

# ANOTHER REDUCTION IN COTTON CROP IS SHOWN IN FORECAST

## Government Figures Just Made Public Estimate This Year's Crop at Only 12,596,000 Bales.

### 2,662,636 BALES ALREADY GINNED

## Report Was Based on Condition of Crop on September 16.—Crop Estimated at 56.4 Per Cent. Normal.

(By the Associated Press.)  
Washington, Sept. 23.—The cotton crop was forecast today by Department of Agriculture as 12,596,000 bales, smaller than indicated two weeks ago, with a total production of 12,500,000 equivalent 500-pound bales indicated.  
Of this crop 2,662,636 running bales counting round as half bales, had been ginned prior to September 16, the Census Bureau reported.  
The crop reporting board's forecast of production was based on the condition of the crop on September 16, which was 56.4 per cent. of a normal, indicating a yield per acre of about 149.2 pounds compared with a condition of 59.3 per cent. in September 1st, the year indicating on that date a yield of 153.3 pounds and a total production of 12,787,000 bales. Last year's crop was 10,139,672.  
The condition on September 16 and the forecast on production therefrom (in thousands of bales) for North Carolina was 52 and 78.2.  
The ginnings prior to September 16 for North Carolina was 24,213.  
Ginnings prior to September 1 this year were 962,304 running bales.

## BLAME PARENTS FOR MORALS OF YOUTH

Lutheran Committee Lays Scant Dress, Cosmetics, Gambling and "Secret Faults" at Door of Home.  
Reading, Pa., Sept. 23.—Direct responsibility for the lowering of moral standards among the young is placed upon the American home in a report just prepared by the Committee on Moral and Social Welfare of the United Lutheran Church in America. It is expected that the conclusions drawn in this pronouncement will provoke much discussion when the matter is presented at the biennial convention of that church in Chicago in October.  
The committee asserts that far too many Christians "are absolutely unmoral in their respective life." It adds:  
"The home is unquestionably directly responsible in the majority of instances for the startling lack of morality enforcement."  
"Mothers must be held responsible, not a partisan mediator, for the kind of dresses their daughters wear."  
"Mothers must be held responsible for painted and powdered faces and for the unearthly hours their daughters are allowed to keep."  
"Fathers must be held responsible for the rambling instincts of their sons and the many 'secret faults' which might have been anticipated through companionship and better example."

## RAINS CAUSE DAMAGE TO NORTH CAROLINA ROADS

Estimated That Damage Will Amount to \$220,000, According to Statement by Mr. Page.  
(By the Associated Press.)  
Raleigh, N. C., Sept. 23.—Continued rains for the past week have damaged the roads of North Carolina to the extent of approximately \$220,000, it was stated here last night by Frank Page, chairman of the State Highway Commission, just after he had sent a message to all division road engineers restating his orders of Saturday to put all available reserve road forces to the repairing of highways at the first opportunity.  
The rains, it is said, had put certain sections of the state highway in conditions that are similar to those of three years ago when the roadbuilding program was first started.

## Boll Weevil in North Carolina.

(By the Associated Press.)  
Raleigh, Sept. 23.—That the boll weevil has made its presence particularly known in North Carolina is evidenced by the 6 per cent decrease in the condition of the crop during the past two weeks and in a loss of 46,000 bales in the forecast production, say statisticians issued here today by Frank Parker, state agricultural statistician.  
The present condition of 52 per cent indicates a per acre yield of 208 pounds, and a present prospect of 782,000 bales, or 25 per cent less than was produced last year, though this year's acreage is greatly increased the statement says.

## Aviators Ready For Another Flight.

(By the Associated Press.)  
San Diego, Sept. 23.—Three U. S. army aviators on the home stretch of an air cruise around the world slept soundly this morning while observers at Rockwell Field expected a low fog to disappear under a southern California sun before the scheduled departure of the three airmen for Santa Monica at 12:30 p. m. Pacific time.

## Aviators Off For San Diego.

Tucson, Ariz., Sept. 22.—With Lieut. Lowell Smith in the lead, the three army world fliers hopped off here at 7:23 o'clock this morning for San Diego. The sky was clear and only a slight breeze was blowing.

## STATE WILL BE HEARD AT PEACOCK HEARING

California Authorities Will Wait For State's Representative Before Giving Peacock Hearing.  
(By the Associated Press.)  
Raleigh, Sept. 23.—Governor Morrison has been advised by California authorities that the hearing on the application for the return to North Carolina of Dr. J. W. Peacock, Thomasville physician, who was captured near Los Angeles several days ago, would not be held until the arrival of representatives from this state. It was learned this morning.  
Governor Morrison being advised at Charlotte yesterday that Mr. Peacock intended to fight extradition, announced that he would direct Attorney General J. S. Manning to go to California to appear at the hearing in behalf of the state.

