COOLIDGE VETO SUSTAINED

Fifty-Nine Supported President While Fifty-Five Did Not—Bill Is Officially Dead.

Washington, Jan. 6.—President Coolidge's veto of the postal pay increase bill was sustained today in the Senate by the margin of a single vote.

Twenty-nine senators supported the executive while fifty-five—more than the necessary two-thirds majority to enact the bill over the veto—opposed him.

With this action by the Senate, the pay measure, passed at the last session, 73 to 3, died automatically. In its place will be drafted forward the administration's combination pay and postal rate increase bill, but leaders generally are agreed that this measure has small chance of enactment at this session.

Republican ranks split wide open on the issue of sustaining the President. Opposing him were such leaders as Jones,

MANY ENTER CONTEST FOR EUROPEAN TRIP

Rules For Bible Story Contest Announced.—Finals to Be Early in February.

Bible story contestants of Concord are busy getting ready for this annual event which bids fair to be better and bigger this year than at any previous year. The one big reason for the added interest is that a trip to Europe is being offered to the winner in the fourth class of contestants.

At the meeting of the Sunday School superintendents held Tuesday night, the dates for the contests in each of the churches in the city and county were chosen and it was decided to put the finals, in which the grand prizes are to be fought for, on the first and second Sundays in February. Prior to these dates, each church will have chosen the best story teller in its midst and will have designated that boy or girl go to the finals.

There are to be four classes of contestants. These classes represent all ages of children from 5 to 18 years. They are as follows:

Class 1—Ages 5 to 8, prizes consisting of solid silver cups.

Class 2—Ages 8 to 12, prizes consisting of gold cups.

Class 3—Ages 12 to 15, prizes, the first of which is a ten-day trip to Washington.

Class 4—Ages 15 to 18, a grand prize, a trip to Europe.

In addition to these, each church will award to the winners in the local contests, ribbons of blue, white and red.

The final contests are to be held in four of the churches, seven out-of-town judges doing the work of deciding the winner. The four churches are the following: St. James Lutheran, the First Baptist, First Presbyterian and Forest Hill Methodist. The time limit for the classes, 1, 2 and 3, is to be five minutes and the fourth class is to be limited to eight minutes.

Each story is to be selected from the Bible but must not be quoted from the Bible or from any account in a book. The points to be considered in the final contest are to be (1) English, (2) story telling qualities, (3) poise and (4) manner of telling.

During the final contests the program will be interspersed with suitable musical selections by prominent musicians of the city.

COURT PROCEEDINGS

Liquor Law Violators Continue to Draw Heavy Fines.

Offenders of the liquor laws continued to draw heavy fines Tuesday from Judge T. J. Shaw. The judge was especially hard on persons driving cars while under the influence of intoxicating liquors.

P. R. Hall, for operating a car while under the influence of intoxicating liquor, was fined \$300 and costs. Hall had run into another car and as a result drew full punishment. Another like offender, Ernest Hudson, was fined \$200 and costs. Hudson had only run into a ditch while driving.

The two Garmon brothers, Marshall and Giles, charged with larceny and receiving stolen goods, were found guilty on different counts. Marshall was found guilty of having taken six young turkeys from O. W. Miller and Giles was found guilty of having sold them to Woyman.

Marshall was fined \$200 and costs. Hudson was fined \$75 and Giles fined \$25.

Two other brothers, W. R. and Philas Kizer, were brought before the court charged with affray. The quarrel arose over a dispute about who owned a pit-fork. After many words, an altercation arose and resulted in their arrest. Judge Shaw made official notation that they had resumed friendly relations since the quarrel and permitted them to go provided they continued to show good behavior.

Three white boys from Kannapolis, in a gambling case, were fined. Willie Sheets, Will Yates and Clayton Linebry were fined. A fourth member of the party, John Maness, failed to appear and forfeited bond.

Pink Dry pleads guilty to a charge of having liquor and was fined \$50 and costs.

GENERAL PLANS FOR THRIFT WEEK MADE

Committee On Arrangements Getting Everything Lined Up Now.

At a meeting of the committee on arrangements for Thrift Week to be held January 17 to 25, plans for the general program were outlined and committees appointed to attend the work of the special departments. Members of the general committee which met were Maury Richmond, George Patterson and C. B. Waggoner.

In addition to appointing committees for the thrift drive, arrangements were made to put on a declamation contest, in which the high school students were to be invited to take part. A prize of \$25 is to be offered to the winner. This is to correspond to the essay contest which was conducted last year under the same auspices and in which much interest was taken by the students of the local schools.

Ministers of Concord, asked to preach a thrift sermon on January 19th, are expected to co-operate with the Y authorities in this matter. Favorable replies have already been received from the following: T. F. Higgins, J. M. Varner, J. C. Rowan, E. Meyers and A. G. Loftin. It is thought that practically all the preachers in Concord will deliver thrift sermons on the Sunday designated.

