

**PRESBYTERIANS WILL MEET NEXT YEAR IN MOORESVILLE**

Cabarrus Is Restored—Synod's Committee Will Confer on Question of Teaching the Bible in Public Schools.

Washington, Oct. 16.—The denominational exercises this morning of the synod of North Carolina were conducted by Rev. E. R. Caldwell, of Graham, and like Rev. E. R. Henderlite, yesterday, his talk was a real sermon, spiritual and soul moving, this theme being the infinite and exalting love of God.

Dr. A. D. P. Gilmore, in his report on Union Theological Seminary, urged the need of a larger faculty and an increased endowment fund and library to meet the needs of the rapidly growing student body. They should have 100 more scholarships at \$1,000 each, he said.

The report on the Montreat association and its normal school was presented by Dr. I. S. McElroy.

On motion of Rev. R. A. White, an overture was sent up to the general assembly requesting that body to rescind its action making the church year begin January 1st instead of April 1st, for the reason that this proposition had not been sent down to the Presbyteries for their consideration.

While a large proportion of the synod probably favors the change of the church year to conform to the calendar year, and making the every member canvass in November instead of March, they feel that it is too radical a change, involving changing the times of the meetings of all the church courts, to make without first consulting the Presbyteries.

The North Carolina assembly grounds for religious workers at Montreat was warmly commended as an excellent and cheap vacation resort for home missionaries and other church workers of moderate means. The synod resolved to appropriate a small portion of its benevolent funds for the upkeep of the homes, and endorsed the efforts of the board of trustees to raise \$55,000 to enlarge the present building or erect a new one, and commended this work to the church, Sunday schools and members.

**Bible in Schools.** The following resolutions, presented by Dr. W. McWhite, of Raleigh, was adopted by a rousing vote: "That synod instructs its committee to confer on the question of Bible teaching in State schools, but not to enter into any agreement or plan whereby the control of Bible teaching in State institutions may be lodged in other than church hands."

Dr. C. M. Richards, for the committee on schools and colleges, urged that the churches make November 1-8 pay-up week for collecting the balance of \$20,000 due on the million dollar fund, and that pastors, sessions and deacons make every reasonable effort to wind up this business, and synod after a warm discussion adopted this action.

**CHARLOTTE DOCTOR GIVEN FINE OF \$500**

Dr. T. A. Smith, Submitting to Violation of Anti-Narcotic Law, Will Lose His License.

Charlotte, Oct. 15.—A. B. Wingfield, 90, prominent Charlotte insurance man, died this afternoon at 2:30 o'clock at his home in Diworth following an illness of several weeks. Five weeks ago he suffered an attack of paralysis from which he never rallied.

Rev. W. A. Lutz, since 1916 pastor of Holy Trinity Lutheran church, today announced his resignation to accept the pastorate of St. James Lutheran church at Barnswick, Ga.

Dr. T. A. Smith, Charlotte physician, was fined \$500 and the costs by Federal Judge E. Yates Webb in federal court here after he had submitted to a charge of violating the Harrison anti-narcotic law. His license to practice medicine also was ordered revoked.

Fred Sparadley, young white man, was given a sentence of a year and a day in the federal prison at Atlanta for violating the Harrison law and John Allen, white, was given eight months in jail on a similar charge.

**Orphans' Home Report.** The report making the deepest interest to the members was that of the regents of the orphans' home at Barium Springs. The past year shows the largest number of children ever received, 137, making 218 in two years. These come from all over the state, in about equal proportion. Forty-five children have joined the church in the last month, though little Joe's church has just with out a pastor since April—Rev. W. C. Brown comes as pastor November 1st.

In order to give the children a practical business training for life they operate a small store and several barber shops, and have other ways of making money. They must buy their own footballs, baseballs, bathing suits, etc.

**OLD RESIDENT NEAR DEATH.** "I had not eaten food for 10 days and was slowly starving to death. Given up by five doctors, I tried a bottle of Meyer's Wonderful Remedy, which gave relief at once. I am 73 years old and would have died but for your wonderful medicine. The jaundice is all gone and I am gaining appetite and strength every day." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Gilson Drug Store and druggists every where.

