fray victorious.

The 1920 convention at San Francisco lasted nine days. Some local party counselors predict the impending convocation, confronted by so many candidates to choose from, will be kept busy for eleven days. Should their prognostications prove correct, the Democratic candidates would be named on the fourth of July.

CITY ELECTRICIAN AT SHELBY ELECTROCUTED

Austin Sparks Killed While Working on High Voltage Wire.

Shelby, June 19.—Austin Sparks, 22 years old, son of William Sparks, an electrician, was electrocuted this afternoon while working on a high voltage pole on one of the business streets of Shelby. Lois Lipscomb, another city employee, made a daring climb up the pole and with pliers cut loose the wires and belt holding the limp form of his pal.

Efforts at resuscitation by physicians hurriedly called were in vain. He gave a few gasping breaths after being removed from the pole, due the physicians say, to artificial respiration as there was little life, if any, in the body when removed from the pole by Lipscomb. There were 2300 volts in the wire he is thought to have come in contact with.

The transformer on which young Sparks was working was disconnected from the four high voltage wires above, but it is thought that in moving his body his hand touched one of the wires above while his "climbers" or feet were in contact with a "guy wire." He had been in the employ for four years of either the city electrical department or the local telephone company and was popular with his fellow workers. He was a brother of John Sparks, outfielder on the Shelby baseball club, high school champion.

PARTY LEADERS ARE DRAFTING PLATFORM

Scandal in Government Affairs, Agricultural Aid and Foreign Relations Are Discussed.

New York, June 20 (By the Associated Press.)—Scandal in the administration of Government affairs as disclosed by the Senate investigations, occupies the dominant place in a tentative Democratic platform in process of drafting by a group of party leaders for submission to the platform committee.

Foreign relations, with particular reference to the world court, agricultural aid, and economy in government expenditures, coupled with tax reduction, are subjects to be dealt with in other principal planks.

Prohibition, the Ku Klux Klan issue, and foreign affairs probably will form the main fighting points before the resolutions committee.

CHURCHES RAISE NECESSARY FUNDS

Reformed Churches Raising Money Throughout State.—Plans for Annual Picnic Being Made at Present.

The Board of Managers of Nazareth Orphans' Home located at Crescent, Rowan County, has awarded the contract to erect a modern girls' dormitory to P. C. Wood, of Salisbury, it was announced here today by Rev. W. C. Lively, member of the board. The general contract, including the contract for heating, plumbing and wiring, call for an expenditure of \$35,000.00. The girls' dormitory will front 96 feet on a hard-surfaced highway and extend to a depth of 126 feet. The main floor will have accommodations for the matron and other help, social and music rooms, a dining hall and kitchen for a capacity of 100 children and all help. The second floor will have homelike rooms to care for 50 girls, including an infirmary. The new building will be located near the present frame building that was the original building of the Home when it was opened to receive children in 1907.

The Board of Managers is conducting a financial canvass of the churches of the Reformed Church in North Carolina for the amount necessary to build this dormitory. Reports from some of the churches have come in. Betany congregation at Crescent, a small rural church, the spiritual home of the children, raised their quota in full June 15. Shiloh congregation at Faith, though burdened with the completion of a new granite church, has pledged its quota in full. The churches will report Monday, June 23rd. All the 58 congregations in North Carolina have begun the canvass and all are expected to have near complete returns by June 28.

The Annual picnic at the orphanage will be held Thursday August 29th. The first Thursday in August is the annual day for the Reformed people and many others to go to Crescent. Thousands of people from Rowan, Cabarrus, Davidson and other counties gather at Crescent. The many friends will be glad to know that the Board of Commissioners of Rowan County is building a first class hard surfaced road by the Home from the station at the Yadkin railroad to the Bethany Reformed Church, also that a good top soil road is being built from the station at Crescent to the State highway from Salisbury to Albemarle. This year the special feature of the annual day will be laying of the cornerstone of the new girls' dormitory. Rev. W. H. McNairy, Superintendent of the Home, will announce the program of the day early in July.
