LOCAL MENTION

Broughton Broome has resigned his position with the City Filling Station, and accepted a position with Efrid's. Mrs. Annie B. Baird is confined to her home on Marsh Street with an attack of influenza. The St. Cloud barber shop is preparing to move into the building recently occupied by Jim Orange's shoe shop, on West Depot Street.

Mrs. W. V. Krimminger and daughter, Miss Fay, have moved here from St. Johns. They have rooms with Mrs. L. P. Davis, on West Corbin Street. Register of Deeds Elliott Friday issued a marriage license to Lawson Mare and Miss Lillie Leffer, both of Concord Route 7.

Basketball fans are urged to attend the game to be played tonight at the high school between the Concord and Salisbury High. The locals are going great now and the team is certain to put up a good exhibition of play against the Salisbury team tonight.

Harry Caldwell, son of Mr. and Mrs. Morrison Caldwell, has accepted a position with the Hoover Hosiery Mills of this city. Mr. Caldwell will not return to Honduras, where he has been employed for the past two years with a fruit company.

Judge Thomas J. Shaw, who presided at the sessions of the Cabarrus Superior court here this week, left Friday afternoon for his home in Greensboro to spend the week-end with home folks. He will return to Concord Monday to preside at the trial of civil cases to be heard next week.

Solicitor Zeb V. Long, who represented the State at the trial of criminal cases in Cabarrus Superior Court this week, returned to his home in Statesville Friday afternoon. Court adjourned Friday until Monday and as civil cases will be tried next week, Mr. Long will not be here.

Concord and many other sections of Cabarrus County were visited by heavy rains Friday afternoon and night. The rains have again halted all road work in the county and have made travel on some of the county roads very uncertain. The rain fell in torrents at intervals during the night and early this morning.

A number of business houses of the city are making plans for an elaborate observance of Thrift Week. Some of the business concerns will run special advertisements in The Daily Tribune during the week and in addition will use other methods to bring home to their customers the advantages of thrift.

The Davidson basketball team won a spectacular game from the Duke University team in Charlotte Friday night, the Presbyterians coming from behind in the last minutes of play to get the big end of the 27-25 score. The two teams will play in Davidson tonight. Several fans from Concord drove to Charlotte to see the game.

A meeting of the Rowan County Lutheran Ministers' Association will be held on the 13th of January at 10:30 a. m. at St. Johns, Salisbury, at which time the following talks will be made: "Washington Declaration of Principles" by Rev. J. L. Morgan, D. D., and "Religious Training of the Young in the Congregation" by Rev. Mr. Ritchie and Rev. P. Miller.

J. H. Brown, county welfare officer, plans to take two colored boys to the Morrison Training School next week. Mr. Brown made application to the school several weeks ago and he was advised this week that the school is now open with John Braswell, former police officer of this city, as general manager. The school is a training school for colored boys and is located near Hamlet.

Wrestling fans of the city will be interested to know that Wayne Munn, student at the University of Nebraska, is the wrestling champion of the world now as a result of his spectacular victory over Ed Lewis Friday night. Reports of the match declared Munn played with Lewis as tough he were a child, breaking his headlocks with ridiculous ease time and time again. Lewis had been champion for several years.

The bus which turned over near Landis several days ago on the Concord-Salisbury highway, has created much interest. The bus was applied to remain on the spot where it turned over for several days and hundreds of persons who passed it, stopped to more carefully inspect it to determine the damage done. The bus was overturned, it is said, when the driver turned sharply in an effort to miss a child which ran in the road in front of him.

Second Presbyterian Church Activities. The "Hit" at the rear of the Second Presbyterian Church, which has recently been completed, is already proving a source of benefit and amusement to the young people of the church and community.

Motion pictures under the direction of the Y. M. C. A. were shown for the first time on New Year's night and again on last Thursday night, to crowded houses. Members of the "T" orchestra delighted the audience with several selections.

Pictures will be shown every Thursday night free of charge. With a population of less than 12,000, Kinston, N. C., will have the distinction of being the smallest city in the country with a Class B baseball club. The town has been included in the Virginia league circuit for next season. A smile may go far even without getting outside the home.

In Maine a man has a clock 87 years old which runs perhaps because he never has tried to fix it. Chicago's a great town. The guns make so much noise that even those not getting shot must have a hard time sleeping. They took eight stitches in the head of a Dallas, Tex., auto driver who forgot to use his head. Bad Canadian news today. The weather is so cold you can almost boil eggs in ice water.

Reports from all sections of the country indicate practically all the turkey hash has been eaten. In London, a hotel was dynamited. Well, that's just one time the rooms were just a little higher than usual. Dances amuse us. And some of the steps look as if they were invented by a girl seeing a mouse. Wrong news from New York. Expert says men do all things better than women. But he never tried to kiss a man. Times do change. Not long ago they had signs, "Women's Hair Cut Here." Now they need 'em reading, "Men's Hair Cut Here." The most efficient chaperone these days is the need of a shave. If you just looked out for Number One this Christmas remember it is the smallest number. About the only prices that have been lowered recently are those of 1924 calendars.

Los Angeles bank messenger says he spent \$30,000. Maybe he mistook himself for a movie star. Auto owners will be tickled to learn a St. Louis garage man was fined for using a stored car. Chicago man sues his wife for lost love. If he values it at \$100,000 he should have taken better care of it. While Christmas costs a married man more than a bachelor it is worth more to a married man. Everybody loves a fat man dressed up as Santa Claus.

News from Paris. Artists have selected what they call the most perfect girl, figuratively speaking. (Copyright, 1924, NEA Service, Inc.) Mistaken Identity Bill Smith, a country shopkeeper, went to the city to buy goods. They were sent immediately and reached home before he did. When the boxes were delivered, Mrs. Smith, who was keeping the shop, uttered a scream, seized a batch, and began frantically to open the largest one. "What's the matter, Sarah?" asked one of the bystanders, who had watched her in amazement. Pale and faint, Mrs. Smith pointed to an inscription on the box. It read: "Bill inside."

Girl Sick Last Fall Seeks to Avoid Baths at School.

Greensboro News. Claiming that she was sick last October, a negro girl came to the city health ing Dr. C. C. Hudson to give her a permit to quit taking baths at the J. C. Price school for an extended period of time. She was sure that the semi-weekly abutions which are administered at the institution are injurious to her health. After examination the health officer said he saw no reason why a bath would harm the girl's state of well being. "In fact," he said to the girl, "I believe it will do you good."

The first world's championship skating tournament for women was held at Davos in 1905, and was won by Mrs. Syvers of the Figure Skating Club, London.
