

SENATE NOW GIVING ITS ATTENTION TO SHIP AND PORT BILL

Measure For Which Extra Session Was Called Taken Up in Senate—Big Crowd On Hand to Hear Debate.

BITTER FIGHT IS EXPECTED BY ALL

Bill Probably Will Not Get Action in Senate For Several Days and Then It Must Go to the House.

(By the Associated Press.) Raleigh, Aug. 14.—The port commission bill, the big measure for which the extra session of the General Assembly was called, was taken up by the Senate today.

The lobbies and galleries were crowded as the hour for the starting of the debate which was expected to last for two or three days, approached. It was expected that the proponents of the bill without a referendum clause would take a full day to present their arguments.

The opponents were expected to take at least a day.

Senator Johnson, of Duplin, offered an amendment to strike out of the port commission all clauses relating to the purchase of ships, and to make the bond issue \$7,000,000 instead of \$8,500,000.

Senator Johnson, of Beaufort county, offered an amendment to require building of terminals at Wilmington, Morehead City, Washington, New Bern, Edenton, Belhaven, Elizabeth City and Swan Quarter.

Senator Harris stated in opening his argument that if the Harris-Bellamy-Brown amendment was defeated, he would work as hard as he could to carry the measure at the election.

He declared Governor Morrison urged a referendum because he feared a direct action bill would not pass.

Senator Harris concluded his argument at 12:30 p. m., charging that to refer the bill to the people would be "passing the buck." He asserted that he believed the measure would be passed even with a referendum.

Senator Giles, floor leader for the proponents of the referendum, after discussing the amendment to the port commission bill deleting the referendum section for an hour and a half, the Senate adjourned at 1:20 p. m. until 8:30 o'clock tonight.

The Senate passed and sent to the House a bill relating to sidewalk improvements in Salisbury; one correcting the boundary lines of the city of Newton.

House bills passed and ordered enrolled for ratification include validation of the Granite Quarry school bonds in Rowan county.

Bill Directed Against Obscene Literature. Raleigh, Aug. 14.—The prohibition of the sale or distribution of obscene literature would be prevented by a bill introduced in the House today by Representative Grist, of Caldwell.

The bill prohibits the sale of such literature as the U. S. mails are now closed to, and the giving of such literature to persons under 21 years of age.

It is specified that such law is not to interfere with the freedom of the press. Violation would be termed a misdemeanor.

Big Fight Underway. Raleigh, Aug. 14.—The big fight of the extra session of the North Carolina General Assembly got underway here today.

Beginning at 11 o'clock, when the matter, along with the east and west railroad resolution was a special order, the upper body was to take up the port terminals bill and continue its consideration until it is finally disposed of.

It is possible, according to members both for and against the measure, that the debate will last two or three days.

As it stands now the bill appears likely to reach the House either last Saturday or Monday morning of next week. That body is expected to take at least two or three days to dispose of it. This would carry the session well into its third week, even though other matters might not be taken up.

The fight for the bill as amended in the Senate water commerce committee late Tuesday is to be led by Senators Harris, of Wake county, Bellamy and Brown, of Columbus county. These three, who were the introducers of the bill, do not agree with Governor Morrison that a referendum is necessary and it was through their insistence that it was made to read so that it would be a direct action of the legislature.

The close vote in the committee—eight for striking out the clause calling for a referendum, to seven favoring a vote of the people—was said by close observers to presage a bitter fight over that action. Notice that an effort would be made to restore to the bill the section removed was given on Wednesday by Senator Giles, who introduced an amendment carrying a referendum and also certain other changes.

Senator Harris on Wednesday asked that action on the bill be delayed until today in order that he and his colleagues might have time to divide up the arguments and prepare their addresses on the bill without the referendum clause. This met with some opposition but finally it was agreed that the matter should go over.

Senator Williams, of Beaufort county, who is leading the opposition to the measure will make his big fight on the floor of the Senate. He declined to present any evidence in opposition to the bill before the committee on Tuesday

FEW COME TO HEAR COOLIDGE NOTIFIED

Quiet Ceremony to Be Vind Contrast to That at Marion Four Years Ago. Special Despatch to New York World.

