## IN AND ABOUT THE CITY

### CHARLOTTE DOWNS CONCORD

**Entire Game Was Rough and Tumble Af-**fair From Start to Finish.

In a game in which the locals showed the poorest form exhibited recently, the crack Charlotte quint downed Concord Y five 30-22 Monday night, the entire game being a rough and tumble affair from start to finish.

From the very start, the game was featured by its roughness. The fact that the two teams were both accustomed to larger floors and the fact that there were on both teams men who revelled in "roughing it up" kept the game from ever coming up to what a basketball game should be. However, it was fast and, most of the time, the outcome was in doubt, which kept the spectators interested the entire contest.

Charlotte scored first when Stephens, former Washington and Lee star, caged one from the center of the floor. Several more goals were added in short succession and it began to look as if the Mecklenburg boys were on their way to a decided victory. After a breathing spell, Concord seemed to gather their bearings and began rolling up a few of their own.

By the time the first half was over, the score stood at 14-13 in Concord's favor. The lead was a short-lived one, however. Immediately after the half opened Charlotte tusslers garnered four baskets with the result that they were placed in the lead, never to be overcome. Toward the last of the game several Concord shots placed the locals within four points of their opponents but two quick goals by Hugh Smith gave Charlotte back her lead.

Little individual stardom was done. One of Charlotte team, Milstead and Smith probably played the best game while for Concord, Coltrane's guarding was of high order.

The box score was as follows:  
**Concord**  
 Wolff (7)..... f..... Neiman (2)  
 Dick (3)..... f..... Milstead (9)  
 Bell (4)..... c..... Stephens (4)  
 Morrison (6)..... g..... Schenk (8)  
 Coltrane (2)..... f..... Smith (7)  
 Substitutions: For Charlotte, Watkins for Milstead, Milstead for Watkins, Hudson for Stephens, Query for Neiman, Long for Smith. For Concord, Moore for Coltrane, Coltrane for Moore.  
 Referee: Hill.

### American Legion Installs Holes for Flag Poles.

The American Legion has been installing holders for flag poles on the side walks of the business sections of Concord and Kannapolis during the past few days for the purpose of decorating in the future festive occasions.

The work which is being done consists of digging small holes in the sidewalk about two inches in diameter and eight inches in depth, following which small iron pipes are to be inserted with a cap flush with the street. Flag poles twelve feet in height are furnished to place in these holes.

At the top of the flag pole, an American flag is fixed, it being 12 by 6 feet. The flag clears the sidewalk at a small cost. Practically all the North Carolina cities have installed which make a very showy decoration when the lines of flags are placed in rows on the sidewalks. About eighty were sold in Concord and twenty-five in Kannapolis.

### REPLIES TO DR. TRABUE

**Miss Hill Calls His Remarks Unfavorable** to the Kannapolis School Building.

Reply to the address of Dr. M. R. Trabue, who made unfavorable mention of the new Kannapolis school building last week in a Concord speech has been made by Miss Frances Hill, secretary to the County Superintendent, in a letter dated January 15th.

The letter advises Mr. Trabue that the building was planned and approved by J. J. Blair, Supervisor of the Schools, who made a thorough study of the conditions in Kannapolis.

This letter follows a statement made Wednesday afternoon by Mr. Trabue in an address before the teachers of Concord in which he stated, in comparing the High School in Concord with the new school building in Kannapolis, that the Kannapolis building showed lack of planning. It looked, said Mr. Trabue, as though the architect had taken a plan haphazardly from a pigeon hole and had the building constructed from that with no thought of the needs of a school.

The text of the letter is as follows:  
 Jan. 15, 1925.

Dr. M. R. Trabue,  
 Chapel Hill, N. C.

My dear sir:—  
 In regard to the unfavorable mention made by you of the Kannapolis High School building in your lecture here yesterday before the Concord teachers, I wish to give you the following bit of information: This building was either planned, or the plan selected and approved by Mr. J. J. Blair, Supervisor of Schools, who made a thorough study of the conditions and needs of Kannapolis educationally and as a community. On the same day that you visited this school, it was visited and inspected by Dr. Highsmith, Supervisor of High Schools for the state, and he was enthusiastic in his praise of it.

Yours very truly,  
 (Signed) FRANCES HILL,  
 Secretary to the Superintendent.

The building which has occasioned the above remarks, has only been opened during the last month, having been built by the Cannon Mills and the Cabarrus County School Board in conjunction. It is being used partly as a High School and partly as a grade school for the smaller children who live in that vicinity.