Dr. Peacock escaped from the criminal insane department in 1923, after being committed there following his trial in connection with the slaying of Chief of Police Taylor at Thomasville, the jury having found him not guilty of murder and declaring him to be a paranoic.

## CROP REPORT STARTED BUYING MOVEMENT

Prices Advanced 180 Points or \$9.50 a Bale After the Report.  
(By the Associated Press.)  
New York, Sept. 23.—The government crop report today proved so sensational, by bullish that a big buying movement set in on the market here, quickly advancing prices 180 points, or \$9.50 a bale. October sold at 23.90, thereby reaching the 200 point limit permitted in any one trading day. December touched 23.25, 180 points were among the heaviest buyers.

## Big Jump at New Orleans.

New Orleans, Sept. 23.—Cotton jumped \$10 a bale, the trade limits for one day, upon receipt of the bureau report at the Exchange today which placed the condition at 58.4, and the indicated yield at 12,596,000 bales. October touched 22.55 and December 22.85. The 200 point advance affected all months.

## THE COTTON MARKET

Quiet But Easier During Early Trading.—First Prices Steady at Decline.  
(By the Associated Press.)  
New York, Sept. 23.—The cotton market was quiet but easier today during the early trading. Business was restricted by uncertainty due to the slowing of the government report, due at mid-day, but there was a little southern selling and commission house liquidation, promoted by expectations of better weather in the South. First prices were steady at a decline of 2 to 6 points, but December soon sold off from 21.69 to 21.45, the general office showing net declines of 9 to 14 points.  
Cotton futures opened steady; October 22.16; December 21.90; January 21.60; March 21.85; May 22.05.

## DORMITORY AT LENOIR-RHYNE COLLEGE DAMAGED

Fire Started in Basement of Oakview Hall, Chief Dormitory.  
(By the Associated Press.)  
Hickory, Sept. 23.—Fire starting from improper insulation in the basement of Oakview dormitory at Lenoir-Rhyne College last night about 7:30 o'clock caused the girls who stay there to turn out in many-colored frocks and scamper about the campus excitedly. No real damage resulted.  
The department officials expressed belief that it might have been a slinger's or blaze had it not been detected in time. It was stated this morning by Chief Whitener that an inspector would examine the building at once.

## Conference on Tuberculosis.

Sioux Falls, S. Dak., Sept. 23.—The annual session of the Mississippi Valley Conference on Tuberculosis, which got under way here today, has attracted a notable gathering of eminent medical men, public health officials, social workers, and others from more than a dozen states. The conference will remain in session over tomorrow and Thursday.

## WO-MAN CONFESES TO PART IN MURDER

Mrs. Elsie Sweetin Admits She Helped Kill Her Husband.  
(By the Associated Press.)  
Mt. Vernon, Ill., Sept. 23.—After an eight-day trial Mrs. Elsie Sweetin confessed this morning that she was implicated with the Rev. Lawrence M. Hight in the plot to poison her husband, and Mrs. Hight, in order that she and the minister could be married, thus confounding the confession made yesterday by Rev. Mr. Hight.  
Arrested yesterday at her home at Ina, near here, Mrs. Sweetin denied any part in the alleged-poison plot as had been admitted by the minister, but broke down this morning after being crossexamined in the same cell with the minister, with State's Attorney Thompson.  
Mrs. Sweetin waived preliminary hearing and the case was given to a grand jury. Mrs. Sweetin appeared, wore and haggard due to the 12-hour grilling during which she was confronted with the clergyman after the hearing before the justice of the peace, before she was taken to a cell adjoining that occupied by Hight.

## Operator Was Performed Upon Negro by Mob, He Is Said—Was Found in House With White Woman.

(By the Associated Press.)  
Jackson, Miss., Sept. 23.—Albert Brunson, negro, who last night was seized by a party of masked men on the Jackson-Vicksburg highway while being escorted by officers to the jail at Vicksburg, was brought back here early today from near Clinton, where he was located by a sheriff's posse following his release by his captors after an operation had been performed upon him.  
The negro and a white woman said to have come here recently from Hermann, Mo., were arrested in a raid on a house in the negro section of the city Sunday night.

## Asheville Wants O. Henry Memorial.

(By the Associated Press.)  
Asheville, N. C., Sept. 22.—Proposals that the memorial to O. Henry which has been suggested from time to time, be established in Asheville where the writer is buried are now being considered by the local chamber of commerce. The chamber manager, F. G. Miller, is planning a trip to New York next week for the purpose of conferring with officials of the Southern Exposition to be held there next January and at that time will discuss the proposed memorial with friends of the dead writer.  
Mr. Miller and the Chamber of Commerce are greatly in favor of erecting a memorial in this city and say that they have received many suggestions that it would be "exceedingly fitting" that Asheville have such a memorial to the writer who spent much of his life here.