**SLEEPS EVERY NIGHT IN HIS WIFE'S GRAVE**

Berlin Man Could Not Bear to Be Separated From Her.

Berlin, Oct. 17.—A man who lives in his wife's grave has been discovered by the Berlin police. He had dug up her coffin and every night he stole into the cemetery and slept beside the casket. In the morning he removed traces of his presence and went back to the city.

The police say he is an actor of some popularity, but refuse to tell his name. He is said to be perfectly sane, but his affection for his wife, who died three years ago, was so great he could not bear to be parted from her.

**POST AND FLAG'S COTTON LETTER.**

New York, Oct. 16.—Although demand hails on rallies and offerings increase at such times the market has held steady and suggests that there is good foundation for the belief that a very large quantity of contracts has been taken out by the trade and that producers are reluctant to sell on de-erases and will fight against it. The extent of the decline is a matter of surprise even to the bears themselves who

however argue that if the market could break that much so easily it is safe to assume that under pressure of hedges during the period of the Maximum movement a further recession will come without much difficulty.

Exports are running high and are well in excess of last year suggesting that foreign consumers are losing no opportunity to secure desirable types at this level. The opinion is expressed that on any decline the demand from that source would expand sharply.

The extent of the recent advance surprised many who thought it premature and well ahead of developments but the full swings in either direction in these markets can hardly be estimated and have influenced many who formerly were willing to accept moderate profits to hold on in hope of very large returns.

The actual tendency of the market has yet to be determined and present fluctuations reflect nothing more than that temporarily one thing looks slightly more probable than another in the sea of uncertainty. Cotton is now much more nearly on a parity with goods and in spite of possible further setbacks on pressure from hedges the constructive side looks the best for a pull.

**Larger Cotton Production Will Greatly Deflate Prices.** Chicago, Oct. 16.—Cotton growers will get millions of dollars less for 33,000,000 bales than they would have received for 12,400,000 bales, according to a statement made by former Governor Frank O. Lowden, of Illinois, in an address before the Inland Valley Press association. He said that figures of the department of agriculture for the last two months showed that a five per cent increase in cotton production had caused a 20 per cent decrease in price.

Mr. Lowden cited these figures in arguing that the agricultural problem was not yet solved, and that cooperative marketing was needed.

**NEW LAMP BURNS 94 PER CENT. AIR**  
Beats Electric or Gas  
A new oil lamp that gives an amazingly brilliant soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 95 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent. air and 6 per cent. common kerosene (coal oil).  
The inventor, S. G. Johnson, 642 N. Broad St., Philadelphia, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency and without expenditure of money make \$200 to \$300 per month.

**OLD FOLKS GAIN STRENGTH WITH COD LIVER OIL**

Thank Goodness You Don't Have to Take the Nasty Tasting, Ill Smelling Oil Any More For McCoy's Cod Liver Oil Tablets Can Be Purchased at Any Drug Store.  
Why should any old person let feebleness overwhelm them in these enlightened days? Surely everyone knows by this time that Cod Liver Oil contains more Vitamins than anything else on earth and is the greatest body builder in the world. You'll like to take McCoy's Cod Liver Oil Tablets—they are sugar coated and

easy to take and they do help old people.  
Why not try being 10 years younger again—why not grow stronger in body, in mind, in vitality? Why not take McCoy's Cod Liver Oil Tablets and drop 10 years from your age in 30 days? We mean this literally, of course. We believe that a 30 days treatment will make you feel 10 years younger—but at any rate try them for 30 days and if you are not satisfied get your money back—60 tablets—40 cents at the Pearl Drug Company and Cline's Pharmacy or any progressive druggist. Be sure and get McCoy's—the original and genuine.

**Running away with it!**  
WHEN the "favorite" really hits his stride, it's all over but the shouting. And in a race for sales it's the same story. Months ago, Chesterfield hit its stride. And it has set a record-breaking pace ever since—gaining more and more smokers every day. Chesterfield has won its present position because men know by its taste that here is clean-cut superiority of tobacco and blend.

**Chesterfield CIGARETTES**  
Such popularity must be deserved  
*They Satisfy—millions!*
