A Surprise Birthday Party.

Last Saturday night quite a number of young people gathered at the home of Mr. and Mrs. H. S. Barnhardt of No. 11 township, and gave their daughter, Hilda Stokes, a surprise party, it being her seventeenth birthday. The occasion was a complete surprise. When the crowd arrived Miss Barnhardt was so excited she cried and tried to get mad, but in a little while her madness was gone, and she was as happy as anyone present. Among those attending the party were: Misses Belle, Mignon and Hilda Barnhardt, Lora V. and Mary Helen Hess, Annie, Ida and Gertrude Kimray, Lillian Mills, Frances McEachern, Mary and Lucy Robinson; Eugene Barnhardt, Eugene Blackwelder, Mack Cox, Luke Cook, Bobby Dove, Joe and Woodley Hess, Joe and Rutledge McEachern, Myron Miller, Eugene Robinson, Frank Swearingen, Glenn Winecoff and Bloomer Weddington.

Numerous amusing games were played after which the guests were invited to the dining room where a sumptuous supper of cake, candy and pickles were served by Mrs. H. S. Barnhardt and Mrs. G. T. Hess. In the center of the table was a large cake, upon which were seventeen lighted candles, indicating the age of Miss Barnhardt. Upon leaving the dining room the guests entered the adjoining room and were favored with several musical selections by Frances McEachern. Then bidding Hilda goodnight, and wishing for her many more happy birthdays, they departed for their respective homes. ONE PRESENT.

Butler Learns From Henry Lincoln Johnson.

H. E. C. Bryant in Charlotte Observer.

Washington, D. C., July 21.—Chairman William M. Butler, of the republican national committee, is now finding out something about the party organization. He had with him today Henry Lincoln Johnson, of Georgia, who has swung back into the saddle in his state, and is the big part of the G. O. P. there.

Johnson's services are to be turned in to other state. He will speak to Southern negroes who have gone west, east and north and are threatening to vote for the La Follette ticket.

William O. Walker, of The Washington Tribune, a negro paper, doubts Johnson's ability to hold the colored voters in line.

"If La Follette forms a third party and continues his fair play policies, the negro will have everything to gain by supporting him," he asserts. "He (the negro) owes nothing to the republican party, now. On the other hand, the republican party is in debt to the negro for 30 years of unprecedented loyalty."

"So far, the democrats have done more for the negro in the past two years than the republicans have done in the past 16."

This sort of talk has frightened the republican leaders. And they are relying on Henry Lincoln Johnson to save them.

North Carolina republicans have practically eliminated the negro from their councils. No effort is to be made to get out the colored voters there. This was learned at republican headquarters today. The G. O. P. workers think too much of the large white votes their candidates poll there to stir up the issue.

"Old Man" Joe Talbert, of South Carolina is one of the advisers to the republican committee. He is also a frequent visitor to the White House, where he commutes with O. Bacon, Slomp, private secretary to the President. He is one of the few southern white Republicans who have been here since Congress adjourned.

INFECTION DANGERS IN SUMMER SCRATCH

Vacationists Urged to Take Simple Precautions in Case of Slight Bruises to Avoid Septic Poisoning.

Chicago, July 22.—Summer vacationists were warned today to be more careful of bruises and slight wounds, because of the seriousness of infection, by Dr. Harry W. Getnles, chairman of the first aid committee, Chicago chapter of the American Red Cross.

"The tragic death of young Calvin Coolidge, Jr., has served dramatically to show that no wound is slight," Doctor Getnles declared. "There is always the danger of infection. When the skin is abraded or cut, do not go on with your tennis or golf—avoid further irritation. If the swelling, pain or redness continues, consult a doctor."

"It is a great mistake to wrap a handkerchief around a bruise. Thousands of infections prove to doctors that so-called 'clean colths' are never free of germ life."

"Especially in summer should bruises be watched. Vacation activities, outdoor sports, mountain and seashore pastimes bring frequent minor scratches and bruises. Vacationists should be as careful as their doctors."

"If you get a slight wound or bruise, do not neglect it. Serious sickness may result, and occasionally septic poisoning may cause death. There are four simple things that one should do:

"First, apply half-strength tincture of iodine to the wound, or better, use glass ampoules. Never apply near the eyes, between the thighs or for wounds of the intestines. It is a mistake to wash the injury. Iodine is a destroyer of germs, and is very effective, as war surgeons proved."

"Second, apply a sterile piece of gauze, folded into a convenient pad. Third, wrap this dressing with a sterile gauze bandage. Fourth, fasten the bandage with adhesive plaster."

"It is simple to do, but it may save much suffering later. There is no need to fear septic poisoning from summer injuries, if you do this. The American Red Cross is teaching thousands of men, women and children these simple rudiments of first aid. It means the saving of many lives this summer."