## McAdoo Is Silent on His Return to United States.

New York, Sept. 22.—William T. McAdoo, returning on the Leviathan today after several weeks in Europe, declined to comment on politics at this time, although he asserted he would "have something to say later."  
"I have been out of touch with the political situation for more than two months," Mr. McAdoo said, "and am therefore unable to discuss it intelligently at the moment."  
Lull in Fighting.  
Shanghai, Sept. 23 10:30 p. m. (By the Associated Press.)—The lull in China's civil war continued today with only the taking of further defense positions and threatened further troubles to break the monotony of the dragging hostilities.

# WALLS OF LAUNDRY COLLAPSE BUT ALL EMPLOYEES ESCAPE

## Two Walls of Crystal Damp Laundry Caved in This Morning, Causing Much Damage to the Company.

## FIVE EMPLOYEES IN THE BUILDING

### However, the Walls Fell Outward and Everyone Made Escape.—Equipment Is All Badly Damaged.

Two walls of the Crystal Damp Laundry caved in this morning at 11:30 carrying with them an avalanche of barrels, half laundered clothes, wires and other debris. No one was injured.  
The cause of the collapse is attributed by some to the excavation which has been made recently just beside it for the foundations of the new theatre which is being placed behind the Cannon Building, and to the recent rain which have made the ground very soft. Under ordinary dry weather conditions, the space near the two buildings would have insured the safety of the laundry, it is said.  
Workmen had just procured lumber to brace the walls, since there were apprehensions for its safety, when F. H. Teeter, who was in charge of the plant at that time went out to examine the proceedings. He noticed that the bottom of the wall was slowly creeping outward and immediately rushed inside to notify the employees to leave. Before they were able to get out, however, the beams began to creak and the entire side fell out and a partial collapse of the second story occurred.  
None of the five employees, who were inside the building at the time, were injured. The fact that the wall fell outside and not in thereby throwing most of the machinery and brick to the exterior, is one cause for their escape. The fact that Mr. Teeter gave the alarm at the time when he did is the principal reason for their escape. The place where the falls are used is a mass of twisted pulleys and crushed brick. This corner of the building suffered most heavily.  
The building is at the present standing in a precarious position. Three electric wires seem to be holding a column or section of brick in position which, in turn is holding the roof up. A closed door at the front kept the entire wall from falling. The slightest jar would cause a complete collapse of the building, it appears.

## NEGRO SEIZED BY MOB LOCATED BY OFFICERS

## Germany Wants to Join League.

Berlin, Sept. 23 (By the Associated Press.)—Germany will in the near future make an effort to enter the League of Nations on an equal footing with the great powers, it was officially announced today in a communique issued at the close of a cabinet meeting.

## Aviators Complete Their Trip Around World in San Diego

San Diego, Cal., Sept. 23.—America's round-the-world fliers returned today to Rockwell Field, San Diego, from where they took off last March to start on their globe-encircling trip.  
As if to give good measure to an achievement already heralded far and wide, the fliers got in ahead of the announced schedule, disappointing part of a large crowd which was assembling to meet and cheer them.  
The announced plan is for the fliers to resume tomorrow their trip towards Seattle, the official starting point of the flight. They expect to leave for Santa Monica about noon.  
At 10:24 a. m. Lieutenant Lowell H. Smith, commander of the squadron, dropped the wheels of his aircraft on the ground of historic Rockwell Field, and Lieutenant Erik Nelson, wing-mate of Smith on the entire world voyage, brought his ship to the field at 10:34:51, followed by Lieutenant Leigh Wade, at 10:35 o'clock.

