BILL BOOSTER SAYS

"SURE THING! I GO TO CHURCH ON SUNDAY! IT DON'T HURT ME NONE, IT PLEASER THE WIFE AND IT HELPS KEEP THE CHURCH GOING! WHAT KIND OF A TOWN WOULD THIS BE WITH-OUT ITS CHURCHES?"

COUNTRY CORRESPONDENCE

NO. NINE TOWNSHIP.
Mr. and Mrs. Arthur Baugh and family spent Sunday in Mooresville with Mrs. Baugh's brother, George Bost. Miss Lucille Layton is spending the week with her sister, Mrs. John Joyner, of No. 10 township.

Mr. and Mrs. Jacob Lewis spent Sunday at Mr. Gibson Smith's.

Mr. and Mrs. Mack Allan and family spent Sunday at Martin Pless'.

A large crowd of relatives and friends gathered at the home of W. F. Layton Sunday to celebrate Mrs. Lula Joyner's birthday. We wish her many more such happy birthdays.

FAITH.

On Sunday, July 13th, two of the Sunday school rooms were occupied for the first time. Up in the second story of the new Reformed Church the room on the north side next to Dr. Brown's home was occupied by Mrs. Leo Peeler, the teacher. Here is the names of her scholars, all girls about nine to thirteen years old: Hazel Jones, Leola Gardner, Gladys Peeler, Edith Holshouser, Leona Misenheimer, Bertha Barringer, Alma Holshouser, Helen McCombs, Arlene Davis, Dorothy Peeler, Lois Peeler, Dorothy Barringer and Lola Lyerly. There were fourteen in this class. The other room on the north side just at the head of the stairs was occupied by O. W. Gardner's class. The names of his class follow: Herman Lyerly, Harold Byrd, Alex Peeler, Allen Shive, Earl Shive, Harold Misenheimer, Marvin Davis, Harry Peeler, Kell Holler, Earl Holler and Allen McCombs, all about ten to thirteen years old.

L. M. Peeler was the teacher of a class in the basement of the new church Sunday, July 13th. The names of the children in his class follow: Elmer Misenheimer, Harry Jones, Peeler, James Basinger, Trevor Jones, Owen Jones, Fred Shive, John Shive, Welker Fraley, Hall Lyerly, David Lyerly and Delmer Fraley. Several other classes were in the main part of the church. Tom Byrd is the superintendent.

Some girl at Norwood has just sent us a long Leap Year letter. She lays down the leap year laws to us and says the law we must obey. It is too long for our items.

Mr. Carhart, of Kannapolis, a young boy, is now with M. L. Gant plumbing shop. He spent July the 4th in Washington, D. C.

In The Concord Daily Tribune of July 12th, page six and the upper part of the sixth and seventh columns is an article that strikes Venus exactly—a picture of a man with a young couple in front of him getting married. Look it up and read it. That would be the way to do. Then we would have the best country in the world.

Seantje George R. Uzzell and Col. Z. Vance Ashland have returned from an extended trip through Wilmington and the eastern part of the state.

J. K. Deadmon has returned from the Thomasville picnic. This excursion was run by Rev. Mr. Black, of Gastonia, for the Baptist Sunday School to the orphan's home. Five hundred children are in the home and well cared for. Mr. Deadmon saw them milk the cows by electricity and reports a fine time.

A. A. Beaver, of Rockwell, was in Faith today with a load of his milk in little bottles for the merchants of Faith. It sells this hot weather like hot cakes.

At Kanny's store here they have a young fox in a big box. Some boys found it in a dry well on top of the old Phillips mountain now owned by Peeler. They come to Faith and got the long ladder from the painters here, and let it down in the well and got the fox. They will keep it a while and then have a big race with it.

They think the fox was in the well about a week before it was found. The race will be when it gets rested up.

G. L. Lipe, C. J. Freeze and Rev. J. S. Wessinger, of China Grove, of the community of Mt. Moriah, E. L. Church, motored to Faith to see and inspect the new Reformed Church building here that is built out of Rowan county granite, and is one of the finest churches of the kind to be found anywhere outside of the big cities in the United States. People come here in cars from far and near to see this new church with a view of building one like it.

It seems that everybody in the United States knows Venus, and all the post office clerks know us because we got an envelope today directed this way: Venus, Faith, N. C., with some used carbon

paper in it, but no letter.

Mrs. John A. Peeler is confined to her home.

We went to a new section of the county to visit a strange family of good, well-to-do people, and when they found out who we were, they had us to stay with them two days and nights and their neighbors came to hear us talk, because we could entertain them so nicely. These neighbors said send me to their homes to spend a few nights. They wanted to be entertained by Venus. While we were getting ready to leave we woke up and found it all a dream, last night.

