O'CONNELL NAMED AS CONSPIRATOR

Giant Players Said to Have Offered Philli Player \$500 to Throw the Game Between Teams.

New York, Oct. 2. (By the Associated Press).—As preparations were being made to receive baseball, prodigal son of the nation, back into the hearts of the people, a new scandal has been revenled whose ultimate effects cannot now be estimated.

Commissioner Landis, who announced ast night that Jimmie O'Connell and Coxy Dolnn of the Giants had been delared ineligible for attempted bribery, will continue his investigation in Washington today in an effort to discover who put the \$500 into the hands of the substitute outfieder who originated the scheme now credited to Dolan and to what extent it was practiced during the season.

circumstances of the situation sketchny presented by Commissioner Landis in his announcement.

Heinie Sand, Philadelphia shortstop, looms as the hero in baseball's latest family tragedy. The Commissioner acted upon information furnished by Sand who charged that O'Connell had offered him \$500 to throw the game between the Gianta and Phillies on September 27th. New York won the contest 5-to 1, and clinched the pennant.

O'Connell, called before the Commissioner, President Heydler of the National Lesque, and Manager John McGraw, of the Ohmes, contessed to aftering the bribe, and implicated Coay Dolan, conch of the team. Capt. Frank Frisch, Geo. Kelly, and Ross Young, the latter three composing the backbone of the team.

Frisch, Kelly and Young were completely absolved by the Commissioner following the hearing, but Dolan, whose testimony in favor of himself, was of "such a character as to be unacceptable," the Commissioner said, was blamed as the man who instigated the plot.

People over the length and breadth of the land who yesterday forgot business and politics and ordinary affairs of life to rejoice with the national capital as it welcomed its heroes; people who had prepared for a real eclebration at the new baptism of popular approval of the national game, today tried to understand the circumstances of the situation sketchily presented by Commissioner Landis in his announcement.

The romance of Rev. Joseph E. Tates (below) 40-year-old Alluwe (Okla.) minister, and his 14-year-old bride, Georgia Fields (above), is over—for a while at least. New York, Oct. 2.—limmie O'Connell, Giant outfielder expelled from baseball last night after he had confessed he had offered \$500 bribe to infielder Sand of the Philadelphia Nationals to throw last Saturday's game, today declared that he had been made the goat, and other members of the New York team were the instigators of the bribery plot. He said he was given to understand the whole team was in on it.

O'Connell and Cozy Dolan has brought the case officially to a close. This was the attitude reflected today by Commissioner Landis and John A. Heydler, president of the National League, Both arrived here today from New York and after a conference indicated that no further steps were contemplated unless some new angles arise in the situation. President Heydler was quick to deny a report that the charges against the Giants might go so far as to cause cancellation of the title series with the Senators.

Chicago, Oct. 2.—Whent on the Chicago Coard of trade lose today to \$1.50 a bushel for May delivery. This represented an overnight advance of more than three cents a bushel, with all deliveries of wheat and rye here touching a new high price record for the season. Urgency of foreign demand for bread stuffs was the chief apparent cause.

Trading on a Big scale was in progress in all the grain pits, but over the tumult of bilding scattered cheers were heard when wheat hit the goal of \$1.50. Meanwhile rye had made a sensational leap of five cents a bushel, and was selling at \$1.32 a bushel for May delivery, as compared with \$1.27 last night.

Today's price of \$1.50 for May wheat is the highest reached here since 1921. On the last day of May 1921, May wheat here brought \$1.87.

Raleigh, Oct. 2.—The chances of the names of the La Folicite Wheeler presidential electors being placed on the ballots in the November 4th election at the expense of the State were increased overnight. Attorney General Manning in response to a telegram from Assistant Attorney General Mash, who conferred with C. P. Barringer, third party leader in North Carolina, stated that "while the La Folictie electors may not have the legal right to demand the binding of their tickes by the State boated. I think it ought to be done." Both Chairman Dawson, of the Democratic executive committee, and Chairman Bramham, of the Republican executive committee, said they were in favor of allowing the Progressive ticket to be printed by the State.

With opposition by the two major parties out of the State Mr. Barringer stated that he felt that the third party was gaining in its effort to have its candidates mames on the tickets. He said if Judge Walter H. Neal ruled against him today he would demand a meeting of the entire election board.

Pittsburgh Pa., Oct. 2.—Calling of

Pittsburgh Pirates, who fissued a statement declaring that Jimmy O'Connell and

Giants were "only the goats."

Dreyfuss declared that Dolan last
year approached Pie Traynor, star third

for \$15,000 salary for 1924."

Dreyfuss said that when he learned of
Traynor being approached he "suspected

McGraw Discusses Case.

New York, Oct. 2.—John J. McGraw, manager of the Giants, after a meeting of the team this morning said that he did not think that either Dolan or O'Connell was "vicious" or that either had any connection with ā gambling ring. "They were dumb," McGraw declared.

"I cannot understand why these two men did what they did," McGraw continued, "when the chances were 100 to 1 that New York would win the pennant. The only explanation I can give is that they are a couple of saps. If you search the country over you probably couldn't find two bigger ones."

O'Connell attended the meeting of the club held at the Polo Grounds but Polan was not there. McGraw announced that both would be banned as soon as he had received official notice of Commissioner Landis' decision.