Washington, Aug. 12.—Instead of the blare of marching bands, the waving of flags and demonstrations by large delegations from different cities, such as characterized the notification in Marion four years ago, Republican managers anticipate that the ceremony Thursday night, when President Coolidge will be informed of his nomination, will be orderly and quiet.

Nothing like a big crowd from outside the capital is expected. Mr. Coolidge's friends insist, however, that there is no dampening of party ardor, but that circumstances this year merely do not point to an ostentatious notification.

Four years ago, they explained, the Democratic party was in power and the Republicans had passed through a spirited convention. The big notification, with its parades and outbursts of enthusiasm, was needed to cement the party behind the nominee.

The fact that Memorial Continental Hall, where Mr. Coolidge will accept, has a small seating capacity has kept the out-of-town crowds away. The White House has received no intimation there will be many visitors, and only the prominent members of the party, with such others in Washington who are interested, are expected.

President Coolidge is resting for the big occasion. He remained away from the executive office this afternoon and has no important appointments for tomorrow.

At noon he walked with Chairman Butler of the Republican national committee to the hall and looked over the seating arrangements.

Mr. Butler placed the size of the audience the President will address over the radio at 25,000,000. He thinks more will listen in on President Coolidge than heard John W. Davis Monday. He predicted Mr. Coolidge will speak to the largest audience on record.

Amplifiers have been placed in Memorial Continental Hall to carry the President's voice to the streets outside, where crowds are expected to gather. This was done at the President's request, his wish being that only a limited number of seats should be reserved and that the public be given every possible opportunity to hear.

Mrs. Coolidge and her son, John, will occupy a box on the south side of the hall. Opposite, across the platform, a box has been reserved for Frank W. Mondell, chairman of the notification committee, who will tell Mr. Coolidge of the convention's action. In this box will be Mrs. Mondell, Miss Dorothy and Miss Majorie Mondell, Major and Mrs. West and Mr. and Mrs. Frederick McKenny.

Chairman Butler will call the meeting to order promptly at 8 p. m. The Rev. Jason Noble Pierce, pastor of the First Congregational Church, which President and Mrs. Coolidge attend, will pronounce the invocation. There will be music by the Marine band and Mr. Butler will introduce Mr. Mondell.

While the Republican chiefs were busy today arranging for the notification, Representative Dyer, Republican of Missouri, was sounding a warning to the President that all is not well in Missouri. He is the first to bring anything but optimistic reports to the White House.

Mr. Dyer told President Coolidge Missouri is by no means certain to go Republican this fall, recommending that additional forces be thrown into the state. Attention should be given to St. Louis, he said.

Yanks Pay \$20,000 For Ben Paschal. Atlanta, Ga., Aug. 13.—Ben Paschal, outfielder, and Ray Francis, left handed pitcher, of the Atlanta club, of the Southern association, were sold today to the New York Yankees, the former for \$20,000 cash and the latter for \$5,000 cash and four unnamed players to be delivered to the local club next spring. Both men will report to the Yankees at the close of the present Southern association season.

Benny's Thumb Is Hurt. New York, Aug. 13.—Examination of Benny Leonard's thumb today by a team of physicians including representatives of the state athletic commission, confirmed the extent of injuries suffered by the lightweight champion in his match with Pal Moran at Cleveland, and resulted in definitely calling off his match with Mickey Walker for the welterweight title next week at the Yankee stadium.

And the hearing was cut short after persons who favored passage of the bill without a referendum had been heard.

The ports will as it now stands call for issuance of \$7,000,000 of bonds for building the port terminals and facilities and \$1,500,000 worth for establishing a state-owned ship line if necessary. It also calls for creation of a commission to administer the act and to handle building of terminals and the ship line project.

The bond issue and commission would be authorized without reference to a vote of the people.

Some of the members who favor the project but want it to be referred to the people, would have the vote taken at the November election.

The House had little before it today other than routine matters and it was expected that the session would be short.

The joint committee of the House and Senate which have charge of penal institution affairs yesterday afternoon visited the state prison here. The visit was prompted primarily by the fact that some charges of alleged mistreatment of prisoners, especially those who may be ill, have been made by ex-convicts.

The state prison officials have asked that an investigation be held but the House refused to suspend the rules and put the resolution, which Representative W. B. Matthews, of Charlotte, introduced, on its immediate passage.