FAITH.

Mr. and Mrs. Love Wyatt's little nine-year-old daughter is in the Salisbury Hospital and has been operated upon for appendicitis and is getting along fine.

Carlton and Price, the two fine young lawyers of Salisbury, will have their office in the third story of the new city hall near the new court house when it is built.

Miss Garrell Rancy, of Salisbury, is visiting her cousin, Miss Carrie Bell Gardner, at Faith.

FAITH.

Misses Callie and Clea Barger, of Kannapolis, spent the week-end with Mrs. G. C. Miller.

Rev. and Mrs. H. A. Fesperman spent Friday night here with Mrs. Fesperman's mother, Mrs. Settie Peeler. They are on their way to Newton to attend the summer conference of the Reformed Church.

Mrs. R. L. Brown, of Christianna, is visiting her daughter here, Mrs. Settie Peeler.

Mr. T. R. Lingle had his first ripe cantaloupes from his garden July 19th. If you can beat that trot them out.

The Fisher Reunion and Association will be held at Faith in the New Reformed Church July 31st, 1924, beginning at 10 o'clock.

We have just received a letter reading as follows: Dear Venus: Have you any cotton blossoms and bolls yet? Mr. Smith has cotton blossoms to the fullest. I am 11 years old and am in the eleventh grade. If you can beat that trot them out. Kannapolis, N. C., July 18th, 1924.

We are having rain here today, July 19th, Saturday and it has turned some cooler.

The peach and damson trees are being propped to keep them from breaking with fruit.

John and Lige Kuykendall came in home from Durham to spend a few days. They are building a fine large granite church in Durham. They are doing the stone mason work. They came in their fine car. When they finish this job there is another church waiting for them. Another congregation is going to have a granite church built. So Faith is not the only place where the Kuykendall brothers are building fine granite churches. They are fine stone masons.

Mr. J. M. Hipp, one of the good old Rowan county farmers of near Organ church, passed through Faith Friday on his way to Salisbury with a wagon load of good things to eat. Here is what he showed us: Apples, large heads of cabbage, roasting ears, plums, and cucumbers. All were raised on his farm this year. If you can beat that trot out your produce. We are going down to take

THIS WOMAN'S MARVELLOUS RECOVERY
All Due to Lydia E. Pinkham's Vegetable Compound

Truman, Minn.—"I was badly run-down, had pains in my side and back; sometimes I could hardly move around in bed. My husband got me Lydia E. Pinkham's Vegetable Compound, and after taking it I was so much better I could do all my work again. I do my housework, have a garden, raise chickens, and in harvest time I worked in the field and helped pick corn. Sometimes I do chores and milk. I took the Vegetable Compound before and after my four-months-old baby was born, and it has always helped me wonderfully. I believe there is no better medicine made for women, and I hope every woman will give it a fair trial."—Mrs. August R. WINDMONT, R. No. 2, Box 84, Truman, Minn.

Women suffering from troubles so common to their sex should give Lydia E. Pinkham's Vegetable Compound a fair trial.

The Lydia E. Pinkham's Vegetable Compound has relieved women of such troubles for the past fifty years. For sale by druggists everywhere.

"A REAL GOOD PLACE TO TRADE"

What KELVINATOR Is and Does

KELVINATOR is the name of an electrical refrigerating unit that fits right into the ice box you now have, and eliminates forevermore the inconvenience and inefficiency of ice-cooled refrigeration.

It maintains a dry, unvarying atmosphere in your refrigerator at all times.

It maintains a certain predetermined temperature and requires no attention whatsoever, after its installation.

It produces a temperature considerably lower than that produced by ice.

It freezes crystal clear cubes of ice for the table or the sick room.

It is a model of cleanliness and sanitation. It saves labor, food, annoyance and money. It costs less than ice to operate, and its first cost is not a burden. It is operating successfully in more than 40,000 homes, nine of these in Concord. Ask for the names of those using them.

CONSTANTLY IMPROVED But No Yearly Models

There are obvious benefits to the purchaser in Dodge Brothers policy of making constant, gradual refinements in their product instead of changing from one design to another year after year.

Chief among these is the fact that the car may be operated throughout the full limit of its usefulness without the extra depreciation loss which results from a rapid succession of radically different models.

THAT'S FINE WORK

We hear expressions of appreciation from every woman for whom we do work, and it simply spurs us on to greater perfection.

Dry Cleaning is not a luxury but a real economy—it removes the dirt and grease, destroys the moth eggs and disease germs—preserves the color and restores the nap without harm to the fabric.
