Change in Taste Noted at Restaurant Men's Convention.

Chicago, Sept. 5.—Decadent European countries, marveling at the vigor, the good nature and the ability of Americans to perform, offhand, what to foreigners are not short of miracles, asked our soldiers in the recent A. E. F. for the answer. They were told that it was because Americans ate pie, all kinds of pie, meat, fruit, vegetable, etc. it for breakfast, dinner and supper and in between.

Europe does not know pie, and Europe is eternally in a stew over something or other. Myron Green, of Kansas City, first vice president of the National Restaurant Association, in session here, says pie now ranks ham and eggs, hitherto the American favorite. After pie comes roast beef, then corn beef hash and then ham and eggs. Women, who formerly gorged themselves on ice cream and dill pickles, are now eating the same foods as men, beginning with pie, and everybody knows the American woman is the queen of all creation.

Horace Boss, of Los Angeles, president of the association, delivered the opening address. He urged the licensing of all these serving food, with rigid inquiry into the health of all employees of food emporiums.

Mrs. Mary Brophy is Fined \$100 By Wilmington Judge.

Wilmington, Sept. 4.—Mrs. Mary Brophy, director of the American Rescue Workers of this city, was fined \$100 and costs in recorder's court here yesterday on a charge of separating a child from its mother, against the will of the latter. She served notice of appeal and Judge Harris fixed her bond at \$200.

Despite the fact that the main state witness retracted her original statements and testified in behalf of the defense, Judge Harris ruled that the action was against the law even though Mrs. Brophy was given the child by its mother.

The official grave digger of Alken, Germany, has resigned his position because thirteen months have passed without a death in that city. He wrote to the city council declining to accept his salary when there was no work to be done.

PROSPECTS FOR FOOTBALL AT UNIVERSITY GOOD

Over Fifty Candidates Out For Berths— Twelve Letter Men Back.

Chapel Hill, N. C., Sept. 5.—Over 50 candidates for berths on the 1924 University of North Carolina football team answered the call of the Fetzer brothers, Carolina coaches, for the first practice of the season on Emerson Field this morning. The number is expected to reach 75 this afternoon and will probably pass the 100 mark before the end of the week.

Passing, punting and other light work constituted this morning's practice. Dr. R. B. Lawson, trainer for the squad, talked to the men on keeping in training, and Coach Bob Fetzer, in a short talk, advised the men to take things easy at first. Many of the men had kept in training during the summer months, and all looked in good condition at this morning's practice.

With 12 letter men back and a host of good material available among last year's substitutes and outstanding freshman players prospects for the Carolina team look bright, although the loss of "Casey" Morris, Shepard and Poindexter, line men, and Randolph and McDonald, backfield men, of last year's varsity will be sorely felt.

Jack Merritt, the human battering ram of the 1922 team, and George Sparrow, a kicker and dangerous backfield man, who broke his leg in the opening game last season, were on the field again today after a year's absence "rain" to go. Other letter men in the backfield who reported this morning were "Shine" Blanton, about whose return there was some doubt, and Emmett Underwood. Billy Devin is expected to report this afternoon. "Rabbit" Bonner, sensational backfield man of last year's team, had his tonsils removed today and will be unable to report for several days.

Besides the letter men a number of last year's substitutes and outstanding freshman players are back. Teague, Jeff Fordham and Thomas of last year's substitutes have reported and Gold is expected this afternoon. Bill Hackney, Pearsall, Dortch, Branch, star backer on last year's freshman team, were out this morning and promise to offer serious opposition for berths in the backfield. Bill Dodderer, basketball star, who was one of the best ground gainers on the 1921 freshman team, will report this afternoon.

The regulars in the line available who have reported are Captain Matthews, tackle; Fordham, guard; Epstein, end; Jackson, guard; McIver, center and Hawfield, tackle, will be back this afternoon. Among the outstanding substitutes of last season in the line who have returned are Robinson, center; Bob George, guard; Curlee, tackle; Donahoe, center; Fowler, guard; Fouts, end; Farrell, tackle, and Braswell, tackle.

McCurry, Warren and Whisnant, who were awarded their freshman numbers last year, are back trying out for positions in the line. Other likely prospects from last year's freshman team who have returned are Daniels, Boss, Calhoun, Josephs, Jenkins, and McMillen.

Poindexter, Pritchard and Lowe, the three coaches appointed to assist the Fetzer brothers, are devoting their entire time to the varsity until freshman practice begins.

Practice has been called daily for 9 in the morning and 4 in the afternoon. It is expected that it will be the beginning of the week before uniforms are issued and intensive practice begun. Meanwhile the practices will be taken up with the fundamentals of football and light workouts.

Hornsby on Way to New National League Record.

St. Louis, Sept. 4.—Hornsby is well on his way to establishing a new batting record in the National League—that of having led the circuit in hitting five consecutive seasons. The record of four consecutive seasons established by Hans Wagner from 1906 to 1910, inclusive, was equaled by Hornsby last year. This season he has topped the National League hitters virtually from the start of the campaign.

Hornsby, like Ty Cobb, Tris Speaker, Johnny Evers, Grover Alexander, Eddie Collins and many other star players, entered the major league company merely as a prospect and at little expense to his club. He is said to have cost the Cardinals only \$500 when he was purchased from the Denison, Texas, club. He proved his ability as an infielder and batter his second year in fact company and has been doing it since.

Game With Belmont Saturday Cancelled.

The game with Belmont Saturday at Gibson park has been cancelled. The manager of the Gibson team stated Thursday night that his team would not be able to play this game as several of the players have been drafted by other teams and that it would be useless to tackle the Belmont crew.

"Rube" Wilson will pitch for Mooresville in the championship series against Rock Hill, S. C. He will pitch the game scheduled for Saturday. As this game is to be played in Kannapolis most of the Gibson fans will more than likely go up to see their friend "Rube" pitch. The season has ended at Gibson, but perchance the sport will be continued at Gibson park next spring. The season started late this year but Gibson turned out a team that her admirers can boast of.