It was referred to the committee on penal institutions but Mr. Matthews said that owing to the short time available for a thorough inquiry by a joint committee he had not yet decided whether he would push the inquiry.

REPUBLICANS READY FOR THE LAUNCHING OF NATIONAL FIGHT

The Party Leaders From All Parts of the Country Gather at Capital to Hear Their Nominee.

PRESIDENT WILL SPEAK TONIGHT

Will Be Formally Notified Then of His Nomination—Radio Fans Will Hear the Address.

(By the Associated Press.) Washington, Aug. 14.—Ready to launch the national campaign, republican leaders from every section of the nation were here today to hear President Coolidge outline his views on the campaign issues in a speech accepting the nomination of the party as Presidential candidate.

Mr. Coolidge will be notified formally of his nomination at exercises in Memorial Continental Hall tonight, and his exposition of the principles on which he seeks election will set in motion the campaign planned to take in most parts of the country.

All arrangements have been completed for the exercises to start at 8 o'clock tonight, eastern standard time. Frank W. Mondell, permanent chairman of the National Convention, will notify Mr. Coolidge of his nomination.

Long distance telephones will carry the speaker's voice to radio broadcasting stations in every section east of the Rocky Mountains, and the National Committee estimates that an audience of 25,000,000 will be enabled to hear the address, despite the limited capacity of the hall.

RUHR QUESTION STILL DEADLOCKS THE ALLIES

France and Germany Cannot Agree on Length of Time Soldiers Are to Be Kept in the Ruhr.

London, Aug. 14 (By the Associated Press).—The deadlock between the French, Belgian and German governments on the question of the time limit for the military occupation of the Ruhr is imperiling the success of the international conference, it was indicated today after a hurried meeting of the French, Belgian and German premiers at Downing Street early this morning had failed to produce tangible results.

Delegates to the conference hope and expect, however, that American or British intervention will save the problem, which the allies have agreed upon for instituting the Dawes reparation plan.

AIRMEN PLANNING NOW TO HOP OFF TOMORROW

If Weather Is Permitting They Will Start Then on One of the Most Dangerous Laps of the Entire Flight.

Reykjavik, Iceland, Aug. 14 (By the Associated Press).—The American round the world fliers will leave on their hazardous flight from Iceland to the north-east coast of Greenland tomorrow if weather permits.

The U. S. cruiser Richmond, flagship of Rear Admiral Thos. P. Magruder, will leave at 11 o'clock this morning to take up her position 270 miles off the coast of Iceland, to await the passing of the fliers. The destroyers Reid and Langley will occupy stations near Iceland.

DR. PATRICK EXAMINED BY DEFENSE COUNSEL

Opening Session of Franks Hearing Today Given Over to Cross Examination of Allenist.

Chicago, Aug. 14 (By the Associated Press).—The defense consumed the opening session of the Franks hearing with a cross examination of Dr. Hugh Patrick, alienist for the prosecution, designed to show that his conclusions that Nathan F. Leopold, Jr., and Richard Loeb are sane were based on inadequate information, and examinations conducted under improper conditions.

Think Page Deserves More Pay. Raleigh, Aug. 14.—The work Billingsley Frank Page in building the highways of the state has been such that members of the commission as well as numbers of people throughout the state, according to Senator Ebbs, want to increase his salary. As a result the bill was placed before the Senate to permit the raise to be made.