## Means May Stick to Repudiation Or Else Deny Latest Statement

Washington, Sept. 22.—Gaston B. Means, star witness of the Daugherty investigation, after making a statement repudiating the sensational testimony he gave there, today added a new chapter to the long and colorful story of his connection with the celebrated case by spreading a long trail of mystifying doubts as to whether he was going to stick to his repudiation, or, in turn, repudiate it.  
Means tonight apparently has made one of his quiet disappearances. He was variously reported on his way to his home at Concord, N. C., or in seclusion in the well appointed house he maintains on fashionable Sixteenth street about a stone's throw from the White House, guarded against questions by his servants, or en route somewhere for "a conference."  
Means' repudiation of his testimony before the Daugherty committee was in a signed statement given out Sunday evening in Columbus, Ohio, by former Attorney General Daugherty in connection with a letter written to John W. Davis, democratic candidate for President. Some of it was to the effect that Means' sensational testimony had been suggested to him by Senator Wheeler, the committee prosecutor. The train of events which followed its publication in Washington was swift but mystifying.  
One inquirer quoted Means as having repudiated his repudiation and having said that the Daugherty committee would reopen its hearings. Means would promise something more sensational than anything yet developed. This inquirer quoted Means as drawing a close distinction between a signed statement and a sworn affidavit. To one inquirer, Means maintained that he had sworn to no affidavit repudiating his testimony and to another inquirer declared that he had not repudiated his signed statement. The statement given out by Mr. Daugherty was signed but not sworn to.

## GASTON B. MEANS IS VISITOR IN CONCORD

Arrived During Night to Visit Mother, W. G. Means, and His Wife and Son.  
Gaston B. Means, who reports from Washington that he was sought diligently Monday at his home there, arrived in Concord during the night. He is a visitor at the home of his mother, Mrs. W. G. Means.  
Mr. Means joined his family here, his wife and son having arrived in Concord last week.  
Mr. Means was on the streets early this morning, stopping at a number of business houses in the city to speak to friends.

## MAY CALL DAUGHERTY COMMITTEE TO MEET

Senator Brookhart, Chairman of Committee, Ready to Hear New Evidence Any Time.  
(By the Associated Press.)  
Camp Perry, Ohio, Sept. 23.—Senator Smith W. Brookhart, chairman of the Senate Daugherty investigating committee, today said he had wired Senator H. F. Ashurst, of Arizona, the only member of the committee in Washington, that he might if he desired call the committee together to hear additional testimony.

## Aviators Complete Their Trip Around World in San Diego

Jumping from the plane, Smith rushed into his mother's arms.  
"My boy, my wonderful boy!" she whispered, as she kissed the flight commander repeatedly. Smith's father, reaching the only spot on the army aviator's face that was not being smothered with kisses by his wife, reached his arm around both and planted a resounding smack on his boy's right ear. It was more than Lieutenant Smith could stand and not give vent to his feelings. The man noted throughout the American air service for his steel nerve, his stoical demeanor in the face of greatest danger.

Lieutenants Nelson, Ogden, Harding, Arnold, Wade and Smith the fliers and their mechanics, with their respective committees, finally were grouped together for the official reception.

# COUNSEL FOR BOSTON JUDGE STACK TO ALLOW HIM BOND

## Writ of Habeas Corpus Issued By Judge Harding Returnable Before Judge A. M. Stack on Thursday.

## HEARING WILL BE HELD IN TROP

### Judge Stack Is Presiding at Court There This Week.—Hearing Is Regarded as a Very Important One.

Seeking freedom by bond for their client, Martin Bost, held in the county jail here charged with the death of Jesse Vandenberg, his neighbor, counsel for the defense applied for writ of habeas corpus before Judge W. F. Harding in Charlotte Saturday. Judge Harding signed the writ and made it returnable before Judge A. M. Stack in Troy today.  
Solicitor Long, not having opportunity to study the records in the case thoroughly, made motion before Judge Stack for continuance until Thursday at this week and Judge Stack granted his motion.  
The hearing before Judge Stack will be held at 2:30 Thursday afternoon at the court house in Troy, where he is presiding at Montgomery county court this week. All witnesses and attorneys in the case will be present for the hearing, it is said.  
Much importance is attached to the hearing by those persons who are interested in the case. Since Bost is being held by a coroner's jury the burden rests on him to show that he should be allowed bond. For that reason the defense is expected to place Bost on the witness stand.  
It is also rumored here that the State will offer some of its most damaging testimony. It is understood that Solicitor Long and Attorney John M. Olesby, who are handling the prosecution, will offer the dying statement of Vandenberg if they deem it necessary.  
Quite a number of persons from this county plan to go to Troy for the hearing.

## Three Youths Charged With Burning

Boy, 13 Years Old.  
Reidsville, Ga., Sept. 22.—Charged with having set fire to John Mabey at his home in Henry county, Virginia, near the North Carolina line, Swanson Barker, James Colbert and James Isley are held under \$100 bond for the grand jury by juvenile court judge, John W. Carter. All are minors and the alleged victim is 13 years old.  
It is charged that Mabey's clothing was saturated with kerosene and that a match was applied to him, resulting in injuries which have caused his confinement in a hospital since the middle of August. He is now recovering and is expected to be in a position to appear against the trio at the October term of the circuit court.  
The three youths deny having set fire to Mabey and claim that lightning was due to his own carelessness.
