Is Your Health Slowly Slipping Away?

Concord People Advise You to Act in Time.

Is failing health making you uneasy and unhappy? Are you tired, weak and dispirited? Suffer daily backache and stabbing, rheumatic twinges? Then look to your kidneys! The kidneys are the blood-filters. Once they weaken, the whole system is upset. You have dizzy spells, headaches and urinary irregularities. You feel all worn-out. Use Doan's Pills—a stimulant diuretic to the kidneys. Thousands recommend Doan's. Here is Concord proof:

Mrs. Sallie Little, 40 Crowell St., says: "My little boy had a awful kidney and could not control them either during the day or night. His kidneys acted too freely all the time and I gave him Doan's Pills. His kidneys were regulated and he is not troubled now." Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Little had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Much Building in Gastonia. Gastonia, Jan. 8.—The past year was one of progress in the building field for Gastonia. It puzzles us how a girl can grab a couple of grapes for breakfast and be alive and happy for lunch.

Our guess is when a worm turns it is merely to contemplate where he was and not to see where he is going.

You hear about worms turning. Suppose they do. You never hear of one chasing any great builder or wild cat.

Stand on your own rights and you can't be told where to get off.

The world seems worse than it really is because you seldom hear much about the bad things that don't happen.

Things Looking Up.

An old farmer sat on his back door steps and moodily regarded the ravages of the flood. A neighbor pulled up in a rattling wagon.

"Whoa!" yelled the neighbor. "Say, Jed, your hogs was all washed down the creek an' they're all dead."

"How about Flathery's hogs?" asked the farmer.

"They're gone, too."

"And Larsen's?"

"Washed away."

"Humph!" ejaculated the rustic, cheering up. "Taint as bad as I thought."

A Difference. "Are you a clock watcher?" asked the employment agency manager.

"Nope, no office work for mine," answered the applicant disdainfully. "I'm a whistle listener."

Does Your Child Read Well? Correct pronunciation is education. If a child reads well and understandingly how much easier it is for him to prepare his lessons for the next day. Too little attention is given to correct reading in the schools. A child should read as naturally as he speaks, but he must be taught correct speech first. A child from nine to twelve years of age who is taught pronunciation and enunciation has something that will be most helpful through his entire education. Something to go with him through the grades to improve his conversation and reading. Exercises and drill work in enunciation will correct mumbling, shurring of syllables and indistinct speaking; also give a child poise and self-confidence in speaking, reading and conversation. There is too little time left from other studies for a teacher to stop and correct mispronounced syllables. This course is required of freshmen in college, but why wait until the child has waded through all the foundation work to give him special instruction in reading?