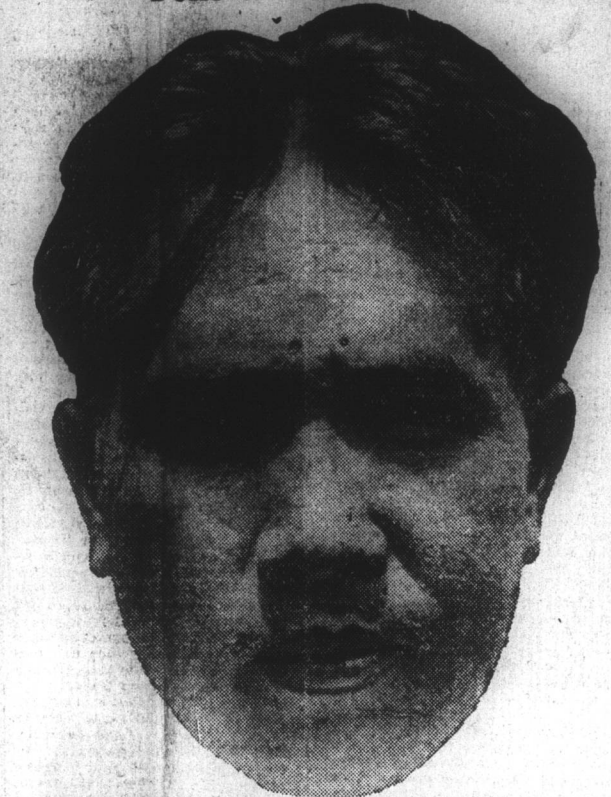

No limit was set in the bill which provided that the "State highway commissioners may of their own motion and in their discretion increase the compensation and salary of said commissioner."

Lack of this limit caused the bill to be returned to the road committee for amendment but when it was finally brought up the amendment was voted down and the bill passed as originally written and was sent to the House.

Mark Twain Memorial Park. St. Louis, Mo., Aug. 14.—The Mark Twain Memorial park, which has been established in honor of the memory of famous author and humorist in Florida, Mo., the town of his birth, is to have its formal dedication next week. The land for the park was purchased largely through the contributions of newspaper men of Missouri. The dedication is to be made the occasion for interesting exercises in which many visitors are expected to take part. Addresses will be made by Governor Arthur M. Hyde and a number of other representative citizens of Missouri.

Upward of 25,000 persons are employed in food manufacturing industries in New York City and its suburbs.

Tells of Hardships

The grim story of hundreds of alien Chinese who have risked their lives, thrown away fortunes to come to America, the "promised land," will be told in a federal court at New Orleans by Hong Lee, shown above speaking. The man for the alien Chinese who were captured aboard the schooner Abeona in the marshes and winding bayous of the Louisiana south coast. The captain and crew of the Abeona are awaiting trial, charged with alien smuggling. Smugglers charged passage prices of more than \$1000. Hong Lee says.

FLORENCE MCKINNEY IS HELD AS ACCOMPLICE

Charged by Officers As Instigator of Plot That Resulted in Death of Corn May Reber.

(By the Associated Press.) Benton Harbor, Mich., Aug. 14.—Florence McKinney, pretty 19 year old sweetheart of Emil Zupke, today is charged by Sheriff George Bragdon with being the instigator of a secret pact that resulted in the murder of Corn May Reber.

Hit by rival, according to the sheriff, the laughing country girl has admitted she knew her rival for Zupke's affections was to "be done away with."

"I knew it all the time," she is quoted as saying. "I knew when I was riding with Corn and Emil that she would never return alive."

FORGET-ME-NOT DAY AGAIN TO AID DISABLED VETERANS

Disabled Veterans to Make Flowers to Be Sold For Them.

Cincinnati, Aug. 13.—Wounded and disabled veterans of the World War, patients in hospitals and institutions in various parts of the United States, will devote much of their time to making little paper and cloth forget-me-not flowers to be sold throughout the country November 8th, "National Forget-Me-Not Day."

Raymond A. Lasance, national adjutant of the disabled American veterans of the World War, said that preparations for the observance of this day already have been made by national and state officers. The flowers, as in former years, will be distributed by young women, the proceeds of the sale going to relief legislative aid, hospitalization, welfare and rehabilitation assistance of disabled veterans. The wants of the veterans will be administered through the national organization, which now has a membership of 100,000.

Numerous women's organizations, veterans' societies and fraternal orders throughout the United States have signified their intention of again lending their support and co-operation to the activities of the "Forget-Me-Not Day" workers.

THE COTTON MARKET

Part of Yesterday's Losses Recovered Owing to Uncertainty of Result of Rains.

(By the Associated Press.) New York, Aug. 14.—The cotton market recovered part of yesterday's losses early today, owing to uncertainty as to the effect of Texas rains and relatively firm Liverpool cables. The opening was firm at an advance of 24 to 25 points on covering by some of yesterday's sellers, with October selling up to 27.60 and December to 27.10, or 40 to 43 points net higher.

