CONCORD GOLFERS WON MATCH WITH SALISBURY

Lexington Team Did Not Enter Tournament—Big Crowd Watched Play. Concord won the golf match played on the course of the Cabarrus Country Club Thursday afternoon with Salisbury. The final score in points was Concord 14; Salisbury 12.

Due to a misunderstanding the Lexington players did not participate in the match. It was planned to have players from the three cities in the tournament but officials of the local club were notified at noon Thursday that Lexington had not received the invitation that was sent out and for that reason was unable to get her team here for the tournament. J. I. Davis, Jr., president of the Inter-city Association, mailed the invitation several days ago to the secretary of the Lexington club, but for some reason the invitation failed to reach its destination and the Davidson county players were unable to participate in the tourney.

In the match between the players of the two clubs three points were scored for each match. One point went to the player winning the first nine holes, another went to the winner of the second nine while another point went to the player winning the most holes out of the total eighteen. The close score shows how evenly matched were the players.

In addition to the match between the club members there was another between Johnson, professional of the local club, and Crosby, professional of the Salisbury club. This match drew the largest gallery and also brought out some fine golf. Johnson won the match two up, mainly by reason of his superior golf on the first nine holes he shot a snappy 35. Crosby played consistent golf throughout, however, and almost came up with Johnson by shooting a 38 on the second nine while Johnson was taling a 41. A purse was given to the winner of the match. Playing with the pros were Kellingsworth paired with Crosby and Walker paired with Johnson.

Harry Arvey of the Salisbury club, had low score for the afternoon. He shot a 44 and a 40 for a total of 84. Walter Furr made the lowest score for Concord, having 42 for the first nine and 43 for the second nine. I. I. Davis, Jr., shot an 86 and W. M. Sherrill an 87 for second and third places on the Concord team.

The score and points scored by the players follow:

- E. H. Harrison, Salisbury, 92, scored one point; J. Leslie Bell 95, scored one point.
- Bates Toms, Salisbury, 101, scored 3 points; W. H. Muse, Jr., 109.
- W. L. Palmer, Salisbury, 90; Walter L. Furr, 85, scored 3 points.
- C. K. Howan, Salisbury, 95, scored 2 points; Charles Wadsworth, 99; scored 3 points; Joe Robertson, Salisbury, 99; scored 3 points; E. C. Barnhardt, Sr., 100.
- S. Carter, Salisbury, 99, scored 1 point; T. D. Maness, 98, scored 2 points.
- John Rendleman, Salisbury, 81; Kenneth Caldwell, 90, scored 2 points.
- P. Wallbaum, Salisbury, 105; A. R. Howard, 80; scored 3 points.
- Edgar Williams, Salisbury, 97, scored one point; W. M. Sherrill, 87, scored 2 points.
- H. Arvey, Salisbury, 84, scored one point; I. I. Davis, Jr., 86, scored 1 point.

At the conclusion of play in the tournament players and spectators enjoyed an elaborate picnic supper which was prepared and served by ladies of the city. During the supper John M. Oglesby welcomed the players and visitors from Salisbury, declaring it was a pleasure to entertain them in Concord and expressing the opinion that such gatherings tend to strengthen the bonds of friendship between the two cities. The response was made very appropriately by John Rendleman, President of the Salisbury club.

The tournament was the first of its kind staged in Concord and it was so successful that similar events undoubtedly will be staged in the future.

Much of the success is due to the efforts of Mr. Davis and Mr. Maness. The former is president of the inter-city association and the latter is president of the local club. Both gave untiringly of their efforts to make the tournament an event of interest and pleasure.

To the ladies of the city is due credit for the splendid supper. Most of those who assisted in the preparation and service of the supper are club members but they had the co-operation of non-members who wished to see the local club succeed in its first intercity tournament.

Members of the local club expressed the opinion today that the tournament will create even greater interest in golf in Concord and will bring new members to the club.

MR. COLLIE HAS A DREAM

Many Merchants Fall to Close at Eight O'clock Saturday Night.

The following letter has been sent to members of the Merchants Association: Concord, N. C., Aug. 20, 1924. Concord Merchants Association, Concord, N. C.

Night before last, I had a rip-roaring dream, and want to tell you about it. We were having a meeting of the Merchants Association, and I was making a heated speech to the members. Of course, I don't remember, word for word, what I said, but if you want to know, then here goes:

"Mr. Chairman and members of the association: Not so very long ago, the retail merchants of Concord, with perhaps one or two exceptions, signed an agreement that they would close their stores and lock their doors at 8 o'clock on Saturday nights."

For quite a few weeks this went along all right, but lately it seems that most of the merchants have not been closing at that hour. Mr. Kidd and I hadn't noticed it very much, because we usually lock our door at 8 o'clock, settle up cash, get in the flivver and go home. However, last Saturday night, (while I was away on a little vacation), Mr. Kidd strolled up the street and noticed that all of the stores were open and he was after 8:00 o'clock and they were supposed to be closed. I had noticed the same thing the previous Saturday night. Those who were open were some of the leading retail merchants, and some officials in our Merchants Association.

It seems like to me if we are going to have a Merchants Association in Concord that is going to be worthwhile, that is going to be even a halfway success, we must pull together, and be men enough to stand by our written word. If we sign up—as we did sign up—to close at 8:00 o'clock, we ought to be men enough to lock our front door when the clock strikes eight, and then not keep a boy at the front door to unlock it and let everybody in who wants to come in (like I've heard of some of the merchants doing).

After Mr. Kidd saw that no one else closed Saturday night, he stayed on a little while, and then as no one else, but a few negroes came in to look around, he closed up in disgust and went home. If we all close, then none of us lose anything. Even if some few do stay open and haven't the backbone to close, then the rest of us can close. Customers like to patronize merchants who like to act as though they were hustlers, wide-awake, business-men, and not as though they were one-horse merchants in a one-horse town. We know ours is not a one-horse town; we know we have a wide-awake, progressive town, and we want to act like merchants in a wide-awake, progressive town and city.

How can we expect our clerks to have much respect for us, if we are not men enough to live up to our signed agreement. For goodness sake, let's "quit ourselves like men," and not act like some merchant out at the cross-roads. Let's lock our doors at 8 o'clock every

Saturday night, as we agreed to do and signed our names promising to do.

Another thing—let's get in behind our Merchants Association and lend it our support and make it a big instrument in pushing Concord ahead.

Now, the above is what I dreamed I said in my speech, and I want to ask you to sign this letter, and send copies of it to the members of the association; and see if we can't get out this "child's play." "I'll do it if George will," or "I won't do it if George doesn't!" is a mighty poor attitude for a real business man to take and yet that is the very attitude that we are taking in this matter. Let's cut it out and get together, all behind "you'll like Concord," and sell Concord to the outside world, as a town of real, live, wide-awake, progressive business men who pull together.

Very truly yours,
HOWARD L. COLLIE,
Secretary-Treasurer,
Kidd-Frix Music & Stationery Co.
