THREE DEAD, TWO HURT IN A COLLISION

Confused Orders Said to Have Been the Cause of Head-On Smash Near Columbia.

Columbia, S. C., Sept. 29.—Three men were killed and two seriously if not fatally hurt when the motor car on which they were riding collided with a freight train near Peak, in Newberry county, about 25 miles north of Columbia, shortly before 1 o'clock Monday afternoon.

The dead are: Killian Chapman, white, of Peak; Heyward Mette, white, of Littleton; and Charleston Brown, a negro, of Peak. James Dailey, white, of Peak, and James Henderson, negro, of Peak, are in local hospitals. Dailey is in the Columbia Hospital and his condition is said to be serious.

Henderson is in the Good Samaritan Hospital and early in the afternoon was put on the operating table. His skull was fractured and his chance for recovery is regarded as small. The men formed a section squad and had left Peak aboard their motor car headed towards Pomona, to repair a small washout on the Southern right of way. It is said they must have gotten their orders confused as they met a freight train coming towards Columbia head-on.

MEANS "TOO BROKE" TO PRODUCE \$900, HE SAYS

Asks Judge to Grant Stay of Three Months in Which to File Appeal From Bootlegging Case.

New York, Sept. 29.—Gaston B. Means, who recently told a federal court jury that hundreds of thousands of dollars had passed through his hands in Federal-wide bootlegging operations, asked Federal Judge Foster today to grant him a three months' stay in which to file an appeal from his recent conviction for bootlegging, pleading that he was "too broke" to produce the \$900 necessary for a copy of the stenographic record of the testimony at the trial.

His plea was denied but Judge Foster gave Means until Friday to appear to the circuit court of appeals for an order which would permit him to appeal in the guise of a pauper.

Means and his one-time secretary, Elmer W. Jarnecke, were convicted of conspiracy to violate the prohibition law.

The former department of justice agent was sentenced to serve a two-year term in the federal penitentiary at Atlanta and pay a fine of \$10,000. Jarnecke's sentence was a two-year term in the same penitentiary and a \$5,000 fine. Jarnecke and Means, with their attorney, Thomas B. Felder, await trial on charges of having collected \$65,000 from officials of the Creager system, convicted of having used the mails in stock defrauding operations, in the representation that they would use the money in bribing the then Attorney General Daugherty to use his influence in their behalf.

THE PEACOCK PAPERS ARE DISPATCHED TO CALIFORNIA

Governor Morrison and Prison Officials Are Silent—Morrison Has New Plan.

Raleigh, Sept. 29.—Neither the governor's office nor the state's prison had any word for publication today regarding the latest move for the extradition of Dr. J. W. Peacock, who is being held in California pending an extradition hearing.

New requisition papers with warrants charging to escape from prison and with an assault with intent to kill have been despatched to California, and Governor Morrison has announced he is working on a scheme of his own in seeking the return of Dr. Peacock. The governor's plan is not known if it is involved in the dispatch of the warrants and the new papers.

Hearing before the California governor is expected to take place during the latter part of this week or the first of next. Warden Sam Busbee, of the North Carolina prison, has engaged capable legal counsel to represent the state in the extradition fight, and officials are confident the Thomasville physician will be brought back. If he is returned Dr. Peacock will not board at the state's prison long for quarters for the criminal insane are being erected at the state hospital here and, upon their completion, the prison authorities will not have further charge of this class of criminals.

ELIZABETH CITY IS WITHOUT ELECTRIC POWER AND GAS TODAY

As a Result of the Worst Storm of the Year—One of the Highest Tides There in 16 Years.

WATER IS FOOT DEEP IN STREETS

City Threatened With Fire—Pasquotank River Three Feet Above Normal—Road Inundated.

Elizabeth City, N. C., Sept. 30.—Elizabeth City today was without electric power and gas as a result of the worst storm of the year, and one of the highest tides in fifteen years. Water is standing to the depth of a foot or more in low places in a number of streets.

For a short time today the city was threatened with fire, flood and hurricane, but apparently little damage was done as the wind veered toward Nags Head and Manteo, and died down over the city. A fire broke out in a drug store located in the Southern Hotel at the height of the storm at 10 o'clock this morning. A fire truck, answering the alarm, skidded into a curb and was badly damaged, but no one was injured. The fire was soon extinguished.

The Pasquotank River is three feet above normal, and the unusual tide is still rising. The floating concrete state road across the Pasquotank into Camden county is completely inundated, as much as four feet of water being reported covering it in places. The last automobile passed over it shortly before 10 o'clock this morning.

Public utility officials say they hoped to have power lines restored by tonight if the wind continued to abate. The city market is flooded. Water has invaded a number of stores on the water front. Should the wind reach hurricane velocity and blow the flood waters out of the sound, Nags Head would be seriously menaced.

INVESTIGATING FLOOD CONDITIONS IN STATE

Rivers of the Piedmont Pattern Any on a Rampage—Floods in the East.

(By the Associated Press.) Asheville, Sept. 30.—Rains that have prevailed here almost continuously for the past four days, ended last night and have been followed by falling temperatures. At 8 o'clock a minimum of 44 degrees was registered. Although rivers in western North Carolina did not reach flood stage, considerable damage was done to roads and to crops in the fields. Southern trains from the east were several hours late yesterday, due to a washout near Statesville, but normal service has been restored today.

AGREEMENT REACHED SATISFACTORY WITH DELEGATION

Will Be No Break Now Over the Amendment to Protocol on Arbitration and Security.

LEAGUE IS GIVEN MORE AUTHORITY

The Japanese Officials Give Reasons for Their Demands Before the League Assembly.

Geneva, Sept. 30 (By the Associated Press).—A complete accord was reached this morning by the three statesmen entrusted with the task of finding a solution of the difficulty brought about by the amendment to the protocol or arbitration and security, and the agreement reached is satisfactory to the Japanese.

This was made known by M. Loucheur, the French member of the committee, just before noon.

The broad basis of the solution arrived at, Dr. Benes, of Czechoslovakia, informed the Associated Press, that the council of the league of nations always shall have the right to examine all conflicts arising between nations with a view to the peaceable settlement of such conflicts. He said the Japanese had formally accepted the compromise.

Japan's Reasons.

Tokio, Sept. 30 (By the Associated Press).—Japanese insistence on an amendment to the proposed protocol of arbitration and security now before the league of nations is based wholly upon the legal and not the immigration phase of the question, and inferences to the contrary are far fetched, according to official views obtained here today.

Apparent indifference on the part of newspapers and officials and the manner in which the press avoided any previous reference to the subject were the most remarkable characteristics of Japanese reception of the announcement of Japanese delegates at Geneva.