This bulge met further liquidation, but the market held generally steady with active positions ruling about 30 to 35 points net higher at the end of the first half hour.

Charlotte Exchange Meeting Set For 15th.

Charlotte, Aug. 13.—The organization meeting of stockholders and incorporators of the Charlotte Cotton Exchange, which will open offices on the tenth floor of the newly completed Johnson building on August 19th, will be held Friday.

The exchange was incorporated June 30, principally as the result of efforts of J. H. Catter, prominent cotton broker.

The exchange will be operated under the superintendency of C. S. Cates, of Augusta, Ga., widely experienced in exchange activities and an authority on various phases of the textile and cotton-growing industries.

Direct wires to the New York and New Orleans cotton exchanges will be operated from the Charlotte exchange.

The twenty-five original incorporators promoted the company, which has an authorized capital of \$100,000.

SECRETARY HUGHES OPTIMISTIC ABOUT THE DAWES REPORT

Secretary of State Returning From Europe Expresses Belief That Report Will Be Accepted/Soon.

RUSSIAN AFFAIRS WERE NOT TALKED

Secretary Hughes Denies He Tried to Keep Europe From Entering Into Relations With Russia.

(By the Associated Press.) New York, Aug. 14.—Secretary of State Hughes returning today on the President Harding after a month's visit in Europe, expressed the belief that the Dawes reparations report would be accepted by all the powers concerned, and would be "put into effect very soon."

Mr. Hughes said that in his opinion, acceptance of the Dawes plan did not hinge upon the date of the evacuation of the Ruhr, which was reported today as having caused a split between the German and French representatives at the London conference.

"Acceptance of the report," he said, "will not hinge upon any such hypothesis. Unquestionably the report will be accepted."

Referring to dispatches stating that newspapers of soviet Russia had charged that his visit to Europe was solely for the purpose of preventing European countries from entering into relations with the Russian government, Mr. Hughes said, "I did not discuss Russian affairs over there."

INJURED ANKLE LEADS TO UNUSUAL DISCOVERY

Colony of Missing Girls Is Found in a Cavern in Celebrated Central Park.

New York, Aug. 13.—A sprained ankle today threw Jean Koski, of Cleveland, Ohio, into the arms of a Central park policeman and led to the discovery of a "port of missing girls."

Twenty destitute maidens—runaways from homes in other cities—lived, according to Jean, in a sheltered cavern in the heart of the huge park, keeping house as do hoboes in a typical town jungle.

Police prepared to conduct Jean to the spot she described, in a search for girls, who have been reported missing here and in other cities.

Weeping and stumbling along, Jean ran into the arms of the policeman after sunrise today. A man had invaded the rock-strewn dell which served as dwelling room, bath and boudoir for herself and her wayward companions, said the girl. The man had chased her, and she had sprained an ankle.

Magistrate Levine heard the rest of the story. Jean and Frances Mack, both 17, and telephone operators at Cleveland, quit their jobs, pooled their savings and came to the metropolitan. After a week in Manhattan they were broke.

Another girl, also broke, told them of the "jungle" tucked away in Central Park, in the heart of Manhattan, where thousands of people recreate every day. The girls moved in, with their baggage. The baggage disappeared the first night but the girls didn't care. They landed the clothes they wore in a drinking fountain near the "jungle."

"We slept wonderfully," said Jean. "But we didn't eat so well except when one of the girls got a job for a day or so. One girl, Katie, has been sick. We tried to care for her, but she ought to have a nurse. She ought to be looked after."

Magistrate Levine arranged with the Travelers Aid Society to send Jean back to Cleveland and Frances, too, if she could be found.

COTTON CONSUMPTION

During July 346,371 Bales Were Consumed—Decrease From June Total.

(By the Associated Press.) Washington, Aug. 14.—Cotton consumed during July totaled 346,371 bales of lint, and 40,824 of lintless, compared with 350,277 of lint and 39,523 of lintless in June this year; and 462,654 of lint and 43,933 of lintless in July last year, the Census Bureau announced today.

Cotton spinners active during July numbered 27,710,368, of which 15,382,364 were in cotton growing states, compared with 29,218,468 of which 15,582,725 were in cotton growing states in June this year; and 34,242,617 of which 15,972,365 were in cotton growing states in July last year.

