IN AND ABOUT THE CITY

On Last Friday Three Cases of the Discase Were Reported in Concord.

According to Dr. S. E. Buchanan, smallpox in the county is almost approaching an epidemic. On last friday three cases of this disease were reported and during the week-end another case developed.

The casese were caused by the perigrinations of a family who shortly before Christmas spent several nights in a house at one of the mills, the house having just been vacated by a man who had been ill with smallpox. After leaving this home, the erraut family visited relatives at the Locke Mill and in a short while after, three of the younger children were sent to the county home.

A case of smallpox soon developed in the home visited at the Locke Mill and later a case was discovered at the county home. The latest case reported was at the county home and more were to be expected, said Dr. Buchanan, since it was impossible to yaccinate all the inmates.

The three children who carried the

Aus to Crash at the Square.

An accident causing much excitement among the bystanders on the square built damage to the parties involved, curred Saturday after-noon when a Cabillae driven by A. W. Price, of Winston Salem, hit a Ford square amidships deating in its side and in doing so making a ractious noise. The Ford was driven by Fred Hendrick, who is foreman of the workmen building the new home of Charles Cannon, on North Caion Street.

Price, who was coming up Depos Street, and that he had noted the sign a recovered with wafer and his normal fendrick proceeded to scurry arous the square. The crash occurred and within it a few moments, several hundred persons were gathered yound to take not of the proceeded to scurry arous the square. The crash occurred and

Free Moving Pictures For Farmers and Farmers' Wives.

On next Friday night at 7 o'clock at the Harrisburg school house a six-reel picture will be given dealing with cotton production for the Southern States, The picture will also be shown at the Concord X. M. C. A. on next Saurday night at 7 o'clock. This picture brings out what can be done by the use of necessary fertilizers, methods of preservation of solls, cultivation and production of the cotton crop.