### Mystery Play Here Friday Night.

"The Gorilla," a mystery play to be presented at the high school Friday night, promises to be one of the best attractions of the Concord season. It has been learned that Will H. Gregory, prominent New York actor, will have the leading part and that he will be ably assisted by a number of competent actors and actresses.

"The Gorilla" is said to be one of the most mystifying plays of its type ever presented to the patrons of the drama in this country. It has every element to make its solution difficult and keeps the spectator in a constant pitch of excitement until the final drop of the curtain.

This play is to be presented at the high school on Friday night for the benefit of the Bible story contest prizes.

### Reception at Central Methodist Church Tonight.

The women of Central Methodist Church will give a reception at the church this evening at 7:30 o'clock, complimenting Rev. W. A. Jenkins and Mrs. Jenkins. On this occasion the new Sunday school building will be formally opened.

All ministers of the city, and their families are cordially invited to be present, and every member of Central Church is urged to attend.

### Wedding and Birthday Dinner Combined.

A combination birthday and wedding dinner was given Saturday night at the home of Pratt Williams on Vance Street. The affair was given for Mr. Williams, whose birthday was Saturday and also for Mr. Williams' son, R. E., who was married Saturday to Miss Flora Hurlacker. About fifty persons attended the dinner after which a song service and prayers were given.

### To Represent No. 2 School.

At a meeting of the teachers of No. 2 school, Misses Mary Pemberton and Adelle White were unanimously elected to represent the Grammar and Primary Departments respectively at the North Carolina Teachers' Assembly which convenes in Raleigh, January 29, 30 and 31.

### PALE, NERVOUS

**West Virginia Lady Says That** She Was in a Serious Condition, But Is Stronger After Taking Cardui.

Huntington, W. Va.—"I was in a very weak and run-down condition—in fact, was in a serious condition," says Mrs. Fannie C. Bloss, of 1964 Madison Avenue, this city.

"In my left side the pain was very severe. It would start in my back and sides. Part of the time I was in bed and when up I didn't feel like doing anything or going anywhere.

"Life wasn't any pleasure. I was very pale, I was nervous and thin, and so tired all the time.

"My druggist told me that Cardui was a good tonic for women and I bought a couple of bottles. I took two bottles, then I noticed an improvement. I kept on and found it was helping me. I have taken nine bottles. I'm stronger now than I have been in a long time."

Cardui is made from mild-acting medicinal herbs with a gentle, tonic-strengthening effect upon certain female organs and upon the system in general.

### THE STATE BASKETBALL CHAMPIONSHIP

**An Indication of the Positions the Various Colleges Will Occupy.**

This week's basketball games in North Carolina should do much toward presenting to fans an indication of the positions the various colleges will occupy in the race for the coveted state championship honors.

From early indications it would seem that Carolina has a chance to cop the state crown which she has held for the past four years. In the two games just played, Carolina looked infinitely better than either of her two collegiate opponents, Guilford and Davidson. Both these colleges were snowed under by numerous Carolina baskets and neither were able to do much toward eging any of their own.

The Guilford score was not unexpected but the Davidson match was a surprise. Davidson, already twice the victor of Duke University, was downed 44-13 in a game in which Davidson never had a chance despite the fact that she fought hard. At that, though, Davidson has a mighty good team and one which will keep the other state teams on the lookout.

Neither Duke nor State seem to have anything unusual, staging a close battle in Raleigh Saturday with State coming out on top by a small margin, 29-23. State will probably have one of the better teams in North Carolina ere the season closes.

Wake Forest, having played none of

the other state colleges, is the dark horse of the race. It is not likely, however, that she will be very much above the average of the other teams.

The fact that Wake Forest is the dark horse is adding interest to the game between Carolina and the Baptists who clash at the Deacons' homeground Thursday night. The outcome of this game will go far toward showing how the Baptists stand. Another game of interest is the Carolina-Duke game Saturday night.

Speaking of Carolina, the students believe that they have a state championship team and are hopeful for southern honors. The following statement issued from the Hill directly after the Durham Elks game last week gives an opinion as to student thought.

"Like the championship quints of the last four years this year's team has been carrying itself easily and gracefully. The plays run smoothly and accurately. The passing was sure, the guarding was airtight. The Durham Elks never worked their forwards in position for clean tries at the basket. All of their throws were made with a Carolina man on the job to see that his shot was not a crimp. The scoring end of the game for Carolina was as pretty as the floor work. Time after time the Tar Heel plays worked and the waiting forward dropped the ball in easily. The University tried only an occasional long shot. The Tar Heels worked as a five-man team and showed that they have at least overcome a part of the disadvantage caused by the loss of the veteran stars."