The committees appointed at this time were: advertising committee, E. L. Hicks, B. E. Harris and R. L. Shierbondy; budget committee, L. T. Hartsell, W. L. Burns and E. J. Hayward; program committee, A. B. Palmer, Parks Lafferty and T. N. Spencer; speaking committee, T. D. Maness, A. F. Hartsell and T. H. Webb.

Robbers Get Goods From Stores of W. L. Robbins and the Ferris Candy Kitchen.

Two stores, W. L. Robbins and the Ferris Candy Kitchen, were broken into Tuesday night and robbed of small quantities of goods.

The work of the robbers was evidently, the police say, done by boys who only took what appealed to their taste.

At Robbins' store on Buffalo Street, a few cigarettes were all that was taken, except for a few pennies, which were removed from the cash register. An attempt was made to enter the safe but was unsuccessful, the knob at the door being broken off in the attempt.

At the candy kitchen, Shaker Norman, proprietor, was unable to make an accurate estimate of the goods taken, but seemed to have lost only a small amount of cigarettes and candy.

The place was entered from the rear, where a window was opened. The door between the front and rear rooms which was locked had the large plate glass panels broken out so that the thief or thieves could gain access to the front of the store room.

At an early hour this morning the police had been unable to find any clues as to the persons engaged in the depredations.

CONCORD TO HAVE A DIVISIONAL BAND

Will Be Federal Organization Wearing Insignia of Wildcat Division.

Concord will have in a few months a divisional band wearing the insignia of the Wildcat Division of North and South Carolina. The announcement was made Tuesday night at the initial meeting of musicians of Concord for the formation of the band under the direction of Price Doyle, head of the music department in the schools of the city.

A meeting of the band had been called last week but it was not generally known that it would be a federal organization. Members of the band who attended last night, 30 in number, were enthusiastic about the prospects.

The fact that the government is taking over the organization means that the instruments and the uniforms will be furnished free and will also mean that members of the band will be members of the R. O. T. C.

There are at the present time no other divisional bands in North Carolina and the fact that Concord will have a band of this kind will mean much to the life of the city.

Miss Landon to Speak in County.

Miss Susan Landon will attend the regular monthly meeting of the Cabarrus County Unit of the N. C. Cotton Growers Association, which will be held Saturday at 2:30 P. M., January 10th, at the court house.

Miss Landon will remain in the county for several days and meet the people of the following communities:

Patterson School—Saturday, January 10, 7 p. m.

Midland School—Monday, January 12, at 7 p. m.

Fink School—Wednesday, January 14, at 7 p. m.

Gilwood School—Thursday, January 15, at 7 p. m.

St. John's School—Friday, January 16, at 7 p. m.

That it is a difficult proposition to make six-club baseball circuit a financial success is evidenced by the fact that practically all of the minor leagues that went through on a six-club basis last year are preparing to expand to eight-club circuits for next season.

Fatality of Heart Disease.

New York, N. Y., Jan. 6.—If present conditions endure one of every five of the population now living at age ten will eventually succumb to organic heart disease, according to a survey made for the Metropolitan Life Insurance Company's Statistical Bulletin from the mortality figures of the United States registration states in 1922.

Furthermore, comparison of the death rate from organic heart disease with that of tuberculosis shows that a child at ten years of age is, under present conditions, three times as likely to die from heart disease as from tuberculosis. This disparity between the chances of death from heart disease and from tuberculosis increases with advancing age. The increase is more rapid for females than for males, so that at age 35 the probability of dying from heart disease among males is nearly four times that for tuberculosis and among females almost six times.

The Bulletin suggests that at this time at least much attention should be paid to the prevention of heart disease and to its treatment or amelioration as to tuberculosis.

"During the past three decades," says the Bulletin, "an international movement for the control of tuberculosis mortality has been in effective operation. Facilities have been provided for public education in personal, domestic and industrial hygiene, for the early recognition and prompt treatment of incipient tuberculosis, for the isolation and treatment of advanced cases, and for productive research into causative and other aspects of the disease.

"At the present time, however, organized effort for the study of heart disease is limited to a few organizations, inadequately supported, and to departments of internal medicine in isolated medical schools. There is clearly a call for a revivification of the effort now being expended on the study of heart disease and for the statement of a programme of research, treatment and public education commensurate with the importance of these diseases as sources of preventable or postponable death."

Success of the soccer leagues in

all sections of the country during the first half of the present championship season shows clearly that the game is now established on a firm foundation and that the future of the sport in America is assured.

Judging from the interest displayed in the annual National Motor Boat Show now on in New York, the water sport is booked for one of the greatest seasons in its history during the coming summer.