Grand Encampment of Odd Fellows at Wilson. Aug. 13.—The Grand Encampment of the North Carolina Odd Fellows yesterday conferred the Grand Patriarch degree on a class of candidates, and last night the encampment was formally welcomed to the city by Mayor Silas Lucas and the response was made by P. W. Price, of State College, Raleigh, after which the Royal Purple degree was conferred. In the absence of O. P. Dickinson, an address was made by Grand Secretary John D. Berry, of Raleigh. About sixty visiting Odd Fellows were here for the encampment.

Quarrel Over 50 Cents Results in a Killing. Laurinburg, Aug. 13.—Green Cooper killed Andrew Goings near McGirt's bridge late this afternoon with a pistol. Both were farming on the R. E. Lee place. There were some indications of drinking. The fuss started between them in an automobile over 50 cents. Cooper surrendered to deputy.

GOING WEST SOON FOR SOME SPEECHES

Has Definitely Decided to Go As Far West As Colorado. Members of General Staff Consult With Leader.

(By the Associated Press.) Locust Valley, N. Y., Aug. 14.—Here in the quiet of his Long Island home, John W. Davis began to plot out today the strategy of the offensive campaign which he will conduct in a drive to return the Democrats to administration.

Without awaiting disclosure of the main plan of the enemy in the address tonight of President Coolidge in accepting the republican nomination, the Democratic Presidential candidate has made up his mind to wage his fight all along the line upon the issues which he is convinced will recruit a great army of independent voters.

Turning first to the west as a main battleground, he has called into conference Senator Pittman, of Nevada, one of his general staff for discussion of the itinerary of his westward march, which is to take him at least as far as Denver, Colorado.

DECLARE KID MCCOY'S FRIEND NO SUICIDE

Police Declare Theory Advanced by Ex-Pugilist Will Be Disproved.

(By the Associated Press.) Los Angeles, Cal., Aug. 14.—Evidence to be presented to the county grand jury today will disprove completely the story of Norman Selby (Kid McCoy) that Theresa W. Morse, latest of the ex-pugilist's fiancées killed herself, police detectives declare.

The bullet that killed the divorced wife of Albert Morse, wealthy antique dealer, entered her temple without any accompanying powder burns, an examination shows. Officers say that it must have been fired from a distance of at least 3 feet, and that, they declare, would eliminate the suicide theory from the tangled skein of the affair.

Further, it is pointed out, the body bore scars and bruises that indicated a struggle.

McCoy said Mrs. Morse attempted to stab herself with a butcher knife before she used the pistol, but police investigators, brushing this statement aside, asked for an explanation for a cut lip which drove the teeth far into it, a deep wound under the left breast that might have been caused by a hat pin, cuts on the left arm and throat and several other abrasions.

DAVIS CHARGED WITH A SERIOUS OFFENSE

Former Greensboro Man Charged With Attacking Five-Year-Old Child at Wilson.

Wilson, Aug. 13.—J. W. Davis, who gives Columbia, S. C., as his home and claims that he is an agent for the Greensboro Mutual Life Insurance company, was arrested at the Brookland hotel last night by Police Officer Stancil on complaint of Mrs. C. S. Strickland, of Selma, a guest at the hotel.

According to the officer, Mrs. Strickland says that Davis asked for and obtained permission to take her five-year-old daughter to the hotel lobby to dance for the guests, but instead he took her to his room, where she was found by the mother, who claims the child was hidden under Davis' bed. Davis is being held without bond for a thorough investigation.

North Carolinian Shot as He Resents Insult. Baltimore, Aug. 13.—Baltimore county police are investigating the shooting of a man who gave his name as Robert Skimpore, of North Carolina. Skimpore is at the Maryland general hospital suffering from 30 shotgun wounds.

The police say Skimpore told them he was shot by a man whose name he refuses to divulge, following an argument. His assailant, he said, insulted a girl. When he remonstrated with him, Skimpore declared, the man went to his home, obtained a shotgun, and standing 50 yards from him fired.

The birdshot struck Skimpore in the face and head, and it is said he may lose the sight of one eye.
