## IN AND ABOUT THE CITY

### JURY CHOSEN IN CASE OF GASTON B. MEANS

Judge Declines to Quash the Indictments Against Means and Thomas B. Felder. Judge Walter Lindley, presiding at the trial of Gaston B. Means and Thomas B. Felder, in New York city, finished the selection of a jury Monday and evidence was introduced during the day.

Motion was made by counsel for Felder and Means to quash the indictments because of lack of evidence, but the motion was not allowed by the court.

The jury is a judge-picked one, according to reports from New York. Judge Lindley questioning each of the jurors.

Elmer Jarnecke, one-time secretary to Means, is also to be tried but as he has led guilty he is expected to be used as a government witness.

It is not known how long the trial will be taken up with the case, but it is believed it will require several days for the introduction of the evidence.

### Complete Selection of Jury in the Gaston B. Means Case.

New York, Jan. 12.—Work of picking a jury for the trial of Gaston B. Means, former department of justice agent, and his one-time attorney, Thomas B. Felder, on charges conspiracy to obstruct justice, was completed late today.

After the jury had been sworn in and adjourned until tomorrow, Attorney Jones representing Colonel Felder, moved to dismiss the indictment on the ground that it was insufficient in law on its face and that there was not a single act alleged that showed the remotest tendency to affect the consummation of the agreement which had for its object the bribery of former United States Attorney General Daugherty and other government officials.

Federal Judge Walter E. Lindley, of Danville, Ill., denied the motion. A similar motion made by attorneys for Means, also was denied.

Actual taking of testimony will begin tomorrow morning.

### REDUCTIONS MADE IN STUDEBAKER PRICES

Sweeping Reductions on All Closed Cars—Last Quarter of Past Year Studebaker's Biggest Period.

New York, Jan. 12.—Sweeping reductions in the prices of all closed cars, just announced by the Studebaker corporation, have stirred the motor car industry as nothing else that occurred during the Silver Anniversary Automobile show, by reason of their effect on cars in all price ranges.

Two important cuts in price were those of the big six sedan and Berline, largest of Studebaker products.

Most important of the matters of interest which have developed at the show this year have been price reductions made during the week.

During the last three months of 1924, Studebaker sales, announced President A. B. Erskine, exceeded those of the same quarter of last year, which had established a previous record, by 50 per cent. It was the corporation's biggest final quarter.

Studebaker officials waited until all the other price reductions were made. There was much comment among notable as the show of what would result from this situation, Studebaker announcement of reduced prices. It is made possible, said Mr. Erskine, because of the larger production in the company's \$60,000,000 plants, and because the company makes the entire car, avoiding payment of extra costs to makers of separate parts.

He gave the 1,500 dealers and executives present when the announcement was made pointed assurance that no curtailment, direct or indirect, in the quality of the cars themselves, would be made.

The new Studebaker prices on closed cars are as follows: F. O. B. the factories, effective at once: Standard six country club coupe \$1,345, reduction of \$50; sedan \$1,545, reduction of \$50.

Special six victoria, \$1,885, reduction of \$155; sedan, \$1,985, reduction of \$145; big six coupe, \$2,450, reduction of \$200; sedan \$2,575, reduction of \$210; Berline, \$2,650, reduction of \$210.

To accomplish the sales record of the last three months the big factories had to run at almost full capacity. Mr. Erskine has given Vice President Max Wolterling, as manufacturer, and Vice President Harry A. Biggs and Sales Manager Harold S. Vance for sales, a schedule for 1925 that will come within 18 per cent of the full capacity of the entire plant facilities.

The Pastime is again showing "This Woman," featuring Irene Rich, Louise Fazenda, Ricardo Cortez, Clara Bow, Marc MacDermott and Creighton Hale.

"Halt, there!" commanded Constable Sam Slackpitter, the well-known guardian of the peace and dignity of Petunia. "Consider yourself under arrest for exceeding the speed limit."

"What's 'at?" returned the offending motorist. "How do you know how fast I was going? You didn't even glance at my watch."

"I don't need to. If I see you coming and turn my head away just as you pass the Methodist church corner, and then turn it back and you've reached the hay scales, I know you've reached the limit. You may say I can't tell time by head, but I've been using it for 49 years now, and know just about what it can do."
